

STATE OF FLORIDA
COMPLIANCE AND INTERNAL CONTROLS OVER
FINANCIAL REPORTING AND FEDERAL AWARDS

In Accordance With OMB Circular A-133

For the Fiscal Year Ended
June 30, 2010

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

Inquiries regarding financial statement-related findings should be addressed directly to Kathryn Walker, CPA, Audit Manager, by e-mail at kathrynwalker@aud.state.fl.us or by telephone at (850) 487-9085. Inquiries regarding Federal awards findings for State universities or colleges should be addressed directly to James R. Stultz, CPA, Audit Manager, by e-mail at jimstultz@aud.state.fl.us, or by telephone at (850) 922-2263. Please address all other inquiries regarding this report to Lisa A. Norman, CPA, Audit Manager, by e-mail at lisanorman@aud.state.fl.us or by telephone at (850) 487-9143.

This report and other audit reports prepared by the Auditor General can be obtained on our Web site at www.myflorida.com/audgen; by telephone at (850) 487-9175; or by mail at G74 Claude Pepper Building, 111 West Madison Street, Tallahassee, Florida 32399-1450.

EXECUTIVE SUMMARY

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

The State of Florida's basic financial statements, as of and for the fiscal year ended June 30, 2010, were fairly presented in all material respects, in accordance with accounting principles generally accepted in the United States. Our report is included in the Florida Comprehensive Annual Financial Report for fiscal year ended June 30, 2010, issued by the Chief Financial Officer.

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Internal Control Over Financial Reporting

We noted the following matters involving the internal control over financial reporting and its operation to be significant deficiencies:

- The **Agency for Health Care Administration** did not record a receivable and deferred revenue to represent its claim on Federal financial resources related to incurred but not reported (IBNR) Medicaid claims liabilities. (Finding No. FS 10-001)
- For receivable and related financial statement accounts, we found that the **Agency for Health Care Administration** did not properly accrue revenues in accordance with generally accepted accounting principles. (Finding No. FS 10-002)
- The **Department of Financial Services** made an error in estimating the portion of escheat collections received that is expected to be reclaimed and paid. This error lead to overstated assets and deductions in the Unclaimed Property Trust Fund and understated liabilities and revenues in the Public Education fund. (Finding No. FS 10-003)
- For accounts payable and related accounts, the **Agency for Health Care Administration** did not follow established fiscal year-end procedures to accrue expenditure amounts in accordance with generally accepted accounting principles. (Finding No. FS 10-004)
- For accounts payable and accrued liability accounts, the **Agency for Workforce Innovation** did not correctly record amounts due related to benefit payments. Additionally, the **Agency for Workforce Innovation** did not properly record a receivable to represent its claim on Federal financial resources for the payment of the Federally-funded portion of unemployment benefit payments. (Finding No. FS 10-005)
- The **Department of Financial Services**, Statewide Financial Reporting Section did not record all financial statement transactions for the State Treasury External Investment Trust Fund. (Finding No. FS 10-006)

We consider the significant deficiencies described above relating to finding Nos. FS 10-001 through FS 10-006 to be material weaknesses.

We noted additional matters that were reported to management but that we did not consider to be significant deficiencies or material weaknesses.

- For accounts payable and accrued liabilities, the **Department of Environmental Protection** did not accrue expenditures in accordance with generally accepted accounting principles. (Finding No. FS 10-007)
- The **Departments of Management Services and Corrections** did not properly record the assets and liabilities resulting from the issuance of certificates of participation. Although responsible for the resulting debt, the **Department of Management Services** did not record any entries in its records related to the issuance of the certificates of participation. (Finding No. FS 10-008)

- The **Department of Financial Services** did not have sufficient procedures or did not completely follow established procedures to ensure that adjustments made to the financial statements had the intended results and that a reserve account was properly established. (Finding No. FS 10-009)
- The **Department of Financial Services** did not adequately review the data presented on the Schedule of Expenditures of Federal Awards (SEFA) and Notes to the SEFA to ensure accuracy and completeness. (Finding No. FS 10-010)
- The **Department of Children and Family Services** did not follow written procedures related to the steps required to complete the Schedule of Expenditures of Federal Awards. (Finding No. FS 10-011)

Compliance

The results of our audit of the State's basic financial statements disclosed no instances of noncompliance that are required to be reported by *Government Auditing Standards*.

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133

State agencies, universities, colleges, and community colleges administered approximately 650 Federal awards programs or program clusters during the 2009-10 fiscal year. Expenditures for the 38 major programs totaled \$39.4 billion, or approximately 98 percent of the total expenditures of \$40.4 billion, as reported on the supplementary Schedule of Expenditures of Federal Awards.

Compliance requirements for major programs are identified pursuant to the OMB *Circular A-133 Compliance Supplement*. Types of compliance requirements include: Activities Allowed or Unallowed; Allowable Costs/Cost Principles; Cash Management; Davis-Bacon Act; Eligibility; Equipment and Real Property Management; Matching, Level of Effort, Earmarking; Period of Availability of Federal Awards; Procurement and Suspension and Debarment; Program Income; Real Property Acquisition/Relocation Assistance; Reporting; Subrecipient Monitoring; and Special Tests and Provisions.

Compliance

The State of Florida complied, in all material respects, with the compliance requirements applicable to each of its major Federal awards programs, except as described in the following instances, which resulted in opinion qualifications:

- The **Department of Environmental Protection** did not provide for and submit an annual audit required by grant agreements for the Capitalization Grants for Drinking Water State Revolving Funds. (Finding No. FA 10-015)
- The **Department of Education** did not meet maintenance of effort requirements for the Special Education Cluster or the State Fiscal Stabilization Fund - Education State Grants, Recovery Act. (Finding Nos. FA 10-026 and FA 10-034)
- The **Department of Education** was continuing to negotiate an agreement on its time distribution system and, as a result, the **Department** did not maintain appropriate records to support salaries and benefits charged to the Vocational Rehabilitation Cluster. (Finding No. FA 10-029)
- The **Department of Children and Family Services** did not timely impose child support sanctions on clients who were receiving benefits under the TANF (Temporary Assistance for Needy Families) Cluster. (Finding No. FA 10-042)
- The **Department of Revenue** did not timely establish support obligations or commence proceedings to establish support obligations and, if necessary, paternity. Additionally, for interstate cases, the **Department of Revenue** did not provide required child support services within specified time frames. (Finding Nos. FA 10-044 and FA 10-045)

- The **Department of Children and Family Services** did not document, in a significant number of instances, the eligibility of clients to receive benefits under the Medicaid Cluster. Additionally, data exchange processes were not timely performed. (Finding No. FA 10-064)
- **Agency for Health Care Administration** procedures did not reasonably ensure that current provider agreements were in effect for Medicaid providers receiving payments. (Finding No. FA 10-067)
- The **Department of Children and Family Services** did not meet maintenance of effort requirements for the Block Grants for Community Mental Health Services and the Block Grants for the Prevention and Treatment of Substance Abuse Programs. (Finding Nos. FA 10-071 and FA 10-072)
- The **Division of Emergency Management's** final inspections and project closeout procedures did not provide an adequate and timely accounting of eligible costs for completed large projects. Additionally, **Division of Emergency Management** records were inaccurate and incomplete. (Finding No. FA 10-079)

The results of our audit also disclosed other instances of noncompliance pertaining to programs administered by **various State agencies, universities, colleges, and community colleges** as described in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS. Some of the instances of noncompliance resulted in questioned costs subject to disallowance by the grantor agency.

Internal Control Over Compliance

We noted numerous matters at **various State agencies, universities, colleges, and community colleges** involving internal control over compliance and its operation that we considered to be significant deficiencies. Significant deficiencies are described in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS and pertained to several compliance requirements. The following significant deficiencies were considered material weaknesses:

- The **Department of Health** did not always maintain records to support salaries and benefits charged to the Public Health Emergency Preparedness Program. Additionally, various methodologies used by county health departments to allocate salaries resulted in overcharges to the Program. (Finding No. FA 10-039)
- The instances described in the previous paragraphs on compliance for Vocational Rehabilitation Cluster (Finding No. FA 10-029); Child Support Enforcement (Finding Nos. FA 10-044 and FA 10-045); Medicaid Cluster (Finding Nos. 10-064 and FA 10-067); Block Grants for Community Mental Health Services (Finding No. FA 10-071); Block Grants for the Prevention and Treatment of Substance Abuse (Finding No. FA 10-072); and Disaster Grants - Public Assistance (Presidentially Declared Disasters) (Finding No. FA 10-079) also involved material weaknesses in internal control.

SUMMARY OF INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

The State's supplementary Schedule of Expenditures of Federal Awards (SEFA) is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the State's basic financial statements. The State's SEFA does not include the State's blended component units, Workforce Florida, Inc., and Scripps Florida Funding Corporation; discretely presented component units of the State's universities, colleges, and community colleges; or discretely presented component units other than the State's universities, colleges, and community colleges. Information on the SEFA is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA)

During the 2009-10 fiscal year, the State of Florida received and expended over \$8.2 billion in Federal funding provided pursuant to the ARRA. The United States Congress mandated additional reporting and transparency requirements to be met by recipients of ARRA funds, and the Federal Single Audit has been identified as one of the tools that will be used to measure the degree of stewardship and accountability provided by the states for moneys provided under ARRA. Expenditures of ARRA funds are separately identified on the supplementary Schedule of Expenditures of Federal Awards. Programs that included

ARRA funds, and for which findings are disclosed in the SCHEDULE OF FINDINGS AND QUESTIONED COSTS, are distinctively identified in the INDEX OF FINDINGS BY FEDERAL AGENCY AND COMPLIANCE REQUIREMENT.

SCOPE

As a condition of receiving Federal funds, the U.S. Office of Management and Budget (OMB) requires, as described in OMB Circular A-133, an audit of the State's financial statements and major Federal awards programs. Pursuant to Section 11.45, Florida Statutes, we conducted an audit of the basic financial statements of the State of Florida as of and for the fiscal year ended June 30, 2010. We also subjected supplementary information contained in the State's Comprehensive Annual Financial Report and the State's Schedule of Expenditures of Federal Awards to auditing procedures applied in our audit of the basic financial statements. Additionally, we audited the State's compliance with governing requirements for the Federal awards programs or program clusters that we identified as major programs for the fiscal year ended June 30, 2010.

OBJECTIVES

The objectives of our audit were:

- The expression of opinions concerning whether the State's basic financial statements were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- The expression of an opinion concerning whether the State's Schedule of Expenditures of Federal Awards is presented fairly, in all material respects, in relation to the State's basic financial statements taken as a whole.
- To obtain an understanding of the internal control over compliance for each major Federal program, assess the control risk, and perform tests of controls, unless the controls were deemed to be ineffective.
- The expression of opinions concerning whether the State complied, in all material respects, with laws, regulations, and the provisions of contracts or grant agreements that may have a direct and material effect applicable to each of the major Federal programs.

METHODOLOGY

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, applicable standards contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and OMB Circular A-133.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida as of and for the fiscal year ended June 30, 2010, which collectively comprise the State of Florida's basic financial statements and have issued our report thereon dated February 28, 2011. Our report includes a reference to other auditors, the State's reporting of certain bond issues previously reported by universities, the reporting of an additional external investment pool, and disclosure of issues with respect to the measurement of the Retiree Health Insurance Subsidy Program's actuarial accrued liability and unfunded actuarial accrued liability. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Prepaid College Program, Florida Turnpike Fund, Hurricane Catastrophe Fund, College Savings Plan, and the trust funds maintained by the State Board of Administration to account for the investments of the Florida Retirement System and the Public Employee Optional Retirement Program, certain discretely presented component units, and the Legislature, as described in our report on the State of Florida's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the State of Florida's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Florida's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the State of Florida's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be

significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed in the **FINANCIAL STATEMENT FINDINGS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in finding Nos. FS 10-001 through FS 10-006 in the **FINANCIAL STATEMENT FINDINGS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, administrative rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted five additional matters involving the State's internal control over financial reporting that we reported to management as finding Nos. FS 10-007 through FS 10-011 in the **FINANCIAL STATEMENT FINDINGS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

State agency responses to each of the findings identified in our audit are included in the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. We did not audit these responses and, accordingly, we express no opinion on them.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, Federal and other granting agencies, the Executive Office of the Governor, and applicable management and is not intended to be used and should not be used by anyone other than these specified parties.

Respectfully submitted,

David W. Martin, CPA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the State of Florida's compliance with the types of compliance requirements described in the United States Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the State of Florida's major Federal programs for the fiscal year ended June 30, 2010. The State of Florida's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major Federal programs is the responsibility of the State of Florida's management. Our responsibility is to express an opinion on the State of Florida's compliance based on our audit.

The State of Florida's basic financial statements include the operations of component units that received Federal awards during the fiscal year ended June 30, 2010, that are not included in the State's supplementary Schedule of Expenditures of Federal Awards. Our audit of Federal awards, as described below, did not include the operations of the blended component units, Workforce Florida, Inc., and Scripps Florida Funding Corporation, or discretely presented component units of the State agencies, universities, and community colleges. As applicable, Federal awards administered by these component units are the subjects of audits completed by other auditors. Our audit, as described below, also did not include the operations of the Legislature.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the State of Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the State of Florida's compliance with those requirements.

As described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**, the State of Florida did not comply with the requirements listed below for the Federal programs listed below. Compliance with such requirements is necessary, in our opinion, for the State of Florida to comply with the requirements applicable to the respective Program.

Finding No. FA 10-	Major Program	Types of Compliance Requirements Not Complied With
015	Capitalization Grants for Drinking Water State Revolving Funds (CFDA No. 66.468)	Reporting
026	Special Education Cluster (CFDA Nos. 84.027, 84.173, 84.391, and 84.392)	Matching, Level of Effort, Earmarking
029	Vocational Rehabilitation Cluster (CFDA Nos. 84.126 and 84.390)	Allowable Costs/Cost Principles
034	State Fiscal Stabilization Fund (SFSF) – Education State Grants, Recovery Act (CFDA No. 84.394)	Matching, Level of Effort, Earmarking
042	TANF (Temporary Assistance for Needy Families) Cluster (CFDA Nos. 93.558, 93.714, and 93.716)	Special Tests and Provisions - Child Support Non-Cooperation
044	Child Support Enforcement (CFDA No. 93.563)	Special Tests and Provisions – Establishment of Paternity and Support Obligations
045	Child Support Enforcement (CFDA No. 93.563)	Special Tests and Provisions – Provision of Child Support Services for Interstate Cases
064	Medicaid Cluster (CFDA Nos. 93.775, 96.776, 93.777, and 93.778)	Eligibility
067	Medicaid Cluster (CFDA Nos. 93.775, 96.776, 93.777, and 93.778)	Special Tests and Provisions – Provider Eligibility
071	Block Grants for Community Mental Health Services (CFDA No. 93.958)	Matching, Level of Effort, Earmarking
072	Block Grants for Prevention and Treatment of Substance Abuse (CFDA No. 93.959)	Matching, Level of Effort, Earmarking
079	Disaster Grants – Public Assistance (Presidentially Declared Disasters) (CFDA No. 97.036)	Special Tests and Provisions – Project Accounting

In our opinion, except for the noncompliance described in the preceding paragraph, the State of Florida complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2010. The results of our auditing procedures also disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** as finding Nos. FA 10-:

002	006 through 008	010 and 011	013
017 through 020	023	025	028
033	039 through 041	047 through 049	052
054 and 055	058	060 through 062	065 and 066
069 and 070	078	080 through 083	085 through 088
091 through 112			

Internal Control Over Compliance

Management of the State of Florida is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to Federal programs. In planning and performing our audit, we considered the State of Florida’s internal control over compliance with the requirements that could have a direct and material effect on a major Federal program to determine auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the State of Florida’s internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies, or material weaknesses, and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the following finding Nos. of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be material weaknesses.

Finding No. FA 10-	Major Program	Compliance Requirement
029	Rehabilitation Services – Vocational Rehabilitation Grants to States (CFDA Nos. 84.126 and 84.390)	Allowable Costs/Cost Principles
039	Public Health Emergency Preparedness (CFDA No. 93.069)	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
044	Child Support Enforcement (CFDA No. 93.563)	Special Tests and Provisions – Establishment of Paternity and Support Obligations
045	Child Support Enforcement (CFDA No. 93.563)	Special Tests and Provisions – Provision of Child Support Services for Interstate Cases
064	Medicaid Cluster (CFDA Nos. 93.775, 96.776, 93.777, and 93.778)	Eligibility
067	Medicaid Cluster (CFDA Nos. 93.775, 96.776, 93.777, and 93.778)	Special Tests and Provisions – Provider Eligibility
071	Block Grants for Community Mental Health Services (CFDA No. 93.958)	Matching, Level of Effort, Earmarking
072	Block Grants for Prevention and Treatment of Substance Abuse (CFDA No. 93.959)	Matching, Level of Effort, Earmarking
079	Disaster Grants – Public Assistance (Presidentially Declared Disasters) (CFDA No. 97.036)	Special Tests and Provisions – Project Accounting

A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the following finding Nos. of the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS** to be significant deficiencies:

003 through 010	012 through 014	017 through 019	022
024 and 025	027	030 and 031	033
035 through 038	040	043	046
048 through 050	053 through 056	058 and 059	062 and 063
068 through 070	074	076	078
080	082 through 088	091	094
098 and 099	102 and 103	106 through 112	

The State agencies’, universities’, colleges’, and community colleges’ responses to the findings identified in our audit are described in the accompanying **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**. We did not audit these responses and, accordingly, we express no opinion on the responses.

Pursuant to Section 11.45(4), Florida Statutes, this report is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this report is intended for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Executive Office of the Governor, applicable management, Workforce Florida, Inc., and Federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Florida as of and for the year ended June 30, 2010, and have issued our Independent Auditor's Report thereon dated February 28, 2011. Our report includes a reference to other auditors, the State's reporting of certain bond issues previously reported by universities, the reporting of an additional external investment pool, and disclosure of issues with respect to the measurement of the Retiree Health Insurance Subsidy Program's actuarial accrued liability and unfunded actuarial accrued liability. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the State of Florida's basic financial statements.

The accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. The **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Respectfully submitted,

Significant deficiencies identified that are not considered to be material weaknesses?	Yes

Type of report the auditor issued on compliance for major programs:
Unqualified for all major programs, except for the following programs which were qualified:

- Capitalization Grants for Drinking Water State Revolving Funds (66.468)**
- Special Education Cluster (84.027, 84.173, 84.391, and 84.392)**
- Rehabilitation Services – Vocational Rehabilitation Grants to States (84.126 and 84.390)**
- State Fiscal Stabilization Fund (SFSF) – Education State Grants, Recovery Act (84.394)**
- TANF (Temporary Assistance for Needy Families) Cluster (93.558, 93.714, and 93.716)**
- Child Support Enforcement (93.563)**
- Medicaid Cluster (93.775, 93.776, 93.777, and 93.778)**
- Block Grants for Prevention and Treatment of Substance Abuse (93.959)**
- Disaster Grants – Public Assistance (Presidentially Declared Disasters) (97.036)**

Any audit findings disclosed that are required to be reported in accordance with Section .510(a) of OMB Circular A-133?	Yes
Dollar threshold used to distinguish between Type A and Type B programs:	\$60,662,918
Auditee qualified as low-risk auditee?	No

**LISTING OF MAJOR PROGRAMS
FISCAL YEAR ENDED JUNE 30, 2010**

Name of Federal Program or Cluster (1)	CFDA Number(s)	Total Expenditures
SNAP Cluster (3)	10.551 & 10.561	\$ 4,241,379,471
Child Nutrition Cluster	10.553, 10.555, 10.556, & 10.559	806,532,037
Special Supplemental Nutrition Program for Women, Infants, and Children	10.557	352,669,480
Child and Adult Care Food Program	10.558	153,387,835
CDBG - State Administered Small Cities Program Cluster (3)	14.228, 14.255	53,629,007
Recovery Act - Edward Byrne Memorial Justice Assistance Grant (JAG) Program/Grants to States and Territories (3)	16.803	28,163,548
Employment Service Cluster (3)	17.207, 17.801, & 17.804	60,665,561
Unemployment Insurance (3)	17.225, 17.245, & 97.034	7,800,486,729
WIA (Workforce Investment Act) Cluster (3)	17.258, 17.259, & 17.260	209,883,962
Highway Planning and Construction Cluster (3)	20.205, 20.219	1,745,243,876
Capitalization Grants for Clean Water State Revolving Funds (3)	66.458	78,047,383
Capitalization Grants for Drinking Water State Revolving Funds (3)	66.468	57,194,072
Weatherization Assistance for Low-Income Persons (3)	81.042	27,152,703
Title I, Part A Cluster (3)	84.010 & 84.389	818,817,398
Special Education Cluster (3)	84.027, 84.173, 84.391, & 84.392	897,233,396
Federal Family Education Loans - Guarantee Agency	84.032	707,749,653 (2)
Career and Technical Education - Basic Grants to States	84.048	63,337,691
Vocational Rehabilitation Cluster (3)	84.126 & 84.390	128,770,032
Improving Teacher Quality State Grants	84.367	129,010,941
State Fiscal Stabilization Fund Cluster (3)	84.394 & 84.397	1,371,756,821
Public Health Emergency Preparedness	93.069	131,341,401
Immunization Cluster (3)	93.268 & 93.712	207,612,449
TANF Cluster (3)	93.558 & 93.714	480,371,074
Child Support Enforcement (3)	93.563	235,795,464
Refugee and Entrant Assistance - State Administered Programs	93.566	87,238,471
Low-Income Home Energy Assistance	93.568	86,586,303

Homeland Security Cluster	97.004 & 97.067	61,431,251
Disaster Grants - Public Assistance (Presidentially Declared Disasters)	97.036	303,331,622
Hazard Mitigation Grant	97.039	70,492,548
Student Financial Assistance Cluster (including CFDA No. 84.032 Lenders) (3)	(1)	3,760,429,432
Research and Development Cluster (3)	(1)	678,081,149
Total		<u>\$ 39,493,396,657</u>

Notes: (1) The Schedule of Expenditures of Federal Awards identifies the programs included within the respective clusters.
 (2) The amount shown includes the value of loans guaranteed during the 2009-10 fiscal year totaling \$504,218,734. See the Schedule of Expenditures of Federal Awards, Note 2, for a description of the determination of the value of loans guaranteed.
 (3) These programs include ARRA funds expended during the 2009-10 fiscal year.

FINANCIAL STATEMENTS FINDINGS

Our audit of the State of Florida's basic financial statements for the fiscal year ended June 30, 2010, disclosed certain matters that we communicated in the **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**. These findings are categorized in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that findings be categorized in a manner that discloses their significance. The categorizations established and defined by the standards are as follows:

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented, or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our audit also disclosed *additional matters*, which are issues that, in the auditor's opinion, should be reported, but which do not clearly fit in any of the above-noted designations.

MATERIAL WEAKNESS

NET RECEIVABLES

Finding Number	FS 10-001
Opinion Unit	Governmental Fund: Health and Family Services
Financial Statements	Net Receivables and Deferred Revenues
Account Title(s)	
SW Fund Number	202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000-20-2-474001
GL Code(s)	164, 389
Adjustment Amount	\$320,112,216
Prior Year Finding	Report No. 2010-165, Finding No. FS 09-001
Finding	As previously reported, the FAHCA, Bureau of Finance and Accounting (Bureau), did not record a receivable and deferred revenue to represent its claim on Federal financial resources related to the incurred but not reported (IBNR) Medicaid claims liabilities.
Criteria	Unmatured long-term indebtedness, including IBNR Medicaid claims liabilities, should be reported as long-term liabilities in the government-wide financial statements, and a receivable and deferred revenue should be recorded in the governmental fund financial statements to represent the State's claim on Federal resources that will be used to finance the Federal portion of expenses related to the IBNR amounts.
Condition	The Bureau recorded the long-term liability for IBNR Medicaid claims for the fiscal year ending June 30, 2010; however, the Bureau had not recorded the receivable and deferred revenue equal to the amounts due from Federal resources.
Cause	Although the Bureau had fiscal year close-out procedures to record the receivable and deferred revenue representing the Federal resources due related to the IBNR amounts, the Bureau inadvertently omitted the entry.
Effect	Prior to audit adjustments, net receivables and deferred revenues in the governmental fund financial statements were understated by approximately \$320 million.
Recommendation	We again recommend that the Bureau follow established procedures to record net receivables and deferred revenue in recognition of the State's claim on Federal resources related to the IBNR Medicaid claims.
State Agency Response and Corrective Action Plan	We concur with the recommendation. Management will more closely review the checklist for completion. Additionally, a review meeting is being added to the procedures to review and discuss each item on the checklist.
Estimated Corrective Action Date	07/01/2011
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

MATERIAL WEAKNESS**NET RECEIVABLES**

Finding Number	FS 10-002
Opinion Unit	Governmental Fund; Health and Family Services Fund
Financial Statements Account Title(s)	Receivables, net; Grants and donations revenue, Due from Federal government, and Human services expenditures
SW Fund Number	202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000-20-2-339094
GL Code(s)	151, 159, 164, 614, 711
Adjustment Amount	\$80,225,234, \$3,264,453, \$76,960,780, \$52,056,272
Finding	FAHCA did not record all drug rebate receivables at fiscal year end.
Criteria	Generally accepted accounting principles require that all receivables, representing amounts uncollected at year-end, for which the agency has a legal claim, be reported in the financial statements.
Condition	<p>The FAHCA Bureau of Finance and Accounting (Bureau) had established procedures to record receivables related to drug rebates based on a vendor report, which included calculations based on information received from the U.S. Department of Health and Human Services (USDHHS). Procedures required that the drug rebate receivables be initially recorded as refund revenues, and during the financial statement preparation process, the revenues were to be reclassified as a reduction in Medicaid expenditures, with a corresponding reduction in Federal receivables and revenue.</p> <p>Recently-enacted Federal health care legislation resulted in the establishment of new rebate terms; however, the USDHHS was not able to provide states with the updated rebate rates as of fiscal year-end, and instead provided rates which were set at zero. Accordingly, the report provided to the Bureau by the vendor was calculated using rates of zero for the period of time affected by the rate changes. The Bureau recorded the amount reported on the erroneous vendor report without performing additional analytical procedures to determine whether the amount appeared reasonable.</p>
Cause	The Bureau's procedures were to record rebates receivable based on the vendor's report, but did not include analytical procedures to independently determine whether the amount recorded was reasonable based on historical rebate amounts.
Effect	Before audit adjustment, Receivables were understated by \$80,225,234, the Allowance for uncollectable accounts was understated by \$3,264,453, Human services expenditures were overstated by \$76,960,780, and Due from Federal government and Grants and donations revenue were understated by the Federal share of \$52,056,272.
Recommendation	We recommend the Bureau enhance procedures to include the use of analytical procedures to investigate significant fluctuations in the amount of rebate receivables reported by the vendor at year-end.
State Agency Response and Corrective Action Plan	We concur with the recommendation. Staff will apply the use of analytics in the review process and management will meet with staff to discuss the analytical procedures that were used.
Estimated Corrective Action Date	07/01/2011

MATERIAL WEAKNESS
ADVANCES TO AND FROM OTHER FUNDS

Finding Number	FS 10-003
Opinion Units	Other Aggregate Fund: Private Purpose Fund, Public Education
Financial Statements Account Title(s)	Advances to/from other funds; Fines, forfeits, settlements, and judgments; Payments to unclaimed property claimants; and Distributions to State School Fund
SW Fund Number	719999, 200200
State Agency	Florida Department of Financial Services (FDFS)
OLO-GF-SF-FID	Various
GL Code(s)	25100, 45100, 61600, 78920, 78921
Adjustment Amount	\$196,564,323, \$127,848,187, \$68,716,136
Finding	FDFS' Advance to other funds account within the Unclaimed Property Trust Fund (Fund) was significantly understated by \$196,564,323 due to an inadvertent error in calculating an estimate of the amount yet-to-be reclaimed by and paid to unclaimed property claimants (future claim payments). Correspondingly, Department of Education's (FDOE) Advance from other funds account was understated by the same amount.
Criteria	Generally accepted accounting principles require that a portion of the escheat collections received be set aside to represent the best estimate of amounts ultimately expected to be reclaimed and paid.
Condition	The FDFS Bureau of Unclaimed Property had established a methodology to estimate the amount of escheat collections that would be reclaimed and paid. The methodology was documented in a worksheet which included amounts collected, claims paid, and an estimate of the amounts that would be reclaimed. FDFS communicated to FDOE the necessary adjustment information to allow FDOE to record the appropriate entries.
Cause	Our audit disclosed a worksheet formula error that resulted in misstatements.
Effect	Prior to audit adjustment, the FDFS Advance to other funds account was understated by \$196,564,323, the Payments to unclaimed property claimants account was overstated by \$127,848,187, and the Distributions to state school fund account was overstated by \$68,716,136. Also, the FDOE State School Fund's Advance from other funds account was understated by \$196,564,323, and the Fines, forfeits, settlements, and judgments account was overstated by the same amount.
Recommendation	We recommend that the Bureau enhance its procedures over estimating future claim payments to unclaimed property claimants to ensure that the amounts are fairly reported.
State Agency Response and Corrective Action Plan	Concur. The procedures for the Bureau of Unclaimed Property and the Bureau of Financial and Support Services will be enhanced to ensure that amounts for estimating future claim payments are fairly reported.
Estimated Corrective Action Date	June 30, 2011

MATERIAL WEAKNESS

ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Finding Number	FS 10-004
Opinion Unit	Governmental Funds: General Fund and Health and Family Services Fund
Financial Statements	Accounts payable and accrued liabilities, Expenditures, Due from Federal government, and Grants and donations
Account Title(s)	
SW Fund Number	100000 and 202400
State Agency	Florida Agency for Health Care Administration (FAHCA)
OLO-GF-SF-FID	680000-10-1-000298, 680000-20-2-339094, and 680000-20-2-474001
GL Code(s)	164, 311, 614, 711
Adjustment Amount	\$261,305,607, \$73,876,636, \$129,087,314
Finding	The FAHCA Bureau of Finance and Accounting (Bureau) did not follow established fiscal year-end procedures to record adjustments to accounts payable and expenditure balances which caused material overstatements in the General Fund and the Health and Family Services Fund. Additionally, the Due from Federal government and Grants and donations accounts were also overstated by the amount related to Federal programs of \$129,087,314.
Criteria	Generally accepted accounting principles require the reporting of accounts payable and expenditures at fiscal year-end for goods and services received, but for which payment has not been made. In addition, a corresponding receivable (Due from Federal government) and revenue (Grants and donations) should be recorded for the portion of the accrued expenditures that will be funded through Federal resources.
Condition	The majority of the accounts payable recorded by FAHCA relate to Medicaid claims for services provided by June 30, but that have not yet been submitted by providers. Since the exact amount of claims that will be submitted by providers is not known at fiscal year-end, the Bureau must use an estimate. For these Medicaid claims, the Bureau established fiscal year-end procedures to record the remaining balance of appropriated funds initially as accrued accounts payables and expenditures. Subsequently, procedures required that, after considering disbursements made during the 90 days after fiscal year-end, an additional adjustment be made to both accounts to reflect the actual expenditures, with a corresponding adjustment to Due from Federal government and Grants and donations related to the Federal share of expenditures.
Cause	We noted that for the fiscal year ending June 30, 2010, the Bureau did not follow established fiscal year-end procedures to record adjustments to accounts payable and expenditure balances to reflect actual expenditures made or adjustments to the receivable and revenue amounts related to the Federal share of actual expenditures.
Effect	Prior to audit adjustment, accounts payable and accrued liabilities and expenditure accounts for the General Fund and the Health and Family Services Fund were overstated by \$261,305,607 and \$202,963,950, respectively. Due from Federal government and Grants and donations accounts were also overstated by the amount related to Federal programs of \$129,087,314. Additionally, FAHCA overstated expenditures for the Medical Assistance Program (CFDA No. 93.778) and the Children's Health Insurance Program (CFDA No. 93.767) by \$138,516,413 and \$6,448,781, respectively, on the Schedule of Expenditures of Federal Awards.
Recommendation	We recommend that the Bureau revise its procedures for recording Medicaid accounts payable and the related accounts (expenditures, Federal receivables, and Federal revenue) at year-end. The estimating methodology chosen by the Bureau should allow for a materially accurate amount to be recorded at year-end.

For example, the estimate could be based on historical amounts adjusted for factors such as changes in Medicaid enrollment.

State Agency Response and Corrective Action Plan Due to the need to carry forward the budget for Medicaid payments for services provided on or before June 30th and the uncertainty of the totals amount of claims that may be filed, the unexpended budget is established as a payable. The payables and related Federal receivables are adjusted after the final certified forward payment. This final step was overlooked for the FY 09-10 financial statements, but the task has been added to the checklist. We will investigate the feasibility of another methodology for estimating the payables.

Estimated Corrective Action Date 07/01/2011

MATERIAL WEAKNESS

ACCOUNTS PAYABLE, DUE FROM FEDERAL GOVERNMENT AND REVENUES

Finding Number	FS 10-005
Opinion Unit	Proprietary Fund: Unemployment Compensation
Financial Statements Account Title(s)	Accounts payable and accrued liabilities and Benefit payments; Due from Federal government; and Grants and donations revenues
SW Fund Number	507501
State Agency	Florida Agency for Workforce Innovation (FAWI)
OLO-GF-SF-FID	750000-50-2-765002
GL Code(s)	311, 779, 164, 683
Adjustment Amount	\$114,762,237
Finding	FAWI's accounts payable and accrued liabilities account was misstated due to deficiencies in the procedures used to estimate and record the accrued balances related to extended unemployment compensation benefit payments that are funded through the receipt of Federal grants.
Criteria	In accordance with accounting principles generally accepted in the United States (GAAP), proprietary fund financial statements are presented using a full accrual basis of accounting. GAAP requires accounts payable to be recognized and reported when expenses have been incurred, but not yet paid. When applicable, a corresponding receivable and revenue amount should be recorded for any portion of the accrued expenses that is to be funded through future receipts of Federal grants.
Condition	A portion of FAWI accounts (benefits) payable for financial statement purposes included extended unemployment compensation payment amounts funded through Federal resources. Our audit disclosed that FAWI's methodology, used to estimate these payable amounts, did not consider all necessary factors contributing to the expense incurred and the amounts payable as of June 30, 2010. As a result, before audit adjustment, various accounts on the financial statements were materially understated. FAWI's methodology included multiplying an average number of unemployment claims per week by the average-weekly benefit amount in June 2010. However, FAWI's methodology did not take into account the Federal Unemployment Compensation Extension Act enacted July 22, 2010, retroactively extended the benefits from the period of June 6, 2010, through December 31, 2010. Before the Act, the allowable period of time to qualify was set to expire on June 5, 2010. The newly enacted extension caused a significant increase in the receipt of claims, many of which retroactively applied to June 2010. Absent consideration of these claims and the impact on the June time period, FAWI's methodology understated the expenses incurred and the accounts payable for these unemployment compensation benefits, as well as the related receivable and revenue amounts.
Cause	FAWI's fiscal year-end closing procedures related to accounts payable and accrued liabilities and receivables did not include guidance on how to estimate accrual amounts for incurred but unpaid extended unemployment compensation benefit payment amounts at year end that were to be funded with Federal resources.
Effect	Prior to audit adjustments, the amounts reported for accounts payable and accrued liabilities and benefit payments expense were understated by \$114,762,237 (CFDA No. 17.225). The Due from Federal government account and the corresponding Grants and donations revenue account were also understated by the same amount.

Recommendation	We recommend that for the extended benefit payments funded by certain Federal grants, FAWI enhance its fiscal year-end closing procedures to include adequate guidance to estimate and record the expenses incurred, accounts payable and accrued liabilities and the corresponding amounts due from the Federal government.
State Agency Response and Corrective Action Plan	FAWI is revising fiscal year-end closing procedures to include adequate guidance to estimate and record the expenses incurred, accounts payable and accrued liabilities and the corresponding amounts due from the Federal government. In addition, the Year-End Activity Calendar will be updated to reflect new procedural steps where applicable. Enhanced procedures include the following: <ul style="list-style-type: none">• Planned mid-June contact with key UC program staff to anticipate and identify any legislative action or program changes that could have a significant effect on the amount of benefits liabilities as of fiscal year-end June 30. This information will be considered in calculating the year-end accrual and entries will be reviewed with the FAWI Controller for adequacy.• Compensable Weeks reports to be run monthly through October (for September data). The year-end accrual will be estimated by incorporating current payment trends along with the July report data, since it is the only report available prior to the Agency's closing date. August and September reports will be reviewed for activity pertaining to fiscal year-end June 30, and accruals can be adjusted accordingly.
Estimated Corrective Action Date	February 28, 2011
Agency Contact and Telephone Number	Wayne Summerlin (850) 245-7348

MATERIAL WEAKNESS

STATE TREASURY EXTERNAL INVESTMENT TRUST FUND

Finding Number	FS 10-006
Opinion Unit	Other Aggregate Funds: Investment Trust Funds
Financial Statements Account Title	Adjustments to increase (decrease) beginning net assets; Deposits; Interest income; Withdrawals; Administrative expense
SW Fund Number	769999
State Agency	Florida Department of Financial Services (FDfs)
OLO-GF-SF-FID	430000-76-7-768844
GL Code(s)	53200, 66603, 68600, 76600, 77293
Adjustment Amount	Various
Finding	All financial statement transactions associated with the State Treasurer's activity of a separate external investment pool were not reported in the related Combining Statement of Changes in Fiduciary Net Assets.
Criteria	GASB Codification Section I50.117 states governmental entities that sponsor one or more external investment pools should report the external portion of each pool as a separate investment trust fund (a fiduciary fund) using the accrual basis of accounting. The external portion of an investment pool is the portion that belongs to legally separate entities that are not part of the sponsoring government's financial reporting entity.
Condition	In accordance with statutory authority, the Division of Treasury (Division) invested cash received from legally separate entities which were not part of the State's financial reporting entity. Prior to fiscal year 2009-10, these investments were reported with other investments of the State's financial reporting entity due to the small amounts administered. During the fiscal year, the Division received amounts from legally separate entities which at fiscal year-end, exceeded eight percent of total Treasury holdings. This material increase in the percentage of holdings from legally separate entities required that the related balances and transactions be reported separately as an external investment trust fund. In recognition of this requirement, the Division provided the CFO Statewide Financial Reporting Section (SFRS) financial information necessary to report the balances and transactions in a separate external investment trust fund. Upon receiving the financial information from the Division, the SFRS created a separate external investment trust fund to record and report the balances. However, all related transactions and balances were not identified and recorded.
Cause	When preparing the adjustments necessary to report the external investment pool balances and transactions, SFRS did not identify all transactional activity related to the external investment pool's fiscal year activity. As a result, the Combining Statement of Changes in Fiduciary Net Assets did not, prior to audit adjustment, reflect the appropriate account balances.
Effect	Prior to audit adjustment, the following account balances were overstated: Adjustment to increase (decrease) beginning net assets \$957,307,549; and the following account balances were understated: Deposits \$2,485,635,522; Interest income \$27,800,191; Withdrawals \$1,554,761,156; and Administrative expense \$1,367,007.
Recommendation	We recommend that SFRS enhance its fiscal year-end reporting procedures to ensure that all financial transactions related to external investment pool activities are accurately and completely reported in the State's financial statements.
State Agency Response and Corrective Action Plan	Concur. SFRS procedures will be enhanced to ensure that financial transactions related to external investment pool activities are accurately and completely reported in the State's financial statements.

ADDITIONAL MATTERS

ACCOUNTS PAYABLE AND EXPENDITURES

Finding Number	FS 10-007
Opinion Unit	Governmental Fund: Environment, Recreation, and Conservation Fund
Financial Statements	Accounts payable and accrued liabilities, Expenditures
Account Title(s)	
SW Fund Number	202600
State Agency	Florida Department of Environmental Protection (FDEP)
OLO-GF-SF-FID	370000-20-2-339074, 370000-20-2-506002
GL Code(s)	311, 711
Adjustment Amount	\$ 2,841,314
Finding	FDEP's accounts payable and accrued liabilities were misstated due to deficiencies in the procedures employed to identify and record payables as of fiscal year-end.
Criteria	Accounting principles generally accepted in the United States require the reporting of accounts payable and related expenditures at fiscal year-end for goods and services received, but for which payment has not been made.
Condition	Our audit disclosed two instances in which FDEP did not record payables for goods and services received as of fiscal year-end. Specifically, the FDEP contracted for and received services from an engineering firm for installation and inspection of booms as a consequence of the Deep Water Horizon Oil Spill. An invoice was received for services provided from June 3 through July 20, 2010, but FDEP did not record the portion of the payable and the expenditure for services received as of June 30. The portion that pertained to the 2009-10 fiscal year was \$1,831,125. In another instance, the FDEP received water management services from a contractor for the month of June 2010 relating to the Mulberry Phosphogypsum Stack System, but failed to record the payable and expenditure of \$1,010,189.
Cause	FDEP procedures for determining accounts payable included a review of all transactions over a million dollars that were paid after June 30. This review was performed; however, the procedures did not detect and result in the recording of all payables in excess of a million dollars that were incurred but not paid as of fiscal year-end.
Effect	Prior to audit adjustment, the amounts reported for accounts payable and accrued liabilities and expenditures were understated by \$2,841,314 in the Environment, Recreation, and Conservation Fund. This amount represented 5.5 percent of the amount reported as accounts payable and accrued liabilities before adjustment.
Recommendation	We recommend that FDEP enhance its procedures to detect and record all payables and related expenditures in excess of a million dollars that were incurred but not paid as of fiscal year-end.
State Agency Response and Corrective Action Plan	We concur with this recommendation. Disbursements to Water Management Districts (WMD's) over \$1 million that were paid after June 30, 2010, were reviewed and payables were recorded for fiscal year 2009-2010. However, disbursements to entities other than WMD's were inadvertently overlooked. The Bureau of Finance and Accounting's written fiscal year end procedures for identifying payables as of June 30 have been enhanced to specify review of all disbursements over \$1 million made July through October, including but not limited to, disbursements to WMD's. This review has also been clarified in the Bureau's fiscal year end task checklist.

**Estimated Corrective
Action Date**

Bureau of Finance and Accounting written procedures and fiscal year end task checklist were updated in February 2011 and enhanced procedures will be implemented during fiscal year 2010-2011 year end closing.

CERTIFICATES OF PARTICIPATION

Finding Number	FS 10-008
Opinion Unit	Other Aggregate Funds: Nonmajor Governmental Fund, Internal Service Fund
Financial Statements	Long-term liabilities - Due within one year, Long-term liabilities – Due in more
Account Title(s)	than one year, Certificates of participation payable, and other related accounts
SW Fund Number	900000, 800000, 201800, 607201
State Agency	Florida Department of Management Services (FDMS)
	Florida Department of Corrections (FDOC)
OLO-GF-SF-FID	7200000-60-2-495001, 700000-30-2-339063, 700000-80-9-000001, 700000-90-9-90009
GL Code(s)	387, 487, 372, 462, and other related accounts
Adjustment Amount	\$11,620,000, \$325,365,000, and other various amounts
Finding	Amounts related to the issuance of FDMS, Florida Correctional Finance Corporation, Certificates of Participation, Series 2009B and 2009C (COPs), were incorrectly recorded.
Criteria	Assets and liabilities resulting from the issuance of certificates of participation (debt) should be recorded in the fund and by the agency responsible for paying the debt. According to the bond documents, the debt should have been reported by FDMS in the Internal Service Fund, as FDMS is identified as the agency responsible for servicing the debt.
Condition	Our audit disclosed that various accounting entries for the issuance of the COPs were recorded by FDOC within the Nonmajor Governmental Funds and in the Governmental Activities financial statements. FDMS did not record any entries in its records related to the issuance of the COPs.
Cause	FDMS and FDOC communicated with each other and made efforts to determine how to record the COPs; however, contrary to the requirements contained in the bond documents, FDMS and FDOC determined that the COPs were debt of FDOC. The bond documents provide that FDMS is the lessee pursuant to the master lease agreement. Furthermore, the documents state FDMS will provide for the acquisition, construction, financing, and operation of the projects with the FDOC as sublessee.
Effect	Prior to audit inquiry, the Certificates of participation payable and various other related accounts in the Internal Service Fund were understated. Correspondingly, related accounts in the Nonmajor Governmental Fund were overstated. Additionally, in the notes to the financial statements, specifically Note 10 – Changes in Long-Term Liabilities, the COPs were reported as installment purchases/capital leases rather than certificates of participation payable.
Recommendation	We recommend that in future debt issuances of this nature, FDMS and FDOC record the appropriate accounting entries in accordance with the applicable bond documents.
	<u>Florida Department of Management Services</u>
State Agency Response and Corrective Action Plan	We concur with the Auditor General's recommendation. FDMS will continue to work with FDOC to ensure accounting entries are recorded according to the applicable bond documents.

ADDITIONAL MATTERS
SFRS COMPILATION PROCEDURES

Finding Number	FS 10-009
Opinion Unit(s)	General Fund, Health and Family Services Fund, Other Aggregate Fund: Nonmajor Governmental Fund, and Internal Service Fund
Financial Statements Account Title(s)	Due from and to state funds within department, Transfers in and out within department, Net assets: invested in capital assets, net of related debt, Other reserves, and Unrestricted net assets
SW Fund Number	100000, 202400, 209999, 609999
State Agency	Florida Department of Financial Services (FDMS)
OLO-GF-SF-FID	Various
GL Code(s)	162, 352, 657, 757, 536, 538, 539, 549
Adjustment Amount	\$61,774,110, \$373,474,405, \$626,723,830
Finding	Compilation procedures performed by the CFO Statewide Financial Reporting Section (SFRS) did not ensure, in all instances, that interfund transfers were properly adjusted, that all agency adjustments were identified prior to entering SFRS adjustments, and that fund balance reserves were properly reflected.
Criteria	<p>SFRS procedures require that adjustments be made where needed to eliminate duplicate reporting. This would include adjusting the accounts representing transfers in and out, due from's, and due to's among the various agencies such that any duplicate reporting is eliminated. In addition, SFRS procedures require that all agency adjustments are to be identified and considered prior to making SFRS adjustments in order to avoid duplicate posting of adjustments.</p> <p>Generally accepted accounting principles require reporting, as reserved, the portion of fund balance that is legally segregated for a specific use or not available for expenditure because the underlying asset is not a financial resource available for current appropriation or expenditure. In addition, SFRS procedures establish fund balance reserves for any underlying assets not available for expenditure or appropriation, and also require fund balance reserves for deferred charges or any other required reserve to be reported as Other reserves.</p>
Condition	<p>We noted instances in which amounts were recorded in error and in which SFRS compilation procedures were not updated to correctly report the reserved fund balances. The errors and omissions described below were corrected through SFRS posting of audit adjustments.</p> <ul style="list-style-type: none"> ➤ SFRS erroneously recorded adjustments totaling \$61,774,110 to accounts related to the Health and Family Services Fund. The adjustments should have been recorded in accounts related to Nonmajor Governmental Fund accounts. ➤ SFRS made adjusting entries to two internal service fund net asset accounts to correct the balance in the Invested in capital assets, net of related debt account. However, adjusting entries were submitted by the Florida Department of Management Services (FDMS) to correctly reflect the balance in the account. The SFRS posted both entries which overstated the Invested in capital assets, net of related debt account and understated the Unrestricted net asset account. ➤ The Lawton Chiles Endowment Fund (LCEF) was established to provide a perpetual source of enhanced funding for, among other things, State children's health programs, and biomedical research activities related to tobacco use. During the fiscal year ended June 30, 2009, a permanent fund designation was removed and the LCEF's accounts were moved to the General Fund, with its net resources recorded as a reserve. We noted that the balance of \$626,723,830 in the LCEF as of June 30, 2010, was initially

recorded as Unreserved fund balance in the General Fund, although the net resources remain reserved for specific purposes.

Cause

SFRS procedures were not sufficient or completely followed in some instances.

- Agency staff submitted two adjusting entries to move amounts between budget entities within the Nonmajor Governmental Fund. SFRS review procedures failed to recognize that the two entries were related to budget entries within the same fund type, and created offsetting entries to the Health and Family Services Fund instead of rejecting the adjustments.
- Contrary to procedures, the SFRS posted an adjustment causing an overstatement without considering all agency adjustments previously submitted.
- Subsequent to the change in the reporting of the LCEF, SFRS procedures were not updated to ensure LCEF net resources are reported as Other reserves.

Effect

Prior to audit adjustment, due from and to state funds within department and transfers in and out within department were overstated in both the Health and Family Services and the Nonmajor Governmental Funds by \$61,774,110. Additionally, the Invested in capital assets, net of related debt account was overstated and the Unrestricted net asset account within the Internal Service Fund was understated by \$373,474,405.

Also, prior to audit adjustment, the General Fund's Unreserved fund balance was overstated and the General Fund's Other reserves account was understated by \$626,723,830.

Recommendation

We recommend that SFRS enhance its compilation procedures to ensure that due from and to state funds and transfers in and out within departments are appropriately identified and adjusted, and that all agency adjustments are identified and considered prior to posting SFRS adjustments. Additionally, we recommend that SFRS enhance its compilation procedures to ensure that the LCEF's net resources are reported in the financial statements as Other reserves.

State Agency Response and Corrective Action Plan

Concur. SFRS procedures will be enhanced to ensure that due from and to state funds and transfers in and out within departments are appropriately identified and adjusted, and that agency adjustments are identified and considered prior to posting SFRS adjustments. Additionally, SFRS procedures will be enhanced to ensure that the LCEF's net resources are properly reported in the financial statements.

Estimated Corrective Action Date

June 30, 2011

 Bureau of Accounting
 (850) 413-5687

ADDITIONAL MATTERS
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Finding Number	FS 10-010
State Agency	Florida Department of Financial Services (FDFS)
Finding	FDFS did not adequately review the data presented on the Schedule of Expenditures of Federal Awards (SEFA) and in the Notes to the SEFA to ensure accuracy and completeness.
Criteria	<p>OMB Circular A-133 §___.310(b), requires the auditee to prepare a SEFA for the period covered by the auditee’s financial statements. The SEFA shall provide total Federal awards expended for each individual Federal program, include notes that describe the significant accounting policies used in preparing the schedule, and identify the total amount provided to subrecipients from each Federal program.</p> <p>OMB Circular A-133 Compliance Supplement, Part 4 – Agency Program Requirements, provides that the States should include a statement as a note to the SEFA disclosing the portion of the Supplemental Nutrition Assistance Program Cluster (SNAP) received from ARRA and regularly appropriated funds.</p> <p>OMB Circular A-133 Compliance Supplement, Part 5 – Clusters of Programs, provides that ARRA funds for the Federal Work-Study Program (CFDA 84.033) are being accounted for within the Federal government, but disbursements to auditees have been made without a separate identification of the ARRA portions. Consequently, it is not possible for auditees to separately report in their SEFAs ARRA expenditures based on accounting records for the Program.</p>
Condition	<p>FDFS compiled the State’s SEFA from information provided by State agencies, universities, and colleges. Federal award expenditures reported on the 2009-10 fiscal year SEFA totaled approximately \$36 billion. As part of its compilation procedures, FDFS performed analytics, data validations, and reviews to help ensure the accuracy and completeness of the data provided by the State agencies, universities, and colleges. However, FDFS’ procedures were not sufficient to detect material errors and omissions in the amounts provided. Specifically:</p> <ul style="list-style-type: none"> ➤ FDFS omitted from the SEFA expenditures totaling approximately \$6.8 million reported by one State agency and one university. ➤ For some programs, comparisons of current to prior year amounts were not made. Had they been made the following errors would have been subject to detection: <ul style="list-style-type: none"> • The Florida Department of Children and Family Services (FDCFS) understated amounts reported as Subgranted to State of Florida Entities by \$443,653,604. As part of its review process, FDFS did not compare the amount reported on the 2008-09 fiscal year SEFA as Subgranted to State of Florida Entities to the amount reported by FDCFS for the 2009-10 fiscal year. • The Florida Department of Education (FDOE) did not record the value of new net loan guarantees as part of the total expenditures for the Federal Family Education Loans (FFEL) Program (CFDA No. 84.032). As a result, expenditures for the Program were understated by \$504,218,734. ➤ FDCFS did not include a note disclosure, required by the 2010 OMB Circular A-133 Compliance Supplement, related to reporting the percentage of the SNAP Cluster benefits paid by regularly appropriated funds and the percentage of incremental funds paid by ARRA.

- Contrary to the provisions of OMB Circular A-133, ARRA funds for the Federal Work-Study Program were separately identified on the SEFA.

Subsequent to our audit inquiry, adjustments were made to correct the errors noted above on the State's SEFA.

Cause	Established procedures with regard to preparation of the SEFA and the Notes to the SEFA were not always followed. In addition, FDFS staff indicated they were not aware of the ARRA reporting issue for the Federal Work-Study Program. Staff turnover also contributed to the errors.
Effect	Absent effective procedures for compiling and reviewing the SEFA and the Notes to the SEFA, inaccurate and incomplete information may be reported.
Recommendation	We recommend that FDFS follow its established review procedures to ensure that amounts reported on the SEFA and the Notes to the SEFA are accurate, complete, and in accordance with OMB Circular A-133 and the Compliance Supplement.
State Agency Response and Corrective Action Plan	Concur. Procedures will be followed to ensure that amounts reported on the SEFA and the Notes to the SEFA are accurate, complete, and in accordance with OMB Circular A-133 Compliance Supplement.
Estimated Corrective Action Date	Fiscal year ending June 30, 2011
Agency Contact and Telephone Number	Mike Rutherford, Financial Administrator Bureau of Accounting (850) 413-5594

ADDITIONAL MATTERS
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Finding Number	FS 10-011
State Agency	Florida Department of Children and Family Services (FDCFS)
Finding	FDCFS procedures for preparing the Schedule of Expenditures of Federal Awards (SEFA) data form were not sufficient to ensure amounts reported were accurate.
Criteria	<p>OMB A-133§____.310(b), <i>Schedule of Expenditures of Federal Awards</i> – A SEFA is to be prepared for the same period of time covered by the financial statements.</p> <p>To reasonably ensure the accuracy and completeness of the State’s SEFA, the Florida Department of Financial Services (FDFS) prepared SEFA Instructions, which required State agencies to prepare a SEFA data form and certify its accuracy. Included were specific instructions for each column of the data form. FDFS accumulated the information reported on the agencies’ SEFA data forms to prepare the State’s SEFA.</p> <p>The column “Subgranted to State of Florida Entities” was to include the amounts provided (subgranted) to other State of Florida Entities. State of Florida Entities included State Agencies, State Universities, State Colleges, and State Community Colleges.</p>
Condition	<p>FDCFS initially reported on its SEFA data form Total Expenditures of \$5,741,503,735, with Subgrants to State of Florida Entities totaling \$39,416,056. However, FDCFS understated amounts Subgranted to State of Florida Entities by \$446,221,730. This error caused expenditures reported on the State’s SEFA to be overstated by the same amount, before adjustment. The errors pertained to the following programs:</p> <ul style="list-style-type: none"> 93.558 – Temporary Assistance for Needy Families (TANF) 93.714 – American Recovery and Reinvestment Act (ARRA) Emergency Contingency Fund for TANF State Programs 93.566 – Refugee and Entrant Assistance – State Administered Programs 93.658 – Foster Care Title IV-E 93.575 – Child Care and Development Block Grant 93.667 – Social Services Block Grant <p>Our review of the amounts reported by FDCFS also disclosed that FDCFS included payments to a vendor totaling approximately \$11.2 million in the total expenditures Subgranted to Non-State Entities. Of the \$11.2 million, approximately \$10.7 million was reported under the SNAP (Supplemental Nutrition Assistance Program) Cluster and \$450,000 under the TANF Cluster.</p> <p>In response to audit inquiries, FDCFS prepared and submitted to FDFS a revised SEFA data form.</p> <p>In addition, FDCFS did not include a note disclosure required by the 2010 OMB A-133 Compliance Supplement, related to reporting the percentage of SNAP benefits paid by ARRA and regularly appropriated funds.</p>
Cause	FDCFS personnel did not follow written procedures related to the steps required to complete the SEFA. In addition, while FDCFS personnel indicated that the information reported on the SEFA data file and the related documentation was reviewed, the reviews were not sufficient to detect the errors that occurred in the SEFA preparation process.
Effect	Absent effective procedures for identifying and classifying expenditures, inaccurate or incomplete information may be reported on the SEFA.

Recommendation	We recommend that FDCFS enhance its supervisory review procedures to ensure that amounts reported are accurately classified, complete, and in accordance with FDFS instructions. Additionally, FDCFS should ensure that any notes required by the OMB A-133 Compliance Supplement are properly included in the information submitted to FDFS.
State Agency Response and Corrective Action Plan	The Department concurs. The SEFA procedures, including the supervisory review procedures, will be enhanced to provide reasonable assurance that the amounts reported are accurately classified, complete, and in accordance with FDFS instructions. Also, the enhanced procedures will include a review of the OMB A-133 Compliance Supplement to identify required disclosures.
Estimated Corrective Action Date	May 31, 2011
Agency Contact and Telephone Number	Kimberly McMurray (850) 921-8181

FEDERAL FINDINGS AND QUESTIONED COSTS

Our audit findings with regard to compliance and internal controls over compliance with the requirements of major Federal awards programs are disclosed on the following pages. Where applicable and determinable, we have disclosed actual questioned costs where known or likely questioned costs exceeded \$10,000. To identify the nature and significance of each finding, we have identified each finding with one or more of the following designations:

- **Opinion Qualification.** A finding presenting a condition that affects the auditor's ability to give an unqualified opinion on compliance. This would include findings of (a) noncompliance with provisions of laws, regulations, contracts, or grants, the effects of which are material to the respective major Federal award program; or (b) inadequate records that resulted in restrictions being placed on the scope of the audit.
- **Material Noncompliance.** A finding presenting noncompliance with provisions of laws, regulations, contracts, or grants caused by error or fraud, the effects of which are material in relation to a major Federal program taken as a whole.
- **Noncompliance.** A finding presenting noncompliance with provisions of laws, regulations, contracts, or grants caused by error or fraud, the effects of which are material in relation to a type of compliance requirement or applicable audit objective identified in the OMB Circular A-133 Compliance Supplement.
- **Material Weakness.** A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A material weakness is considered in relation to a type of compliance requirement or applicable audit objective identified in the OMB Circular A-133 Compliance Supplement.
- **Significant Deficiency.** A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A significant deficiency is considered in relation to a type of compliance requirement or applicable audit objective identified in the OMB Circular A-133 Compliance Supplement.
- **Questioned Costs.** Costs that are questioned by the auditor because of an audit finding that reported: (a) a violation or possible violation of a provision of a law, regulation, contract, grant, cooperative agreement, or other agreement or document governing the use of Federal funds, including funds used to match Federal funds; (b) costs, at the time of the audit, which were not supported by adequate documentation; or, (c) costs incurred that appeared unreasonable and did not reflect the actions a prudent person would take in the circumstances.
- **Other.** Matters that, in the auditor's opinion, should be reported but do not clearly fit in any of the above-noted designations.

As part of the audit process, our findings were provided to the applicable agencies for management's response. The responses were prepared by agency management and are included with the audit findings. The agency responses include the agency's corrective action plan, a point of contact responsible for ensuring appropriate corrective action, and an estimated corrective action date.

We have presented our findings, generally, by Federal grantor agency and in the order of the Catalog of Federal Domestic Assistance Number (CFDA No.) assigned to each applicable Federal award program. Findings that pertain to multiple programs are generally presented as the first finding within the Federal grantor agency section. In some instances, a finding may pertain to programs provided by more than one Federal grantor agency. In such instances, the finding is presented within the section for the Federal grantor agency that provided the most funding for the applicable State agency. Findings for the Student Financial Assistance Cluster and the Research and Development Programs Cluster are presented within separately marked sections of the report. An **INDEX OF FEDERAL FINDINGS BY FEDERAL AGENCY AND COMPLIANCE REQUIREMENT** is included to assist Federal grantor agencies in identifying applicable findings.

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	FA 10-001
CFDA Number	10.551 and 10.561
Program Title	SNAP (Supplemental Nutrition Assistance Program) Cluster
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	5FL400402
Finding Type	Questioned Costs – \$225,875.91 (Federal Share \$112,937.95)
Finding	FDCFS did not always maintain appropriate documentation to support salary and benefits charged to SNAP.
Criteria	OMB Circular A-87, Attachment A, Section C, <i>Basic Guidelines</i> OMB Circular A-87, Attachment B, Section 8.h., <i>Support of Salaries and Wages</i>
Condition	During the 2009-10 fiscal year, SNAP expenditures totaled approximately \$4.24 billion. FDCFS had six employees who worked solely on SNAP during the year. Our test of salary payments to these six FDCFS employees disclosed five instances where periodic certifications were not available indicating that the employee had worked solely on SNAP. The salary and benefit costs attributable to the five employees totaled \$225,875.91.
Cause	FDCFS did not identify the employees who were assigned to the SUNCAP (Florida's Combined Application Project) processing unit within the ACCESS (Automated Community Connection to Economic Self-Sufficiency) Program Office as employees who were required to sign periodic certifications.
Effect	SNAP was charged costs that were not substantiated by appropriate records.
Recommendation	We recommend that FDCFS ensure that certifications are obtained from all employees working solely on SNAP.
State Agency Response and Corrective Action Plan	The Department subsequently received all five certifications indicating that these specific employees worked solely on SNAP during the 09-10 fiscal year. The Department will implement additional procedures to ensure that certifications are obtained from the appropriate employees.
Estimated Corrective Action Date	May 31, 2011
Agency Contact and Telephone Number	Kimberly McMurray (850) 921-8181

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	FA 10-002
CFDA Number	10.551 and 10.561
Program Title	SNAP (Supplemental Nutrition Assistance Program) Cluster
Compliance Requirement	Special Tests and Provisions – ADP System for SNAP
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	5FL400402
Finding Type	Noncompliance Questioned Costs – \$3,427
Finding	SNAP benefits were not always timely adjusted for changes in a client’s child support income. In addition, amounts provided to clients were not timely discontinued.
Criteria	7 CFR 272.10 – <i>ADP/CIS Model Plan</i> ; 7 CFR 273.10 – <i>Determining household eligibility and benefit levels</i> ; 7 CFR 273.15 – <i>Fair Hearings</i> ; Program Policy Manual 1810.0700 <i>Support (FS)</i>
Condition	<p>During the 2009-10 fiscal year, FDCFS made SNAP benefit payments totaling approximately \$4.1 billion. We examined FDCFS records of eligibility for 41 clients (cases). Our examination disclosed one instance in which the benefit payment amount was incorrect. A client’s SNAP benefit payment of \$526 per month was determined during the May 2010 recertification based on a caseworker’s calculation of child support income. An error in the calculation resulted in an overpayment of \$86 per month for a total overpayment of \$172 during the 2009-10 fiscal year.</p> <p>In addition, as part of our analysis of all SNAP cases, we identified three instances where FDCFS did not timely terminate the client’s SNAP benefit payments. In all three instances, the clients were involved in hearings related to their SNAP benefits. Upon resolution of the hearings, caseworkers did not enter the resolution date in FDCFS’ Florida On-line Recipient Integrated Data Access (FLORIDA) System and, as a result, the clients continued to receive benefits. During the 2009-10 fiscal year, the clients received a total of \$3,255 in SNAP benefits.</p>
Cause	Adjustments to benefit payments for changes in child support income and the need for a resolution date in the FLORIDA System to terminate benefits requires caseworker action. An increase in caseload may have affected the employees’ ability to properly perform these manual procedures.
Effect	SNAP payments were made for incorrect amounts and were not timely terminated resulting in overpayments to the clients.
Recommendation	We recommend that FDCFS take the necessary steps to ensure benefit payments are accurately determined and that caseworkers timely enter information into the FLORIDA System.
State Agency Response and Corrective Action Plan	<p>1. The Department ensures the accuracy of benefit payments by monitoring SNAP through its quality control and quality assurance efforts at the state and local levels. Budgeting of income and calculation of the benefit amount are a primary focus of these reviews.</p> <p>In the one instance where the Department incorrectly budgeted the child support income, a request will be made for a Benefit Recovery review of this case.</p> <p>2a. Technical Assistance will be provided to the SUNCAP unit to ensure staff understand how and the importance of timely updating the FLORIDA case following a decision on a Hearing request.</p>

	2b. A request will be made for a Benefit Recovery review of the three SUNCAP cases.
Estimated Corrective Action Date	1.& 2b. May 31, 2011 2a. April 1, 2011
Agency Contact and Telephone Number	1. & 2b. Cindy Mickler (850) 488-5342 2a. Suzanne Poirier (850) 921-2383

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	FA 10-003
CFDA Number	10.553, 10.555, 10.556, 10.559
Program Title	Child Nutrition Cluster
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Eligibility, and Reporting
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-001
Finding	FDOE management had not implemented certain access security controls for the Child Nutrition Program (CNP) System.
Criteria	Information Technology Best Practices Access Controls: Management should implement and document procedures that provide access control based on an individual's demonstrated need to view, add, or delete data. Access controls should include the use of individual user identifications (IDs) and passwords to allow for attributing user activities to the responsible user. Additionally, the risk of inappropriate or unnecessary access privileges can be reduced through the employment of such controls as documenting authorizations for system access, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.
Condition	FDOE used the CNP System, a Web-based application and claims processing system in its administration of USDA Child Nutrition programs. The CNP System contains comprehensive maintenance utilities allowing online submission and approval of documents and claims via the Internet by FDOE personnel and sponsor users. Key features are: (1) through a single interface, information regarding sponsors, applications, claims, reports, and advances can be managed; (2) a single database contains core information that can be utilized across the Child Nutrition programs; (3) partially completed documentation can be saved online, allowing the user to complete the process at a later time; and (4) user access to the programs is administered by FDOE personnel and assigned by security groupings via login ID and password. The CNP System was used in the processing of approximately \$733 million in claims paid to sponsors during the 2009-10 fiscal year. Our audit disclosed that certain aspects of FDOE access security controls did not sufficiently reduce the risk of inappropriate or unnecessary access. We are not disclosing specific details of access security control deficiencies in this report to avoid the possibility of compromising FDOE security. However, we have notified appropriate FDOE personnel of these issues.
Cause	FDOE did not establish adequate access security controls for the CNP System.
Effect	Absent appropriate access security controls, the integrity of the data contained within the CNP System is subject to increased risk of compromise.
Recommendation	FDOE should establish adequate access security controls for the CNP System.
State Agency Response and Corrective Action Plan	Controls were either developed or revised to ensure appropriate documentation of system modifications. All system modification files and related information are stored in one location on the network drive, which is backed up at regular intervals by the FDOE Data Center. Access to the CNP System is now supported solely by user authorization forms. The user authorization form has been updated for 2011 and provides an electronically editable format. E-mail reminders and detailed instructions to food service directors to review staff

access to the CNP System and advise of any changes will be sent quarterly. FDOE has also revised existing policies and procedures governing system modifications.

The FDOE is currently engaged in the procurement process in search of a provider to manage the CNP system. Upon completion of this process, the selected provider's priorities will include further enhancement of existing access security controls.

**Estimated Corrective
Action Date**

June 2011 and upon completion of procurement process.

**Agency Contact and
Telephone Number**

Martha K. Asbury
(850) 245-0420

U.S. DEPARTMENT OF AGRICULTURE

Finding Number	FA 10-004
CFDA Number	10.558
Program Title	Child and Adult Care Food Program (CACFP)
Compliance Requirement	Allowable Costs/Cost Principles, Eligibility
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	FDOH had not employed effective access security controls in the operation of the Management Information and Payment System (MIPS).
Criteria	Department of Health Information Security Policies and the Southwood Shared Resource Center (SSRC) Information Technology Security Policy Handbook, dated June 2010.
Condition	FDOH utilized MIPS to maintain the organizational and eligibility information of approved vendors and administer CACFP claim processing. MIPS is a Web-based system that facilitates the compilation of client information, provides a history of claims, allows the filing of monthly claims by vendors, and produces management reports. Approximately 1,650 vendors and 54 FDOH employees had access to MIPS. Our review disclosed that the access security controls in place did not sufficiently reduce the risk of inappropriate or unnecessary access. We are not disclosing specific details of access security control deficiencies in this report to avoid the possibility of compromising FDOH security. However, we have notified appropriate FDOH personnel of these issues.
Cause	CACFP had not established certain access security controls for MIPS.
Effect	Without adequate access security controls, the confidentiality, integrity, and availability of MIPS data and information technology resources may be at increased risk of compromise.
Recommendation	We recommend FDOH implement appropriate access security controls for MIPS.
State Agency Response and Corrective Action Plan	We concur. We have had the system's programmer make changes that meet access security control requirements for MIPS.
Estimated Corrective Action Date	Completed. Implemented appropriate access security controls on 01/11/11.
Agency Contact and Telephone Number	Annette Phelps (850) 245-4102

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Finding Number	FA 10-005
CFDA Number	14.228, 14.255
Program Title	Community Development Block Grants (CDBG) – State Administered Small Cities Program Cluster
Compliance Requirement	Allowable Costs/Cost Principles and Subrecipient Monitoring
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-007
Finding	FDCA management had not established appropriate internal controls regarding user access for the Grants Records Information Tracking System (GRITS).
Criteria	24 CFR 570.490, <i>Recordkeeping requirements</i> Information Technology Best Practices Access Controls: Management should implement and document procedures that provide access control based on an individual's demonstrated need to view, add, or delete data. Access controls should include the use of individual user identification (user IDs) and passwords to allow for attributing user activities to the responsible user. Additionally, the risk of inappropriate or unnecessary access privileges can be reduced through the employment of such controls as ensuring users participate in information security awareness training, documenting authorizations for system access, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.
Condition	FDCA used GRITS to track CDBG grants and related activities, including subgrantee payments and monitoring efforts. CDBG expenditures totaled approximately \$51.8 million to 133 subgrantees during the period July 1, 2009, through June 30, 2010. Our review disclosed that, as similarly noted in the prior audit, security controls related to user access privileges needed improvement. Specific details of the issues are not disclosed in the report to avoid the possibility of compromising FDCA security. Appropriate FDCA personnel have been notified of the issues.
Cause	FDCA staff indicated that GRITS was being replaced by a new grants management system. As a result, no enhancements were made to GRITS and none were planned.
Effect	Absent appropriate security controls, the integrity of the data contained within GRITS could be compromised.
Recommendation	Until GRITS is replaced or no longer used to support critical grant activities, FDCA should ensure that GRITS security controls are enhanced to ensure access privileges are appropriately controlled.
State Agency Response and Corrective Action Plan	FDCA has contracted with an IT firm to improve GRITS to a web-based system and to update the centralized tracking system used by staff. This update includes security controls. Grant managers will only be able to enter and change information related to the contracts and the activities that they manage. Only a limited number of staff will have complete access to the system.

U.S. DEPARTMENT OF JUSTICE

Finding Number	FA 10-006 (Interim Finding Nos. FDLE-1 and FOSCA-1)
CFDA Number	16.803
Program Title	Recovery Act – Edward Byrne Memorial Justice Assistance Grant (JAG) Program/Grants to States and Territories
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Law Enforcement (FDLE) Florida Office of State Courts Administrator (FOSCA)
Federal Grant/Contract Number and Grant Year	2009-SU-B9-0021
Finding Type	Noncompliance and Significant Deficiency
Finding	FOSCA submitted an agreement to FDLE which proposed the payment of indirect costs in excess of the amount allowed pursuant to Federal regulations. FDLE's review of the agreement did not detect the provisions allowing the excess indirect costs.
Criteria	U.S. Department of Justice (USDOJ), Office of Justice Programs, 2009 Financial Guide, Part III, Chapter 17: <i>Indirect Costs</i> – The base to which the approved indirect cost rate is allowed to be applied includes only direct costs incurred by the organization with the exception of distorting items such as equipment, capital expenditures, pass-through funds, and each major subcontract or subgrant over \$25,000.
Condition	<p>During the 2009-10 fiscal year, FDLE entered into an agreement, totaling \$18,633,223, including indirect costs totaling \$819,000, with FOSCA to expand post-adjudicatory drug courts to reduce future prison admissions. The agreement contained a provision allowing FOSCA to apply its approved indirect cost rate to total FOSCA direct costs and, contrary to USDOJ guidance, to costs incurred by other governmental entities. FDLE approved the award with indirect costs totaling \$713,000 related to the application of FOSCA's indirect cost rate to approximately \$15.5 million of proposed costs to be incurred by other governmental entities.</p> <p>In June 2010, FOSCA submitted its first reimbursement request which included \$2,203.47 in indirect costs based on costs incurred by other governmental entities. FDLE initially approved the reimbursement request for payment; however, subsequent to audit inquiry, FDLE disallowed FOSCA's reimbursement request which included the unallowable indirect costs.</p>
Cause	<p>FOSCA management indicated that this grant was new to the agency and they were not familiar with all the grant requirements.</p> <p>FDLE's agreement review procedures did not include a review of the base against which indirect costs would be charged to verify compliance with Federal regulations. Although FDLE reviewed the invoice to ensure it was in accordance with the approved agreement, FDLE did not ensure indirect costs billed by FOSCA complied with Federal regulations, prior to approving FOSCA's reimbursement request.</p>
Effect	FOSCA billed the Program for indirect costs not allowed pursuant to Federal regulations. Any FDLE payment of such unauthorized costs is subject to disallowance by USDOJ.
Recommendation	In August 2010, FOSCA revised its reimbursement request to include indirect cost charges calculated only on qualifying expenditures incurred by FOSCA. FOSCA should ensure that charges for indirect costs comply with Federal regulations. Additionally, FDLE should enhance its review procedures, for both agreements and requests for reimbursement, to ensure that indirect costs authorized and paid comply with the limitations set forth in Federal regulations. FOSCA and FDLE should also modify the terms of the existing agreement to

comply with applicable Federal regulations.

Florida Department of Law Enforcement

State Agency Response and Corrective Action Plan

FDLE has revised the Application Review Checklist and the Grant Adjustment Review Checklist to include a review of the base against which indirect costs would be charged to verify compliance with Federal regulations. The reimbursement request procedures have been amended to ensure that indirect costs authorized and paid comply with the limitations set forth in Federal regulations. In addition, the existing agreement with FOSCA has been amended to comply with applicable Federal regulations.

Estimated Corrective Action Date

The Application Review Checklist and the Grant Adjustment Review Checklist were revised on October 26, 2010 to include a review of the base against which indirect cost would be charged. The existing agreement with FOSCA was modified on September 27, 2010 to comply with applicable Federal regulations.

Agency Contact and Telephone Number

Clayton H. Wilder, Office of Criminal Justice Grants Administrator
(850) 617-1250

Florida Office of State Courts Administrator

State Agency Response and Corrective Action Plan

The FOSCA responded to findings of the Auditor General's Office immediately following the meeting in June where the issue of indirect cost was discussed. 1) The FOSCA requested the indirect costs be removed on an expenditure report to FDLE that was submitted but pending payment. Consequently FOSCA was never paid any indirect costs associated with pass-through funds as had been approved by FDLE on the original program budget. 2) The Drug Court Expansion Program budget was adjusted to reflect a new indirect cost that follows the Federal regulations. The original indirect cost amount of \$819,000 was adjusted to \$82,230 and is based on only personnel charges and other non pass-through funds in accordance with the Federal regulations. 3) The FOSCA examined each County Grant-in-Aid agreement and each county's indirect cost plan. As a result, it was determined that four counties had been paid for indirect costs not allowed by Federal regulations. These counties were contacted and discussions began on how these funds would be reimbursed. To date, three of the four counties have returned the indirect funds, totaling \$813.90. Orange County still has an outstanding overpayment totaling \$1,365.83, but is expected to provide reimbursement soon. Currently, all eight counties participating in this project have adjusted their budgets to either take no indirect costs or to reflect indirect costs consistent with the Federal regulations.

U.S. DEPARTMENT OF JUSTICE

Finding Number	FA 10-007 (Interim Finding No. FDLE-2)
CFDA Number	16.803
Program Title	Recovery Act – Edward Byrne Memorial Justice Assistance Grant (JAG) Program/Grants to States and Territories
Compliance Requirement	Reporting
State Agency	Florida Department of Law Enforcement (FDLE)
Federal Grant/Contract Number and Grant Year	2009-SU-B9-0021
Finding Type	Noncompliance and Significant Deficiency
Finding	Contrary to U.S. Department of Justice guidance, FDLE reported unexpended cash advanced to other entities as expenditures on the quarterly Federal Financial Reports (SF-425). FDLE procedures were not adequate to ensure expenditures reported for the Program were in accordance with the selected basis of reporting.
Criteria	U.S. Department of Justice, Office of Justice Programs Training and Technical Assistance GMS User Guide – GMS Financial Status Reports Module (SF-425) for Recipients - Financial Report (SF-425) <i>Key Terms – Accrual Basis; Cash Basis; and Expenditure</i>
Condition	U.S. Department of Justice guidance provides that each recipient shall choose its type of accounting basis (accrual or cash) and that once the choice is made on the first SF-425 Federal Financial Report, the type selected is locked for subsequent reports. FDLE selected the accrual basis of accounting in which cash advances to other entities are to be reported once the advance is expended by the entity. Our review of FDLE's Federal Financial Reports for two quarters disclosed that the actual expenditures reported improperly included cash advances to other entities that had not been expended. FDLE reported Federal expenditures totaling approximately \$3 million and \$9.5 million on the Federal Financial Reports for the quarters ended December 31, 2009, and March 31, 2010, respectively. The amounts reported were overstated by approximately \$1.3 million and \$1.1 million, for the quarters selected for testing, or 77 percent and 13 percent of total Federal expenditures reported, respectively.
Cause	FDLE staff based the expenditure data for the report on the amounts in the State's accounting system, which did not include accruals at the time the report was prepared. FDLE staff indicated that they wanted the reports to trace directly to the accounting system.
Effect	Failure to provide accurate information limits the Federal Government's ability to properly administer the program.
Recommendation	FDLE should revise its procedures to ensure expenditures are reported on the quarterly Federal Financial Reports in accordance with Federal Regulations and the selected basis of reporting.
State Agency Response and Corrective Action Plan	FDLE's accounting records for expenditures are maintained on a cash basis except that accruals are recorded at year-end for statewide financial statement purposes. The expenditure accruals are not included in the SF-425 Report and the cash basis should have been selected. In September 2010, the U. S. Department of Justice approved our request to change our reporting basis from the accrual to the cash basis. All SF-425 reports for the quarter ended September 30, 2010, and future reports will be reported on the cash basis. On the cash basis, cash disbursements including cash advances are reported in the SF-425 Report.

Action Date**

October 30, 2010

**Agency Contact and
Telephone Number**

Teddy F. Payne, Finance and Accounting Administrator
(850) 410-7165

U.S. DEPARTMENT OF JUSTICE

Finding Number FA 10-008 (Interim Finding No. FDLE-3)
CFDA Number 16.803
Program Title Recovery Act – Edward Byrne Memorial Justice Assistance Grant (JAG) Program/Grants to States and Territories
Compliance Requirement Reporting
State Agency Florida Department of Law Enforcement (FDLE)
Federal Grant/Contract Number and Grant Year 2009-SU-B9-0021
Finding Type Noncompliance and Significant Deficiency

Finding Contrary to American Recovery and Reinvestment Act (ARRA) reporting provisions, FDLE misstated the Total Amount of ARRA Expenditures on the quarterly Report on the Use of Funds (Section 1512 Report). In addition, FDLE reported the amount of disbursements made to subrecipients as the Total Amount of ARRA Funds Received/Invoiced on the Section 1512 Report. Further, FDLE procedures were not adequate to ensure expenditures and funds reported as received/invoiced for the Program were in accordance with applicable reporting requirements and reconciled to expenditures and funds received, as recorded in the State’s accounting system.

Criteria American Recovery and Reinvestment Act, Subtitle A, Section 1512 – *Reports on Use of Funds*

 U.S. Department of Justice, Office of Justice Programs 2009 Financial Guide for Recipients – Chapter 20: The American Recovery and Reinvestment Act of 2009 *Provisions of Section 1512(c)*

Condition ARRA requires that FDLE submit for the JAG Program a quarterly report (Section 1512 Report). The Section 1512 report must contain the total amount of recovery funds received from the United States Department of Justice (USDOJ), the amount of recovery funds received that were expended or obligated to projects or activities, and a list of all projects or activities funded. Our review of the Section 1512 Report for the quarter ended March 31, 2010, disclosed that FDLE reported ARRA expenditures of \$9,219,717.95; however, supporting documentation indicated that ARRA expenditures actually totaled \$8,107,305.38, resulting in an overstatement totaling \$1,112,412.57, or approximately 14 percent. Our review of the Report also disclosed that FDLE used the same total when reporting the amount of ARRA funds received/invoiced, rather than using revenue data to determine the amounts received. Since the disbursement amount reported by FDLE as expenditures included all amounts received, including advances, the amount reported as received/invoiced was correct on the March 31, 2010, Section 1512 Report. However, FDLE’s practice of using the amount reported as expenditures to report funds received/invoiced may lead to inaccuracies in the amount reported as received/invoiced on subsequent Section 1512 reports.

The deficiency noted in the finding regarding the quarterly Federal Financial Reports (SF-425) also contributed to the reporting errors described above for ARRA expenditures.

Cause FDLE staff based the expenditure data for the report on the Total Subaward Funds Disbursed amounts in the Department’s Subgrant Information Management On-line (SIMON) System which, due to an error in the data extract, included amounts advanced to subrecipients but not expended. In addition, FDLE staff considered the subaward amounts in SIMON to be the amount received for the Program. FDLE staff did not reconcile amounts reported in SIMON to the State’s accounting system.

Effect	Failure to provide accurate information limits the Federal Government's ability to evaluate the Program. In addition, Section 1512 Report information is provided to the public as part of the transparency and oversight requirements of ARRA and, as such, is to provide additional accountability for the expenditure of public funds.
Recommendation	FDLE should revise its procedures to ensure that the quarterly Section 1512 Reports include only expenditures incurred and that the amount reported as received/invoiced is determined using applicable revenue accounts. In addition, FDLE should ensure the amounts reported in the Section 1512 Reports reconcile to the amounts recorded in the State's accounting system.
State Agency Response and Corrective Action Plan	Various federal guidelines provide that the Section 1512 Report may be prepared on either the cash or accrual basis. The March 2010 Report was prepared on the cash basis and included cash advances as permitted by the federal guidelines. Since the quarterly Federal Financial Report (SF-425) was approved in September 2010 by the U. S. Department of Justice to be prepared on the cash basis and to provide consistency in reporting, based on the accounting records, the subsequent Section 1512 Reports will also be prepared on the cash basis. Appropriate reconciliations will be made to the accounting records.
Estimated Corrective Action Date	January 2011
Agency Contact and Telephone Number	Clayton H. Wilder, Office of Criminal Justice Grants Administrator (850) 617-1250

U.S. DEPARTMENT OF LABOR

Finding Number	FA 10-009 (Interim Finding No. FAWI-1)
CFDA Number	17.225
Program Title	Unemployment Insurance
Compliance Requirement	Cash Management
State Agency	Florida Agency for Workforce Innovation (FAWI)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	FAWI did not have procedures in place to ensure that amounts were accurately reported in the Cash Management Improvement Act (CMIA) Annual Report to the Florida Department of Financial Services (FDFS).
Criteria	The Cash Management Improvement Act of 1990; 31 CFR Part 205 §_.26, <i>Preparing Annual Reports</i> , and §_.27, <i>Calculation of interest costs</i>
Condition	<p>FAWI is required to annually report to FDFS drawdown data related to the receipt of Federal funds for direct program costs, direct administrative costs, payroll costs, and indirect costs. This information is utilized in calculating the State's CMIA interest liability.</p> <p>We reviewed the annual report submitted by FAWI on November 6, 2009, for the 2008-09 fiscal year, and noted overstatements totaling \$3,003,303.31, the majority representing a \$3 million overstatement in direct program costs (benefit payments). Subsequent to our audit inquiry, FAWI submitted a revised report to FDFS correcting the \$3 million overstatement, and FDFS determined that the State's interest liability was overstated by approximately \$148.</p>
Cause	FAWI staff manually entered data into a worksheet that was utilized to compile the CMIA Annual Report. Procedures that clearly explained the method of data collection and how to compile the report had not been established. In addition, no independent review was performed on the report prior to submission to FDFS.
Effect	Although the amount of the errors detected were not material to the Program, in the absence of adequate procedures to ensure the accuracy of data reported to FDFS, significant errors may occur in the State's interest liability calculation.
Recommendation	According to FDFS personnel, the overstatement will be reported as a prior year adjustment on the CMIA Annual Report for the 2009-10 fiscal year. FAWI should establish written procedures that clearly document the process of data collection and report preparation. The procedures should also provide for an independent review prior to report submission.
State Agency Response and Corrective Action Plan	FAWI will establish written procedures to enhance the steps outlined in the CMIA agreement guidance. FAWI staff will work with the FDFS CMIA Coordinator staff, in conjunction with the annual CMIA Agreement review, to update procedures for any identified needs and incorporate additional guidance provided. FAWI's procedures will clearly document the process of data collection and report preparation and will define a step to detect errors resulting from manual data entry, as occurred in this case. The procedures will also require independent review prior to submission to FDFS.
Estimated Corrective Action Date	March 31, 2011
Agency Contact and Telephone Number	Wayne Summerlin (850) 245-7348

U.S. DEPARTMENT OF LABOR

Finding Number FA 10-010 (Interim Finding No. FAWI-2)
CFDA Number 17.225
Program Title Unemployment Insurance (UI) Program
Compliance Requirement Reporting
State Agency Florida Agency for Workforce Innovation (FAWI)
Federal Grant/Contract Number and Grant Year N/A
Finding Type Noncompliance and Significant Deficiency

Finding FAWI did not accurately report data on the ETA 2112 - UI Financial Transaction Summary Report. In addition, FAWI did not perform a sufficient supervisory review to detect material errors.

Criteria UI Reports Handbook No. 401, *ETA 2112 UI Financial Transaction Summary*

Condition As the State agency responsible for administering the UI Program, FAWI is required to submit the ETA 2112 report to USDOL on a monthly basis. The ETA 2112 is a summary of data transactions in a state’s unemployment fund. Transaction summaries reported include State unemployment insurance tax collections, regular benefits paid, Federal and State share of extended benefits paid, Federal temporary program benefits paid, and other transactions affecting the unemployment trust fund. USDOL utilizes the reported data along with other data reported on other statistical reports to study trends in financial aspects of the UI Program and as a basis for solvency studies.

The report completed for the month ended September 30, 2009, included erroneous totals that were not detected by FAWI personnel prior to the submission of the report to USDOL. The following errors were disclosed by our audit.

- Line 13, column E – *U.S. Treasury Interest Credits*, FAWI reported \$618,768.16; however, the amount shown by supporting documentation totaled \$2,361,430.11, a difference of \$1,742,661.95.
- Line 17, column E – *From Other States - Interstate Benefits*, FAWI reported \$617,800.34; but provided documentation indicating the amount should have been \$550,078.57, a difference of \$67,721.77.
- Line 33, column F, *Net Reimbursable Benefit Payments (Local Government and Other Political Subdivisions and Indian Tribes)*, FAWI reported \$6,691,510.43; however, a review of the financial records showed a total of \$9,691,510.43, a difference of \$3,000,000.
- Line 43, column E, *To Other States – Interstate Benefits*, FAWI reported \$3,254,271.37; but provided support for \$3,789,579.33, for a difference of \$535,307.96.

While FAWI’s procedures for the review of the ETA 2112 report required the preparer to submit the report and supporting documentation to supervisory staff for review, these procedures were not adequate to detect the errors described above. For example, some of the errors noted above were caused by FAWI staff using data for a State other than Florida. Although the other State was identified numerous times in the supporting documentation, this error was not detected by the supervisory review of the report.

Cause According to FAWI management, increased workloads caused by the State’s high unemployment rate and the additional responsibilities involved in administering American Recovery and Reinvestment Act funds, led to a more minimal review of the ETA 2112.

Effect Material errors could occur and not be timely detected.

Recommendation	We recommend that FAWI follow its established procedures regarding the supervisory review of the ETA 2112 report to ensure unemployment insurance data is properly reported.
State Agency Response and Corrective Action Plan	The 2112 checklist was updated to detect the type of oversight that occurred here, and will continue to be reviewed and updated as needed. In addition, FAWI will continue to follow established procedures regarding the supervisory review of the ETA 2112 report in order to minimize the likelihood of errors and ensure unemployment insurance data is properly reported.
Estimated Corrective Action Date	Corrections of the ETA 2112 reporting errors were reflected on the March 2010 report. The updated checklist was in place by November 30, 2010.
Agency Contact and Telephone Number	Wayne Summerlin (850) 245-7348

U.S. DEPARTMENT OF LABOR

Finding Number	FA 10-011
CFDA Number	17.258, 17.259, 17.260
Program Title	Workforce Investment Act (WIA) Cluster
Compliance Requirement	Reporting
State Agency	Florida Agency for Workforce Innovation (FAWI)
Federal Grant/Contract Number and Grant Year	AA186330955A12 – PY 2009, AA171150855A12 – PY 2008, AA160220755A12 – PY 2007, AA154730655 – PY 2006
Finding Type	Noncompliance
Finding	FAWI did not accurately report amounts listed on the Employment and Training Administration (ETA) 9130 reports.
Criteria	TEGL No. 16-99 (USDOL Training and Employment Guidance Letter), Change 1, <i>WIA Financial Reporting</i> ; U.S. DOL ETA Financial Report Instructions (<i>Basic Instructions for ETA – 9130, date July 8, 2008</i>); 20 CFR 660.300, <i>What definitions apply to the regulations for workforce investment systems under title I of WIA?</i> ; and 20 CFR 667.150(d), <i>What reallocation procedures does the Secretary use?</i>
Condition	<p>States are required to submit quarterly ETA 9130 financial reports using USDOL instructions and clarifications as guidance. The reports are due no later than 45 calendar days after the end of the reporting quarter. For the period July 1, 2009, through March 31, 2010, FAWI prepared and submitted 181 ETA reports relevant to the State’s Statewide Adult, Workforce Statewide Youth, Statewide Dislocated Worker, Local Adult, Local Youth, and Local Dislocated Worker Workforce Investment Grant Programs.</p> <p>Pertaining to the local area funding, TEGL No. 16-99 specified that Federal unliquidated obligations consist of obligations incurred against the local area funds for which an outlay (accrued expenditure) has not yet been recorded in the local entities’ official accounting records. The amount should include the unexpended portion of awards to subgrantees and contractors. On the final Financial Status Report, this amount should be zero. Additionally, these instructions provide that amounts reported on the local ETA 9130 reports as Total Federal Obligations, which include the Federal unliquidated obligations, are required to include the aggregate of legal commitments made by all local grant recipients to pay for future activities. The legal commitments made by the local grant recipients are considered an obligation at the local level at the time of legal execution of applicable agreement(s). Also, the amount reported should not reflect the State’s obligation of funds to the local areas.</p> <p>Contrary to USDOL instructions, FAWI did not have a procedure in place that collected and maintained the amounts of legal commitments made by the local grant recipients, therefore, the total obligations incurred at the local level were not reported as required. Instead, FAWI recorded the State’s obligation of funds to the local grant recipients on the ETA 9130 reports.</p>
Cause	FAWI staff was not familiar with the requirements outlined in the USDOL instructions.
Effect	FAWI management indicated that training for the appropriate staff had been provided, a process for capturing the new information had been developed, and changes in its methodology for reporting the obligations had been implemented effective with the June 30, 2010, quarter. For perspective, however, regarding the previous reports, for the quarter ending June 30, 2010, FAWI’s new methodology for computing unliquidated obligations at the local level totaled \$36,059,928; whereas, under the previous methodology which reported the State’s obligations, unliquidated obligations would have totaled \$104,806,590, a

	difference of \$68,746,662.
Recommendation	FAWI supervisory reviews of the reports should be used to ensure that future ETA 9130 reports are prepared in accordance with USDOL instructions.
State Agency Response and Corrective Action Plan	FAWI concurs with the finding. This finding was initially identified by the U.S. Government Accountability Office-American Recovery and Reinvestment Act (GAO-ARRA) review in March 2010. The issue was resolved after programming changes were made effective May 2010, in OSMIS (One Stop Management Information System) to permit the reporting of grant obligations. In addition, training was provided to the workforce boards on grant obligation reporting requirements.
Estimated Corrective Action Date	Completed; correctly reported beginning with the June 2010 Federal reporting cycle.
Agency Contact and Telephone Number	Wayne Summerlin (850) 245-7348

U.S. DEPARTMENT OF LABOR

Finding Number	FA 10-012 (Interim Finding No. FAWI-3)
CFDA Number	17.207, 17.801, 17.804 17.258, 17.259, 17.260
Program Title	Employment Service (ES) Cluster Workforce Investment Act (WIA) Cluster
Compliance Requirement	Reporting
State Agency	Florida Agency for Workforce Innovation (FAWI)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	FAWI did not ensure that adequate information technology security controls had been established for the Employ Florida Marketplace System (EFM).
Criteria	29 USC 49i, <i>Record keeping and accountability</i> ; 29 USC 2871(f), <i>Fiscal and management accountability information systems</i> ; and National Institute of Standards and Technology, U.S. Department of Commerce, Special Publication 800-53, Revision 3
Condition	<p>FAWI is responsible for administering the Federal workforce programs, and Section 445.004(2), Florida Statutes, designates Workforce Florida, Inc. (WFI), as the principal workforce policy organization for the State. As a collaborative effort between FAWI and WFI to provide employment services to the general public, WFI entered into a contract with a third-party vendor for the acquisition of a Web-based job listing services system, Employ Florida Marketplace (EFM). EFM maintains data, such as those related to labor exchange services provided to customers, and is used to create the performance reports submitted to the United States Department of Labor (USDOL) for the ES Cluster and WIA Cluster. USDOL uses the WIA Cluster performance reports to disseminate state-by-state comparisons of the information and to determine states' eligibility for incentive grants or to impose sanctions based on performance failures.</p> <p>Information technology (IT) security controls are the safeguards used to protect the confidentiality, integrity, and availability of the information system, including the data that is stored therein. Implementing adequate security controls is an integral step in the management of risk. Our audit disclosed that FAWI had not established adequate information technology security controls to ensure the confidentiality, integrity, and availability of the information in EFM. We noted the following:</p> <ul style="list-style-type: none"> ➤ An excessive number (twenty) of individuals (i.e., 13 FAWI, 5 vendor and 2 WFI employees) were granted State administrator access to EFM. Such access allows these individuals to create and administer staff accounts. ➤ FAWI has established a process for requesting and granting access to IT systems through the use of standardized security agreement forms. Access to EFM is granted based on a completed and authorized security agreement form. FAWI's security agreement forms do not provide adequate information relative to the requested and granted level of access privileges to EFM.
Cause	There is a lack of oversight by FAWI's management related to those individuals who had been granted access to EFM. In addition, a listing of the available access privileges had not been depicted on the security agreement form for utilization by FAWI management.
Effect	Excessive numbers of employees with State administrator access and inadequate security agreement forms increase the risk of unauthorized access to EFM and the risk that the confidentiality, integrity, and availability of the data in EFM may be compromised.

Recommendation	We recommend FAWI limit the number of individuals granted State administrator access. We also recommend FAWI update the access authorization form to better reflect the access requested and granted.
State Agency Response and Corrective Action Plan	<p>FAWI recently removed the ability to create new EFM accounts from all "State Administrators" except those with "Master Administrator" privileges. This brings the number of Administrators capable of creating new accounts to 9 [4 - FAWI, 2 - Workforce Florida Inc (WFI), 3 - Geographic Solutions (GeoSol)]. Additionally, all State Administrator accounts are currently under review to ensure that only those privileges necessary to perform the specified job function are assigned to the Administrator. To enhance its security posture, FAWI has updated its current Security Agreement Form and created a new form specific to the Employ Florida Marketplace Administration Site.</p> <p>The new "EFM Administration Site Security Form" allows each requestor's supervisor the ability to choose precisely the privileges needed. Each State Administrator was required to resubmit a request using the new form by 12:00 p.m. on December 3, 2010, or the account was to be suspended until the form was received. All State Administrator accounts were updated by close of business on December 3, 2010, to accurately reflect the new requests. All future requests for access to the EFM Administration Site will utilize this form. Additionally, all State Administrator accounts will be audited semi-annually hereafter, to ensure accounts properly reflect the Administrator's need. The next review is scheduled to begin in June 2011.</p>
Estimated Corrective Action Date	December 3, 2010

THIS PAGE INTENTIONALLY LEFT BLANK.

U.S. DEPARTMENT OF TRANSPORTATION

Finding Number FA 10-013
CFDA Number 20.205
Program Title Highway Planning and Construction
Compliance Requirement Subrecipient Monitoring
State Agency Florida Department of Transportation (FDOT)
Federal Grant/Contract Number and Grant Year N/A
Finding Type Noncompliance and Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-015

Finding FDOT program managers did not always follow established procedures for receiving and reviewing subrecipient audit reports or maintaining project information in the Florida Single Audit Automated (FSAA) System.

Criteria OMB Circular A-133 §.400(d) *Pass-through entity responsibilities*; and FDOT Procedure Topic No. 450-010-001-h, *Federal and Florida Single Audit Procedures*

Condition FDOT’s Office of Inspector General (OIG) established Federal and Florida Single Audit Procedures to help ensure compliance with Federal requirements regarding the receipt and review of OMB Circular A-133 audit reports. These procedures required FDOT program or project managers to document the receipt and review of subrecipient audit reports by completing a checklist in the FSAA System. The OIG provides listings of the projects for which checklists should be completed to the District Single Audit liaisons twice each year. The District liaisons work directly with the program or project managers to complete the appropriate checklists. Additionally, the OIG reviews the completed checklists for accuracy.

As similarly noted in the prior audit, our tests of 21 subrecipient projects for which 21 audit reports were due to FDOT by no later than June 30, 2009, and for which program managers were to complete a checklist during the 2009-10 fiscal year, disclosed 11 instances of noncompliance with FDOT procedures as described below:

- Seven projects (2 located in FDOT District 4 and 5 located in FDOT District 7) for which checklists had not been entered into the system as of June 30, 2010. The audit reports were received by FDOT between March 20, 2009, and June 10, 2009.
- Two projects (1 located in FDOT District 1 and 1 located in FDOT District 3) for which checklists had not been timely entered into the System. The checklists were completed 37 and 72 days late.
- Two projects (located in FDOT District 4) for which the financial information on the checklist did not agree with that of the subrecipient audit report. For one project, \$2,149,879 was reported under CFDA No. 20.205 on the subrecipient audit report while the same amount was reported as State financial assistance on the checklist. For the other project, the expenditures for CFDA No. 20.205 were understated by \$880,279 on the checklist compared to the audit report. These errors were not detected during the OIG’s review of the checklists.

Additionally, our review of 21 subrecipient projects for which 20 audit reports were due to FDOT by no later than June 30, 2010, disclosed that FDOT did not timely receive or properly follow up to timely receive 4 audit reports for 5 projects (3 located in FDOT District 4, and 2 located in FDOT District 6) from the subrecipient. FDOT did not follow up on the 4 audit reports that were received 13 to 96 days late.

Cause	FDOT’s procedures did not address the duties and responsibilities of the District Single Audit liaisons. Additionally, for instances where checklists had not been completed, the OIG did not follow up with the District Single Audit liaisons or supervisory staff to obtain the checklists. OIG reviews were not sufficient to detect errors in the preparation of the checklists.
Effect	The failure to follow procedures limited the accountability provided for Federal financial assistance awarded to subrecipients.
Recommendation	We recommend that FDOT revise its procedures to clearly outline the duties and responsibilities of the District Single Audit liaisons. Additionally, the OIG should perform timely follow-up procedures when checklists are not completed and strengthen its review to ensure that errors, if any, are appropriately detected and corrected.
State Agency Response and Corrective Action Plan	<p>We concur with the findings as reported from the fieldwork of the Federal Awards Audit. FDOT program managers did not always follow established procedures for receiving and reviewing subrecipient audit reports or maintaining project information in the Florida Single Audit Automated (FSAA) System. The OIG has addressed this issue over the past year by conducting five compliance reviews, seven training classes and providing necessary guidance to the districts on an ongoing basis through routine e-mail correspondence and quarterly OIG newsletters. Compliance reviews conducted in the current fiscal year have identified issues regarding checklists not completed, timely receipt and review of financial reporting packages, a lack of reconciliation of FLAIR payments to the expenditures in the audit report and other areas where lack of oversight was noted. District management has been responsive to the compliance reviews and are in the process of implementing corrective actions.</p> <p>The two checklists identified in District Four are not completed due to discrepancies in the recipients audit report and entries missing or misstated on the Schedule of Expenditures. District staff has actively researched this issue. The OIG has conducted one training class this year at the request of District Seven. The OIG will continue to conduct compliance reviews and training classes throughout FYE 2011 to ensure compliance with state and federal regulation and ensure districts and project/program managers are aware of all single audit requirements. The OIG will also strengthen its current audit steps to ensure errors between checklists and audit reports are detected and corrected by district personnel.</p> <p>The department’s Single Audit Procedure goes through a complete review and update every two years. The current procedure was approved by the Secretary in August 2009 and is scheduled for a review and update this summer. The procedure will be updated to include specific responsibilities of the district single audit liaisons. Currently, the role of the single audit liaisons is as representatives between the OIG and the district project/program managers. They assist with communications and distribution of materials to the districts.</p>
Estimated Corrective Action Date	June 30, 2011
Agency Contact and Telephone Number	John Boone (850) 410-5828

U.S. DEPARTMENT OF TRANSPORTATION

Finding Number	FA 10-014
CFDA Number	20.205
Program Title	Highway Planning and Construction
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Transportation (FDOT)
Finding Type	Significant Deficiency
Finding	FDOT did not have sufficient procedures in place to ensure the performance of during-the-award monitoring of subrecipients.
Criteria	<p>OMB Circular A-133 §_400(d) <i>Pass-through entity responsibilities</i></p> <p>OMB <i>Circular A-133 Compliance Supplement</i> – A pass-through entity is responsible for during-the-award monitoring which includes reporting, site visits, regular contact, or other means to provide reasonable assurance that the subrecipient administers Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements and that performance goals are achieved.</p> <p>FDOT Procedure Topic No. 525-010-300-d, Local Agency Program Manual</p>
Condition	<p>During the 2009-10 fiscal year, FDOT provided approximately \$147 million to subrecipients, of which \$87.7 million was provided to Local Agency Program (LAP) subrecipients. Our review of FDOT’s LAP Manual disclosed that the Manual did not clearly address procedures for monitoring subrecipients. Specifically, the Manual did not require that during-the-award monitoring be performed or address how FDOT personnel were to perform and document during-the-award monitoring of subrecipients.</p> <p>In response to our inquiries regarding the procedures performed to monitor subrecipients, FDOT personnel indicated that during the construction of LAP projects, the subrecipient can monitor or hire a consultant engineer inspection firm (CEI) to monitor the project. FDOT provided further that regardless of whether the subrecipient hired a CEI or not, FDOT maintained oversight responsibility and monitored the subrecipients through certifications, project reviews, and project inspections (site visits).</p> <p>FDOT provided a list of 282 subrecipient projects subject to monitoring during the period July 1, 2009, through June 30, 2010. We requested the monitoring documentation for 25 LAP projects subject to monitoring. For 12 of the 25 LAP projects, FDOT was unable to provide documentation evidencing FDOT’s performance of during-the-award monitoring.</p>
Cause	FDOT management indicated that the final inspection met during-the-award monitoring requirements.
Effect	Without adequate procedures in place to monitor subrecipients, FDOT cannot ensure that subrecipients are being properly monitored for compliance with Federal requirements or achievement of performance goals.
Recommendation	We recommend FDOT appropriately monitor subrecipients during the award period. Additionally, we recommend that FDOT enhance its procedures to clearly provide for during-the-award monitoring. FDOT should ensure that procedures address the selection of subrecipients to be monitored, the frequency at which monitoring should be performed, the criteria used during the monitoring, and the documentation to be maintained.

State Agency Response and Corrective Action Plan	We concur with the recommendation and will develop procedures to address the selection of subrecipients to be monitored, the frequency at which monitoring should be performed, the criteria used during the monitoring, and the documentation to be maintained. Preliminary discussion with the State Construction Office Director and Production Support Office Manager has taken place to determine appropriate actions to be taken.
Estimated Corrective Action Date	February 2012
Agency Contact and Telephone Number	Roosevelt Petithomme (850) 414-4383

U.S. ENVIRONMENTAL PROTECTION AGENCY

Finding Number	FA 10-015
CFDA Number	66.468
Program Title	Capitalization Grants for Drinking Water State Revolving Funds (DWSRF)
Compliance Requirement	Reporting
State Agency	Florida Department of Environmental Protection (FDEP)
Federal Grant/Contract Number and Grant Year	FS-98452204 (1/1/2004 - 12/31/2009), FS-98452205 (1/1/2005 – 12/31/2010), FS-98452206 (6/1/2006 – 12/31/2011), FS-98452207 (7/2/2007 – 12/31/2012), FS-98452208 (7/22/2008 – 12/31/2013)
Finding Type	Opinion Qualification and Material Noncompliance
Finding	FDEP did not provide for and submit an annual audit required by the grant agreements.
Criteria	40 CFR 35.3165(d) – <i>Annual audit</i>
Condition	Federal regulations provide that at least once a year, the FDEP Office of the Inspector General, will conduct, or require to have independently conducted, a financial and compliance audit of the State Revolving Fund (SRF) and the operations of the SRF. The audit report is required to include an opinion on the financial statements, a report on internal controls, and a report on compliance of the SRF. During the 2008-09 fiscal year, DWSRF expenditures totaled \$31,657,435. The annual audit for the period July 1, 2008, through June 30, 2009, was due to USEPA by June 30, 2010. As of August 6, 2010, FDEP had not provided the required annual audit. According to FDEP staff, a two-year audit will be conducted covering the 2008-09 and 2009-10 fiscal years.
Cause	The annual audit was not performed because the audit work in the Inspector General's Office increased significantly due to the Office's oversight responsibilities related to the American Recovery and Reinvestment Act funding. Additionally, the Inspector General's Office did not consider this to be a high risk area as historically, audits and other reviews of the Program resulted in few, if any, audit findings.
Effect	Failure to provide the required annual audits may limit the ability of USEPA to properly account for Federal funds and administer the DWSRF Program.
Recommendation	FDEP should timely conduct and submit the required annual audit to USEPA.
State Agency Response and Corrective Action Plan	The Office of Inspector General concurs with the recommendation. The audit covering the fiscal years 2008-09 and 09-10 is expected to be completed by November 15th. The audit for 2010-11 will be assigned December 1 st and should be completed by January 31, 2011. The OIG will ensure auditors are cross trained so that adequate resources can be made available to perform the audit. The OIG will also consult with the USEPA and the Auditor General on ways to reduce duplication of effort resulting from the OMB Circular A-133 Audit and the audit required by 40 CFR.

THIS PAGE INTENTIONALLY LEFT BLANK.

U.S. DEPARTMENT OF ENERGY

Finding Number	FA 10-016
CFDA Number	81.042
Program Title	Weatherization Assistance for Low-Income Persons (WAP)
Compliance Requirement	Activities Allowed or Unallowed
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	DE-EE0000209
Finding Type	Questioned Costs – \$5,067
Finding	FDCA did not obtain USDOE approval for the purchase of two used vehicles costing less than \$5,000 each.
Criteria	10 CFR 440.18(d)(6), <i>Allowable expenditures</i> include the cost of purchasing vehicles, except that any purchase of vehicles must be referred to USDOE for prior approval in every instance.
Condition	During the 2009-10 fiscal year, FDCA made payments totaling approximately \$33.3 million to 28 subgrantees. Our review of 12 payments to subgrantees totaling \$2,168,733 included four instances in which vehicles were purchased by subgrantees. For two of the four instances totaling \$5,067, USDOE approval was not obtained. Based on records provided by FDCA, these were the only two used vehicles purchased during the audit period.
Cause	FDCA misinterpreted USDOE Weatherization Program Notice 09-1B, effective March 12, 2009, which indicated that approval was required for the purchase of vehicles and equipment greater than \$5,000 in accordance with 10 CFR 440.18(d)(6).
Effect	Absent the required USDOE approval these vehicle costs were not adequately documented as allowable costs.
Recommendation	We recommend that FDCA obtain USDOE approval prior to purchasing vehicles regardless of cost.
State Agency Response and Corrective Action Plan	FDCA concurs with this finding and will comply with 10 CFR 440.18(d)(6) for all vehicle purchases.
Estimated Corrective Action Date	12/01/10
Agency Contact and Telephone Number	Paula L. Lemmo, Community Program Manager (850) 922-1844

U.S. DEPARTMENT OF ENERGY

Finding Number	FA 10-017 (Interim Finding No. FDCA-1)
CFDA Number	81.042
Program Title	Weatherization Assistance for Low-Income Persons (WAP)
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	DE-FG26-07NT43105, DE-EE0000209
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$7,317,024.73
Finding	FDCA had not established procedures to monitor whether certain types of costs incurred by subgrantees were supported by subgrantees’ records, such as vendor invoices, time and attendance records, and allocation methods used by the subgrantees.
Criteria	OMB Circular A-87, Attachment A, Section C. 1.j., <i>Basic Guidelines</i> – To be allowable under Federal Awards, costs must be adequately documented Federal guidelines do not specifically define allowable administrative costs, but do indicate that USDOE expects to see consistency in how the grantee defines these costs and how they will be charged to either administration or to program operations.
Condition	During the 2009-10 fiscal year, FDCA made payments totaling approximately \$33.3 million to 28 subgrantees. These payments were made to subgrantees under Capacity, Regular, and Production contracts. Capacity contracts were for a period of up to six and one-half months and directed towards subgrantee capacity building for meeting increased production goals. Regular and Production contracts provide for the weatherization of homes. Federal guidelines provide that subgrantees may charge legitimate program support costs, such as salaries, space, utilities, and telephones to program operations instead of administrative costs. FDCA refers to these costs as “fee for service” costs. Additionally, Federal guidelines permit a separate budget category for OMB Circular A-133 audits. FDCA had established procedures to compare other costs, such as materials, labor, and health and safety costs, incurred by subgrantees to supporting records at either the time that payment requests were processed or when on-site monitoring was performed. However, those procedures did not require the verification of fee for service or A-133 audit costs to supporting records. Rather than requiring subgrantees to support fee for service costs, FDCA’s automated request for payment form used a flat 30 percent rate to calculate the fee for service costs. In addition to the fee for service costs, FDCA procedures also provided for audit costs and subgrantee administrative costs of 5 or 10 percent depending on the award, which was calculated based on the total for material, labor, health and safety, and fee for service costs. FDCA did not obtain documentation to support the validity of audit costs or administrative costs charged to WAP. For the fiscal year ended June 30, 2010, FDCA records indicated that expenditures for fee for service, administration, and audit costs totaled \$5,628,480.63, \$1,629,094.10, and \$59,450.00, respectively.
Cause	FDCA indicated that at one time, supporting documentation was required, but subsequently FDCA determined that 30 percent approximated the costs being charged. However, the calculations and supporting data for determining the fee for service rate of 30 percent no longer exist as the calculations were performed in 1998.

Effect	Absent a monitoring procedure to periodically verify costs charged by subgrantees to supporting records, FDCA lacks assurance that amounts paid to subgrantees do not exceed actual costs incurred by the subgrantees and that all costs are allowable.
Recommendation	We recommend that FDCA require subgrantees to maintain documentation of all costs and that such documentation be periodically reviewed.
State Agency Response and Corrective Action Plan	FDCA will implement procedures to require the subgrantees to document cost and periodically review the documentation.
Estimated Corrective Action Date	12/31/2011
Agency Contact and Telephone Number	Paula L. Lemmo, Community Program Manager (850) 922-1844

U.S. DEPARTMENT OF ENERGY

Finding Number	FA 10-018 (Interim Finding No. FDCA-2)
CFDA Number	81.042
Program Title	Weatherization Assistance for Low-Income Persons (WAP)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	DE-EE0000209
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$468,000
Finding	FDCA did not document that cost price analyses were performed when procuring services noncompetitively.
Criteria	<p>10 CFR 600.236(b)(1) – <i>Procurement standards</i> – Grantees and subgrantees will use their own procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.</p> <p>10 CFR 600.236(b)(9) – Grantees and subgrantees will maintain records sufficient to detail the significant history of a procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.</p> <p>10 CFR 600.236(d)(4) – Procurement by noncompetitive proposals may be used only when the award of a contract is infeasible under other procurement methods and under certain circumstances. Cost analysis, i.e., verifying the proposed cost data, the projections of the data, and the evaluation of the specific elements of costs and profits, is required.</p> <p>10 CFR 600.236(f)(1) – Grantees and subgrantees must perform a cost or price analysis in connection with every procurement action including contract modifications. A cost analysis will be necessary when adequate price competition is lacking, and for sole source procurements.</p> <p>OMB Circular A-87, Attachment A, Section C.1.a. – Costs must be necessary and reasonable for proper and efficient performance and administration of Federal awards; C.2 – In determining reasonableness of a given cost, consideration shall be given to the restraints imposed by such factors as: sound business practices; arms length bargaining; Federal, State and other laws and regulations; and market prices for comparable goods or services; and G. <i>Interagency Services</i> – A standard indirect cost allowance equal to ten percent of the direct salary and wage cost of providing the interagency service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service.</p> <p>Section 287.001, Florida Statutes, <i>Legislative intent</i> – The Legislature recognizes that fair and open competition is a basic tenet of public procurement. It is essential to the effective and ethical procurement of commodities and contractual services that detailed justification of agency decisions in the procurement of commodities and contractual services be maintained.</p> <p>Chief Financial Officer’s Memorandum No. 04 (2005-06) - Non-competitive procurements must be supported by a detailed price and cost analysis. Costs must be reasonable, necessary, and allowable in accordance with State and Federal laws, rules, and regulations. Agencies must maintain documentation to evidence the agency’s review.</p>

Condition	<p>Utilizing the exemption included in Section 287.057(5)(f)13, Florida Statutes, which indicates that services or commodities provided by governmental agencies are not subject to competitive solicitation, FDCA awarded contracts to the University Central Florida (UCF) and the University of Florida (UF) totaling \$498,750 and \$398,437, respectively, for training and program evaluation. Payments under the UCF contract totaled \$468,000 during the 2009-10 fiscal year. The UF contract was not effective until May 10, 2010, and no payments were made to UF during the 2009-10 fiscal year. FDCA did not maintain documentation demonstrating how it selected the universities or detailed price and cost analyses showing the reasonableness of contract costs proposed by the universities.</p> <p>Further, our review disclosed instances where contractual provisions governing indirect costs did not appear to comply with Federal regulations. Under OMB Circular A-87, Attachment A, Section G, <i>Interagency Services</i>, a standard indirect cost allowance equal to ten percent of the direct salary and wage costs of providing the interagency service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service. However, a review of the UCF proposed contract costs disclosed the indirect cost allowance was to be calculated on projected costs that included fringe benefits, subcontract costs, expenses, and equipment costs.</p>
Cause	<p>Program staff indicated that they had limited experience with contractual services procurements prior to the large increase of funds received in the 2009-10 fiscal year.</p>
Effect	<p>Absent documented detailed analyses of the contract costs, FDCA cannot demonstrate that amounts paid were reasonable.</p>
Recommendation	<p>We recommend that FDCA ensure appropriate documentation is retained demonstrating the rationale for procurement methods and selection processes and the reasonableness of the contract price. Additionally, FDCA should perform a reconciliation of amounts paid to UCF to the actual costs incurred and ensure that funds provided in excess of actual costs are returned to FDCA.</p>
State Agency Response and Corrective Action Plan	<p>FDCA concurs that the procurement documents were not documented adequately to convey the purpose of utilizing the universities as a sole source for these two contracts.</p> <p>FDCA will provide both of the contracted universities with a copy of OMB Circular A-87, Attachment A, Section G, <i>Interagency Services</i> and request they provide documentation to support the calculated indirect cost to meet these guidelines. These contracts will be reconciled upon finalizing the scope of work. If it is determined that there has been excess paid out, those funds will be returned to FDCA.</p>
Estimated Corrective Action Date	<p>Procurement Methods 12/01/10; Reconciliation upon contract finalization</p>
Agency Contact and Telephone Number	<p>Paula Lemmo, Community Program Manager (850) 922-1844</p>

U.S. DEPARTMENT OF ENERGY

Finding Number	FA 10-019 (Interim Finding No. FDCA-3)
CFDA Number	81.042
Program Title	Weatherization Assistance for Low-Income Persons (WAP)
Compliance Requirement	Cash Management
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	DE-EE0000209
Finding Type	Noncompliance and Significant Deficiency
Finding	FDCA's procedures for advancing funds were not sufficient to ensure that the advances were limited to the minimum amounts needed and timed to be in accordance with immediate cash requirements of the subgrantees.
Criteria	<p>10 CFR 600.221, <i>Payment</i> - Methods and procedures for payment shall minimize the time elapsing between the transfer of funds and disbursement by the grantee or subgrantee, in accordance with Treasury regulations at 31 CFR part 205.</p> <p>31 CFR 205.33 <i>How are funds transfers processed?</i></p> <p>2009 Weatherization Contract Attachment E, Justification of Advance Payment</p>
Condition	<p>During the 2009-10 fiscal year, FDCA advanced approximately \$8.2 million to WAP subgrantees. Advances were made pursuant to contract terms which provided that the amount advanced may not exceed the expected cash needs of the subgrantee within the first three months of the contract term. FDCA did not deduct advanced amounts from the monthly reimbursements made to the subgrantee. Instead, the subgrantee was reimbursed for the entire amount of actual expenditures, which reestablished the full three month cash advance balance after each payment. According to FDCA procedures, the advanced amount is to be offset against the final contract payment and any remaining advance is to be refunded to FDCA by the subgrantee.</p> <p>Our review of nine subgrantee contracts with advances disclosed eight instances with advances totaling approximately \$3.3 million for which approximately \$2.2 million was advanced in excess of the amounts actually spent in the first three months. The number of days beyond three months that elapsed prior to the amount of the advance being expended in these eight instances ranged from 42 to 167 days.</p>
Cause	FDCA did not periodically monitor the status of cash advances or make adjustments to the amount of the advances when subgrantees were not using the funds for WAP Program purposes as quickly as originally expected. FDCA staff indicated that, due to the unprecedented increase in funding from the American Recovery and Reinvestment Act, subgrantees were using their best estimates as to what production would be to calculate the advance amount and that some subgrantees were able to ramp up production faster than others.
Effect	FDCA lacked assurance that subgrantees minimized the time elapsing between the drawdown and disbursement of funds for WAP Program purposes.
Recommendation	We recommend that FDCA re-evaluate the necessity of providing subgrantees with three month advances. Additionally, FDCA should enhance its procedures to periodically evaluate the status of funds advanced to subgrantees and reduce reimbursements to subgrantees when advances are not expended timely. FDCA should also consider recapturing advanced amounts throughout the course of the contract rather than waiting until the final contract payment.
State Agency Response and Corrective Action Plan	FDCA will re-evaluate the necessity of providing subgrantees with a three month advance. FDCA will adopt procedures to periodically evaluate the status of the advance funds, and monitor them to assure advances are expended timely. As for the majority of these subgrantees, it would create a tremendous hardship for

FDCA to recapture the advance funds prior to the latter portion of the contract period. FDCA agrees to monitor expenditures closely and work with the subgrantees to expend their advances adequately within the contract period.

U.S. DEPARTMENT OF ENERGY

Finding Number	FA 10-020
CFDA Number	81.042
Program Title	Weatherization Assistance for Low-Income Persons (WAP)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	DE-FG26-07NT43105
Finding Type	Noncompliance
Finding	FDCA monitoring visits did not always include the required number of client dwelling inspections for weatherization contracts awarded pursuant to the 2009-2011 State Plan.
Criteria	Weatherization Program Notices 09-1, 4.0 - <i>Grantee Program Oversight (Program Monitoring)</i> , Florida Weatherization Assistance Program 2009-2011 State Plan
Condition	<p>USDOE program guidance requires that, during the annual subgrantee monitoring visits, grantees inspect at least five percent of all client dwellings weatherized by subgrantees and recommends inspection of more. FDCA's 2009-2011 State Plan provides that dwelling inspections will consist of six completed and reported jobs or ten percent of annual production whichever is greater. FDCA's subgrantee monitoring visits included monitoring of contracts awarded in accordance with the 2009-2011 State Plan (regular weatherization) and the 2009-2012 American Recovery and Reinvestment Act (ARRA) State Plan (ARRA weatherization), as well as any other active weatherization contracts.</p> <p>Our review of 3 on-site monitoring visits disclosed that the required number of inspections related to the ARRA weatherization contracts were completed during all three monitoring visits. However, for regular weatherization contracts, FDCA did not meet Federal or State Plan requirements regarding the number of inspections for regular weatherization contracts, as discussed below:</p> <ul style="list-style-type: none"> ➤ For 2 of the 3 site visits, FDCA inspected no dwellings and one dwelling, respectively, although at least 8 and 5 inspections, respectively, should have been performed to meet the level of five percent required by Federal guidance. ➤ Using the State Plan provisions, a total of 31 dwellings should have been inspected during the 3 monitoring visits, however, only 3 inspections were completed.
Cause	FDCA was concentrating on completing ARRA contract dwelling inspections.
Effect	In the absence of sufficient dwelling inspections, FDCA's assurance that subgrantees are properly weatherizing dwellings is reduced.
Recommendation	We recommend that FDCA ensure that sufficient dwelling inspections are completed in accordance with Federal guidelines and State Plan provisions.
State Agency Response and Corrective Action Plan	FDCA will ensure that sufficient dwelling inspections are completed in accordance with federal guidelines and State Plan provisions. Starting immediately, any on-site monitoring conducted by FDCA program staff will also include client dwellings weatherized under the 2009 weatherization agreements until a minimum of 5 percent of the homes are inspected. We anticipate this will be accomplished before the contract period ends.

FA 10-021 FINDING NOT USED.

U.S. DEPARTMENT OF EDUCATION

Finding Number FA 10-022
CFDA Number Various
Program Title Various
Compliance Requirement Cash Management
State Agency Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year Various
Finding Type Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-016

Finding FDOE management had not implemented certain systems development and modification controls for the Cash Advance and Reporting of Distributions System (CARDS) or finalized a current Information Systems Development Methodology (ISDM) manual. In addition, FDOE management had not established effective access security controls for CARDS.

Criteria Information Technology Best Practices

Systems Development Controls: Management should establish and maintain an ISDM outlining procedures, practices, and guidelines governing the initiation, concept, development, planning, requirements analysis, design, development, integration and test, implementation, operations, maintenance, and disposition of information technology. A complete and effective ISDM can reduce the risk that new systems or modifications may fail and not adequately satisfy user needs.

Systems Modification Controls: Establishing controls over the modification of application programs (change management) helps to ensure that only authorized programs and authorized modifications are implemented. Program modification functions should operate independently of production functions. Only after the modification has been completed, has received both system testing and user acceptance testing, and has been approved by internal IT project management or the contractor and the user, should it be moved into production.

Access Controls: Management should implement and document procedures that provide access control based on an individual’s demonstrated need to view, add, or delete data. Access controls should include the use of individual user identifications (IDs) and passwords to allow for attributing user activities to the responsible user. Additionally, the risk of inappropriate or unnecessary access privileges can be reduced through the employment of such controls as documenting authorizations for system access, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.

Condition CARDS is a Web-based application that provides information on the financial status of Federally-funded projects that have been awarded to subrecipients. CARDS was utilized for the following major programs and program clusters for which FDOE provided approximately \$3.2 billion to subrecipients and State agencies during the 2009-10 fiscal year:

- 84.010 and 84.389 – Title I, Part A Cluster
- 84.027, 84.173, 84.391, and 84.392 – Special Education Cluster (IDEA)
- 84.048 – Career and Technical Education – Basic Grants to States
- 84.367 – Improving Teacher Quality State Grants
- 84.394 and 84.397 – State Fiscal Stabilization Fund Cluster

Our audit disclosed the following control deficiencies relating to CARDS:

- FDOE had not implemented policies and procedures governing application system development and maintenance for CARDS. Although FDOE had

developed a Department-wide ISDM, it remained in draft as of June 30, 2010.

- For ten completed program modifications, FDOE could not provide documentation supporting independent testing and approval of the change or that the modifications were independently moved from the test environment into the production environment.
- FDOE did not timely remove access privileges for two of the three employees having access to CARDS who had separated from FDOE during the 2009-10 fiscal year. For these two employees, the time elapsing from separation to the removal of access privileges ranged from 98 to 145 days.
- Certain other aspects of FDOE access security controls did not sufficiently reduce the risk of inappropriate or unnecessary access. We are not disclosing specific details of access security control deficiencies in this report to avoid the possibility of compromising FDOE security. However, we have notified appropriate FDOE personnel of these issues.

Cause FDOE had not finalized its ISDM. Additionally, FDOE did not perform periodic reviews of access privileges for internal CARDS users.

Effect Absent current systems development and modification controls, the integrity, accuracy, and completeness of the CARDS data and reports are subject to increased risk of error. In addition, absent appropriate access security controls, the integrity of the data contained within CARDS is subject to increased risk of compromise.

Recommendation FDOE should finalize its ISDM. Additionally, FDOE should implement procedures to periodically review all access privileges, both for internal and external users of CARDS.

State Agency Response and Corrective Action Plan The FDOE continues to work towards having a fully promulgated ISDM. In the meantime to further this effort, the FDOE is in the process of creating an Information Technology Standards Workgroup (ITSW) to establish uniform information technology standards. The ISDM would come under this workgroup’s review and approval to be formally adopted as a FDOE standard. FDOE is implementing the procedures contained in the draft ISDM while the final management approval is obtained.

Since August 2010, FDOE has documented the existing approval process through a web based change management system.

Although the two CARDS users did not have any activity after being terminated from FDOE, FDOE has enhanced its procedures by moving its CARDS access security to FDOE's centralized access control custodian. The access control custodian routinely reviews access privileges for all fiscal-related systems users, including CARDS users and takes any necessary actions.

Estimated Corrective Action Date March 31, 2011
April 30, 2011 for ISDM

Agency Contact and Telephone Number Martha K. Asbury
(850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-023
CFDA Number	84.010
Program Title	Title I Grants to Local Educational Agencies
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S010A080009A 2008
Finding Type	Noncompliance
Finding	FDOE did not reduce allocations of Title I funding to a Local Educational Agency (LEA) that did not meet its maintenance of effort (MOE) requirement for the 2008-09 fiscal year.
Criteria	<p>34 CFR Subpart D <i>Fiscal Requirements</i> - An LEA may receive its full allocation of funds only if the State Educational Agency (SEA) finds that either the combined fiscal effort per student or the aggregate expenditures of State and local funds, with respect to the provision of free public education in the LEA, for the preceding fiscal year was not less than 90 percent of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.</p> <p>20 USC 7901 <i>Maintenance of Effort</i> - The SEA shall reduce the amount of the allocation of funds under the Title I Program in any fiscal year in the exact proportion by which a LEA fails to meet the fiscal effort requirement using the measure most favorable to the LEA.</p>
Condition	Upon completion of its calculations in March 2010 of LEAs' fiscal efforts to meet the MOE requirements for the 2008-09 fiscal year, FDOE determined that 1 of the 67 LEAs did not meet the 90 percent threshold. Using the measure most favorable to the LEA, Taylor County District School Board (TCDSB) was required to expend \$7,682 per student in Title I funds in order to meet the MOE requirement. TCDSB expended \$7,354 per student for the 2008-09 fiscal year, resulting in a shortfall of \$328 (or 3.85 percent) per student for a total of \$970,383. However, FDOE did not reduce its allocation of Title I funds to TCDSB.
Cause	In response to our inquiry in October 2010, FDOE management indicated they were preparing a waiver request to USED on behalf of TCDSB.
Effect	Absent approval of a waiver, TCDSB's funding could be reduced by an amount equal to the amount of the MOE shortfall.
Recommendation	We recommend that FDOE promptly obtain a waiver or, as required by Federal law, FDOE must reduce TCDSB's allocation of Title I funds.
State Agency Response and Corrective Action Plan	In accordance with USED guidance on this issue, FDOE has prepared the request for a waiver of the Title I MOE requirement on behalf of the Taylor County School District. FDOE expects that the waiver request will be approved.
Estimated Corrective Action Date	Pending action by the USED
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-024
CFDA Number	84.010, 84.389; 84.027, 84.173, 84.391, and 84.392
Program Title	Title I, Part A Cluster Special Education Cluster (IDEA)
Compliance Requirement	Reporting
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Finding	FDOE had not implemented certain access security controls for the K-12 Student and Staff Database System.
Criteria	Information Technology Best Practices Access Controls: Management should implement and document procedures that provide access controls based on an individual's demonstrated need to view, add, or delete data. Access controls should include the use of individual user identifications (IDs) and passwords to allow for attributing user activities to the responsible user. Additionally, the risk of inappropriate or unnecessary access privileges can be reduced through the employment of such controls as documenting authorizations for system access, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.
Condition	FDOE utilized the K-12 Student and Staff Database System (System) to obtain from district school boards student counts categorized by age and special need and to obtain information about school staff. FDOE utilized data from the System to prepare the National Public Education Finance Survey (NPEFS) and the Report of Children and Youth with Disabilities Receiving Special Education. The data also supported other State and Federal reporting requirements, including the U.S. Department of Education's ED <i>Facts</i> initiative, which provided for the use of performance data in decision making processes. Title I and Special Education expended approximately \$1.7 billion in Federal awards for the 2009-10 fiscal year. Our audit disclosed that certain aspects of FDOE access security controls did not sufficiently reduce the risk of inappropriate or unnecessary access. We are not disclosing specific details of access security control deficiencies in this report to avoid the possibility of compromising FDOE security. However, appropriate FDOE personnel have been notified of these issues.
Cause	FDOE did not establish adequate access security controls for the K-12 Student and Staff Database System.
Effect	Absent appropriate access security controls, the integrity of the data contained within the K-12 Student and Staff Database System is subject to increased risk of compromise.
Recommendation	FDOE should establish adequate access security controls for the K-12 Student and Staff Database System.
State Agency Response and Corrective Action Plan	The issues that were identified in this audit review must be addressed by the North West Regional Data Center (NWRDC). However, FDOE will continue to develop and provide as recommendations to the NWRDC, mitigating security measures that ensure the confidentiality and integrity of FDOE data is maintained. These recommendations could impact several state agencies and will require NWRDC's action in order to implement.

**Estimated Corrective
Action Date**

Pending action by NWRDC.

(850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-025
CFDA Number	84.010, 84.389
Program Title	Title I, Part A Cluster
Compliance Requirement	Subrecipient Monitoring, Special Tests and Provisions - Comparability
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S010A080009A 2008, S010A090009A 2009, and S389A090009A 2009
Finding Type	Noncompliance and Significant Deficiency
Finding	FDOE had not ensured that local educational agencies (LEAs) met comparability requirements.
Criteria	OMB Circular A-133 Compliance Supplement – June 2010, Special Tests and Provisions - Comparability; 20 USC 6321(c), Comparability of Services
Condition	<p>Comparability is one of the fiscal requirements that LEAs must comply with to continue receiving Title I funds from one school year to the next. An LEA is considered to have met this requirement if the LEA has filed with FDOE a written assurance that the LEA has established and implemented procedures to have met the comparability requirement. FDOE should biennially monitor compliance with the comparability requirements.</p> <p>FDOE monitored LEA compliance with the comparability requirement every five years rather than at least biennially as required. Additionally, FDOE guidance provided that LEAs met comparability requirements if the LEA filed a written assurance that it had established and implemented a district-wide salary schedule, a policy to ensure equivalence among schools in teachers, administrators, and other staff, or a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. However, LEAs were to have satisfied all three requirements in order to meet Title I comparability requirements.</p>
Cause	FDOE did not monitor LEA compliance at least once every two years. Also, FDOE’s guidance to its LEAs was not sufficient to ensure compliance with the comparability requirements.
Effect	Noncompliance with comparability requirements may result in a loss of funds for the LEAs.
Recommendation	We recommend that FDOE monitor LEA compliance with comparability requirements at least once every two years. We also recommend that FDOE revise its guidance to LEAs to specify that assurances must be provided for all three requirements.
State Agency Response and Corrective Action Plan	<p>The FDOE has completed all actions required by the USED in regard to this issue. In August 2010, FDOE program staff submitted to the USED, the revised Comparability Technical Assistance Paper with revised guidance to LEAs related to the requirements for the (1) Assurances option and (2) Average Per Pupil Expenditures for Instructional Services option. In November 2010, FDOE program staff re-issued the revised guidance to LEAs making them aware of the requirement that LEAs who select the Assurance option must provide written assurance that it had (1) established and implemented a district-wide salary schedule; (2) a policy to ensure equivalence among schools in teachers, administrators, and other staff; and (3) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Please note that FDOE guidance has always included this requirement.</p> <p>Beginning with the 2010-2011 school year, FDOE program staff developed a proposed schedule to review LEAs source documents at least once every two years. Additionally, FDOE program staff have revised the online reporting</p>

template to capture updated and/or new requirements for the options available for calculating comparability.

Currently, FDOE program staff is in the process of reviewing LEA's 2010-11 annual online comparability reports, written comparability procedures, and source documentation. The FDOE program staff continues to provide ongoing technical assistance to LEAs regarding comparability requirements.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-026
CFDA Number	84.027, 84.173, 84.391, and 84.392
Program Title	Special Education Cluster
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H027A08004A 2008, H173A080027 2008, H391A090024A 2009, and H392A090027A 2009
Finding Type	Opinion Qualification and Material Noncompliance
Finding	FDOE did not meet the maintenance of effort (MOE) requirement for the 2008-09 fiscal year.
Criteria	20 USC 1412(a)(18) <i>Maintenance of State Financial Support</i> – The State must not reduce the amount of State financial support for special education and related services below the amount of that support for the preceding fiscal year.
Condition	During the 2008-09 fiscal year, FDOE was required to expend \$5,952,355,019 in State funds in order to meet the MOE requirement. However, according to FDOE’s calculations completed in November 2010, eligible MOE expenditures totaled \$5,851,376,068, resulting in a shortfall of \$100,978,951 (approximately 1.7 percent).
Cause	Because of continuing economic difficulties in Florida, available General Revenue moneys were insufficient to meet the MOE requirement. Additionally, FDOE management indicated that the calculation process was started in Spring 2010. However, a replication of the process resulted in significant inconsistencies causing a delay in finalizing the MOE calculation. FDOE management also indicated that FDOE would seek a waiver from USED.
Effect	USED could reduce the allocation of funding for special education in an amount equal to the amount by which FDOE failed to meet the requirement.
Recommendation	We recommend that FDOE promptly request a waiver.
State Agency Response and Corrective Action Plan	FDOE has prepared a request for a waiver of the special education MOE requirement for the 2008-09 fiscal year and anticipates that this request will be approved by USED.
Estimated Corrective Action Date	Pending action by the USED.
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-027
CFDA Number	84.032
Program Title	Federal Family Education Loans (FFEL)
Compliance Requirement	Reporting and Special Tests and Provisions
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-020; Report No. 2010-199, Finding Nos. 1 through 6

Finding The FDOE Office of Student Financial Assistance uses the Federal Family Education Loans Program (FFELP) System to process and track loan applications, post borrower payments and other types of collections, and process claims submitted by lenders. In our Information Technology operational audit report No. 2010-199, dated June 2010, we disclosed in findings Nos. 1 through 6, deficiencies related to the FFELP System regarding security administration procedures, access privileges, user identification and authentication, and program change controls that we consider to be significant deficiencies. Details of the findings and recommendations, as well as FDOE management's response are included in that report.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-028
CFDA Number	84.048
Program Title	Career and Technical Education – Basic Grants to States (CTE)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	V048A090009A 2009 and V048A080009A 2008
Finding Type	Noncompliance Questioned Costs – \$610,894.17 (Federal Grant No. V048A090009A 2009)
Finding	FDOE was continuing to negotiate an agreement on its time distribution system with USED, and, as a result, FDOE did not obtain periodic certifications for employees whose salaries and benefits were paid solely from CTE Program funds.
Criteria	OMB Circular A-87, Attachment B, Section 8.h., <i>Support of salaries and wages</i>
Condition	<p>During the 2009-10 fiscal year, FDOE expended CTE funds totaling \$66,192,474 of which \$1,728,548 represented salary and benefit costs for FDOE employees. Our audit disclosed that FDOE did not properly support salaries and benefits totaling \$610,894 for 13 employees that were paid solely from CTE Program funds.</p> <p>FDOE's current time distribution system was implemented under a Cooperative Audit Resolution and Oversight Initiative (CAROI) agreement in 1996 with revisions in 1998 that included USED approval of a waiver for semiannual certifications. In February 2008, USED reviewed FDOE's substitute time distribution system and made several recommendations for changes to the system, including reinstating the semiannual certification requirement for employees working solely on one program. In response, in a letter dated May 9, 2008, FDOE agreed with the recommendation to reinstate the semiannual certification requirement. However, FDOE management indicated that they had not reinstated the semiannual certification requirement because revisions to the time distribution agreement with USED had yet to be finalized.</p>
Cause	Revisions to the time distribution agreement had not been finalized.
Effect	Absent the periodic certifications, some salary costs charged to the Program were not substantiated.
Recommendation	We recommend that FDOE complete negotiations with USED on its time distribution system and obtain appropriate certifications for employees working solely on the CTE Program.
State Agency Response and Corrective Action Plan	As discussed during the audit meetings, the substantiation of the salary costs charged to the program is fully consistent with the requirements of the existing approved substitute system. FDOE continues to negotiate with appropriate entities within the USED to complete enhancements to the existing system.
Estimated Corrective Action Date	July 1, 2011, pending the negotiations with USED.
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-029
CFDA Number	84.126 and 84.390

Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H390A090086 2009, H126A090086 2009, H126A090087 2009, H126A100087 2010, and H126A100086 2010
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness Questioned Costs – \$53,332,565.84 (Federal Share - \$43,773,455.44; Federal Grant Nos. H390A090086 2009 – \$1,266,388.83, H126A090086 2009 - \$8,774,002.59, H126A100086 2010 - \$24,878,824.34, H126A090087 2009 - \$2,258,475.89, and H126A100087 2010 - \$6,595,763.79)
Finding	FDOE was continuing to negotiate an agreement on its time distribution system, and, as a result, FDOE did not maintain appropriate records to support salaries and benefits charged to the VR Program.
Criteria	OMB Circular A-87 Attachment B, Section 8.h., <i>Support of Salaries and Wages</i>
Condition	<p>During the 2009-10 fiscal year, FDOE expended VR funds totaling \$172,039,986 of which \$53,332,566 represented salary and benefit costs for FDOE employees. Our audit disclosed that FDOE did not obtain periodic certifications for employees whose salaries and benefits were paid solely from VR funds. Additionally, FDOE used an outdated time distribution system to allocate employee salary and benefit costs across multiple programs.</p> <p>FDOE's current time distribution system was implemented under a Cooperative Audit Resolution and Oversight Initiative (CAROI) agreement in 1996 with revisions in 1998 that included USED approval of a waiver for semiannual certifications. In February 2008, USED reviewed FDOE's substitute time distribution system and made several recommendations for changes to the system, including reinstating the semiannual certification requirement for employees working solely on one program and modifying the methodology used for employees working on multiple programs.</p> <p>In response, in a letter dated May 9, 2008, FDOE agreed to reinstate the semiannual certification requirement while expressing concerns about changing the methodology for employees working on multiple programs. FDOE management indicated that an agreement with USED to change the time distribution system had been drafted but not yet finalized. Pending a final agreement, FDOE had not reinstated the semiannual certification requirement or made the recommended changes to its time distribution system.</p>
Cause	Revisions to the time distribution agreement had not been finalized.
Effect	Absent appropriate documentation, FDOE had not fully substantiated the salary costs charged to the Program.
Recommendation	We recommend that FDOE complete negotiations with USED on its time distribution system and obtain appropriate certifications.
State Agency Response and Corrective Action Plan	As discussed during the audit meetings, the substantiation of the salary costs charged to the program is fully consistent with the requirements of the existing approved substitute system. FDOE continues to negotiate with appropriate entities within the USED to complete enhancements to the existing system.
Estimated Corrective Action Date	July 1, 2011, pending the negotiations with USED.
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-030
CFDA Number	84.126 and 84.390
Program Title	Vocational Rehabilitation Cluster (VR)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	H390A090086 2009, H126A090086 2009, H126A090087 20009, H126A100087 2010, and H126A100086 2010
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-022
Finding	FDOE did not always timely authorize expenditures for client services.
Criteria	34 CFR 361.50(e), <i>Written policies governing the provision of services for individuals with disabilities. Authorization of Services</i> According to Division of Vocational Rehabilitation (DVR) written procedures related to the nature and scope of vocational rehabilitation services, the authorization for such services is generally required to be documented prior to or at the same time the services are requested or purchased, except in certain situations. Similarly, Division of Blind Services (DBS) written procedures state that services must be authorized prior to service provision.
Condition	During the 2009-10 fiscal year, FDOE expended \$86,027,885.01 for client services. We tested 30 client services expenditures totaling \$20,985.37. Our audit disclosed that the services associated with 10 of these expenditures totaling \$7,627.76 were authorized or approved by the supervisor 1 to 23 days after services were completed. The 10 expenditures were for medical and vocational services, transportation, and books.
Cause	Established procedures with regard to the authorization of client services were not always followed by personnel.
Effect	Prior authorization of client services assists FDOE management in maintaining adequate fiscal control of program activities. It also provides additional assurances concerning the allowability of costs.
Recommendation	We recommend that FDOE take steps to increase the rate of compliance with prescribed procedures regarding the authorization and approval of client services.
State Agency Response and Corrective Action Plan	FDOE's Division of Vocational Rehabilitation continues to address adherence to prescribed procedures in Supervisory Training and New Counselor Training, through communication with Area staff, and through performance reviews. DVR has developed an automated supervisor approval process in the Rehabilitation Management Information System (RIMS) to address this issue, and it is anticipated that this process will be available later this year. This process is ongoing. FDOE's Division of Blind Services now reviews authorizations monthly with appropriate Client Services staff to identify any violations of the procedure prohibiting the initiation of services before they are fully authorized. Additionally, to ensure that staff are held accountable, language has been added to performance evaluations to reflect the importance of complying with this requirement.
Estimated Corrective Action Date	February 1, 2011 and ongoing
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

U.S. DEPARTMENT OF EDUCATION

Finding Number FA 10-031
CFDA Number 84.126 and 84.390
Program Title Vocational Rehabilitation Cluster
Compliance Requirement Reporting
State Agency Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year Various
Finding Type Significant Deficiency

Finding FDOE did not ensure that adequate information technology security controls had been established for the Accessible Web-Based Activity and Reporting Environment (AWARE) System.

Criteria Information Technology Best Practices

Access Controls: Management should implement and document procedures that provide access control based on an individual’s demonstrated need to view, add, or delete data. The risk of inappropriate or unnecessary access to information can be reduced through the use of security controls to ensure that systems are accessible only to authorized users and for authorized uses. Effective management of system access privileges includes the use of individual user identifications (IDs) and passwords to allow for attributing user activities to the responsible user, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.

Condition AWARE is a Web-based case management system used to manage and track vocational rehabilitation and independent living services for individuals who are blind or visually impaired and to provide data for various reports. The AWARE System was used in the processing of approximately \$15.9 million in claims paid for client services during the 2009-10 fiscal year.

Our audit disclosed the following control deficiencies relating to the AWARE System:

- Two of ten active user accounts did not appear necessary. As of June 29, 2010, one user had not accessed the system for 474 days. The other user never accessed the system between receiving access on November 30, 2005, and separating from FDOE in September 2008. Following audit inquiry, access for both users was removed on June 29, 2010.
- FDOE did not timely remove access privileges for six of ten employees having access to AWARE and who had separated from FDOE. As of June 30, 2010, access remained active for these six users for lengths of time ranging from 4 to 279 days after their separation dates.
- According to FDOE staff, system administrator access capabilities to the AWARE System were granted to staff of the contractor for systems development and maintenance requests. However, the user account remained active on a continuous basis rather than being activated on an as needed basis. Additionally, there were no formal monitoring procedures in place to ensure access was only for authorized contractor employees and that data integrity was maintained during and after systems development and maintenance performed by the contractor.
- Certain other aspects of FDOE access security controls did not sufficiently reduce the risk of inappropriate or unnecessary access. We are not disclosing specific details of access security control deficiencies in this report to avoid the possibility of compromising FDOE security. However, we have notified appropriate FDOE personnel of these issues.

Cause	Although FDOE had developed access security control procedures for AWARE, the procedures were not fully implemented as of June 30, 2010.
Effect	Absent appropriate monitoring of authorized users and their access privileges, the possibility exists that information may be destroyed, disclosed, or otherwise compromised.
Recommendation	We recommend that FDOE fully implement and follow its access security control procedures to ensure that access is appropriate and that access is promptly removed upon an employee's or user's separation.
State Agency Response and Corrective Action Plan	<p>Procedures have been developed, implemented, and quality assurance measures put in place within DBS to address the audit issues pertaining to timely termination of AWARE accounts upon employee or contractor separations. Additionally, the confidential security control issue has been resolved.</p> <p>Procedures will be developed and implemented by March 31, 2011, to close all AWARE accounts that have been inactive for 60 days.</p> <p>The system administrator access issue has been substantially resolved. Currently, system access is granted to contractors only on an as-needed basis and revoked immediately after the requested maintenance or enhancement action is completed. Procedures are being revised to reflect this functional change in contractor system administrator access and will be complete March 30, 2011.</p>
Estimated Corrective Action Date	March 31, 2011 and ongoing
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

FA 10-032 FINDING NOT USED.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-033
CFDA Number	84.394 and 84.397
Program Title	State Fiscal Stabilization Fund (SFSF) Cluster Education State Grants, Recovery Act - Education Stabilization Fund Government Services, Recovery Act
Compliance Requirement	Activities Allowed or Unallowed and Allowable Costs/Cost Principles
State Educational Entity	University of Florida (UF)
Administering State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	011-5920S-0CZ10; July 1, 2009 – June 30, 2010
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$411,559.38
Finding	The institution used funds for past debt, which was an unallowable charge on the grant.
Criteria	U.S. Department of Education’s publication <u>Guidance on the State Fiscal Stabilization Fund Program</u> (April 2009), Section IV-7
Condition	In July 2009, the institution paid, from non-SFSF funds, the final installment of \$411,559.38 on a leased MRI system. This MRI system was then used as a trade-in toward the purchase, also from non-SFSF funds, of a new MRI system. In December 2009, the institution transferred the charges for the final payment on the leased, and subsequently traded, MRI system to the grant.
Cause	At the time of the transfer, the institution believed the transferred payment represented an appropriate charge to the grant.
Effect	When unallowable costs are charged to the program, the institution may be required to return disallowed costs.
Recommendation	The institution should limit charges to grants to allowable costs and consult with the grantor agency as to the resolution of the questioned costs.
UF Response and Corrective Action Plan	The University reported the expenditure to FDOE in a quarterly report. There was no indication there was a problem with the expenditure until it was brought to the University's attention by the Auditor General. This transaction involved the purchase of an MRI with ARRA and non-ARRA funds plus the trade-in value of an older MRI. There were enough non-ARRA funds involved in the transaction such that the University could have used those funds to pay off the debt on the traded-in MRI. Thus, this is not a question of the University using federal funds to pay off past debt. In sum, it is the University's position that the ARRA funds, along with other non-ARRA funds, were ultimately used to purchase the new MRI as well as for equipping the new veterinary teaching hospital. The charge posted to the Federal award for the MRI is reasonable, allowable, and allocable.
Estimated Corrective Action Date	No corrective action necessary
UF Contact and Telephone Number	Matthew Fajack, Vice President and Chief Financial Officer (352) 392-2204
Auditor’s Remarks	The institution, in its response, indicated that it could have used non-ARRA funds to pay off the debt on the traded-in MRI and this is not a question of the institution using Federal funds to pay off past debt. However, the point of our finding is that the institution, through the above-noted transfer, used ARRA funds to make a payment on past debt, which is not an allowable charge to the grant.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-034

Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Education (FDOE)
Federal Grant/Contract Number and Grant Year	S394A090010A 2009
Finding Type	Opinion Qualification and Material Noncompliance
Finding	FDOE did not meet the SFSF maintenance of effort (MOE) requirement for the Education State Grants for the 2009-10 fiscal year due to insufficient availability of MOE funds.
Criteria	<p><i>State Applications – Maintenance of effort requirements under section 14005 (d)(1) of the Recovery Act</i></p> <p>In each of fiscal years 2009, 2010, and 2011, the State will maintain State support for elementary and secondary education and institutions of higher education at least at the level of such support in fiscal year 2006.</p>
Condition	<p>During the 2009-10 fiscal year, FDOE was required to expend \$9,125,618,593 and \$3,268,590,344 in State funds for elementary and secondary education and institutions of higher learning, respectively, in order to meet the MOE requirement for SFSF Education State Grants. Eligible MOE expenditures totaled \$8,079,525,471 and \$3,094,599,228 for elementary and secondary education and institutions of higher learning, respectively, resulting in shortfalls of \$1,046,093,122 (11.5 percent) and \$173,991,116 (5.3 percent).</p> <p>FDOE originally requested a waiver from USED in May 2009. The waiver request was subsequently revised in December 2009 and November 2010. However, as of January 2011, USED had not approved the waiver.</p>
Cause	Because of continuing economic difficulties in Florida, General Revenue moneys available for the SFSF Education State Grants MOE requirement were not sufficient.
Effect	Absent approval of the MOE waiver, FDOE could be subject to termination of the grant and disallowance of some grant costs.
Recommendation	We recommend that FDOE continue to pursue the waiver request with USED.
State Agency Response and Corrective Action Plan	FDOE continues to follow all USED guidelines and requests with respect to the application for SFSF funds and the MOE waiver. We have received verbal confirmation that the waiver will be approved shortly.
Estimated Corrective Action Date	USED approval is expected by March 31, 2011.
Agency Contact and Telephone Number	Martha K. Asbury (850) 245-0420

THIS PAGE INTENTIONALLY LEFT BLANK.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-035
CFDA Number	84.032, 97.004, and 97.067
Program Title	Federal Family Education Loans (FFEL) Homeland Security Cluster
Compliance Requirement	Other
State Agency	Florida Department of Education (FDOE)
Finding Type	Significant Deficiency
Finding	FDOE procedures for preparing the Schedule of Expenditures of Federal Awards (SEFA) data form were not sufficient to ensure amounts reported were accurate.
Criteria	<p>OMB Circular A-133, Section §___.205 <i>Basis for determining Federal awards expended</i> - The determination of when an award is expended should be based on when the activity related to the award occurs. The value of Federal awards expended under loan programs should be the value of new loans made or received during the fiscal year plus the balance of loans from previous years for which the Federal Government imposes continuing compliance requirements.</p> <p>To reasonably ensure the accuracy and completeness of the State's SEFA, the Florida Department of Financial Services (FDFS) prepared the SEFA Instructions, which required State agencies to prepare a SEFA data form and certify its accuracy. Included were specific instructions for each column of the data form. FDFS accumulated the information reported on the agencies' SEFA data forms to prepare the State's SEFA.</p> <p>FDFS instructions required that the value of loan guarantees should be reported in the Total Expenditures column. FDFS instructions also required that amounts provided (subgranted) to other State entities were to be reported in the column "Subgranted to State of Florida Entities." State of Florida Entities included State Agencies, State Universities, State Colleges, and State Community Colleges. Other amounts provided (subgranted) were to be reported in the column "Subgranted to Non-State of Florida Entities."</p>
Condition	<p>FDOE initially reported on its SEFA data form Total Expenditures of \$4,627,719,693, with Subgrants to State of Florida Entities totaling \$347,092,878 and Subgrants to Non-State of Florida Entities totaling \$4,280,626,815. Contrary to FDFS instructions, FDOE did not report the value of new net loan guarantees for the FFEL Program (CFDA No. 84.032) as expenditures. As a result, FDOE understated the amount of Total Expenditures by \$504,218,734.</p> <p>Our tests also disclosed that FDOE improperly included encumbered balances totaling \$5,392,550 in the Total Expenditures column related to subawards made with Homeland Security Cluster funds (CFDA No. 97.067). As a result, FDOE overstated Total Expenditures by \$5,392,550, Subgrants to State of Florida Entities by \$2,730,797, and Subgrants to Non-State of Florida Entities by \$2,661,753.</p>
Cause	FDOE management indicated that they misinterpreted FDFS instructions related to loan guarantees and omitted the value of new loan guarantees. Additionally, FDOE improperly classified encumbrances as payables for subawards made with Homeland Security Cluster funds.
Effect	Absent effective application of the procedures for preparing the SEFA, inaccurate or incomplete information may be reported.
Recommendation	We recommend that FDOE enhance its procedures to ensure amounts reported on the SEFA are complete and in accordance with FDFS instructions. We also recommend that FDOE ensure that expenditures and encumbrances are properly classified.

State Agency Response and Corrective Action Plan

FDOE disagrees with the portion of the finding addressing the value of new net loan guarantees for the FFEL Program. The actions taken by the FDOE staff to report these values were completely consistent with guidance provided by the Department of Financial Services (DFS) during the annual SEFA training. The two FDOE staff members who participated in the training specifically asked about this issue and followed the instructions they were given. FDOE will, in the future, seek written verification from DFS of all such guidance.

The FDOE believes that the instance of improper classification of expenditures and encumbrances was an anomaly and will enhance oversight measures to provide FDOE staff with additional guidance/training on establishing payables.

Estimated Corrective Action Date

April 1, 2011

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-036
CFDA Number	Various
Program Title	Various
Compliance Requirement	Other
State Educational Entity	Daytona State College (DSC)
Finding Type	Significant Deficiency
Finding	The institution's procedures for preparing the Schedule of Expenditures of Federal Awards (SEFA) data form submitted to the Florida Department of Education (FDOE) were not sufficient to ensure amounts reported were accurate. The SEFA data form did not include all Federal award expenditures for the fiscal year, and expenditures reported for four programs were incorrect.
Criteria	OMB Circular A-133, Section __.310(b), <i>Schedule of Expenditures of Federal Awards</i>
Condition	The institution-prepared SEFA data form reported Federal expenditures totaling \$42,956,244.68 for the 2009-10 fiscal year. Our review of the SEFA data form and supporting documents and accounting records disclosed the following: <ul style="list-style-type: none"> ➤ Federal Pell grant (PELL, CFDA No. 84.063) expenditures totaling \$32,705,780.78 were incorrectly reported as Federal Family Education Loans (FFEL, CFDA No. 84.032) expenditures. ➤ FFEL loans disbursed totaling \$38,874,339.67 were not reported on the SEFA, resulting in the underreporting of the Federal expenditures. Federal expenditures totaled \$81,830,584.35 when the FFEL disbursements were added. ➤ State Fiscal Stabilization Funds in the amount of \$666,879 were incorrectly reported as CFDA No. 84.394, rather than CFDA No. 84.397. This reporting error was detected and corrected by FDOE.
Cause	Supervisory review of the SEFA data form did not detect the improper reporting of Federal expenditures.
Effect	Lack of adequate supervisory reviews of financial reports increases the risk that inaccurate or incomplete information may be reported on the SEFA data form submitted to FDOE.
Recommendation	The institution should strengthen procedures to ensure a supervisory review is performed and documented prior to the submission of the SEFA data form to FDOE.
DSC Response and Corrective Action Plan	Comment noted. College's procedures have been enhanced to ensure appropriate electronic form reporting of Federal expenditures.
Estimated Corrective Action Date	Fall 2010
DSC Contact and Telephone Number	Frank Lombardo, President (386) 506-3200

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number **FA 10-037**
CFDA Number Various (See Finding)
Program Title **Various (See Finding)**
Compliance Requirement Allowable Costs/Cost Principles, Eligibility, Reporting, Special Tests and Provisions
State Agency **Florida Department of Children and Family Services (FDCFS)**
Federal Grant/Contract Number and Grant Year N/A
Finding Type Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-037

Finding The Florida On-line Recipient Integrated Data Access (FLORIDA) System is a Statewide system operated and maintained by FDCFS to assist in public assistance program eligibility determination and benefit issuance. In the Information Technology audit report No. 2011-141, dated March 2011, we disclosed in findings Nos. 1 through 8, deficiencies related to the FLORIDA System regarding exception reporting, application controls, and systems development and program modification that we consider to be significant deficiencies. Details of the findings and recommendations, as well as FDCFS management’s response are included in that report.

The FLORIDA System is used in administering aspects of the following major programs:

- 10.551 and 10.561 – Supplemental Nutrition Assistance Program Cluster
- 93.558 – Temporary Assistance for Needy Families
- 93.566 – Refugee and Entrant Assistance – State Administered Programs
- 93.778 – Medical Assistance Program

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-038
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Subrecipient Monitoring
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-038
Finding	FDCFS did not have a process to consider subrecipient expenditures from all Federal sources when determining whether subrecipient audit requirements were met.
Criteria	OMB Circular A-133 §___.400 <i>Pass-through entity responsibilities</i> – Pass-through entities are responsible for ensuring that subrecipients expending \$500,000 or more in Federal awards during the subrecipient’s fiscal year have met the OMB Circular A-133 audit requirements.
Condition	<p>During the 2009-10 fiscal year, FDCFS had Federal expenditures related to 660 agreements including 143 with subrecipients for which FDCFS provided \$500,000 or more in Federal assistance. Of the 143 agreements, 92 included funding for the following major programs:</p> <p>93.558, 93.714, and 93.716 – TANF (Temporary Assistance for Needy Families) Cluster 93.566 – Refugee and Entrant Assistance – State-Administered Programs 93.775, 93.776, 93.777 and 93.778 – Medicaid Cluster 93.959 – Block Grants for Prevention and Treatment of Substance Abuse</p> <p>FDCFS has established procedures for ensuring that it receives A-133 audits from subrecipients to which it provides \$500,000 or more in Federal funding. However, the procedures do not address instances where an audit may be required because the total Federal funds expended, including the expenditures funded by other Federal grantors and recipients, exceed \$500,000. Ensuring that subrecipients meet the audit requirements may be accomplished, in part, by requiring all subrecipients to provide an audit or a certification that an audit was not required.</p>
Cause	FDCFS policies and procedures were based only on funding FDCFS provided to subrecipients.
Effect	Procedures to identify all subrecipients required to submit an A-133 audit would provide FDCFS greater assurance that subrecipients were in compliance with laws, regulations, and provisions of contracts and grant agreements.
Recommendation	We again recommend that FDCFS establish procedures to consider all subrecipient expenditures when determining whether audits are required. Such policies and procedures might include requesting all subrecipients to submit to FDCFS either an A-133 audit or certification that an A-133 audit was not required.
State Agency Response and Corrective Action Plan	<p>Based on last year, and this year's audit finding we concur with the Auditor General finding. In response, we have met with the Auditor General staff and have created additional language for our standard contract to further ensure subrecipients understand their responsibilities regarding A-133 compliance.</p> <p>We also conducted a statistically valid test of A-133 federal funding compliance and found no instances where the Department was out of compliance with the requirement that it receive an A-133 audit from subrecipients to which it provides \$500,000 or more in Federal funding. In those subrecipients where the</p>

Department funding was less than \$500,000 we found only three local governmental agencies (school board, county and a sheriff's office) where the Department provided minor funding where an A-133 audit was not in the possession of the Department.

As indicated last year the Department has robust systems in place to ensure compliance with A-133. Notwithstanding those systems the Department plans to develop a web-application where subrecipients can submit A-133 audits to be shared by all agencies with the ability for subrecipient to certify the amounts of their Federal funding from all sources.

This system is expected to be in place in early 2012.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-039
CFDA Number	93.069
Program Title	Public Health Emergency Preparedness (PHEP)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	1H75TP000351-01
Finding Type	Noncompliance and Material Weakness Questioned Costs – \$16,990.35
Finding	Contrary to Federal Regulations, FDOH did not always maintain records to support salaries and benefits charged to the Program. Additionally, various methodologies used by county health departments to allocate salaries resulted in overcharges to the PHEP Program.
Criteria	<p>OMB Circular A-87 Attachment B, Section 8.h., <i>Support of Salaries and Wages</i></p> <p>FDOH Policy DOHP 57-06-08, <i>Single Federal Award Certification Process and Responsibilities</i> requires employees paid and working 100 percent of the time from a Federal grant to complete a Single Federal Award Certification (Certification).</p> <p>FDOH Policy DOHP 57-03-09, <i>Time Keeping Requirements for Federal Awards</i> requires the distribution of salaries or wages for employees working on multiple activities or cost objectives be supported by personnel activity reports, such as the Daily Time Record for Employees Working Multiple Programs (time sheet).</p>
Condition	<p>During the 2009-10 fiscal year, FDOH received as part of the PHEP Program a Public Health Emergency Response (PHER) grant to respond to ongoing and emerging outbreaks of the H1N1 Influenza pandemic. To address increased workload to support activities related to the grant, FDOH reassigned job duties of some existing personnel. FDOH county health departments used various methodologies to allocate salaries to the PHER grant including splitting charges between funding sources, making adjusting entries to transfer salary charges from original funding sources to the PHER grant, and for some employees, establishing an Other Personal Services (OPS) position to account for work activity related to the PHER grant. In addition to preparing certifications or time sheets prescribed by FDOH policies, employees were to also record their work hours in People First (the State’s personnel system). FDOH established a designated project in People First to record work hours related to the PHER grant activities.</p> <p>During the 2009-10 fiscal year, FDOH expended PHEP funds totaling \$32,398,645 of which \$11,546,875 represented salary and benefit costs. Our tests of 19 employees’ salaries, totaling \$220,930.21, charged during the 2009-10 fiscal year to the PHER grant, disclosed the following instances in which inadequate records were maintained or the methodology used to compute or allocate the salaries resulted in overcharges or undercharges to Federal programs.</p> <ul style="list-style-type: none"> ➤ Two employees received salary and benefits totaling \$5,124.10 for which work hours were not recorded in People First and time sheets or valid certifications were not provided for our review. ➤ Although certifications provided for one employee indicated that the employee worked solely on the PHER grant the entire year, work hours recorded in People First reflected work activity on multiple programs. Based on these records, the PHER grant was overcharged for salaries and benefits totaling \$5,858.57.

- For one employee, the PHER grant was charged salaries and benefits totaling \$16,679.48. However, based on time records, the PHER grant was overcharged for salaries and benefits totaling \$2,836.88.
- A salary payment for one employee was computed incorrectly resulting in the PHER grant being overcharged for salaries and benefits totaling \$185.28.
- Based on work hours recorded in People First for the PHER grant, three employees' salaries and benefits totaling \$2,985.52 should have been charged to the PHER grant, but were paid by other Federal programs. (\$353.60 HIV Formula Grants [CFDA No. 93.917], \$656.68 American Recovery and Reinvestment Act Health Cluster [CFDA No. 93.703], and \$1,975.24 [multiple programs allocated through random moment sampling])

Additionally, contrary to Federal regulations that require personnel activity reports be prepared at least monthly, we noted that for four employees the time sheets provided for our review were prepared 57 to 124 days after the relevant pay period.

Cause According to FDOH personnel, the nature of the H1N1 Influenza pandemic and the need to quickly implement a mass vaccination program put pressure on FDOH resources. A uniform methodology was not implemented to allocate salaries charged to the PHER grant. County health department employees did not always follow FDOH policy related to preparation of certifications and time sheets.

Effect Federal programs were charged costs that were not substantiated by appropriate records or did not benefit the program.

Recommendation The PHEP Program Office should establish a uniform Statewide methodology for calculation and allocation of salaries charged to the PHER grant. Procedures should be enhanced to ensure employees adhere to FDOH policies for documenting work activity related to Federal awards.

State Agency Response and Corrective Action Plan We concur. During the course of this Federal funding period, the Department received supplemental funding to mitigate the H1N1 influenza virus. Funds were distributed quickly using the current procedures and methods in place for timekeeping and payroll. The Bureau of Preparedness & Response will conduct an analysis of current methodologies being used by Central Office and County Health Department staff and work towards the establishment of a uniform Statewide methodology for calculation and allocation of salaries charged to the PHER grants.

The Bureau of Preparedness & Response will assign appropriate staff to conduct an analysis of current methodologies being used statewide to charge salaries to the PHEP grants. The result of the analysis will be reviewed by a team to determine the most appropriate methodology to be used statewide. Implementation of the new methodology will begin with the next federal funding cycle which begins August 1, 2011.

Estimated Corrective Action Date August 1, 2011

Agency Contact and Telephone Number Jean Kline
(850) 245-4054

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-040
CFDA Number	93.069
Program Title	Public Health Emergency Preparedness (PHEP)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	5U90TP417006-10
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$1,793,962.25
Finding	FDOH did not timely identify valid expenditures to meet the matching requirement for the Public Health Emergency Preparedness (PHEP) grant and did not maintain records to support salary costs claimed for matching purposes.
Criteria	45 CFR, Section 94.24, <i>Matching and Cost Sharing</i> OMB Circular A-87 Attachment B, Section 8.h., <i>Support of Salaries and Wages</i> Public Health Preparedness Cooperative Agreement Grant Award
Condition	As of June 30, 2010, the PHEP grant award required FDOH to provide \$1,907,719 in State matching funds. FDOH procedures required the PHEP Program Office to submit the coding for expenditures designated for match to the FDOH Office of Revenue Management for approval. However, as of August 9, 2010, the end of the grant budget period, the PHEP Program Office had not identified sufficient valid expenditures to meet the match requirement. Subsequent to our audit inquiry, FDOH personnel identified other State expenditures that were submitted to and approved by FDOH's Office of Revenue Management in October 2010. However, \$1,793,962.25 of \$2,409,152.50 in total identified match expenditures through August 6, 2010, represented salary expenditures for which FDOH, contrary to Federal regulation, did not require employees to prepare work activity reports or certify that the employee worked solely on the grant related activities. Additionally, FDOH had not established a unique accounting code to facilitate identification of the expenditures in the State's accounting records.
Cause	According to FDOH staff, during the 2009-10 fiscal year, the PHEP Program Office had to realign priorities to address the H1N1 influenza crisis. Although the PHEP Program Office required employees whose salaries were funded by the grant to prepare work activity reports or certify that they worked solely on the grant, applying the requirement to employees whose salaries were to be used for match was overlooked. Also, since FDOH did not determine which employees' salaries were to be used to meet the matching requirements until subsequent to the end of the fiscal year, FDOH could not require to the applicable employees to maintain appropriate work activity reports or certifications.
Effect	Not timely identifying sufficient valid match expenditures reduces assurance that FDOH would comply with matching requirements and that matching expenditures would meet applicable Federal requirements. The absence of a unique accounting code to identify match expenditures causes additional effort to identify eligible match expenditures and increases the potential for error when making match calculations.
Recommendation	As required by established FDOH procedures, PHEP Program Office personnel should submit proposed match expenditures to the Office of Revenue Management and receive approval prior to submitting applications for grant awards. To facilitate identification and accounting for PHEP match, FDOH should establish unique accounting codes for expenditure transactions also used to meet the match requirement. PHEP Program Office personnel should ensure that all employees whose salaries will be used to meet the match requirement

State Agency Response and Corrective Action Plan	<p>prepare work activity reports or payroll certifications.</p> <p>We concur. The Bureau of Preparedness & Response is currently adhering to the Department's policy for documenting matching funds and receiving approval from the Bureau of Revenue Management prior to submitting applications for grant awards. The Department's policy requires the inclusion of a Cost Sharing Form when grant applications are routed through the Department for review and approval prior to submitting the application to the awarding agency. The Bureau will work to establish unique accounting codes for transactions used to meet the matching requirements and will work to ensure that 100% timekeeping requirements are followed for salaries used to meet the matching requirement.</p> <p>The Bureau of Preparedness & Response will continue to follow the Department's policy for submitting proposed match expenditures using the most current Cost Sharing Form.</p> <p>Administrative Services Unit (ASU) staff will work with the Department's Bureau of Revenue Management and Bureau of Budget Management to establish unique accounting codes for matching expenditures and ensure all expenditures being coded as matching dollars.</p>
Estimated Corrective Action Date	Anticipated completion date is September 30, 2011.
Agency Contact and Telephone Number	March 1, 2011
	Jean Kline (850) 245-4054

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-041
CFDA Number	93.558, 93.714, 93.716
Program Title	TANF (Temporary Assistance for Needy Families) Cluster
Compliance Requirement	Allowable Costs/Cost Principles, Eligibility
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	G-0902FLTANF 2009 and G-1002FLTANF 2010
Finding Type	Noncompliance Questioned Costs – \$1,660 (Federal Grant Nos. G-0902FLTANF 2009 \$249 and G-1001FLTANF 2010 \$1,411) (Federal Share \$695.04)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-042
Finding	TANF benefits were not always timely adjusted for changes in client’s shelter costs. In addition, FDCFS did not always notify clients of the requirement to cooperate with Child Support Enforcement (CSE).
Criteria	Sections 414.095(10)(c); 414.095(7); 414.095(14)(d)(e), Florida Statutes; Section 42 USC 608(a)(3) <i>Prohibitions; Requirements</i> ; Program Policy Manual 1420.1700 <i>Child Support Cooperation (TCA)</i>
Condition	<p>During the 2009-10 fiscal year, FDCFS made TANF cash benefit payments totaling \$189,178,489. We examined FDCFS records of eligibility for 40 clients (cases). Our examination disclosed one instance in which the payment amount was incorrect and one instance in which the client had not completed all eligibility requirements. Specifically:</p> <ul style="list-style-type: none"> ➤ A client’s TANF cash assistance benefit payment of \$241 was determined based on the client’s reporting of a shelter obligation greater than \$50 per month. During the July 2009 and March 2010 recertifications, the client indicated that there was no shelter obligation, however; FDCFS did not reduce the client’s TANF cash assistance benefit payment. The error resulted in an overpayment of \$913. In addition, during the recertification in March 2010, the case worker made notes of questionable statements made by the client regarding the shelter obligation; however, contrary to FDCFS policy, clarifications were not obtained for the questionable statements. ➤ A client was paid \$249 per month, the appropriate payment for a relative caregiver of a child aged 6 to 12, beginning in April 2010. However, FDCFS failed to notify the client of the requirement to cooperate with CSE as a condition of eligibility. As a result of the FDCFS error, the client received \$747 in TANF cash assistance without fully cooperating with CSE.
Cause	Adjustments to payment amounts for changes in shelter obligations and notification of clients of the requirements to cooperate with CSE are manual processes requiring employee action. Increased caseload may have affected employees’ ability to properly perform these manual processes.
Effect	TANF payments were made for incorrect amounts and to a recipient who did not cooperate with CSE.
Recommendation	We recommend that FDCFS take the necessary steps to ensure benefit payments are accurately determined and that additional verification is obtained when clients provide questionable statements. In addition, we recommend that FDCFS ensure that clients are notified of the requirement to comply with CSE.
State Agency Response and Corrective Action Plan	<p>The Department ensures the accuracy of benefit payments by monitoring the TANF program through its quality assurance efforts at the state and local levels.</p> <p>In the one case cited due to shelter obligation, the Department addressed the shelter obligation change in the client interview but did not update the appropriate shelter screen in its eligibility information system. A training on ensuring shelter</p>

screens are updated when the shelter obligation changes as well as obtaining shelter verification when the shelter obligation is questionable will be requested for the local site where the error occurred.

In the one instance where the Department did not notify the client of the requirement for up-front cooperation with Child Support Enforcement, a training emphasizing its importance will be requested for the local site where the error occurred.

A request will be made for a Benefit Recovery review of these two cases for possible overpayment.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-042
CFDA Number	93.558, 93.714, and 93.716
Program Title	TANF (Temporary Assistance for Needy Families) Cluster
Compliance Requirement	Special Tests and Provisions - Child Support Non-Cooperation
State Agency	Florida Department of Children and Family Services (FDCFS) Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	G-0902FLTANF 2009 and G-1002FLTANF 2010
Finding Type	Opinion Qualification and Material Noncompliance Questioned Costs – \$3,165 (Federal Grant Nos. G-0902FLTANF 2009, \$198 and G-1001FLTANF 2010, \$2,967)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-044
Finding	FDCFS did not timely impose FDOR Child Support Enforcement (CSE) sanctions on clients who were receiving TANF benefits.
Criteria	Section 414.095(6), Florida Statutes, <i>Child Support Enforcement</i> - As a condition of eligibility for public assistance, the family must cooperate with the State agency responsible for administering the child support enforcement program. 42 USC 608(a)(2), <i>Reduction or elimination of assistance for noncooperation in establishing paternity or obtaining child support</i> 45 CFR 264.30, <i>What procedures exist to ensure cooperation with the child support enforcement requirements?</i> 45 CFR 264.31, <i>What happens if a State does not comply with the IV-D sanction requirement?</i>
Condition	Under State and Federal law, the State CSE Program must take action to locate noncustodial parents, establish paternity, and secure child support, medical support, and other benefits for children receiving public assistance. Applicants for and recipients of TANF must cooperate with CSE as a condition of eligibility, unless it is determined that good cause for noncooperation exists. During the 2009-10 fiscal year, FDCFS made TANF cash assistance payments totaling \$189,178,489. During the 2009-10 fiscal year, FDOR referred to FDCFS 4,701 cases for which sanctions were to be imposed. Our examination of FDCFS records for 40 clients (cases) disclosed the following: <ul style="list-style-type: none"> ➤ Two cases in which it could not be determined whether required actions regarding a sanction request were appropriately completed by FDOR and FDCFS. According to FDOR records, both cases were referred for a sanction; however, FDCFS records indicated that the sanction alerts were not received. Ineligible clients received payments totaling \$2,103. ➤ Three cases in which FDCFS did not review the sanction request within 10 days as required. FDCFS reviewed the sanction requests between 48 and 107 days subsequent to the date of notification from FDOR. As a result, during that period, ineligible clients received payments totaling \$759. ➤ One case in which FDCFS reviewed the sanction request timely, however; payments totaling \$303 continued to be made to the ineligible client subsequent to the sanction request.
Cause	FDCFS staff indicated that the above errors occurred due to an increase in the overall public assistance caseload and to staff misunderstanding of a directive for the priority processing of CSE sanction data exchanges. In addition, FDCFS staff indicated that the inability to determine whether the required actions for FDOR and FDCFS were taken regarding a sanction request was due to an unexplainable system breakdown in communication.

Effect Clients continued to receive benefits although they were not eligible.

Recommendation FDCFS should ensure that sanctions are processed timely and benefits are timely discontinued. In addition, FDOR and FDCFS should evaluate the sanction process to determine the cause of the breakdown between the sanction referral and sanction alert.

Florida Department of Children and Family Services

State Agency Response and Corrective Action Plan 1. The Department did provide documentation that the DOR sanction requests were not received. The Department's research did not find any problems with the system communication between the Department and DOR. Both cases had circumstances that would prevent the sanction requests from being received: One case had a good cause claim and the other already had a sanction imposed.

2. This is a repeat finding and effective October 2010 the Department began providing monthly reminders to staff to process child support sanctions timely through FLORIDA system broadcasts. To clear up any misunderstanding of the priority processing of CSE sanctions, the Department will begin a CSE sanctions awareness campaign: This issue will be addressed with management via the Program, Policy, and Operations conference call. The Case Maintenance Unit (CMU) workgroup will be notified as well. Training emphasizing the priority processing of CSE sanctions will be requested for the CMUs where the errors occurred.

In the one instance where the sanction was reviewed timely but not imposed timely, a training stressing the importance of imposing sanctions timely will be requested for the local site where the error occurred.

A request will be made for a Benefit Recovery review of all the cases for possible overpayment.

Estimated Corrective Action Date 2. June 30, 2011

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-043
CFDA Number	93.558, 93.714, 93.716
Program Title	TANF (Temporary Assistance for Needy Families) Cluster
Compliance Requirement	Special Tests and Provisions - TANF Emergency Fund Grants - FY 2009 and FY 2010
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	G-0901FLTAN2 2009 and G-1001FLTAN2 2010
Finding Type	Significant Deficiency
Finding	FDCFS did not accurately report estimated expenditures and actual (revised) expenditures for basic assistance to reflect the State's increase in expenditures. In addition, FDCFS could not provide supporting documentation for base-year expenditures for non-recurrent short-term benefits.
Criteria	42 USC 603(c), <i>Emergency Fund</i> Instructions for Completing Form OFA-100 Emergency Fund Request Form
Condition	In order to obtain TANF Emergency Fund grants, states must request the grant by submitting a Form OFA-100, Emergency Fund Request Form, and must meet the requirements of the grant category for which funding was requested. The categories included grants related to increased caseload, increased expenditures for non-recurrent short term benefits, and increased expenditures for subsidized employment. The Form OFA-100 reported base-year data from fiscal years 2007 and 2008, which was used to determine the amount of the award. FDCFS was awarded grants totaling \$240,941,591 for the 2008-09 and 2009-10 Federal fiscal years. The amount expended during the 2009-10 fiscal year totaled approximately \$89.3 million. To apply for the Emergency Fund grant, FDCFS submitted a Form OFA-100 for each quarter in which grant funding was requested. Expenditures reported for each quarter are required to be updated to reflect the most current data. For all quarters during fiscal year 2009-10, FDCFS reported estimated expenditures for basic assistance rather than actual expenditures. The difference between the amounts reported and actual expenditures totaled \$1,006,352. In addition, FDCFS could not provide documentation to support non-recurrent short-term expenditures reported in the quarters included in the 2007 and 2008 base-years. Expenditures reported for each of these quarters totaled \$19,300,443.
Cause	The Grant Operations Specialist maintained a spreadsheet with actual and estimated basic assistance expenditure totals for each month. Due to employee error, the actual basic assistance amounts were not reported on the OFA-100.
Effect	The amounts reported for basic assistance were \$1,006,352 less than actual expenditures. Using the correct amounts, FDCFS may have qualified for additional emergency funds. Without documentation to support the amounts reported, base-year non-recurrent short-term expenditures could not be verified. Base-year expenditures are used to determine whether FDCFS had an increase in caseloads or expenditures that would qualify FDCFS for funding during each quarter for which an award was received.
Recommendation	We recommend that FDCFS ensure that actual data is reported in the required submission of final Emergency Fund data on March 31, 2011.

**State Agency Response and
Corrective Action Plan**

Basic Assistance Issue: The Department will reconcile actual basic assistance expenditures and compare this to the base year amounts established on the OFA-100 reports submitted to date. In short, we will reconcile actual costs and compare to growth even if that means increased earnings for TANF Emergency Contingency Funds (TECF), for example, and less for TECF Subsidized Employment, where we are not anticipating on liquidating the full amount awarded to the State for subsidized employment. The bottom line on this issue is that the State will realize earnings on 80% of growth for expenditures above the base year within the limits of the amount awarded to the State in TECF.

Documentation for Short-Term Nonrecurrent: We agree and will use actual base-year expenditures in the March report. It does appear that the base-year expenditures for FFY 2007 and 2008 were overstated.

**Estimated Corrective
Action Date**

March 31, 2011

(850) 921-8174

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-044
CFDA Number	93.563
Program Title	Child Support Enforcement (CSE)
Compliance Requirement	Special Tests and Provisions – Establishment of Paternity and Support Obligations
State Agency	Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	0904FL4002, 0904FL4004 2008-09; 1004FL4002, 1004FL4004 2009-10
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-048
Finding	Deficiencies continued to exist regarding the timeliness of FDOR's establishment of support obligations or commencement of proceedings to establish support obligations and, if necessary, paternity.
Criteria	<p>45 CFR 303.4 <i>Establishment of Support Obligations</i> - Within 90 calendar days of locating the alleged father or noncustodial parent, regardless of whether paternity has been established, establish an order for support or complete service of process necessary to commence proceedings to establish a support order and, if necessary, paternity (or document unsuccessful attempts to serve process).</p> <p>45 CFR 303.2(b) <i>Establishment of Cases and Maintenance of Case Record</i> – Within no more than 20 calendar days of receipt of referral of a case or filing of an application for services, open a case by establishing a case record.</p>
Condition	<p>For CSE case establishment, FDOR staff have multiple time frames to meet when establishing child support obligations. Our test of unobligated cases (cases where a support order has not been established) disclosed that for the cases reviewed, FDOR did not always establish, within the required time frame, a support order or complete service of process necessary to commence proceedings to establish a support order, and, if necessary, paternity (or document unsuccessful attempts to serve process). Specifically:</p> <ul style="list-style-type: none"> ➤ For 2 of 40 cases, FDOR did not open the cases within 20 calendar days of receipt of referral or the filing of an application for services. The number of days in excess of the required 20 calendar day time frame were 55 and 97 days. ➤ For 9 of 13 applicable cases, FDOR had not established a support order or documented service of process. The number of days elapsed from locating the noncustodial parent ranged from 130 to 299 days as of October 4, 2010, or the date the case was closed during the audit period, and averaged 187 days. ➤ For 4 of 13 applicable cases, FDOR did not timely complete service of process relating to support order establishment within 90 calendar days, with the number of days late ranging from 12 to 56 days, and averaging 36 days. ➤ For 7 of 18 applicable cases, FDOR had not established paternity or document service of process attempts to establish paternity. The number of days elapsed from locating the noncustodial parent ranged from 130 to 349 days, and averaged 213 days. For 1 additional case, paternity had not been established and service of process was completed 49 days in excess of the required 90 calendar day time frame.

Cause	FDOR utilized the CSE Component of the Florida On-line Recipient Integrated Data Access (FLORIDA) System, its legacy system, for establishment of paternity and support order activities. Even though the CSE Component provides tracking mechanisms for paternity and support order activities, it does not provide specific alerts when a case is nearing the impending deadlines for particular actions. Also, FDOR management stated that the workload at some service sites could have impacted the timeliness of case processing.
Effect	Untimely actions in regard to establishing paternity and support orders delay initiation of enforcement actions.
Recommendation	We recommend that FDOR develop a process or mechanism to alert staff of impending deadlines to ensure that paternity and support obligations are processed within the required time frames.
State Agency Response and Corrective Action Plan	<p>The Department agrees with the finding and recommendation. The design of the final phase of CAMS includes the ability to monitor case processing timeframes for cases needing paternity and/or support order establishment. The FLORIDA System does not currently include this level of functionality.</p> <p>While CAMS will provide the ability to monitor case processing timeframes for these cases, it is also noted that each year the Department is seeing large growth in the number of service requests requiring paternity and initial support order establishment. The annual number of service requests requiring an initial order for support has grown from 136,659 to 149,552 in FFY 2007-08 and FFY 2009-10 respectively, a 9.4 percent increase. Continued growth in these types of service requests will continue to create challenges in meeting case processing time frames.</p> <p>Additionally, the federal time standard for establishing a support order or completing service of process within 90 days of locating the respondent was adopted in 1989. Since then, there have been many improvements in the location resources and activities available to the Department. Information about a noncustodial parent's whereabouts can be obtained and verified within a few days of opening a case, which starts the 90 day timeframe. However, before a petition can be prepared and filed with the court in a civil action, the Department must obtain certain information from the custodial parent, including financial affidavits and paternity declarations. Any delay in obtaining information from the custodial parent, which may require sanctions for noncooperation in public assistance cases, places the 90 day time frame in jeopardy. Whether the 90 day timeframe can be met also depends on the ability of the sheriffs' offices and private process servers to serve papers timely. A confirmed location does not ensure timely service of process. Some respondents move frequently, have multiple addresses, or are not there when the process server attempts to serve them.</p>
Estimated Corrective Action Date	CAMS is scheduled to be implemented in February 2012.
Agency Contact and Telephone Number	Mel Hedick, Resource Management Process Manager (850) 617-8065

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-045
CFDA Number	93.563
Program Title	Child Support Enforcement (CSE)
Compliance Requirement	Special Tests and Provisions – Provision of Child Support Services for Interstate Cases
State Agency	Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	0904FL4002, 0904FL4004 2008-09; 1004FL4002, 1004FL4004 2009-10
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-050
Finding	For interstate cases, deficiencies continued to exist in the provision of required child support services within specified time frames.
Criteria	<p>45 CFR 303.7, <i>Provision of Services in Interstate IV-D Cases</i> –</p> <p>(a) <i>Interstate Central Registry</i> - Cases must be reviewed within 10 working days of receipt from an initiating state.</p> <p>(b) <i>Initiating State IV-D Agency Responsibilities</i> - Cases where the noncustodial parent (NCP) is determined to be in another state are to be forwarded to the responding states' central registry.</p>
Condition	<p>For interstate cases, FDOR staff have multiple time frames to meet when providing the required child support enforcement services or information to other states. We tested 31 initiating and 10 responding interstate cases to determine if FDOR staff met these time frames, as applicable. Our tests disclosed that for the following cases, FDOR did not provide the required child support enforcement services or information to other states within the required time frames. Specifically:</p> <ul style="list-style-type: none"> ➤ For 2 of 31 applicable interstate initiating cases reviewed, FDOR determined that the NCP was in another state and had not provided the case to the responding state for review as of October 21, 2010, the number of days in excess of the required 20 calendar days for referral was 349 and 385. ➤ For 13 of 31 interstate initiating cases reviewed, FDOR did not timely refer the case to the responding state for child support action within the required time frame of 20 calendar days of determining that the NCP was in the other state or upon receipt of additional information needed to process the case. The number of days in excess of the required 20 calendar days for referral ranged from 1 to 385 days and averaged 63 days. ➤ For 9 of 15 applicable interstate initiating cases reviewed where requests for additional information were received from the responding state, FDOR did not timely provide the other state with the requested information or notify the other state when the information would be provided within the required time frame of 30 calendar days after receipt of the request. The number of days in excess of the required 30 calendar days for providing the additional information ranged from 1 to 278 days and averaged 96 days. ➤ For 7 of 14 applicable interstate initiating cases reviewed where new information was received, FDOR did not timely provide the other state with the new information within 10 working days of receipt of the new information. The number of days in excess of the required 10 working days for providing the new information ranged from 24 to 211 days and averaged 68 days. ➤ For 1 of 3 applicable interstate initiating cases reviewed where a custodial parent requested a review of a child support order, FDOR did not timely request a review of the order by the responding state within the required time frame of 20 calendar days of receiving the request. As of October 21, 2010,

the number of days in excess of the required 20 calendar days for requesting the review was 95 days.

- For 5 of 10 responding interstate cases reviewed, FDOR Central Registry did not timely review the case for completeness, forward the case to the responsible office for processing, send an acknowledgement of receipt to the initiating state, and inform the initiating state where the case was sent for action, within the required time frame of 10 working days of receipt by FDOR's Central Registry. The number of days in excess of the required 10 working days ranged from 2 to 17 days and averaged 8 days.

Cause FDOR utilized the CSE Component of the Florida On-line Recipient Integrated Data Access (FLORIDA) System, its legacy system, for processing interstate activities. Even though the CSE Component does provide tracking mechanisms for interstate activities, it does not provide specific alerts when an initiating case is nearing the impending deadlines for appropriate actions. Also, FDOR management stated that the workload at some service sites could have impacted the timeliness of case processing.

Effect FDOR's untimely actions in regard to initiating interstate cases may delay the processing of child support enforcement orders and may further delay the initiation of enforcement actions.

Recommendation We recommend that FDOR develop a process or mechanism to alert staff of impending deadlines to ensure cases are processed, referred, and responded to within the required time frames.

State Agency Response and Corrective Action Plan The Department agrees with the finding and recommendation. In January 2011 the Department published three new sections of procedure (Intergovernmental Support-Initiating Interstate Establishment, Responding Interstate, and International Case Processing) and approximately 10 new job aids that train staff and further clarify time frames and requirements.

The design of the final phase of CAMS includes the ability to monitor case processing timeframes for interstate cases. The FLORIDA System does not currently include this level of functionality.

While CAMS will provide the ability to monitor case processing timeframes for these cases, it is also noted that each year the Department is seeing large growth in the number of interstate initiating service requests. The Department has experienced a 17.9% increase in new interstate initiating service requests in FFY 2007-08 (10,158) and FFY 2009-10 (11,981). Continued growth in these types of service requests will continue to create challenges in meeting case processing time frames.

Additionally, the federal regulations establishing the interstate case processing timeframes do not reflect the changes and improvements to the Program's processes to locate parents and verify location. Information about a noncustodial parent's whereabouts can be obtained and verified within a few days of opening a case, in effect, starting the case processing timeframes. However, additional actions often must occur before a case can be initiated to the responding state (i.e., completion of the UISFA documents). Any delay in obtaining information from the custodial parent, including utilizing available noncooperation procedures, places the 90 day time frame in jeopardy.

Estimated Corrective Action Date CAMS is scheduled to be implemented in February 2012.

Agency Contact and Telephone Number Mel Hedick, Resource Management, Process Manager
(850) 617-8065

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-046
CFDA Number	93.563
Program Title	Child Support Enforcement (CSE)
Compliance Requirement	Special Tests and Provisions – Enforcement of Support Obligations
State Agency	Florida Department of Revenue (FDOR)
Federal Grant/Contract Number and Grant Year	0904FL4002, 0904FL4004 2008-09; 1004FL4002, 1004FL4004 2009-10
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-045
Finding	Deficiencies in FDOR procedures for ensuring adequate oversight of State Disbursement Unit (SDU) collection and disbursement of child support payments and reporting thereof continued to exist during the 2009-10 fiscal year.
Criteria	Title 42, Section 654b., United States Code - States are to establish an SDU for the collection and disbursement of child support payments. Section 61.1826, Florida Statutes, directed FDOR to contract for the operation and maintenance of the SDU.
Condition	<p>For the 2009-10 fiscal year, FDOR reported child support collections totaling approximately \$1.7 billion on the Quarterly Reports of Collection (OCSE-34), the majority of which was collected at the SDU. The SDU received child support payments and was to transmit the collection information to the CSE Component of the Florida On-line Recipient Integrated Data Access (FLORIDA) System. The CSE Component of the FLORIDA System is to determine the distribution allocations for the collections and transmit the information to the SDU. The SDU then disburses the collections. FDOR utilized information from the FLORIDA System, which in part was provided by the SDU, to prepare the Quarterly Reports of Collections.</p> <p>In the audit covering the 2008-09 fiscal year, we found that FDOR had not obtained an independent audit of the SDU and FDOR’s monitoring efforts were not adequate. Our audit covering the 2009-10 fiscal year disclosed:</p> <ul style="list-style-type: none"> ➤ FDOR had obtained a Type 1 SAS 70 independent service auditor’s report on internal controls related to the SDU. The auditor reported that internal controls were suitably designed and placed in operation as of June 1, 2010. However, Type 1 service auditor reports do not address the operating effectiveness of the controls reviewed. ➤ FDOR had performed certain monitoring activities, such as monthly monitoring of debit card transactions and validation of payments, but had not conducted on-site monitoring to evaluate SDU collection and disbursement processes. ➤ As reported in the prior year, FDOR had drafted reports of monitoring activities that occurred in May 2009 of suspense processing, rejected receipts, and employer EFT receipts. However, as of December 3, 2010, these reports had not been finalized.
Cause	FDOR management indicated that due primarily to the contractor’s extensive involvement in the development and implementation of a new collection and disbursement system (KidStar), the on-site monitoring had not been conducted and final monitoring reports had not been issued.
Effect	Absent an evaluation of the effectiveness of SDU internal controls over collections, disbursements, and information technology, or adequate on-site monitoring of SDU processes, FDOR’s ability to ensure that the SDU is operating appropriately is limited.

Recommendation	We recommend that FDOR ensure contract compliance and the integrity of the collection and disbursement functions performed at SDU through internal or external evaluations or monitoring of the effectiveness of SDU functions.
State Agency Response and Corrective Action Plan	<p>The Department agrees with the finding. The only aspect of the Department's SDU monitoring that was not conducted during the 2009-10 fiscal year was on-site monitoring. This was discontinued in the June 2009 timeframe due to the SDU vendor's development and implementation of a new SDU automated system (KidStar). Monthly monitoring of debit card transactions, daily review of Clerk of Court transfers of payments between cases and monitoring of Suspense processing continued during this period.</p> <p>After KidStar was implemented and the vendor worked through initial startup issues, the Department resumed on-site monitoring activities in February 2011. Specific monitoring activities are currently underway and on-site visits are scheduled through the end of the state fiscal year in June 2011. The monitoring plan for 2011-12 is being developed and scheduling of visits starting in July 2011 will be coordinated with the vendor as part of the overall monitoring effort.</p>
Estimated Corrective Action Date	06/30/2011
Agency Contact and Telephone Number	Mel Hedick, Resource Management Process Manager (850) 617-8065

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-047
CFDA Number	93.566
Program Title	Refugee and Entrant Assistance – State Administered Programs (REAP)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	G-09AAFL4100 and G-10AAFL4100
Finding Type	Noncompliance Questioned Costs – \$10,944.65
Finding	FDOH did not always maintain appropriate documentation to support salary and benefits charged to REAP. Additionally, FDOH did not correctly allocate salary and benefits for employees that worked on the REAP and the Haitian Relief Effort Programs.
Criteria	OMB Circular A-87, Attachment A, Section C, <i>Basic Guidelines</i> OMB Circular A-87, Attachment B, Section 8.h., <i>Support of Salaries and Wages</i> FDOH Policy DOHP 57-06-08 Bureau of Revenue Management <i>Single Federal Award Certification Process and Responsibilities</i> . This policy requires all employees, including contracted employees who are paid 100 percent from a particular program, to complete a payroll certification in January and July of each year.
Condition	The Refugee Health Program within the Bureau of Tuberculosis and Refugee Health at FDOH performed medical screenings and immunizations for refugees. During the 2009-10 fiscal year, expenditures for the administration of refugee medical screenings and immunizations totaled \$11,111,863, including salary and benefit costs totaling \$4,543,213. Our test of 20 salary payments to FDOH employees disclosed 4 instances where documentation was not maintained to support the amounts charged to REAP. Specifically: <ul style="list-style-type: none"> ➤ Salary and employee benefit costs attributable to one employee totaling \$6,118.06 were charged to REAP, however; a certification was not available indicating that the employee had worked solely on REAP. ➤ Salary and benefit costs totaling \$4,826.59 and attributable to three employees were incorrectly charged to REAP. According to People First, the State's personnel system, the employees' timesheets indicated they worked on both REAP and the Haitian Relief Effort under the U.S. Repatriation Program (CFDA No. 93.579); however; no salaries and benefits were allocated to the Haitian Relief Effort. Subsequent to audit inquiry, FDOH reallocated the salary and benefit costs to the Haitian Relief Effort, however; instead of allocating costs based on a percentage of time worked, FDOH allocated regular compensation hours to REAP and then the remaining hours, including overtime compensation, to the Haitian Relief Effort program.
Cause	FDOH did not have a system in place to obtain certifications from employees that begin employment less than six months from the date that FDOH collected certifications. In regard to the salary allocation, according to FDOH staff, the employee did not complete the Daily Time Record for Employees Working Multiple Programs worksheet used to support allocations and adjust salary costs.
Effect	REAP was charged costs that were not substantiated by appropriate records or that did not benefit the Program.

Recommendation

We recommend FDOH implement a system to systematically identify those positions whose salary and benefits are charged solely to REAP and ensure certifications are obtained. We also recommend that FDOH ensure that appropriate records are completed for employees whose salary is required to be allocated.

State Agency Response and Corrective Action Plan

We concur.

1) A copy of the certification that was not available during the audit process is now available. All employees who work solely on REAP are required to complete "Single Federal Award Certifications" in January and July of each year. This includes employees who began work during the six month period following the prior certification collection. This issue is now resolved.

2) The Haitian Relief Effort was executed as an emergency response to the earthquake in Haiti on 2010. During this extraordinary circumstance, employees were responsible for assisting on the Haitian Relief Effort in addition to their regular work and therefore were required to complete "Daily Time Records for Employees Working Multiple Programs" forms. Subsequent to the Auditor General's audit, United States Department of Health and Human Services also conducted an audit which identified the same discrepancy for the three employees who worked on both REAP and the Haitian Relief Effort but were incorrectly charged only to REAP. When FDOH was informed of the mistake, corrective action was taken by reallocating the proportionate amount of salary and employee benefit costs, based on the timesheet actual hours worked, to the Haitian Relief Effort. This issue is now resolved.

3) Regarding the certification and timekeeping requirements, Central Office Refugee Health Program staff conducted conference calls with the County Health Departments and will continue to strengthen efforts to remind staff of existing policies for certification and timekeeping, particularly during disasters/emergency response. This issue is now resolved.

Completed. No further action is required, the issue has been resolved.

Estimated Corrective Action Date

Completed.

Agency Contact and Telephone Number

Julia Gill
(850) 245-4411

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-048
CFDA Number	93.566
Program Title	Refugee and Entrant Assistance – State Administered Programs (REAP)
Compliance Requirement	Allowable Costs/Cost Principles, Eligibility
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	G-09AAFL4100 and G-10AAFL4100
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$204,277.81
Finding	FDCFS did not timely correct Refugee Medical Assistance (RMA) payments made to ineligible recipients or notify the Florida Agency for Health Care Administration (FAHCA) of a potentially liable third party.
Criteria	45 CFR 400.105 – <i>Mandatory Services</i> ; 42 CFR 433.138 – <i>Identifying liable third parties</i> ; 8 USC 1611(b)(1)(A) <i>Aliens who are not qualified aliens ineligible for Federal public benefits</i> ; Sections 414.41; 409.901; and 409.910, Florida Statutes; Program Policy Manual 3660.0500 <i>Department Staff Overpayment Responsibilities</i> and 2630.0504.04 <i>Required Action for Third-Party Payments</i>
Condition	<p>During the 2009-10 fiscal year, FDCFS made Refugee Cash Assistance (RCA) payments totaling \$10,186,208. In addition, claims totaling \$22,169,195 were paid on behalf of RMA clients. We examined FDCFS records of eligibility for 20 clients who received RCA and 20 clients who received RMA. Our examination disclosed two instances where FDCFS did not timely resolve improper RMA payments. Specifically:</p> <ul style="list-style-type: none"> ➤ In March 2010, FDCFS identified a client that was incorrectly approved for RMA. Between February 2010 and April 2010, RMA claims were paid on behalf of the client totaling \$43,110.60. The client was instead determined eligible for the Medical Assistance Program under CFDA No. 93.778. As of November 2010, the claims paid had not been reclassified to the correct funding source. ➤ A nonprofit organization assumed costs for a client’s medical care and hospitalization, however; FDCFS did not notify FAHCA, which pays the RMA claims, of the potential third-party liability. Claims totaling \$161,167.21 were paid during the 2009-10 fiscal year on behalf of the client.
Cause	FDCFS staff failed to follow established policies and procedures related to correcting REAP RMA payment errors.
Effect	RMA payments were incorrectly charged to REAP funds. In addition, RMA paid claims were not submitted to a potentially liable third-party for one client.
Recommendation	FDCFS should provide additional guidance and training to staff regarding the procedures to timely correct errors detected in RMA benefit payments and timely refer potential third-party liability cases to FAHCA.
State Agency Response and Corrective Action Plan	<p>Both cases cited are products of the 2010 Haiti Earthquake Disaster. The case actions that resulted in the two errors occurred during the Department’s emergency response and recovery efforts to assist victims/evacuees of the 2010 Haiti Earthquake Disaster. These two cases are isolated incidences and do not require any additional actions other than the case corrections indicated below.</p> <p>1a. ACCESS Program Office will coordinate with the Office of Revenue Management who will complete a federal earnings adjustment in GRANTS (Grant Revenue Allocation and Tracking System). Specifically, the adjustment will reduce reported expenditures by \$43,110.60 (100% federal share) in the FFY 2010 Refugee Cash and Medical Assistance Grant and increase reported</p>

expenditures by \$43,110.60 (50% federal share) in the FFY 2010 Medicaid Administration Grant.

1b. The local site where the error occurred will be requested to correct the case and complete a Benefit Recovery referral for any payments made for medical services provided outside of the customer's eligibility period.

2. On December 23, 2010, the Department notified FAHCA of the potential third party liability, fulfilling the Department's responsibility as required by policy. FAHCA provided the Department with the following status of the actions they are taking on this case: The Medicaid Third Party Liability Vendor for FAHCA is continuing to research the possibility of any recovery. A determination will be made as to whether an organization billing or disallowance to the provider would be appropriate.

Finding Number	FA 10-049
CFDA Number	93.568
Program Title	Low-Income Home Energy Assistance Program (LIHEAP)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Community Affairs (FDCA)
Federal Grant/Contract Number and Grant Year	2008G992201; 2008G992212 2008
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$112,446.87
Finding	FDCA’s procedures did not effectively ensure that no more than 15 percent of LIHEAP funds were used for low-cost residential weatherization or other energy-related home repairs for low-income households.
Criteria	42 USC 8624(k), <i>Applications and requirements, Limitation on use of funds, waiver</i>
Condition	USDHHS awarded FDCA \$30,406,242 for the 2008 Federal fiscal year, of which no more than 15 percent (or \$4,560,936.30) may be used for weatherization. However, FDCA expended \$146,536.17 in weatherization administrative costs and \$4,526,847.00 in low-cost residential weatherization or other energy-related home repairs, for a total of \$4,673,383.17, or \$112,446.87 more than the 15 percent maximum earmarking requirement.
Cause	According to FDCA staff, \$13,551.87 of the overage was due to an unexpected high indirect cost rate for 2008, and \$98,895 was due to the transfer of expenditures from the 2007 award to the 2008 award. Also, although FDCA used an internal spreadsheet to track amounts budgeted and expended for weatherization, related administrative costs were not included when calculating the 15 percent maximum earmarking requirement.
Effect	Costs in excess of the 15 percent earmarking requirement may be subject to repayment.
Recommendation	We recommend that FDCA enhance its procedures to ensure that no more than 15 percent of LIHEAP funds are used for low-cost residential weatherization or other energy-related home repairs for low-income households.
State Agency Response and Corrective Action Plan	The FDCA will ensure that in the future no more than 15 percent for LIHEAP funds are utilized for low-cost residential weatherization or energy-related home repairs for low-income dwellings from the appropriated budget year. The internal tracking and waiver process will be corrected by utilizing only those funds appropriated for the specific budget year when making the transfer to the Weatherization program from the LIHEAP funds and to ensure we do not include carry forward funding from previous LIHEAP annual allocations.
Estimated Corrective Action Date	2/28/11

State Agency	Florida Agency for Workforce Innovation (FAWI)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency

Finding Effective security access controls had not been established for the Enhanced Field System (EFS) and the Consolidated Database.

Criteria 45 CFR 98.67 *Fiscal Requirements* and Information Technology Best Practices

The risk of inappropriate or unnecessary access to information can be reduced through the use of security controls to ensure that systems are accessible only to authorized users and for authorized uses. Effective management of system access privileges includes using standard access authorization forms approved by managers and maintained on file to document the approval of all user access privileges. Effective access management also includes maintaining up-to-date records that readily identify users and their privileges, periodically reviewing the appropriateness of access privileges, and removing access privileges when they are no longer needed. This helps to ensure that privileges remain commensurate with employee job duties and that access to information is authorized and warranted.

Condition FAWI contracts with early learning coalitions across the State to manage and administer the school readiness program, which expends funds provided through CCDF. The early learning coalitions report data, including amounts expended, to FAWI through the use of the EFS. The EFS is independently maintained at each coalition. Program data is routinely uploaded to FAWI's Consolidated Database where it is used for State, Federal, and internal reports, statistical and data analysis, ad hoc reports, and technical assistance and training.

Federal regulations governing CCDF require the State to expend a certain amount of non-Federal funds for child care activities in the State in order to be eligible for Federal CCDF matching funds. FAWI uses reports generated from the Consolidated Database to demonstrate compliance with matching requirements for Federal reporting and to support reimbursements made to providers.

Our audit disclosed the following control deficiencies relating to EFS and the Consolidated Database:

- FAWI could not provide a complete listing of users who could access the EFS application. Therefore, we were unable to audit the appropriateness of access controls and privileges for users of EFS. Subsequent to audit inquiry, FAWI personnel informed us that this issue had been rectified, in that, (1) employee computers had been checked to determine whether the application was available on the computer; (2) the application was deleted from computers belonging to employees who did not need access to EFS; (3) security agreement forms documenting the granting of access were completed for individuals with access to EFS; and (4) security background screenings were in the process of being completed for these individuals.
- Employees shared generic user IDs and passwords to access the Consolidated Database.
- Additionally, access authorization requests and approvals were not maintained. For instance, FAWI staff indicated that five people had access

allowing the change of information in the Consolidated Database. However, the authorization forms for four of the five individuals could not be located, and the one provided by FAWI was prepared subsequent to audit inquiry.

Cause	FAWI staff indicated that personnel turnover and time and resources invested by staff in implementing the new web-based Early Learning Information System, contributed to these security issues.
Effect	In the absence of up-to-date documentation to identify and monitor authorized users and their access privileges, the possibility exists that information may be destroyed, disclosed, or otherwise compromised. Additionally, without the ability to uniquely identify the users of the Consolidated Database, the ability to establish accountability for user actions is limited.
Recommendation	FAWI should ensure that security controls are documented and implemented for the EFS and Consolidated Database. Such controls should include the maintenance of a current list of users and their access privileges. Written evidence to support the authorization and access privileges granted should also be readily available. Additionally, FAWI should refrain from using generic user IDs and passwords.
State Agency Response and Corrective Action Plan	FAWI has developed a process for maintaining a current list of users and their access privileges. FAWI intends to conduct periodic reviews of the access list and make any changes necessary. Access authorization forms have been completed for IT staff with access allowing change of information to the Consolidated Database. Additionally, FAWI has discontinued the process of using generic user IDs and passwords to access the Consolidated Database. All users of the Consolidated Database have been assigned individual user IDs and accounts.
Estimated Corrective Action Date	December 3, 2010
Agency Contact and Telephone Number	Brittany Birkin (850) 921-3198 Scott Stewart (850) 245-7305

FA 10-051 FINDING NOT USED.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-052
CFDA Number	93.767, 93.775, 93.776, 93.777, 93.778
Program Title	Children’s Health Insurance Program (CHIP) Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0805FL5021 and 05-0905FL5021
Finding Type	Noncompliance Questioned Costs – \$48,787.20 (Federal Share \$33,437.62)
Finding	FAHCA did not appropriately allocate salary and benefit costs for an employee who worked on multiple Federal awards.
Criteria	OMB Circular A-87, Attachment B, Section 8.h., <i>Support of Salaries and Wages</i>
Condition	Expenditures for CHIP totaled \$331,648,163 during the 2009-10 fiscal year, including salaries and benefits at FAHCA totaling \$408,700. Our review of CHIP salary and benefit charges disclosed one FAHCA employee whose salary and benefits were charged solely to CHIP, although the employee worked on both CHIP and Medicaid Cluster activities. Salary and benefits charged to CHIP totaled \$48,787.20 during the 2009-10 fiscal year. Appropriate time and effort records were not maintained for this employee.
Cause	This was an oversight by FAHCA. Although the employee’s position description indicated that the employee’s duties and responsibilities related to CHIP and Medicaid, the employee’s salary and benefits were captured by an accounting code that was charged solely to CHIP.
Effect	CHIP was charged costs that did not directly benefit the Program.
Recommendation	We recommend FAHCA ensure that salary and benefit costs are allocated appropriately between multiple programs when applicable. FAHCA should maintain personnel activity reports or equivalent documentation to support the allocation to multiple Federal programs.
State Agency Response and Corrective Action Plan	We concur with the findings and recommendation. Supervisors are aware that a position funded by Title XXI must be dedicated to those related functions. If a situation occurs that requires the position to assist in another area, activity reports will be kept for proper funding and reporting.
Estimated Corrective Action Date	Activity reports were initiated in January, 2011, and reporting adjustments will be made as needed beginning with reports for the quarter ending March 2011.
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-053
CFDA Number	93.767
Program Title	Children’s Health Insurance Program (CHIP)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Finding Type	Significant Deficiency
Finding	FDOH management had not implemented certain data modification controls for the Case Management Data Systems (CMDS).
Criteria	Information Technology Best Practices Master data policies and procedures require data owners to be responsible for the creation, detection, and change of master data and also changes to data characteristics. Data owners are to monitor master data design changes and approve and monitor creation, deletion, and changes to master data on a regular basis.
Condition	The Florida Agency for Health Care Administration (FAHCA) provides CHIP funds to FDOH for the provision of services to eligible children with special health care needs. During the 2009-10 fiscal year, FDOH expended CHIP funds totaling approximately \$115.7 million related to children’s medical services (CMS). Providers of CMS services were generally to be paid based on Medicaid reimbursement rates established by FAHCA. Each CMS Area Office maintained its own stand-alone CMDS. FDOH CMS headquarters sent CMDS updates including new reimbursement rates and fee code numbers to each CMS Area Office for installation by the Area Office System Administrator. Each CMS Area Office was responsible for timely updating the CMDS. Each Area Office CMDS calculated the reimbursement amount to be paid to the provider. In each System, the reimbursement amounts were to be calculated based on a table of Medicaid reimbursement rates classified by fee code number. According to FDOH Headquarters staff, procedures did not exist to ensure that the CMS Area Offices timely updated CMDS or notified FDOH Headquarters when updates were made.
Cause	The CMDS in each area office was not connected through a central network.
Effect	Absent proper notification and controls, FDOH had no assurance that the correct Medicaid reimbursement rates and fee code numbers were used to pay CMS providers. Absent appropriate data modification controls, the FDOH CMS lacks assurance that the providers of CMS services are being paid based on the correct Medicaid reimbursement rates.
Recommendation	FDOH contracted with a third-party administrator in July 2010 to take over all CMDS payment and data functions; however, CMDS will not be completely phased out for 18 to 24 months. We recommend FDOH Headquarters staff enhance procedures to ensure that CMS Area Offices timely install CMDS updates until the third-party administrator assumes all CMDS payment and data functions.
State Agency Response and Corrective Action Plan	We concur. FDOH will implement an Internal Operating Procedure (IOP) regarding installation procedures for the Case Management Data Systems (CMDS) updates by the Children’s Medical Services (CMS) Area Offices to ensure timely installation of updates and use of correct reimbursement rates and fee codes. The IOP will be discussed on a conference call with CMS Area Office Program Administrators. The FDOH will implement an Internal Operating Procedure (IOP) by June 30, 2011.

Telephone Number**

Phyllis Sloyer
(850) 245-4218

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-054
CFDA Number	93.767
Program Title	Children’s Health Insurance Program (CHIP)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	05-0805FL5021 and 05-0905FL5021
Finding Type	Noncompliance and Significant Deficiency Questioned Costs - \$2,000,000 (Federal Share \$1,369,800)
Finding	FDOH procedures for monitoring the reasonableness of CHIP capitation rates were not sufficient to prevent the accumulation of a significant cash balance. Additionally, FDOH cannot fully demonstrate that CHIP Capitation Account funds were used for allowable CHIP costs.
Criteria	OMB Circular A-87, Attachment A, Section C, <i>Basic Guidelines</i> – In determining reasonableness of a given cost, consideration shall be given to whether the transaction represents arms-length bargaining. 42 USC 1397ee(a)(1) – CHIP funds may be used for child health assistance.
Condition	FDOH received CHIP funds through a capitation agreement with the Florida Agency for Health Care Administration (FAHCA), whereby FAHCA pays FDOH a fixed monthly rate per client enrolled in the Children’s Medical Services component of CHIP. FDOH accounts for the receipt and expenditure of these funds in the FDOH CHIP capitation account which is maintained in the FDOH Donations Trust Fund. Other primary sources of Fund revenues included Medicaid (CFDA No. 93.778), third-party insurance reimbursements, State fees, and State general revenue. The trust fund cash analysis prepared by FDOH for the Donations Trust Fund listed 26 accounts including the CHIP capitation account. Our current review of FDOH CHIP activity disclosed the following: <ul style="list-style-type: none"> ➤ During the fiscal year ended June 30, 2010, capitation revenues exceeded expenditures by \$26 million. The cash balance for the CHIP capitation account was \$33.6 million as of June 30, 2010, an increase of \$24.6 million from June 30, 2009. ➤ Pursuant to Section 215.32, Florida Statutes, an amount totaling \$2,000,000 was appropriated from the FDOH Donations Trust Fund for transfer to the State’s General Revenue Fund during the 2009-10 State fiscal year. To comply with this appropriation, FDOH transferred \$2,000,000 from the CHIP Capitation Account to the State’s General Revenue Fund. This amount was then available for expenditure in accordance with the Appropriations Act for the 2009-10 fiscal year or to be maintained as unallocated general revenue.
Cause	The capitation rates were set at an amount higher than that required to administer the Children’s Medical Services component of CHIP. The inadequate oversight of the FDOH CHIP capitation account contributed to the above.
Effect	A residual balance in excess of Program needs has been accumulated. FDOH may have, in effect, charged unallowable costs to CHIP.
Recommendation	We recommend that FDOH monitor capitation rates to determine whether reductions are needed to prevent the accumulation of excess CHIP funds. Additionally, we recommend that FDOH restore the amounts transferred from the CHIP Capitation Account.

**State Agency Response and
Corrective Action Plan**

We concur. The FDOH will monitor the capitation rate and collections from Agency For Health Care Administration (AHCA) to better match revenues with expenditures and so as not to exceed the 10% allowed to be maintained as an operating cash on hand balance. As the operating cash on hand amount exceeds the allowable 10% threshold, FDOH will adjust claims to AHCA or reduce the Capitation Rate request at the Social Services Estimating Conference. In response to the issue of the legislative fund sweep, FDOH agrees with the Auditor General's (AG) recommendation. FDOH will work with AHCA to determine a process to return the Federal portion of the funds (\$1,369,800.00) to the federal program.

FDOH will contact AHCA to determine:

1. How questioned costs should be handled and
2. Make adjustments on departmental ledgers to return questioned costs upon approval from AHCA.

**Estimated Corrective
Action Date**

March 1, 2011

(850) 245-4218

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-055
CFDA Number	Various (See Condition)
Program Title	Various (See Condition)
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH) University of Florida (UF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$13,136,350
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-054
Finding	With respect to contracts with UF, FDOH procedures did not always provide for a complete reconciliation of payments made to costs incurred by UF or provide for the return of excess funds to FDOH.
Criteria	<p>OMB Circular A-87, Attachment A, Section C. – Costs must be necessary and reasonable for proper and efficient performance and administration of Federal awards and must be authorized or not prohibited under State or local laws or regulations.</p> <p>45 CFR 92.22 (a) and 34 CFR 80.22, Allowable Costs – Grant funds may be used only for: (1) The allowable costs of the grantees, subgrantees, and cost-type contractors, including allowable costs in the form of payments to fixed-price contractors; and (2) Reasonable fees or profit to cost-type contractors but not any fee or profit (or other increment above allowable costs) to the grantee or subgrantee.</p> <p><i>OMB Circular A-133 Compliance Supplement</i> provides that transfers of Federal awards to another component of the same auditee under OMB Circular A-133 do not constitute a subrecipient or vendor relationship.</p>
Condition	<p>We tested thirteen contracts between FDOH Children’s Medical Services and UF totaling \$123,141,112 that included \$79,054,623 in Federal funding. For 11 of the 13 contracts, FDOH had determined that under the contracts, UF was functioning as a vendor. However, as noted in the OMB Circular A-133 Compliance Supplement, transfers of awards within the same auditee, such as those between FDOH and UF, do not, under Federal regulations, constitute a vendor relationship. Consequently, as UF does not qualify under Federal regulations as a vendor for the purposes of these 11 contracts, but rather is considered to be part of the grantee, it was not clear that UF was authorized to earn or retain a profit under the contracts, should any accrue.</p> <p>For the following 5 contracts, our analysis of FDOH and UF documentation disclosed that payments were made by FDOH to UF that exceeded UF’s actual costs associated with the contracts and that FDOH did not require UF to return the excess payments.</p>

Contract Amount	CFDA No.	Federal Funding	Payments in Excess of Actual Cost
\$62,708,565	93.767 – Children’s Health Insurance Program (CHIP)	\$43,124,018	\$11,356,970 (1)
\$985,358	93.767 – Children’s Health Insurance Program (CHIP)	\$123,420	\$31,770 (2)
\$12,355,155	93.778 – Medical Assistance Program (MAP)	\$12,158,939	\$613,485 (1)
\$72,000	93.778 – Medical Assistance Program (MAP)	\$54,000	\$981 (2)
\$1,507,187	84.181 – Special Education-Grants for Infants and Families	\$1,130,387	\$1,545 (2)
	84.173 – Special Education-Preschool Grants	\$376,800	
(1) Excess amounts encompass the entire contract period.			
(2) Excess amounts are for the 2008-09 fiscal year only.			

Additionally, for the following contract, FDOH did not require UF to report actual costs and, therefore, did not reconcile contract payments made to UF actual costs:

Contract Amount	CFDA No.	Federal Funding	Payments in Excess of Actual Cost
\$2,146,828	93.767 – Children’s Health Insurance Program (CHIP)	\$368,635	Not Determined
	93.778 – Medical Assistance Program (MAP)	\$737,838	
	93.994 – Maternal and Child Health Services Block Grants to the States	\$25,126	

Cause FDOH and UF management believed that since the contracts were designated as vendor relationships, payments in excess of actual UF costs did not need to be returned.

Effect Failure to timely identify and recoup overpayments may result in disallowance of cost by the Federal government.

Recommendation We recommend FDOH include provisions in Federally-funded contracts with other State entities that require actual costs be reported to FDOH. Additionally, we recommend FDOH perform reconciliations of payments made to actual costs and require any excess of payments over actual costs be promptly returned to FDOH.

Florida Department of Health

State Agency Response and Corrective Action Plan This finding sets a precedent for what would amount to a change in how State Universities are treated for purposes of making vendor vs. subrecipient determinations. This change would not only impact Children’s Medical Services Network (CMSN), but would have a significant impact on all FDOH contracts with any State University receiving federal funding as payment for services. Due to the significance of this issue, CMSN has referred this issue to the Department’s General Counsel’s office and others for further review. CMSN is also reviewing the amounts specified as excess funding to verify them for each contract against documentation and internal reconciliations.

Estimated Corrective Action Date None at this time.

Agency Contact and Telephone Number	Phyllis Sloyer (850) 245-4218
	<u>University of Florida</u>
State Agency Response and Corrective Action Plan	<p>The University of Florida is subject to the direction of its own Board of Trustees and the Board of Governors. In contrast, Children's Medical Services is a division of the Department of Health, which has an entirely separate reporting structure and is subject to the direction of the Governor. Thus, UF and CMS are not "parts of one body". For that reason alone, the tentative and preliminary finding should be withdrawn. The University of Florida also points out that the tentative and preliminary finding relies on an overly broad interpretation of the definition of "grantee" set forth in OMB Circular A-87. Indeed, it is well settled that state universities (although state agencies) are distinct for grant administration purposes from state executive agencies. For example, in the context of reporting under the American Recovery & Reinvestment Act, the Office of Management & Budget has issued guidance explaining that state-funded universities may receive subawards from another state agency. See Frequently Asked Questions - American Recovery and Reinvestment Act of 2009, available at http://www.whitehouse.gov/omb/recovery_faqs/#21-6 ("Q. Are State funded universities or institutions of higher education considered a State agency or sub-recipient for reporting purposes? A. State funded universities or institutions of higher education should generally be treated as a sub-recipient when receiving ARRA funds from a State agency.") Thus, treating the University of Florida as the same "body" as Children's Medical Services is inconsistent with the federal government's view that transactions between a state university and a state executive agency are appropriately classified as subawards and subcontracts, both fixed price and cost reimbursable.</p> <p>In addition, the University notes that it does not agree with all of the information summarized in the background condition above, particularly, but not necessarily exclusively the absence of a recognition of the University's financial obligations and risks.</p> <p>UF also has not had an opportunity to check the calculations in the above-referenced chart but reserves the right to do so and also notes that some of the numbers reflect only one year while others purport to reflect the whole contract term.</p>
Estimated Corrective Action Date	No corrective action necessary
Agency Contact and Telephone Number	Thomas E. Walsh, PhD, Director of Sponsored Research and Compliance (352) 392-1005
Auditor's Remarks	As discussed above, transfers of awards between the same auditee, such as those between FDOH and UF, do not, under Federal regulations, constitute a vendor relationship. Consequently, it was not clear that UF was authorized to earn or retain a profit under contacts with FDOH, should any accrue. Therefore, we continue to recommend that FDOH perform a complete reconciliation of payments made to costs incurred by UF, and the return of excess funds to FDOH.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number FA 10-056
CFDA Number Various (See Condition)
Program Title Various (See Condition)
Compliance Requirement Allowable Costs/Cost Principles
State Agency Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year Various
Finding Type Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-054

Finding FDOH did not fully demonstrate the appropriateness of the costs charged to Federal programs with respect to contracts with the University of Florida (UF).

Criteria OMB Circular A-87, Attachment A, Section C. – Costs must be necessary and reasonable for proper and efficient performance and administration of Federal awards and must be authorized or not prohibited under State or local laws or regulations. In determining reasonableness of a given cost, consideration shall be given to the restraints or requirements imposed by such factors as sound business practices; arms length bargaining; Federal and State laws; the market prices for comparable goods or services; and significant deviations from the established practices of the governmental unit which may unjustifiably increase the Federal award’s costs.

Condition We tested the following three new contracts that were entered into by FDOH Children’s Medical Services (CMS) and UF during the 2009-10 fiscal year:

Contract Amount	CFDA No.	Federal Funding
\$1,471,632	93.767 – Children’s Health Insurance Program (CHIP)	\$388,897
	93.778 – Medical Assistance Program (MAP)	\$881,973
	93.994 – Maternal and Child Health Services Block Grants to the States	\$24,237
\$56,318,559	93.767 – Children’s Health Insurance Program (CHIP)	\$38,735,905
\$1,440,000	84.181 – Special Education -Grants for Infants and Families	\$1,440,000

FDOH’s decision to enter into these contracts was not preceded by attempts to identify other possible providers or reevaluate whether to provide the services in-house, but rather was based on the historical contractual relationship with UF and FDOH’s positive evaluation of UF’s performance under previous contracts for the same services. To derive the contract amounts, FDOH used documents provided by UF that reflected UFs estimated costs to provide the services. However, FDOH did not require supporting documents to substantiate the reasonableness of the estimated costs and FDOH staff did not perform additional procedures to demonstrate the reasonableness of the contracted amounts.

Cause FDOH applied the exemption to State competitive procurement requirements for the purchase of health related services that is provided by Section 287.057(3)(f), Florida Statutes.

Effect Absent competition or a documented detailed analysis of cost, FDOH cannot demonstrate that amounts paid were in the best interest of the State and the Federal grantor agency.

Recommendation We recommend that FDOH ensure appropriate documentation is retained in the contract file demonstrating that costs paid are reasonable and necessary and consistent with public and private payment rates for similar services.

**State Agency Response and
Corrective Action Plan**

We concur. FDOH Division of Children's Medical Services Network (CMSN) agrees with the finding in the context of the deficiency in documenting its decision to contract with UF for the services in the three contracts listed. While FDOH believes that all of the factors related to the requirements of costs listed in the finding and as specified in the Office of Management and Budget Circular (OMB) A-87 were considered in its decision to contract for each of the services, and though CMSN followed Department policy which requires a Justification for Noncompetitive Procurement, all of the factors for consideration in making such determinations were not included in this information and therefore not properly documented in the contract file.

FDOH CMSN will create documentation in accordance with OMB A-87 for each contract and ensure that it is maintained in the contract file for as long as FDOH CMSN has a contract with the providers for these services, no later than June 30, 2011.

**Estimated Corrective
Action Date**

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-057
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Questioned Costs – \$2,127,703.24 (Federal Share \$1,439,178.47; Federal Grant No. 05-0905FL5028, \$273,308.31; Federal Grant No. 05-1005FL5MAP, \$1,165,870.16)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-055
Finding	Payments made to providers on behalf of clients for medical service claims were not always paid in accordance with established Medicaid policy and fee schedules. Specifically, the payments were for improper amounts or for unallowable services.
Criteria	42 CFR 430 – <i>Grants to States for Medical Assistance Programs</i> , 42 CFR 433 Subpart C – <i>Mechanized Claims Processing and Information Retrieval Systems</i> , 42 CFR 447 Subpart B – <i>Payment Methods: General Provisions</i> Medicaid Provider Coverage and Limitations Handbooks, Provider General Handbook, and Medicaid Fee Schedules
Condition	<p>Claims totaling approximately \$15.1 billion were processed for Medicaid services during the 2009-10 fiscal year. We examined a sample of 200 claims totaling \$81,466.48 that were paid by the Florida Medicaid Management Information System (FMMIS) during the 2009-10 fiscal year to determine whether the payments were processed in accordance with established Medicaid policies and procedures and were only for allowable activities. Our tests disclosed that for 3 of the 200 claims reviewed, the claims were paid at an incorrect rate. For 2 of these claims, a copayment was not deducted for each service date listed on the claim, resulting in a total overpayment of \$30.00. The remaining claim was paid at a rate less than the allowable rate, resulting in an underpayment of \$4.46.</p> <p>We also performed queries of FMMIS data for claims paid during the 2009-10 fiscal year for certain types of Home Health services, Developmental Disabilities Waiver services, Dental services, Chiropractic services, and Inpatient Hospital services in excess of 45 days. Total payments for the claims queried totaled \$176,676,516 during the 2009-10 fiscal year. Our queries disclosed instances in which payments totaling \$2,127,673.24 for selected service types were not made in accordance with established Medicaid policy. Specifically, we noted the following:</p> <ul style="list-style-type: none"> ➤ According to the Medicaid Provider Coverage and Limitations Handbook for Home Health Services, claims for personal care services and private duty nursing services were not to be billed for less than two hours of service. Additionally, these services were required to have prior authorization for reimbursement. Our queries disclosed 366 claims totaling \$4,777.30 for personal care services and 2,950 claims totaling \$73,628.70 for private duty nursing services that were paid for claims with less than two hours of service. Additionally, our queries disclosed 2,324 claims totaling \$192,133.50 for personal care services and 4,059 claims totaling \$367,957.31 for private duty nursing services that were reimbursed without prior authorization. ➤ According to the Medicaid Provider Coverage and Limitations Handbook for Developmental Disabilities Waiver Services, Special Medical Home Care services were to be provided only in a licensed group home. Our queries disclosed 3,595 claims totaling \$1,429,905.79 that were paid for Special

Medical Home Care services that had a place of service code indicating Other Place of Service rather than the service code for Group Home.

- The Medicaid Provider Coverage and Limitations Handbook for Dental Services required that for periodontal services, certain types of services could not be billed on the same date of service, for the same recipient, for the same quadrant, by the same provider. Our queries disclosed that contrary to this policy, two claims totaling \$300 for gingivectomy or gingivoplasty – four or more contiguous teeth or bounded teeth and gingivectomy or gingivoplasty – one to three contiguous teeth or bounded teeth were claimed together for the same date of service for the same recipient, same quadrant, by the same provider.
- According to the Medicaid Provider Coverage and Limitations Handbook for Chiropractic Services, claims were only to be reimbursed for a maximum of one visit per day, per recipient up to a maximum of 24 visits per recipient within a calendar year. Additionally, chiropractic services are only to be provided in certain locations. Our queries disclosed 124 claims totaling \$2,102.75 that were paid during the 2009-10 fiscal year for chiropractic services that were in excess of the 24 visits allowed during the 2009 calendar year. Additionally, our queries disclosed 2 claims totaling \$34.80 that were paid for chiropractic services in a place of service that was unallowable.
- According to the Medicaid Provider Coverage and Limitations Handbook for Hospital Services, recipients age 21 and over are limited to a maximum of 45 days per fiscal year for covered inpatient days. The Balanced Budget Act of 1997 provided exceptions to this requirement if certain criteria were met. Our review of 40 recipients with claims paid that exceeded the 45 day limit disclosed 2 claims totaling \$56,833.09 that were paid for recipients over 21 that did not qualify for the exceptions outlined in the Balanced Budget Act of 1997.

Cause

For the two sample items where copayment amounts were not properly deducted, FAHCA staff indicated that programming changes were installed on May 14, 2010, to correct this issue. Once these claims are reprocessed, the correct copayment amount will be deducted. For the claim that was underpaid, the rate change had not been updated in FMMIS.

For Home Health Services, FAHCA staff indicated that a request for a programming change to FMMIS had been submitted to the fiscal agent to prevent the payment of claims for Personal Care and Private Duty Nursing services for less than two hours of service, but the change had not yet been implemented. As for Home Health Services paid without prior authorization, FAHCA staff indicated that a programming change had been implemented in FMMIS on March 17, 2010, and should apply to all claims paid after that date. However, our queries disclosed instances where home health services were paid subsequent to March 17, 2010, without a prior authorization number.

For Developmental Disability Waiver – Special Medical Home Care Services, FAHCA staff indicated that all waiver providers had been told to submit claims with a place of service code of “99 – Other,” despite official policy that may require services to be performed only in certain locations. This was done for the convenience of FAHCA personnel to enable them to more readily identify waiver services.

For Dental Services, FAHCA staff indicated that file maintenance had been requested to correct the issue in FMMIS.

For Chiropractic Services, FAHCA staff indicated that file maintenance had been submitted to the fiscal agent on September 24, 2010, to include place of service in contract billing rules. Regarding billing for more than 24 visits in a year, FAHCA staff was exploring the problem and will pursue a programming change

once the cause has been identified.

For Inpatient Hospital Services exceeding the 45 day limit, FAHCA staff indicated that in one instance, FMMIS did not appear to split the visit correctly between fiscal years. In the other instance, FAHCA staff approved payment despite the claim not meeting the exceptions to the Balanced Budget Act of 1997.

Effect

Absent appropriate controls, unallowable claims may be processed and paid, and may remain undetected by FAHCA personnel. Additionally, FAHCA's instructions to waiver providers to submit claims with a place of service code of "99 – Other," regardless of policy requirements that may restrict services to certain locations, limits FAHCA's ability to ensure claims are paid in accordance with applicable policy limitations.

Recommendation

We recommend that FAHCA ensure that appropriate electronic or manual controls are in place and operating effectively to ensure that Medicaid claims are accurately and properly processed, including ensuring that FMMIS is updated timely with current information. Furthermore, we recommend that FAHCA discontinue its practice of instructing Medicaid waiver providers to submit claims that do not accurately reflect the nature or location of services rendered or comply with applicable regulations.

State Agency Response and Corrective Action Plan

HOME HEALTH - Personal care services provided through the DD waiver (through APD) are currently being transferred to the state plan; the funds previously allocated to APD to provide personal care services under the waiver have been shifted and are now available to AHCA to provide personal care services to these recipients under the Medicaid state plan. The independent unlicensed providers of personal care services were allowed to enroll as Medicaid providers of personal care services. These unlicensed providers were unable to bill for visits, so AHCA decided to change policy to allow home health services providers to be reimbursed for personal care services that are provided in less than two hours. This has no significant fiscal impact. Hence there are FY 09-10 expenditures associated with S9122, but minimal utilization at this 1-hour level. By amending the handbook and instructing the QIO to allow home health providers to bill 1 hour of continuous care only as personal care services for Medicaid recipients under 21, the fiscal impact will not be significant given the current utilization.

After reviewing a sample of the claims provided on CD, the Agency has determined that the claims paid inappropriately and should have been denied. FMMIS does have edits in place to prevent private duty nursing and personal care services claims from paying without a prior authorization number. It is not clear why the claims identified were able to bypass the prior authorization system requirements. However, we are working with staff in the Bureau of Medicaid Contract Management (MCM) to determine why the claims paid inappropriately. MCM has confirmed that this problem is fixed, and these claims would not be able to bypass this edit if they were processed for payment today. Medicaid services will work with the Bureau of Medicaid Program Integrity to recoup the funds from any claims that paid without a prior authorization number. The plan is to cross reference the claims through the QIO to determine if they actually didn't receive prior authorization. The results of the cross reference will determine the providers that require recoupment of claims.

DD WAIVER SERVICES - We will change FMMIS to allow place of service codes for DD waiver services to be adjustable, other than the only choice "99", to reflect specific places of service.

DENTAL

State Agency Response and Corrective Action Plan

A quadrant indicator must be submitted with procedure codes D4210, D4211, D4240, D4241, D4260, D4261, D4341, D4342, D7310, and D7320. Medicaid

has completed file maintenance to remove all indicators of quadrants except 10, 20, 30, 40, UR, UL, LL, and LR. This prevents same quadrant billing of certain procedure codes that are not allowed on the same date of service, same quadrant, and same recipient. The system now denies as a duplicate quadrant when one of the procedure codes listed above is billed another procedure code listed above for the same quadrant, same recipient, same date of service.

CHIROPRACTIC

Re: Chiropractic visits paid in excess of 24 per calendar year:

A Batch File Maintenance request (Tracking #KS09201001) was completed October 14, 2010, to update the contract billing and reimbursement rules regarding Medicaid policy regarding limitation of visit codes to 24 per calendar year. Reprocessing instructions for the visit claims with dates of service July 1, 2008 (the date of contract implementation for the current Medicaid fiscal agent) through the file maintenance implementation date was also included in the File Maintenance request. The reprocessing procedure (CO 21607) will recoup chiropractic visits that were claimed in excess of the 24 per calendar year maximum, without prior authorization from Medicaid.

Re: Reimbursements for chiropractic services provided in exceptional places of service:

A Batch File Maintenance Request (Tracking #KS09201005) was submitted in September 2010, with instructions for updating the contract billing and reimbursement rules regarding Medicaid policy regarding the appropriate place of service location codes and places of service considered exceptions to policy. Instructions were given to require referral information on line item 17 of the CMS claim form for all chiropractic claims with an exceptional place of service location code. Instructions include denial of all claims billed with an exceptional place of services location code that do not have the appropriate referral information. The FMMIS file update regarding appropriate and exceptional places of service is progressing but has not been scheduled for implementation. Reprocessing instructions regarding all claims with dates of service January 1, 2010 (the date of adoption for the current Chiropractic Coverage and Limitations Handbook) through the file maintenance implementation date with exceptional places of services and without the required referral information were also included in the File Maintenance Request. The reprocessing procedure will recoup chiropractic visits that were provided in an exceptional place of service, without the appropriate referral required by policy.

INPATIENT - All claims are reviewed by FAHCA's Balanced Budget Act coordinator or physician consultant. Details of the referenced claims were reviewed to ensure adherence to policy related to Balanced Budget Act approved exceptions. In the first instance, a billing error by the provider resulted in the entire 47 days of a claim originating on June 4, 2009 being charged to 2008-2009 fiscal year, however 20 of these days should have been charged to 2009 - 2010 fiscal year. The recipient was then transferred to a different hospital on July 21, 2009 for an additional 27 days. The FMMIS system paid the claim for 27 days in the 2009 - 2010 fiscal year. Policy for 45 day limit in one fiscal year was exceeded. FAHCA will recoup the additional two days reimbursement from provider. In the second instance, the Medicaid policy unit approved the claim through the BBA process, Code 20 (patient died) is indicated in status field 17 of the claim form. FAHCA policy is to pay claims in such circumstances. However, claim type 3 should not be approved through the BBA process. New staff member has been trained on the BBA process. FAHCA will recoup 12 days reimbursement paid in error.

**Estimated Corrective
Action Date**

Home Health/Personal Care - 5/2011
DD Waiver Services - September 1, 2011
Dental - Complete. File maintenance was completed and verified by Medicaid staff on 11/4/10.
Chiropractic - File maintenance was completed on 10/14/2010 to limit chiropractic visits to 24 per year. Reprocessing is expected by 7/1/2011.
Additional file maintenance is being tracked for the instructions regarding exceptional place of service. The estimated date of correction for this task is 03/15/2011
Inpatient Services - Estimated recoupment date 5/1/11.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-058
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Department of Transportation (FDOT) Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$70,870,997.17
Finding	Controls were not sufficient to ensure that amounts paid by FAHCA to the Commission for Transportation Disadvantaged (CTD) or amounts paid by CTD to transportation providers under a Medicaid transportation program were reasonable.
Criteria	<p>OMB Circular A-87, Attachment A, Section C. – Costs must be necessary and reasonable for proper and efficient performance and administration of Federal awards. In determining reasonableness of a given cost, consideration shall be given to the restraints or requirements imposed by such factors as sound business practices; arms length bargaining; Federal and State laws; the market prices for comparable goods or services; and significant deviations from the established practices of the governmental unit which may unjustifiably increase the Federal award's costs.</p> <p>The Centers for Medicare and Medicaid Services Non-Emergency Transportation (NET) Waiver authorizes the coordinated NET program and includes provisions requiring FAHCA to demonstrate the cost-effectiveness of the program.</p> <p>Section 427.013(28), Florida Statutes, requires FAHCA and FDOT to consult together to develop an allocation methodology that equitably distributes transportation funds. The methodology shall separately account for Medicaid beneficiaries. The methodology shall also consider such factors as the actual costs of each transportation disadvantaged trip based on prior-year information.</p>
Condition	<p>Effective June 7, 2001, USDHHS granted FAHCA the authority to implement a coordinated NET program. FAHCA contracted with the Commission for the Transportation Disadvantaged (CTD), which is administratively housed within FDOT, to manage the NET Program. Effective November 2004, CTD began subcontracting with counties to provide services. The county providers include governmental entities and private entities, referred to as subcontracted transportation providers (STPs). The allocation of NET funds to the STPs was based on a formula which considered factors such as: county population density, estimated Medicaid trips, and 2002-03 fiscal year Medicaid payments. FAHCA renegotiated the NET contract with CTD effective December 1, 2008, however in negotiating the contract amount and in the allocation of that amount to the STPs, FAHCA did not maintain sufficient documentation to demonstrate that current actual costs of the CTD and STPs were considered. During the 2009-10 fiscal year, FDOT records indicated CTD received payments from FAHCA totaling \$70,870,997.17. During this period, CTD payments to STPs totaled \$64,691,870.</p> <p>In addition, as noted in report No. 2011-002, FAHCA's files related to the December 2008 contract did not contain sufficient information to document that fees paid for providing NET services were reasonable. Our report also stated that FAHCA's monitoring of the NET contract was not sufficient to ensure contractual compliance and evaluate the performance of CTD and the STPs.</p>

Cause Procedures did not require that CTD demonstrate, using current data, the reasonableness of the amounts to be paid and allocated under the contract.

Effect Without a current cost analysis, FAHCA was unable to determine that NET payments were reasonable.

Recommendation We recommend that current transportation costs be summarized and used to evaluate the reasonableness of the total contract amount as well as the amounts allocated to STPs and to CTD for administrative costs. FAHCA should also conduct appropriate monitoring to evaluate CTD and STP compliance with governing laws, regulations, and contract terms.

Florida Department of Transportation

State Agency Response and Corrective Action Plan The Commission for the Transportation Disadvantaged will be providing the AHCA with administrative costs audits for FY 2009/2010 to aid in determining the reasonableness of costs for future contracting purposes. The AHCA will receive audits for FY 2009/2010 and FY 2010/2011 in accordance with OMB Circular A-133 and the Florida Single Audit Act. The audits will allow the AHCA to determine the reasonableness of funding and if the allocation is sufficient for providing services. Onsite surveys of two transportation providers were conducted by AHCA in July 2010 and an onsite survey of the CTD and selected transportation providers is to be conducted by AHCA in the near future.

Estimated Corrective Action Date July 2012

Agency Contact and Telephone Number Bobby Jernigan
(850) 410-5706

Florida Agency for Health Care Administration

State Agency Response and Corrective Action Plan The Agency will receive administrative costs audit for FY 2009/2010 to determine reasonableness of administrative costs for future contracting purposes. The Agency will receive audits for FY 2009/2010 and FY 2010/2011 in accordance with OMB Circular A-133 and the Florida Single Audit Act. The audits will allow the Agency to determine the reasonableness of funding and if the allocation is sufficient for providing services. On-site survey of two transportation providers conducted in July 2010 and an on-site survey of the CTD and selected transportation providers to be conducted in the near future.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-059
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Reporting
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-057

Finding

The Florida Medicaid Management Information System (FMMIS) and the Decision Support System (DSS) were integral to the operations of the Medicaid Program. The FMMIS was used to enroll providers, process Medicaid claims, adjudicate claims, and reimburse providers. FMMIS data was imported into DSS to enable efficient reporting and data analysis. The Medicaid Program is highly dependent on the security, integrity, and proper functioning of FMMIS and DSS. In the Information Technology audit report No. 2011-057, dated December 2010, we disclosed control deficiencies related to access control documentation, access privileges, user identification, security controls, program and data change controls, processing of customer service requests to correct recipient eligibility processing errors, and quality control review of claims subject to manual resolution procedures that, in combination, we consider to be a significant deficiency. Details of the findings and recommendations, as well as, FAHCA management's response are included in that report.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-060
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09)
Finding Type	Noncompliance Questioned Costs – \$268,873,642.41 (Federal Share \$181,866,119.55)
Finding	Contrary to Federal and State requirements, FAHCA funded some current year expenditure obligations using 2008-09 certified forward appropriations. Additionally, expenditures were not always recorded to the correct appropriation categories in the State’s accounting records.
Criteria	OMB Circular A-87, Attachment A Section 216.301, Florida Statutes – <i>Appropriations; undisbursed balances</i> - Unspent appropriations for which there is an incurred obligation as of June 30 th can be carried forward to the next fiscal year to pay the incurred obligations. Any of these funds remaining unspent after September 30 th are to be returned to the fund from which they were appropriated.
Condition	FAHCA carried forward unspent appropriations totaling approximately \$1.5 billion at June 30, 2009. The appropriations carried forward are commonly referred to as certified forwards. The certified forward amounts were for various appropriation categories (service types) and pursuant to Florida law were required to be used for obligations incurred as of June 30, 2009. In the State’s accounting records these certified forward appropriations are designated with a “C” in the certified forward indicator field for the applicable appropriation category. Our audit disclosed that on September 24, 2009, FAHCA made adjusting entries to the State’s accounting records to transfer paid 2009-10 fiscal year obligations totaling \$268,873,642.41 to the 2008-09 certified forward funds appropriations accounts. In addition, the appropriation categories (service types) for which the paid expenditures for 2009-10 obligations were reduced were not the same as the certified forward funds appropriation categories (service types) charged. For example, FAHCA made reductions to paid expenditures related to inpatient hospital services, prescribed medicine, case management services, child health services, hospice services, and physician services for the 2009-10 fiscal year totaling \$88,771,986.15 and increased the certified forward expenditures related to Medicare Part D premiums by the same amount. As a result of these erroneous accounting entries to the State’s accounting records the appropriation categories for the 2009-10 fiscal year expenditures were understated by \$268,873,642.41 and the certified forward appropriation categories charged were overstated by the same amount. The certified forward appropriation categories charged were the categories with remaining unspent funds on the date of the adjusting entries. We also noted instances where FAHCA routinely made incorrect entries to the appropriation categories in the State’s accounting records as related to medical services. While the total amount recorded was accurate, there were inaccuracies across appropriation categories. For example, \$324,201,346.87 in medical assistance payments made on April 14, 2010, were recorded in only 4 appropriation categories in the State’s accounting records, instead of the 44 different appropriation categories to which the payments likely applied. The majority of these payments, \$242,790,010.53, were recorded in the State’s accounting records as nursing home payments, despite only making

\$21,461,465.38 in payments to nursing homes. Subsequently, a journal transfer (voucher number 010149) was made to allocate the payments to additional appropriation categories. However, the journal transfer did not correct all of the inaccuracies. For example, after the recording of the journal transfer, the final amount shown as the nursing home payments made on April 14, 2010, remained overstated by \$29,863,124.73.

Cause FAHCA management indicated that the expenditures for 2008-09 fiscal year obligations were transferred to certified forward funds appropriation categories to use the remaining unspent funds in the certified forward appropriation categories.

Effect The inclusion of erroneous entries to the State's accounting records and the failure to expend funds from the proper appropriation limits the Federal and State governments' ability to properly administer the program and its funding. Additionally, the failure to allow the funds to revert at September 30, 2009, usurped the Legislature's authority to make decisions regarding the appropriation of funds.

Recommendation We recommend that FAHCA ensure that the expenditures are made from the proper funding source and that unspent certified forward funds be allowed to revert as required by law. We also recommend that FAHCA accurately record expenditures in the State's accounting records.

State Agency Response and Corrective Action Plan Due to miscommunications, the certified forward appropriations were fully expended. Staff are aware that certified forward expenditures must be supported by the weekly claims financial reports. Unspent certified forward appropriations will be allowed to revert. Regarding questioned recording of expenditures to the correct appropriation category (payments April 14, 2010 cited as example), our process is to pay from a few appropriation categories, then a journal transfer is processed to allocated the charges to the appropriate categories. For the payment referenced, a journal transfer was processed to move expenditures to the appropriation category under which the claims were paid. Journal Transfer voucher number 010149, Statewide Document #D00-0057-8094.

Estimated Corrective Action Date September, 2010

Agency Contact and Telephone Number Paula Shirley
(850) 412-3820

Auditor's Remarks In response to this finding, FAHCA makes reference to a journal transfer to move expenditures to the appropriation category under which claims were paid. While the referenced journal transfer corrected some of the errors in the initial record entries, the journal transfer did not correct all of the inaccuracies.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-061
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5048 (Federal 2008-09); 05-1005FL5ADM (Federal 2009-10)
Finding Type	Noncompliance Questioned Costs – \$78,477.87 (Federal Share \$58,858.41; Federal Grant No. 05-0905FL5048 \$14,779.83, Federal Grant No. 05-1005FL5ADM \$44,078.58)
Finding	FAHCA could not always properly support salaries and wages charged to the Medicaid Program.
Criteria	OMB Circular A-87, Attachment B - Charges to Federal awards for salaries and wages will be based on payrolls documented in accordance with the generally accepted practice of the governmental unit, and where employees work on multiple activities or cost objectives, a distribution of their salaries or wages will be supported by personnel activity reports or equivalent documentation.
Condition	<p>FAHCA records indicated that salary and benefit costs charged to the Medicaid Cluster totaled approximately \$73 million during the 2009-10 fiscal year. Included in this amount were allocations of the salaries and benefits paid to staff of FAHCA's Division of Health Quality Assurance (HQA). HQA incurred salary and benefit costs totaling approximately \$35 million during the 2009-10 fiscal year. FAHCA used time and effort records (FAHCA's time validation reporting) to allocate HQA salary and benefit costs across funding sources when the applicable employees worked on multiple programs.</p> <p>We tested 15 salary and benefit charges to the Medicaid Cluster. Of these charges, 8 related to HQA employees who worked on multiple programs. For 1 of the 8 HQA salary and benefit charges, we noted that salary and benefit costs totaling \$78,477.87 were charged directly to CFDA No. 93.778 - Medical Assistance Program during the 2009-10 fiscal year rather than being allocated across funding sources through time and effort records.</p>
Cause	Time and effort records were not available for the employee due to an oversight by FAHCA staff.
Effect	Absent appropriate documentation, incorrect charges for salaries and wages may be applied to Federal awards.
Recommendation	FAHCA staff indicated that starting with the September 2010 quarter the position will be included in the time and effort records. We recommend that FAHCA strengthen its procedures to ensure that time and effort records are used for all applicable HQA employees whose job duties involve multiple programs.
State Agency Response and Corrective Action Plan	Florida AHCA staff with multiple duties from multiple funding sources have been educated regarding particular funding sources for their duties. Florida AHCA staff worked with Department of Management Services and Peoples First staff to set up coding time placed on timesheets to attribute that time according to activity and funding source. Florida AHCA office staff are now entering their time into the Florida People's First Time Validation system paying attention to their activities with regard to funding sources.
Estimated Corrective Action Date	2/1/11
Agency Contact and Telephone Number	Kimberly Smoak (850) 412-4516

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-062
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Cash Management
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Noncompliance and Significant Deficiency
Finding	In some instances, FAHCA drew funds based on projections that were not supported by a methodology and documentation showing that the funds were for immediate cash needs.
Criteria	31 CFR Part 205, Subpart A, Section 205.9, 205.10, and 205.11; Cash Management Improvement Act (CMIA) Agreement between the State of Florida and the Secretary of the Treasury, United States Department of the Treasury, Section 6.1.4.
Condition	During the 2009-10 fiscal year, FAHCA drew funds totaling approximately \$12 billion for the Medicaid Cluster and the Children's Health Insurance Program (CHIP). We tested 25 draws totaling approximately \$2.9 billion, including ARRA funds totaling approximately \$230 million. Of the 25 cash draws tested, 4 draws totaling \$467,381,429 were based on projected cash needs for the Medicaid Cluster. Of this amount, 2 of the draws were for ARRA funds totaling \$67,381,429. Our tests disclosed that FAHCA did not maintain supporting documentation for the methodology or data used to calculate the draw amount for these 4 draws. Without supporting documentation, FAHCA was not able to evidence the immediate cash need for the funds.
Cause	For the non-ARRA draws, FAHCA staff stated that some Medical Assistance Payment projected draws were arbitrarily calculated and were based entirely on projected draw amounts that were used by FAHCA in prior periods. There was no methodology used to support the projected draw amount. For the ARRA draws, FAHCA staff stated that, for projected draws, they arbitrarily made the decision to keep the amounts between \$35 million and \$55 million.
Effect	Without an appropriate methodology, draws may be made for inappropriate amounts. Also, drawing amounts in excess of documented cash needs could affect the State's CMIA interest liability.
Recommendation	We recommend FAHCA develop an appropriate methodology for projecting cash needs. Documentation should be maintained to support the calculated cash need.
State Agency Response and Corrective Action Plan	FAHCA has developed steps that are routinely followed in determining amounts for projected draws. Instructions have been written and worksheets are being maintained.
Estimated Corrective Action Date	Procedures were put in writing in February 2011. Worksheets have been kept since Fall 2010.
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-063
CFDA Number	93.767 and 93.775, 93.776, 93.777, 93.778
Program Title	Children’s Health Insurance Program and Medicaid Cluster
Compliance Requirement	Cash Management
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0805FL5028 (Federal 2007-08); 05-0805FL5048 (Federal 2007-08); 05-0905FL5028 (Federal 2008-09); 05-0905FL5048 (Federal 2008-09); 05-0705FL5021 (Federal 2006-07); 05-0805FL5021 (Federal 2007-08); 05-0905FL5021 (Federal 2008-09)
Finding Type	Significant Deficiency
Finding	FAHCA did not ensure that amounts were accurately reported on the Cash Management Improvement Act (CMIA) Annual Report to the Florida Department of Financial Services (FDFS).
Criteria	The Cash Management Improvement Act (CMIA) of 1990, as amended; 31 CFR Part 205 §.13 and §.14, <i>Federal interest liability</i> , and §.26, <i>Preparing Annual Reports</i> ; CMIA Agreement between the State of Florida and the United States Department of the Treasury
Condition	<p>FAHCA annually reports to FDFS drawdown data related to the receipt of Federal funds including components for Direct Program Costs, Direct Administrative Costs, Payroll Costs, and Indirect Costs. FAHCA is also required to report refund transactions exceeding \$50,000. A transaction is defined as a single deposit. FDFS uses this information to calculate the State’s CMIA interest liability and to prepare the State’s CMIA Annual Report.</p> <p>Our review of the report FAHCA submitted to FDFS for the 2008-09 fiscal year disclosed errors in the cash draw amounts reported. Additionally, the refunds and related interest liability reported were not always in accordance with the CMIA agreement between the State of Florida and the United States Department of the Treasury. Specifically, our tests disclosed the following:</p> <ul style="list-style-type: none"> ➤ FAHCA overstated cash draw and deposit amounts reported to FDFS for CFDA No. 93.778 – Medical Assistance Program by \$24,860,314 and understated amounts reported for CFDA No. 93.767 – Children’s Health Insurance Program by \$10,467,557. For CFDA No. 93.778 – Medical Assistance Program, these differences included for a component understatements totaling as much as \$61.4 million and overstatements totaling as much as \$86.2 million. Also, for these amounts, FAHCA improperly categorized cash draws reported to FDFS totaling approximately \$21,366,362 for both CFDA No. 93.778 – Medical Assistance Program and CFDA No. 93.767 – Children’s Health Insurance Program. ➤ FAHCA incorrectly calculated and reported \$1,467.94 in interest liability on refund deposit transactions for CFDA No. 93.778 – Medical Assistance Program that did not meet the \$50,000 threshold established in the CMIA agreement. ➤ FAHCA failed to report seven refunds totaling \$1,166,680.90 for CFDA No. 93.778 – Medical Assistance Program, which individually met or exceeded the \$50,000 threshold.
Cause	FAHCA had not developed procedures for the preparation and submission of the CMIA report. No reconciliation was performed between FAHCA’s worksheets supporting CMIA report totals and FAHCA’s accounting records. FAHCA staff placed reliance on FDFS to review supporting documentation and inform them of any errors such as the calculation of an interest liability for refunds that did not meet or exceed the \$50,000 threshold. There had also been turnover in the cash

	management area of FAHCA's Office of Finance and Accounting.
Effect	Without ensuring that amounts reported agree with accounting records and that amounts reported comply with the requirements of the CMIA Agreement, the risk is increased that interest liability amounts could be materially misstated.
Recommendation	We recommend FAHCA develop and implement written procedures for the preparation, review, and submission of the CMIA data to FDFS, including procedures for ensuring that the amounts reported are accurate and complete.
State Agency Response and Corrective Action Plan	We concur with the recommendation. FAHCA is developing written procedures for the preparation, review, and submission of the CMIA data to FDFS.
Estimated Corrective Action Date	Procedures will be finalized by June, 2011
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-064
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Eligibility
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness Questioned Costs – \$117,182.15 (Federal Share \$79,262.01; Federal Grant No. 05-0905FL5028, \$19,051.31; Federal Grant No. 05-1005FL5MAP, \$60,210.70)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-059
Finding	In a significant number of instances, FDCFS was unable to provide sufficient documentation to support that the eligibility determinations of individuals receiving Medicaid were made in accordance with Federal regulations or FDCFS policy. Additionally, data exchange responses received by FDCFS were not processed timely.
Criteria	42 CFR 435.407 – <i>Types of Acceptable Documentary Evidence of Citizenship</i> ; 42 CFR 435.913 – <i>Case Documentation</i> ; 42 CFR 435.916 – <i>Periodic Redeterminations of Medicaid Eligibility</i> FDCFS Access Florida Program Policy Manual Chapters 1400 <i>Technical Requirements</i> , 1600 <i>Assets</i> , 1800 <i>Income</i> , and 2400 <i>Budgeting Income</i>
Condition	The Florida Agency for Health Care Administration expended approximately \$15.1 billion for Medicaid services provided on behalf of Medicaid recipients during the 2009-10 fiscal year. FDCFS determined client eligibility for Medicaid for a portion of those receiving services. We reviewed 60 case records for individuals receiving Medicaid services to determine whether the records demonstrated that the clients met the eligibility requirements for the Program. Our tests disclosed that for 14 cases FDCFS did not fully document the eligibility of individuals to receive Medicaid services during the 2009-10 fiscal year. Specifically, our tests disclosed the following: <ul style="list-style-type: none"> ➤ For seven individuals, FDCFS did not verify or include the applicant's reported income or loss of income in accordance with FDCFS policy, the consideration of which may have had an adverse effect on the eligibility determination. Of these seven applicants: <ul style="list-style-type: none"> • Two instances concerned the improper exclusion of support payments from the income calculation. In one instance, the amount of the support was not determined or included in the income calculation. In the second instance, support payments were excluded from the income calculation, the inclusion of which would have made the client ineligible for services. • Two instances where self-employment income was verified by a client statement, which was in the form of a work calendar. FDCFS policy concerning the verification of self-employment income requires the applicant to make all business records available to the eligibility specialist. If the applicant claims to have no business records, an exception to the verification requirement can be granted by a supervisor. For both of these instances, there was no indication that an exemption to the verification requirement had been granted. • One instance involved the inclusion of a nonrepresentative week of income in the income calculation. Had only the representative weeks which represented the on-going pattern of income been used for the income calculation, the client would have been ineligible for services.

- One instance concerned the failure to verify or include earned income reported by the applicant in the income calculation.
- One instance pertained to the failure to verify a reported loss of income. Eligibility was determined using the client's statement as verification of loss of income.

During the 2009-10 fiscal year, Medicaid services totaling \$29,769.02 were provided to these individuals during the applicable eligibility periods.

- For two individuals, FDCFS either did not verify or include assets reported by the applicant in accordance with FDCFS policy when determining eligibility, the consideration of which may have had an adverse effect on the eligibility determination. In one instance, the applicant was determined to be ineligible based on the asset values initially included in the asset budget. However, subsequently, four days later, the asset values were reduced without explanation. The reduction followed a telephone call from the applicant indicating medical tests were upcoming. The subsequent revaluation or exclusion of assets by FDCFS resulted in the approval of the applicant to receive Medicaid. In the second instance, the cash value of a life insurance policy was not verified or included in the asset budget. Additionally, in this instance, unearned income reported by the applicant was not included in the income calculation. During the 2009-10 fiscal year, Medicaid services totaling \$19,038.46 were provided to these individuals during the applicable eligibility periods.
- For five individuals, citizenship was not verified in accordance with Federal regulations or FDCFS policy prior to approval for Medicaid. Specifically:
 - For two instances improper documentation was initially accepted as verification of citizenship. In one instance, a birth certificate from another country was accepted as verification of citizenship. Subsequent to our audit inquiry, FDCFS obtained and provided documentation evidencing citizenship for this applicant. In the other instance, a souvenir hospital birth certificate was accepted.
 - For one instance, citizenship was not verified prior to approval for the Medicaid coverage group for women screened through the Breast and Cervical Cancer Early Detection Program.
 - For two instances, a child's identity, necessary to prove citizenship, was not verified in accordance with Federal regulations. In these instances, identity was verified through an attestation completed through FDCFS' internet application (known as Webapp) where the name and date of birth was certified by the parent. FDCFS staff stated that identity for these individuals was verified in accordance with FDCFS policy, which allows the applicant to attest to a child's identity in the Webapp. However, FDCFS policy did not comply with Federal regulations that require the parent, guardian, or caretaker to include in an affidavit the place of the child's birth. As a result, the parent did not certify the place of birth, as required by Federal regulations.

Additionally, we noted for one of the five cases that a redetermination of eligibility had not been performed within the required 12 month period. Medicaid services totaling \$29,074.64 were provided to these five individuals during the 2009-10 fiscal year.

In addition, for 7 of the 60 cases, FDCFS did not process data exchange responses received by FDCFS within the established time frames. Federal regulations require FDCFS to verify certain eligibility information through electronic data exchange with other State and Federal agencies. FDCFS has established time frames of 10 or 45 days, depending upon the type of data exchange, for processing the information returned by data exchange procedures.

The response times for the seven instances ranged from 4 days late to 289 days late.

In addition to the 60 cases discussed above, our review of five cases that were approved for the Breast and Cervical Cancer Early Detection Program Medicaid coverage group disclosed that citizenship was not documented for four additional applicants. Subsequent to our audit inquiry, FDCFS obtained and provided documentation that demonstrated the four applicants were United States citizens. Medicaid services totaling \$39,300.03 were provided to these individuals during the 2009-10 fiscal year.

Cause

FDCFS attributed the case processing exceptions to staff misapplication and misinterpretation of policy as a result of increased workloads and staff shortages. As indicated above, FDCFS did not agree that the two child identity cases were errors as FDCFS asserted that the Webapp attestation conformed to FDCFS policy.

FDCFS staff indicated that the causes for the failure to timely review data exchange responses were staff shortages and an increased workload that continues to impact timely processing of data exchanges. As the number of applications for assistance rises, staff dedicated to case maintenance activities are reallocated to help process applications, thus contributing to the lag in processing data exchanges.

FDCFS staff also stated that the exceptions related to the Breast and Cervical Cancer Detection Program Medicaid coverage group were attributed to a misapplication of policy.

Effect

Medicaid services may have been provided to individuals for whom Medicaid eligibility was not documented. Additionally, the failure to follow established policies and procedures increases the risk of noncompliance. The failure to timely review data exchange information may preclude FDCFS from identifying changes in client eligibility status.

Recommendation

We recommend that FDCFS improve staff compliance with established policies and procedures to ensure that eligibility is fully documented. We also recommend that FDCFS bring its policy concerning the verification of a child's identity into compliance with Federal regulations. In addition, we recommend that FDCFS process data exchange responses and any related eligibility status adjustments within the established time frames.

State Agency Response and Corrective Action Plan

1. In regard to the errors cited, training on the correct verification and case record documentation requirement for all Medicaid programs will be provided for eligibility staff. One facet of this is the publication of a "Tip of the Week" providing clarification on souvenir birth certificates.

The on-line manual was revised November 3, 2010 to remove the requirement for staff to request exceptions to the self employment verification policy from Region or Circuit staff; exceptions can be granted by a supervisor.

The on-line manual will be updated to provide clarification on the use of work calendars and what verifications are required at review.

2. Based on the Department's communication with the Centers for Medicare and Medicaid Services, the Department believes it is in compliance with Federal regulations in regard to verification of a child's identity. On the web application, a separate "Certification of Identity" screen displays the name and date of birth for each child under 16. The individual is asked to certify the identity of the child under penalty of perjury and select a "Certify Now" key. The child's country of birth is captured on the web application via the "Individual Information" screen which the applicant, along with the rest of the application, certifies under penalty of perjury via the "Statement of Understanding" screen. To align the child identity web attestation with the paper attestation, the Department will make programming changes to the web application to include the country of birth on

the "Certification of Identity" screen. Due to fiscal constraints programming changes will not begin until the new state fiscal year 2012.

3. Staff shortages and an increased workload continue to impact staff's ability to work all data exchange alerts timely. To abate the workload impact of these alerts, the Department provided staff with guidance for the work priorities for data exchanges through policy transmittal I-09-05-0014 dated May 5, 2009. In addition, staff now receive a monthly electronic reminder upon entering the eligibility system to process timely the data exchange alerts identified in the work priorities guidance. Through its quality assurance efforts at the state and local levels the Department monitors the timeliness of processing data exchange alerts as well as other changes that affect eligibility.

4. A request will be made for a Benefit Recovery review of cases for possible overpayment.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-065
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Reporting
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Noncompliance Questioned Costs – \$5,107,002.80 (Federal Share \$3,454,376.70; Federal Grant No. 05-0905FL5028 \$2,158,307.05, Federal Grant No. 05-1005FL5MAP \$1,296,069.65)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-060
Finding	Contrary to Federal requirements, FAHCA reported on the CMS-64, Quarterly Medicaid Statement of Expenditures for the Medical Assistance Program reports expenditures that were not supported by provider claims.
Criteria	OMB Circular A-87 Section C(1)(j), <i>Basic Guidelines</i> - Costs must be adequately documented to be allowable under Federal awards. Section 2500(A)(1), State Medicaid Manual (Publications #45), <i>Reported Expenditures</i> - Claims developed through the use of estimating techniques are considered estimates and are not allowable under any circumstances. When unable to document a claim for expenditures on a current basis, the claim should be withheld until supported by final documentation.
Condition	As a result of the transition to a new Medicaid fiscal agent, effective June 26, 2008, functionality issues associated with the fiscal agent's Florida Medicaid Management Information System (FMMIS) prevented certain types of Medicaid providers from receiving reimbursement for electronic medical claims submitted through FMMIS. In order to compensate providers for medical services provided, emergency payments were issued that FAHCA staff indicated were estimates of what the providers should have received, had FMMIS been functioning properly. Once an emergency payment had been issued to a provider, FAHCA procedure was to recoup the emergency payment by creating an account receivable in FMMIS that would be offset by withholding a certain percentage of subsequent valid claims submitted by the provider and applied to the account receivable balance. While the emergency payment issued by FAHCA was an estimate that was not supported by actual claims, the subsequent reprocessing of claims to offset the applicable account receivable balance was to be supported by actual claims. During the 2009-10 fiscal year FAHCA paid approximately \$15.1 billion in Medicaid payments to providers for goods and services provided to Medicaid recipients. Of this amount, \$226,585,861.57 in emergency payments were issued to Medicaid providers and reported on the CMS-64 report, for the September 30, 2009, December 31, 2009, March 31, 2010, and June 30, 2010, quarters. Of the \$226,585,861.57 in emergency payments issued during the 2009-10 fiscal year, \$221,478,858.77 had been recouped by FAHCA, leaving \$5,107,002.80 uncollected at June 30, 2010. The balance of the emergency payments at June 30, 2010, were not supported by actual claims, resulting in an overstatement of expenditures reported for the 2009-10 fiscal year.
Cause	FAHCA Finance and Accounting staff indicated that it was their understanding that procedures had been revised to ensure emergency payments were recouped in the same quarter issued.

Effect	Failure to provide accurate information limits the Federal government's ability to properly administer the Program.
Recommendation	We recommend that FAHCA report on the quarterly CMS-64 report only expenditures that are supported by actual claims.
State Agency Response and Corrective Action Plan	A complete review of Emergency Payments made since July 2008 was made and any payment not supported by claims were reversed in an adjustment to the CMS 64 Report for the quarter ended September 2010. There have been no Emergency Assistance Payments made without claims support since then.
Estimated Corrective Action Date	September 2010
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-066
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Reporting
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-0905FL5048 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10); 05-1005FL5ADM (Federal 2009-10)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-061
Finding	FAHCA procedures were not sufficient to ensure that expenditures reported on the CMS-64, Quarterly Medicaid Statement of Expenditures for the Medical Assistance Program, included only activity pertaining to the applicable reporting period.
Criteria	<p>Section 2500, State Medicaid Manual (Publication #45) – <i>Quarterly Medicaid Statement of Expenditures for the Medical Assistance Program</i> – States are required to report Medicaid expenditures based on the date a cash payment is made to the provider.</p> <p>Section 1903(a)(1), Social Security Act – <i>Payment To States</i> – States are to be reimbursed an amount equal to the Federal Medical Assistance Payment (FMAP) of the total amount expended during the quarter.</p>
Condition	For the 2009-10 State fiscal year, FAHCA reported Medical Assistance Payments and Administration expenditures totaling approximately \$17.6 billion on the quarterly CMS-64 reports, of which approximately \$11.8 billion represented the Federal portion of Medicaid expenditures. Our audit disclosed that expenditures were not always reported in the quarter in which cash payments were made to the providers. Specifically, we noted that the September 30, 2009, CMS-64 report excluded Medical Assistance Payments made to providers on July 1, 2009, totaling \$409,603,976.59 that should have been reported on the September 30, 2009, CMS-64 report, based on the date the payments were made to providers. Rather, this amount was included on the June 30, 2009, CMS-64 report. Additionally, as disclosed in report No. 2010-165, finding No. FA 09-061, the June 30, 2009, CMS-64 report did not include Medical Assistance Payments totaling \$402,433,282.55 made on April 1, 2009. These payments were instead reported on the March 31, 2009, CMS-64 report. As a result, the June 30, 2009, CMS-64 report was overstated by a net amount totaling \$7,170,694.04, and the September 30, 2009, report was understated by \$409,603,976.59.
Cause	<p>FAHCA management indicated that FAHCA reported Medicaid expenditures based on the date Federal funds were drawn, rather than the date the payments were actually made to providers. The reporting policy did not comply with Section 2500 of the State Medicaid Manual or Section 1903(a)(1) of the Social Security Act.</p> <p>FAHCA management indicated that procedures have been amended to base the reporting periods on the State warrant date (payment date).</p> <p>FAHCA management also indicated in relation to a prior audit finding, that adjustments will be made to accurately report expenditures reported incorrectly on the September 30, 2008, CMS-64 report to ensure that the correct Federal share of expenditures has been drawn down (see report No. 2010-165, Finding No. FA 09-061).</p>
Effect	The failure to provide accurate reports could limit USDHHS' ability to properly monitor the Program. Additionally, the failure to report expenditures in the proper period could result in the State's receipt of an inaccurate Federal share of

	Medicaid expenditures when the Federal Medical Assistance Percentage changes between periods.
Recommendation	We recommend that FAHCA correct the CMS-64 reports for all subsequent quarters where the expenditures were reported in the incorrect period. We also recommend FAHCA continue its efforts to ensure that expenditures reported on the quarterly CMS-64 report include only payments made to providers during the applicable reporting period.
State Agency Response and Corrective Action Plan	The prior period adjustments to move claims paid under check date 10/1/2008 from the quarter ending September 30, 2008 to the quarter ending December 31, 2008 was filed in the CMS 64 for the quarter ending September 2010. Adjustments for check date 4/1/2009 and 7/1/2009 will be done in the reports for quarter ending March 31, 2011 and June 30, 2011.
Estimated Corrective Action Date	The final prior period adjustment to the CMS 64 will be completed June 30, 2011. FAHCA is reporting expenditures in the correct quarterly report.
Agency Contact and Telephone Number	Paula Shirley (850) 412-3820

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-067
CFDA Number	93.775, 93.776, 93.777, 93.778
Program Title	Medicaid Cluster
Compliance Requirement	Special Tests and Provisions – Provider Eligibility
State Agency	Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness Questioned Costs – \$4,682,148.09 (Federal Share \$3,167,004.97 – Federal Grant Nos. 05-0905FL5028, \$825,038.79; 05-1005FL5MAP, \$2,341,966.18)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-062
Finding	FAHCA procedures were not sufficient to ensure that Medicaid providers receiving payments had a current provider agreement in effect.
Criteria	<p>42 CFR 431.107 – <i>Required Provider Agreement</i></p> <p>Section 409.907, Florida Statutes – <i>Medicaid Provider Agreements</i> - Payments for medical assistance and related services on behalf of Medicaid recipients are to be made only to individuals or entities with a provider agreement in effect.</p> <p>Florida Medicaid Provider General Handbook, Section 2 – Both institutional and noninstitutional providers enrolled in the Medicaid Program are to submit a signed and dated Provider Agreement.</p>
Condition	<p>Approximately 54,000 providers, excluding HMO and other capitation payment plans, received Medicaid payments during the 2009-10 fiscal year. FAHCA contracted with a fiscal agent to provide the Florida Medicaid Management Information System (FMMIS) that processes Medicaid claims submitted by providers. The Medicaid fiscal agent also was responsible for enrolling providers in the Medicaid Program and ensuring that all provider files were complete. Among the documentation required to be submitted by the provider was a Medicaid Provider Agreement, which has a term of three years for an institutional provider and five or ten years for a noninstitutional provider. The Medicaid Provider Agreements specify, among other things, that only a person or entity with a provider agreement in effect can receive payments. The Provider Agreement also states that services performed must have actually been performed for an eligible Medicaid recipient and must have been medically necessary.</p> <p>We reviewed documentation for 40 providers enrolled in the Medicaid Program that received payments during the 2009-10 fiscal year to determine whether the provider met the eligibility requirements. Our review disclosed that the Provider Agreement on file with FAHCA for 9 providers had expired. The expiration dates for these Provider Agreements ranged from March 31, 2001, to June 25, 2008. Payments made to these 9 providers totaled \$4,682,148.09 for the period of time during the 2009-10 fiscal year after the Provider Agreement had expired. For all 9 instances, the payments were made even though FMMIS indicated that the providers had expired agreements.</p>
Cause	FAHCA staff indicated that the reason for not obtaining renewed Provider Agreements was the result of a change in fiscal agent in June 2008 and the efforts expended during fiscal agent transitions.
Effect	Failure to ensure that current Provider Agreements are in effect with Medicaid providers could preclude FAHCA from demonstrating provider eligibility and enforcing the provisions of applicable laws, rules, and regulations.

Recommendation

We recommend that FAHCA ensure that payments are made only to providers with current Provider Agreements in effect. Given that the transition to a new fiscal agent occurred two years ago, FAHCA should work with the fiscal agent to ensure that providers have current provider agreements in place or assess appropriate penalties for nonperformance against the fiscal agent.

State Agency Response and Corrective Action Plan

The Agency completed installation of an automated reenrollment process in the MMIS in January of 2010 which required over 1200 hours of coding and testing. This automated process runs daily and identifies any provider with a provider agreement end date ninety (90) days in the future; flags the file as needing to reenroll; creates a report for tracking purposes; and sends the reenrollment packet to the provider.

The provider has 90 days from that date to return the completed reenrollment packet in order to remain active in Florida Medicaid. Providers who fail to respond within the 90-day window are suspended in the system to prevent claims with dates of service after the agreement end date from processing.

This process has been running since February 1, 2010 and guarantees that no provider with a valid agreement will expire and still have claims process and pay. As an automated process, provider reenrollment no longer has to shut down during fiscal agent transitions as in the past.

The status for this finding remains partially corrected because the Agency is currently in the process of installing an additional automated job to identify providers with agreement end dates less than the current date; flag the file as needing to reenroll; create a report for tracking purposes; and send the reenrollment packet to the provider.

The provider will have 90-days from that date to return the completed reenrollment packet in order to remain active in Florida Medicaid. Providers who fail to respond within the 90-day window will be suspended in the system to prevent claims with dates of service after the agreement end date from processing. Senior management will then make a determination if the provider should be terminated.

This job will be a one-time cleanup of older provider files and encompasses the providers who were not reenrolled during the fiscal agent transition.

Completion of this job will result in a fully corrected status for this finding.

Estimated Corrective Action Date

Ongoing

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number FA 10-068
CFDA Number 93.775, 93.776, 93.777, 93.778
Program Title Medicaid Cluster
Compliance Requirement Special Tests and Provisions – Inpatient Hospital and Long-Term Care Facility Audits
State Agency Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year 05-0905FL5028 (Federal 2008-09); 05-1005FL5MAP (Federal 2009-10)
Finding Type Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-064

Finding FAHCA had not developed policies and procedures to provide for the timely review and release of cost report audits of Intermediate Care Facilities for the Developmentally Disabled (ICF-DD) and nursing homes. Additionally, FAHCA had not resolved issues relating to the cost reports of the ICF-DD facilities for which independent auditors disclaimed an opinion for the 2004-05 fiscal year.

Criteria 42 CFR 447.253 – *Audit Requirements*

Condition Payments for inpatient hospital services and long-term care facility services are to be based on approved cost-based rates. To ensure the accuracy of those rates, periodic audits of the supporting financial and statistical records of participating providers are required. FAHCA contracted with certified public accounting (CPA) firms to perform the periodic ICF-DD and nursing home cost report audits. FAHCA staff were to review the audited cost reports and working papers prior to releasing the audit reports.

Our audit disclosed that FAHCA had not developed policies and procedures to ensure the timely selection, review, and release of ICF-DD and nursing home cost report audits. Specifically:

- Of the 105 ICF-DDs that received payments totaling \$392,393,264.92 during the 2009-10 fiscal year, only 6 were selected for audit. Of the 677 nursing homes that received payments totaling \$2,856,921,129.48 during 2009-10 fiscal year, only 82 were selected for audit. At these levels, it will take approximately 17 years and 8 years, respectively, for each ICF-DD and nursing home to receive an audit.
- For the ICF-DD and nursing home audits released during the 2009-10 fiscal year, the average length of time to complete and release an ICF-DD and nursing home audit report, from the year selected to the year released, was approximately 5.6 and 2.5 years, respectively. For the audits released during the 2009-10 fiscal year, the table below shows when each of the facilities were originally selected for audit.

Cost Reports Selected For Audit During Fiscal Year	Number of Audits Released During Fiscal Year 2009-10	
	ICF-DD	Nursing Homes
2003-04	10	
2004-05	3	
2005-06	1	52
2006-07		51
2007-08		36
2008-09		55
2009-10		2
Total	14	196

- We also noted that for the ICF-DD and nursing home audit reports released, the average length of time from the fiscal year-end audited to the release of the audit reports during the 2009-10 fiscal year was approximately 7.6 and 4.8 years, respectively. The following table shows the fiscal years audited for each report released during the 2009-10 fiscal year.

Cost Reports With Fiscal Years Ended in the Year	Number of Audits Released During Fiscal Year 2009-10	
	ICF-DD	Nursing Homes
2002	10	4
2003	3	8
2004	1	60
2005		51
2006		29
2007		31
2008		13
Total	14	196

Additionally, as of December 9, 2010, 10 audits resulting in disclaimers of opinion on the ICF-DD cost reports for the 2004-05 fiscal year had not been released. FAHCA staff indicated that staff will determine further actions on these engagements following a January 31, 2011, administrative hearing regarding other audits released.

Cause

FAHCA’s goal is to assign cost reports to audit firms within three years of receipt. FAHCA staff indicated that the reasons for the delay in releasing ICF-DD and nursing home audit reports was the result of staff working on multiple assignments, such as cost report reviews and cost report audit appeals scheduled with the Division of Administrative Hearings. Also, the CPA firms’ draft cost report audits may go through multiple reviews by FAHCA staff prior to being released. Additionally, a CPA firm whose contract was not renewed as of July 1, 2009, had not returned outstanding work to FAHCA, delaying efforts for the timely completion of the 12 audits assigned to that firm. As a result, FAHCA was tasked with completing audits that were already in progress. In addition, FAHCA

relied solely on training provided to new audit analysts, rather than providing both training and written procedures to guide the cost report audit review process.

Additionally, FAHCA's practice of reviewing the supporting working papers for each CPA firm's audit report may have impeded the timely issuance of the audit reports.

Effect

Failure to timely review and release ICF-DD and nursing home audit reports reduces the effectiveness of efforts to ensure that these facilities are reimbursed at the appropriate rate and limits FAHCA's ability to timely apply rate adjustments, if necessary.

Recommendation

Subsequent to our inquiry, FAHCA completed the development of written policies and procedures pertaining to the release of cost reports. We recommend that FAHCA continue to maintain and enhance written policies and procedures to assist in the review and release of nursing home and ICF-DD audit reports, including time frames for the timely selection of facilities and the timely review and release of the audit reports.

State Agency Response and Corrective Action Plan

FAHCA has developed written policies and procedures pertaining to the release of cost reports. FAHCA will continue to maintain and revise all written policies and procedures as necessary to assist in the review and release of nursing home and ICF-DD audit reports to ensure timely selection of facilities and timely review and release of audit reports.

(850) 412-4100

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-069
CFDA Number	93.889
Program Title	National Bioterrorism Hospital Preparedness Program (HPP)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year	U3REP090219-01 2009, U3REP090219-02 2010, 1H75TP000351-01 2009, 5U90TP417006-10 2009
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$121,706.43
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-065
Finding	FDOH did not always maintain appropriate records to support salary and benefits charged to HPP.
Criteria	OMB Circular A-87 Attachment A, <i>General Principles for Determining Allowable Costs</i> ; Attachment B, Section 8.h., <i>Support of Salaries and Wages</i>
Condition	<p>During the 2009-10 fiscal year, FDOH expended HPP funds totaling \$23,458,353 of which \$1,983,858 represented salary and benefit costs for FDOH employees and \$400,405 represented payments to a contractor for contract employees. Our tests of three salary payments to employees and seven payments to contractors for contract employees disclosed that documentation was not maintained to support the amounts charged to HPP in all ten instances, as described in the following paragraphs.</p> <p>Contract employees may each perform work benefitting a variety of FDOH programs. Salary costs attributable to five contracted employees totaling \$104,113.31 for the six-month period ending June, 30, 2010, were charged to HPP; however, certifications were not on file to evidence that the employees worked solely on the program. (CFDA No. 93.889, Federal Grant No. U3REP090219-01 - \$94,323 and U3REP090219-02 - \$9,790.33)</p> <p>Two contracted employees' salaries were charged to multiple programs; however, FDOH did not maintain time and effort records to support the allocation of costs totaling \$13,220.59. (CFDA No. 93.889, Federal Grant No. U3REP090219-01 - \$9,886.52 and CFDA No. 93.069, Federal Grant No. 1H75TP000351-01 - \$3,334.37 Public Health Emergency Preparedness (PHEP))</p> <p>Two FDOH employees distributed time charges evenly between HPP and PHEP on their time sheets, regardless of the actual time spent on each program. Our inquiries and review of the time sheets indicated these employees worked on activities such as administrative and purchasing duties. Pursuant to Federal cost principles, costs charged to a particular cost objective must be allocable such that the goods or services involved are chargeable or assigned to such cost objectives in accordance with the relative benefits received. Payments to these employees for pay periods tested totaled \$4,232.32. (CFDA No. 93.889, Federal Grant No. U3REP090219-01 - \$2,095.80 and CFDA No. 93.069, Federal Grant No. 5U90TP417006-10 - \$2,136.52 PHEP)</p> <p>For one employee, FDOH did not properly allocate costs to HPP based on hours reported on the employee's time sheet. The error resulted in an overcharge of \$140.21 to the HPP and an undercharge to PHEP of \$140.21. (CFDA No. 93.889, Federal Grant No. U3REP090219-01 and CFDA No. 93.069, Federal Grant No. 5U90TP417006-10)</p>
Cause	When FDOH updated the list of employees required to complete the certification form, the contract employees were inadvertently overlooked.

Based on our inquiry, administrative employees' job duties overlapped significantly between the two programs making tracking the time worked on each program impractical.

FDOH Program staff had not submitted correcting entries to adjust the \$140.21 overcharge before fiscal year end.

Effect

Federal programs were charged costs that were not substantiated by appropriate records or did not benefit the Program.

Recommendation

We recommend that FDOH ensure that payroll certifications or time and effort records as appropriate are maintained for all contract employees that work on Federal Programs. FDOH should also consider alternate methods of charging time worked for administrative employees, if the costs are not readily assignable to the programs specifically benefitted without effort disproportionate to the results achieved. FDOH should ensure that adjusting entries to the accounting records are timely made to provide for the proper reporting of expenditures for each program.

State Agency Response and Corrective Action Plan

We concur. Division of Emergency Operations (DEMO) Administrative Services Unit will update documentation for 100% timekeeping procedures to include all non-full time employee (FTE) positions and educate all supervisors on the procedures. DEMO will test compliance quarterly, document results and problem-solve compliance issues as they arise.

DEMO Administrative Services Unit will update 100% timekeeping procedure documentation to include contracted employees. Bureau of Preparedness & Response (BPR) will test, document and problem-solve compliance with procedures quarterly beginning September 2011.

Estimated Corrective Action Date

March 1, 2011

Agency Contact and Telephone Number

Jean Kline
(850) 245-4054

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number FA 10-070
CFDA Number 93.917
Program Title HIV Care Formula Grants
Compliance Requirement Eligibility
State Agency Florida Department of Health (FDOH)
Federal Grant/Contract Number and Grant Year 6 X07HA00057-19 2010 and 6X07HA00057-20 2011
Finding Type Noncompliance and Significant Deficiency
 Questioned Costs – \$6,872.17

Finding Eligibility determination procedures were not sufficient to ensure that only eligible individuals received AIDS Drug Assistance Program (ADAP) benefits.

Criteria 42 USC 300ff-26(b) Provision of Treatment – *Eligible Individuals*; 42 USC 300ff-27(b)(7)(F)(ii) -- *Description of intended uses and agreements*; FDOH *Eligibility Determining Procedures Manual*

Condition During the 2009-10 fiscal year, FDOH expended approximately \$78,865,201 in ADAP funds to purchase and distribute drugs to eligible clients. We reviewed records for 25 clients receiving ADAP assistance who were enrolled or re-enrolled in the Program during the 2009-10 fiscal year. Clients eligible to participate in the Medicaid Program are not eligible to receive drugs through the HIV Program. FDOH did not identify ineligibility for ADAP benefits for 2 of 25 clients. These two clients received ADAP drug benefits totaling \$6,872.17 during the 2009-10 fiscal year, although they received Medicaid benefits during the same period. One client was subsequently determined ineligible in January 2010, while the other continued to receive ADAP benefits through June 2010.

Cause FDOH procedures required screening for Medicaid eligibility through ACCESS, Florida’s Online Public Assistance Pre-screening Tool, and follow-up to ensure clients possibly eligible for Medicaid applied for the assistance. However, FDOH procedures did not require ACCESS screening results or documentation of related follow-up be maintained in the client file. Additionally, a supervisory review of eligibility determinations was not required prior to the approval of an applicant’s eligibility. Instead, FDOH relied on biannual program monitoring as its review process.

Effect Drugs were dispensed to clients who did not meet ADAP eligibility requirements.

Recommendation We recommend that FDOH revise its procedures to require documentation of eligibility screening be maintained in client files. Additionally, we recommend that FDOH perform supervisory reviews of eligibility determinations to ensure that all required documentation is maintained.

State Agency Response and Corrective Action Plan We concur. The Bureau of HIV/AIDS will revise the eligibility manual to include clear directions on adding the pre-screening Medicaid form to CAREWare and the client chart to show proof the client is not eligible. Additionally, a new category called "proof of insurance/denial" has been added to CAREWare to scan and show proof. The Bureau of HIV/AIDS will run clients (including ADAP) against the Medicaid system using Florida Medicaid Managed Information System (FLMMIS) on a monthly basis to ensure clients are not actively on Medicaid. Any client on Medicaid will be disenrolled immediately. Staff trainings on eligibility are ongoing. Eligibility chart review tools have been developed and are utilized during the twice yearly monitoring of eligibility functions, as specified in the Administrative Guidelines. We will reinforce this monitoring requirement.

FDOH will revise the eligibility manual to include:

1. Clearer instruction for documenting eligibility screening in client files.

- 2. Update CAREWare to include a new category proof of insurance/denial.
- 3. Perform monthly Validation of clients against the FLMMIS to further strengthen HIV/AIDS as a Payer of Last Resort.

Julia Gill
(850) 245-4411

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-071
CFDA Number	93.958
Program Title	Block Grants for Community Mental Health Services (CMHS)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Children and Family Services (FDCFS) Florida Agency for Health Care Administration (FAHCA)
Federal Grant/Contract Number and Grant Year	2B09SM010010-10
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-067
Finding	FDCFS did not meet the CMHS maintenance of effort (MOE) requirement for the 2009-10 fiscal year due to the lack of sufficient availability of MOE funds. Additionally, FAHCA did not provide summary records or reports to support the amount of Medicaid expenditures used in the MOE calculation.
Criteria	42 USC 300x-4(b) <i>Additional Provisions</i> - The State will maintain State expenditures for community mental health services at a level that is not less than the average level of such expenditures maintained by the State for the 2-year period preceding the fiscal year for which the State is applying for the grant. 45 CFR 96.134, <i>Maintenance of effort regarding State expenditures</i>
Condition	During the 2009-10 fiscal year, FDCFS was required to expend \$373,216,112 in State funds in order to meet the MOE requirement for CMHS. Eligible MOE expenditures totaled \$357,866,542 for the 2009-10 fiscal year, resulting in a shortfall of \$15,349,570 (approximately 4.11 percent). On November 3, 2010, FDCFS requested a waiver from USDHHS citing extraordinary economic conditions. According to 45 CFR 96.134, extraordinary economic conditions exist when during either of the two State fiscal years preceding the Federal fiscal year for which the State is applying for a grant, the total tax revenue declines at least one and one-half percent, and either unemployment increases by at least one percentage point, or employment declines by at least one and one-half percent. In addition, the MOE calculation included FDCFS expenditures and the State share of applicable Medicaid expenditures reported by FAHCA. We requested documentation to support the accuracy of Medicaid expenditures totaling \$237,316,701 (State and Federal share) that were used in FDCFS' MOE calculations; however, the requested documentation has not been made available. Such documentation might include, for example, the query criteria used to calculate the amount of Medicaid payments for mental health services.
Cause	Because of continuing economic difficulties in Florida, the General Revenue moneys available for the CMHS MOE were not sufficient to meet the MOE requirements. In addition, as a result of the increase in Federal share for the Medicaid Program provided by the American Recovery and Reinvestment Act, the State share of the expenditures available to meet MOE has declined.
Effect	According to Federal regulations, the Administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA) or the Secretary of USDHHS is authorized to approve MOE waivers. Absent approval, the CMHS award could be reduced by an amount equal to the amount of the MOE shortfall.
Recommendation	We recommend that FDCFS continue to correspond with SAMHSA regarding the efforts that may be made to comply with the MOE requirements. Additionally, we recommend that FAHCA periodically provide FDCFS with reports of actual expenditures to allow FDCFS to monitor total expenditures incurred and timely

identify instances where expenditures may not be sufficient to meet the MOE requirement.

Florida Department of Children and Family Services

State Agency Response and Corrective Action Plan

The Department concurs with the finding. The Department has procedures for tracking and maintaining its MOE for the Mental Health Block Grant. However, the Florida Agency for Health Care Administration's (AHCA) part of the MOE equation is only provided to the Department on an annual basis.

Corrective Action Plan: The Department will endeavor to establish a quarterly, or at minimum, a biannual review process with AHCA. The Department has already contacted SAMHSA regarding the MOE Waiver. SAMHSA has indicated that Florida still meets the criteria for waiver under the extraordinary economic conditions for the Substance Abuse Block Grant and we see no reason why we should not be granted the same waiver for the Mental Health Block Grant. We will continue to work with SAMHSA and await further instructions from Barbara Orlando, Project Manager with SAMHSA.

There remains two significant pieces to the MOE equation for the CMHS block grant that greatly impact our ability to meet the MOE requirement. First, has been the ongoing decline of available state resources as a result of the declining economy. Second, the American Recovery and Reinvestment Act of 2009 (ARRA) Federal Medical Assistance Percentages (FMAP) adjustments further impacted the State of Florida's ability to maintain sufficient MOE expenditure levels pursuant to Federal Regulations. In addition, the economic outlook for the State of Florida does not appear to be rebounding, at present. Florida may be facing further reductions across the board this upcoming Legislative Session. In conclusion, the Department will diligently seek the input of AHCA on an ongoing basis to determine the maintenance of the AHCA portion of the MOE equation.

Fred Roberson
(850) 412-4100

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-072
CFDA Number	93.959
Program Title	Block Grants for Prevention and Treatment of Substance Abuse (SAPT)
Compliance Requirement	Matching, Level of Effort, Earmarking
State Agency	Florida Department of Children and Family Services (FDCFS)
Federal Grant/Contract Number and Grant Year	3B08TI010010-09S2 and 2B08TI010010-10
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness
Finding	FDCFS did not meet the SAPT maintenance of effort (MOE) requirement for the 2009-10 fiscal year due to insufficient availability of MOE funds.
Criteria	42 USC 300x-30 <i>Maintenance of effort regarding State expenditures</i> - The State will maintain aggregate State expenditures for authorized activities at a level that is not less than the average level of expenditures maintained by the State for the 2-year period preceding the fiscal year for which the State is applying for the grant. 45 CFR 96.134 <i>Maintenance of effort regarding State expenditures</i>
Condition	During the 2009-10 fiscal year, FDCFS was required to expend \$92,262,520 in State funds in order to meet the MOE requirement for SAPT. Eligible MOE expenditures totaled \$87,478,526.87 for the 2009-10 fiscal year, resulting in a shortfall of \$4,783,993.13 (approximately 5.19 percent). On September 14, 2010, subsequent to our audit inquiries, FDCFS requested a waiver from the Substance Abuse and Mental Health Services Administration (SAMHSA) based on extraordinary economic conditions. According to 45 CFR 96.134, extraordinary economic conditions exist when during either of the two State fiscal years preceding the Federal fiscal year for which the State is applying for a grant, the total tax revenue declines at least one and one-half percent, and either unemployment increases by at least one percentage point, or employment declines by at least one and one-half percent. In addition, subsequent to the waiver request, FDCFS revised the MOE expenditures, increasing the MOE shortfall that was included in the MOE waiver request by \$1,664,492.
Cause	Because of continuing economic difficulties in Florida, the General Revenue moneys available for the SAPT MOE were not sufficient to meet the MOE requirements.
Effect	USDHHS could reduce the SAPT allotment for the 2010-11 Federal fiscal year by the amount of the MOE shortfall.
Recommendation	We recommend that FDCFS continue to correspond with SAMHSA regarding the efforts made to comply with the MOE requirements.
State Agency Response and Corrective Action Plan	The Department received approval of the MOE waiver request for the SFY 2010 from SAMHSA by letter on February 8, 2011. Florida DCF will continue to correspond with SAMHSA regarding efforts made to comply with the MOE requirements.
Estimated Corrective Action Date	February 8, 2011 and on-going.
Agency Contact and Telephone Number	Stephenie W. Colston, Director for Substance Abuse (850) 921-8461

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-073
CFDA Number	93.959
Program Title	Block Grants for Prevention and Treatment of Substance Abuse (SAPT)
Compliance Requirement	Special Tests and Provisions – Independent Peer Reviews
State Agency	Florida Department of Children and Family Services (FDCFS)
Finding Type	Other
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-068
Finding	In the Summary Schedule of Prior Audit Findings, FDCFS indicated that finding No. FA 09-068, regarding its completion of independent peer reviews was partially corrected. In March 2010, FDCFS submitted a corrective action plan to the Substance Abuse and Mental Health Services Administration (SAMHSA) identifying its efforts to comply with the independent peer review requirements in 42 USC 300x-53(a) and 45 CFR 96.136. During the 2009-10 fiscal year, FDCFS was in the process of modifying its independent peer review process into a peer-based fidelity monitoring of evidence-based programs and practices. As of June 30, 2010, SAMHSA approval was pending.
Recommendation	On August 30, 2010, FDCFS received correspondence from SAMHSA indicating the proposed methodology and FDCFS' current practices would meet the Program's independent peer review requirements. We recommend that FDCFS fully implement the methodology proposed in order to fully comply with the independent peer review requirements.
State Agency Response and Corrective Action Plan	In March 2010, the Department (FDCFS) submitted a corrective action plan to the Substance Abuse and Mental Health Services Administration (SAMHSA), identifying its efforts to comply with the independent peer review requirements in 42 USC 300x-53(a) and 45CFR 96.136. On August 30, 2010, the FDCFS received approval from SAMHSA indicating the proposed methodology and FDCFS' current practices would meet the Program's independent peer review requirements. FDCFS implemented the corrective action plan and contracted with the Florida Alcohol and Drug Abuse Association (FADAA) to coordinate the implementation of the independent peer review process through FADAA's state-wide provider membership. FDCFS receives reports and participates in the independent peer reviews to ensure fidelity with the process developed through the approved corrective action plan.
Estimated Corrective Action Date	Not applicable
Agency Contact and Telephone Number	Stephenie Colston (850) 921-8461

THIS PAGE INTENTIONALLY LEFT BLANK.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-074
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-1539-DR-FL, FEMA-1561-DR-FL, FEMA-1609-DR-FL
Finding Type	Significant Deficiency Questioned Costs – \$117,674.11
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-077
Finding	FDEM made payments without adequate documentation to demonstrate that costs were allowable and reasonable.
Criteria	44 CFR 13.22 & 206.205, 226, 228, Allowable Costs; OMB Circular A-87, Attachment A, Section C, Basic Guidelines – <i>Cost Principles</i> Generally, Disaster Grant funds are authorized for use in specific projects during specific time frames. Project costs are estimated and authorized on a Project Worksheet (PW). FDEM established applicant reimbursement guidelines which require applicants to submit a Request for Reimbursement (RFR) and, for each expense item entered on the RFR, copies of the invoice, evidence of payment (front and back of canceled check), and any other supporting documentation for each expense item entered on the RFR.
Condition	During the 2009-10 fiscal year, FDEM made payments totaling approximately \$300 million to subgrantees and other State agencies under the Disaster Grants Program. During our current audit, we reviewed 61 subgrant payments totaling \$12,482,530.33 and noted 4 payments totaling \$3,200,342.42, in which documentation was not sufficient to support the total amount paid to subgrantees. Specifically: <ul style="list-style-type: none"> ➤ FDEM made a payment totaling \$3,071,058.84, which included costs totaling \$77,162.50 for which FDEM could not provide sufficient documentation to demonstrate that the costs were allowable. ➤ For one subgrantee payment totaling \$428.93, FDEM included regular work hours in the reimbursement calculation when only overtime should have been considered. By including regular hours in the calculation, FDEM overpaid the subgrantee by \$216.61. ➤ For one subgrant payment, FDEM indicated that the subgrantee was reimbursed based on the hours shown on submitted subgrantee time sheets. Our review of the time sheets and the hourly rates paid by the subgrantee indicated that FDEM had overpaid the subgrantee by \$9,845. ➤ For one subgrant payment, FDEM staff stated that they had accidentally reimbursed four invoices twice resulting in an overpayment of \$30,450.
Cause	FDEM did not ensure that all required supporting documentation was obtained and adequately reviewed prior to making payments.
Effect	Absent adequate documentation and a proper review of the documentation, FDEM cannot demonstrate the appropriateness or the accuracy of the expenditures charged to the Program.
Recommendation	We recommend that FDEM ensure that adequate documentation is obtained and reviewed prior to making payments.

State Agency Response and Corrective Action Plan	FDEM has developed and implemented a guide, FLPA Project Payment Process, for Financial Specialists specifying the required documentation, review process and other pertinent subgrantee criteria necessary to justify a payment for work performed and reimbursed under the Public Assistance process.
Estimated Corrective Action Date	June 30, 2011
Agency Contact and Telephone Number	Renee Singh (407) 268-8865

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-075
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Activities Allowed or Unallowed, Allowable Costs/Cost Principles, Period of Availability of Federal Funds, Reporting, and Subrecipient Monitoring
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-1345-DR-FL
Finding Type	Other Questioned Costs – \$397,432
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-078
Finding	FDEM was continuing its efforts to reconcile the payments made to one subgrantee to the final costs of closed projects.
Criteria	44 CFR 13.22 & 226, 228, Allowable Costs: 44 CFR 13.21(c), Advances; 44 CFR 13.21(i), Interest earned on advances; 44 CFR 13.40, Monitoring and reporting program performance; 44 CFR 206.204, Project performance
Condition	<p>In audit report No. 2009-144, finding No. FA 08-084, we questioned approximately \$15 million in payments to one subgrantee because there was no documentation to demonstrate that payments were appropriate. In response to prior audit findings, FDEM provided a draft reconciliation that, as of November 2009, showed FDEM's cost reimbursement for closed projects exceeded the subgrantee's final eligible costs by \$1,239,590.10. However, a final reconciliation is pending the Federal Emergency Management Agency (FEMA) approval of all final inspections for these projects. Until a final reconciliation is performed, FDEM has suspended all further payments to the subgrantee.</p> <p>Additionally, during the 2009-10 fiscal year, FDEM obtained information from the subgrantee that indicated Disaster Grants advances had been placed in an interest bearing account, and according to the subgrantee's records, the subgrantee had earned interest totaling \$397,432 as of March 10, 2010. On August 19, 2010, FDEM requested that the subgrantee return all interest earned on advances.</p>
Cause	FDEM staff cannot complete the reconciliation until all final inspections for these projects have been approved by FEMA. According to FDEM records, as of June 30, 2010, FDEM had completed final inspections on all projects and were awaiting FEMA approval.
Effect	Because Federal funding for these disaster projects expired on October 4, 2008, costs incurred by FDEM in conducting the remaining final inspections, finalizing the reconciliation, and processing payments and refunds subsequent to this date may not be eligible for Federal Funding. Although project costs may continue to be paid, Federal regulations provide that funding for administrative costs is available for a maximum of eight years from the date of the major disaster declaration.
Recommendation	We again recommend that FDEM recover any amounts paid on completed projects in excess of the subgrantee's final eligible costs, together with any interest due, and restore the amounts recovered to the Program and appropriate State matching fund sources. FDEM should also ensure that interest earned on advances is restored to the Program. We also recommend that, as additional projects are approved by FEMA, FDEM, as soon as practicable, allocate the necessary resources to facilitate the completion of the reconciliation and final payments and refunds.

State Agency Response and Corrective Action Plan	FDEM gave 45 corrections/final resubmissions to FEMA on August 11, 2010, and resubmitted to FEMA on January 25, 2011. The changes have not yet shown up in NEMIS review, so FDEM plans to resubmit again on February 22, 2011. Two other PWs are pending, one in final review and one that was submitted January 28, 2011, and the PWs have not shown up in review queue yet. On August 19, 2010, a formal letter was sent to Miami-Dade County requesting payment of interest. FDEM followed up again in November and December 2010. We are continuing to pursue Miami-Dade County for payment. Another letter is being sent February 22, 2011. If Miami-Dade County does not respond to this letter we will be turning the matter over to Counsel for action deemed appropriate to collect the interest.
Estimated Corrective Action Date	September 30, 2011
Agency Contact and Telephone Number	Bill Owens (850) 590-9287

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-076
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Allowable Costs/Cost Principles, Subrecipient Monitoring
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-080
Finding	FDEM management had not established appropriate internal controls regarding user access for the Florida Public Assistance (FloridaPA) System.
Criteria	44 CFR 13.20, <i>Standards for financial management systems</i> Information Technology Best Practices Management should implement procedures that provide access control based on an individual's demonstrated need to view, add, or delete data. The risk of inappropriate or unnecessary access privileges can be reduced through the employment of such controls as ensuring users participate in information security awareness training, documenting authorizations for system access, periodically reviewing the appropriateness of access privileges, and promptly removing the access privileges of former employees.
Condition	The FloridaPA System is a Web-based portal used by FDEM to support the Disaster Grants Program. The FloridaPA System centralizes Program information which can be accessed by FDEM, its subrecipients, and the Federal Emergency Management Agency. Subrecipient requests for payment and quarterly status reports are submitted, processed, and approved in the FloridaPA System. During the 2009-10 fiscal year, FDEM used the FloridaPA System to process and approve payments totaling \$268,486,560.50 for the Disaster Grants Program. Our review of the general and application controls for the FloridaPA System disclosed that user access controls needed improvement. Specific details of the issues are not disclosed in this report to avoid the possibility of compromising FDEM security. Appropriate FDEM personnel have been notified of the issues.
Cause	FDEM's corrective actions were not fully implemented as of June 30, 2010.
Effect	Absent appropriate security controls, the integrity of the data contained within the FloridaPA System was subject to increased risk of compromise.
Recommendation	We recommend that FDEM continue to implement corrective actions to address the general and application control weaknesses noted above.
State Agency Response and Corrective Action Plan	Access controls specified in the FDEM Recovery Bureau, Standard Operating Guideline, Administrative Procedures for Floridapa.org, section VII, are now in place. Additionally, the software developer is implementing the standards outlined in the FDCA Security Officer memorandum, FloridaPA.org Password Policy, Standards, and Procedure, July 16, 2010.

Compliance Requirement	Cash Management
State Agency	Florida Department of Community Affairs (FDCA) Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-1345-DR-FL
Finding Type	Other
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-082
Finding	In our prior audit, we noted that FDCA drew funds totaling \$10,001.01 from the 2000 South Florida Floods subaccount to cover a wildfire grant subaccount deficit that FDEM had not resolved with the Federal Emergency Management Agency (FEMA). In April 2009, FDEM submitted project worksheets to FEMA to obtain funding for the wildfire grant subaccount cost overruns. However, as of June 30, 2010, these funds had not been restored to the 2000 South Florida Floods subaccount as FDEM management was awaiting a response from FEMA.
	<u>Florida Department of Community Affairs</u>
State Agency Response and Corrective Action Plan	FDCA is still awaiting a response from FDEM regarding the submission to FEMA for the cost overrun. The amount to date has been reduced to \$9,762.42 because of prior year refunds received for this grant program. We have been informed by FDEM staff that if the notification of approval is not received within the next few months, this amount will be moved to another cash source before the end of this fiscal year (10/11).
Estimated Corrective Action Date	June 30, 2011
Agency Contact and Telephone Number	Karen Peyton (850) 922-1646 Christine Savage (850) 922-1658 Pam Huges-DEM (850) 487-2032
	<u>Florida Division of Emergency Management</u>
State Agency Response and Corrective Action Plan	FDEM and FDCA staff met on February 22, 2011 and identified a funding source to restore the funds and close DR-1345. The disaster event is projected to be closed by June 30, 2011.
Estimated Corrective Action Date	June 30, 2011

Finding Type Noncompliance and Significant Deficiency
Prior Year Finding Report No. 2010-165, Finding No. FA 09-083

Finding FDEM had not developed reporting policies, as of June 30, 2010, to provide for the subgrantees’ submission of information on projects through the final closeout payment. Additionally, our audit disclosed that FDEM had excluded from the Quarterly Reports submitted to the Federal Emergency Management Agency (FEMA) project information for some subgrantees.

Criteria 44 CFR 206.204(f), *Progress Reports*; State Public Assistance Funding Agreement; FEMA 322, *Public Assistance Guide*. Federal regulations require the State to report the status for all projects for which a final closeout payment of the Federal share has not been made to the grantee. Further, FEMA requires the State to submit the following information: (1) the status of the project, such as, in design or percentage of construction completed; (2) time extensions granted, if any; (3) the projected completion date; (4) the amount of expenditures and amount of payments for each project; and (5) any problems or circumstances that could delay the project or result in noncompliance with the conditions of the FEMA approval of the project.

Condition To satisfy FEMA reporting requirements, FDEM required subgrantees to submit quarterly reports to FDEM providing the status of each subgrantee project. The quarterly reports provided fields for the subgrantee to indicate the project worksheet number, anticipated final amount expensed, estimated completion date for the project, work percent complete, expended to date amount, and the status or any remarks regarding other circumstances that may affect the completion date, scope of work, project costs, or compliance with the Subgrantee Agreement. For each project, in addition to the data submitted by the subgrantee, FDEM also included in the quarterly progress data submitted to FEMA the total eligible amount, the total amount expended by the subgrantee, and the Federal, State, and administrative amounts paid to the subgrantee.

We reviewed quarterly reports for the periods ending September 2009, December 2009, and March 2010 of 52 subgrantees including applicable payments totaling \$11,968,763.12. Our review disclosed several issues related to subgrantee quarterly reports. Specifically:

- Our review of FDEM’s quarterly reporting policies disclosed that FDEM required subgrantees to submit information on projects until final inspections were completed, rather than until the final closeout payments were subsequently made. Our review noted 18 instances in which at least one of the three quarterly reports had not been submitted by subgrantees as a result of FDEM’s policy. Additionally, 4 of the 18 subgrantees received payments totaling \$1,960,175.69 which were not included on the applicable FDEM Quarterly Report submitted to FEMA.
- For 2 of 34 applicable subgrantee quarterly reports, the project information data had been excluded from the December 31, 2009, FDEM Quarterly Report submitted to FEMA. Amounts expended by the 2 subgrantees totaled \$483,657.54.

- For 7 of the 37 subgrantees who submitted at least one quarterly report, the quarterly reports contained fields with incomplete or missing information. Fields which were not completed by the subgrantee included anticipated final amount, estimated completion date, expended to date amount, and the work percent complete. In each of these instances, FDEM did not maintain correspondence documenting attempts to have the subgrantee resubmit the quarterly report with correct information.
- Our audit disclosed one instance in which a subgrantee requested a reimbursement totaling \$405,057.50 (March 9, 2010) after filing its quarterly report (March 1, 2009) and FDEM failed to include the subgrantee expenditures in the FDEM Quarterly Report submitted to FEMA for the period ended March 31, 2010.

Cause Procedures for the initiation and management of quarterly reports were not implemented by FDEM until July 12, 2010.

Additionally, FDEM had not developed procedures to govern the review of the completeness and accuracy of the subgrantee quarterly reports.

Effect The absence of quarterly reports from subgrantees through final closeout may diminish FDEM's ability to appropriately monitor subgrantees and ensure that final payments are made and projects are being closed out timely.

The absence of an appropriate review of subgrantee quarterly reports increases the risk of the submission of inaccurate or incomplete quarterly reports to FEMA.

Recommendation The procedures implemented by FDEM on July 12, 2010, require subgrantees to submit quarterly reports until all financial matters have been resolved. In addition, on June 10, 2010, FDEM posted an article on FloridaPA notifying all subgrantees that quarterly reports should be submitted until all financial matters had been resolved. We recommend that FDEM monitor and require compliance with the quarterly reporting procedures established July 12, 2010. In addition, we recommend that FDEM modify quarterly report monitoring procedures to ensure staff appropriately review subgrantee quarterly reports for completeness and accuracy.

State Agency Response and Corrective Action Plan FDEM is continuing to monitor and require compliance with the quarterly report procedures established July 12, 2010. Paragraph 2.b, under Procedures, requires review for completeness and accuracy.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-079
CFDA Number	97.036
Program Title	Disaster Grants – Public Assistance (Presidentially Declared Disasters)
Compliance Requirement	Special Tests and Provisions – Project Accounting
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-1545-DR-FL, FEMA-1551-DR-FL, FEMA-1595-DR-FL, FEMA-1609-DR-FL, FEMA-3259-EM-FL
Finding Type	Opinion Qualification, Material Noncompliance, and Material Weakness Questioned Costs – \$496,947.32 (FEMA-1545-DR-FL, \$183,852.21; FEMA-1551-DR-FL, \$239,669.06; FEMA-1595-DR-FL, 23,221.77; FEMA-1609-DR-FL, \$38,023.72 and FEMA-3259-DR-FL, \$12,180.56)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-084
Finding	FDEM’s final inspections and project closeout procedures did not provide an adequate and timely accounting of eligible costs for completed large projects. Additionally, related FDEM records were inaccurate and incomplete.
Criteria	44 CFR 206.205, <i>Payment of Claims</i> : For large projects, FDEM is required to provide an accounting to the Federal Emergency Management Agency (FEMA) of eligible costs. In submitting the accounting, the entity is required to certify that reported costs were incurred in performance of eligible work, that the approved work was completed, that the project is in compliance with the FEMA-State Agreement, and that payments for the project were made in accordance with Program regulations.
Condition	As part of our current audit, we requested for large projects the status of pre-2004 and 2004-09 disasters. In response to our inquiry, FDEM management provided the following information:

Disaster	Date Disaster Declared	Number of Large Projects		
		Closed	Open	Open With Final Inspection Requested
Pre-2004 Disasters				
1306 – Hurricane Irene	10-20-1999	346	1	0
1345 – South Florida Floods	10-04-2000	2,449	11	0
1393 – Tropical Storm Gabrielle	09-28-2001	79	15	15
Total Pre-2004 Disasters		2,874	27	15
2004 and 2005 Disasters				
1539 – Hurricane Charley and Tropical Storm Bonnie	08-13-2004	987	183	72
1545 – Hurricane Frances	09-04-2004	1,451	246	142
1551 – Hurricane Ivan	09-16-2004	602	267	117
1561 – Hurricane Jeanne	09-26-2004	987	205	138
1595 – Hurricane Dennis	07-10-2005	289	30	4
1602 – Hurricane Katrina	08-28-2005	197	107	58
3259 – Tropical Storm Rita	09-20-2005	34	4	4

3293 – Hurricane Ike	09-07-2008	3	6	1
1806 – Hurricane Gustav	10-27-2008	0	6	2
1831 – 2009 North Florida Flooding	04-21-2009	3	172	140
1840 – 2009 Northeast Florida Flooding	06-04-2009	0	35	5
Total 2006 through 2009 Disasters		47	566	310
Total All Disasters		8,750	2,607	936

Source: FDEM Records as of July 1, 2010

As shown by the above tabulation, final inspections had been completed for 8,750 projects; final inspections had been requested, but not completed for 936 projects; while final inspections had not been requested for 1,671 projects (2,607 open projects, less 936 open with final inspection requested). We noted significant deficiencies in FDEM’s final inspections and project closeout procedures for open large projects (that is, projects with expenditures exceeding the \$63,200 threshold established for the 2009-10 fiscal year) that contributed to the delays in closing out projects. Specifically we noted that:

- FDEM did not have in place written procedures for scheduling final inspections that encouraged the timely completion of final inspections and closeout of the projects. While FDEM’s standard subgrant agreement required a final inspection before the final payment was made, in practice, FDEM continued to make payments up to a project’s obligated amount and did not withhold payments pending the final inspection. Additionally, FDEM followed its Public Assistance Standard Operating Guidelines for scheduling final inspections, which does not start the final inspection process until the subgrantee submits a request for final inspection, rather than instructing staff to schedule a final inspection once the subgrantee reported the project was complete. We also noted that FDEM did not have policies in place to ensure the timely conduct of final inspections once FDEM received the subgrantee’s request for a final inspection. Our review of 37 final inspections disclosed that FDEM started the inspections up to 4 years after receiving the subgrantee’s request and, on average, started inspections 1.25 years after receiving the request.
- We reviewed final inspection records pertaining to 37 projects, with obligated costs totaling \$10,720,722.64, to determine whether the inspections, once

they had begun, were conducted timely. Our review of the 37 project closeout records disclosed that FDEM did not always ensure final inspections were timely completed or that payments were reconciled to eligible costs. Specifically:

- FDEM policy required the conduct of final inspections be completed within 7 days. For 17 of the projects reviewed, FDEM records indicated, that the time elapsing from the start to the completion of a final inspection ranged from 37 days to 205 days.
 - Additionally, we noted one instance in which a final inspection had been started during the audit period; however as of the end of the audit period, or 71 days from the final inspection start date, FDEM had not completed the final inspection.
 - For 11 of the projects with closeouts completed during the 2009-10 fiscal year, FDEM had not recovered identified overpayments totaling \$496,947.32 as of June 30, 2010. These overpayments were determined based on final inspection eligible cost determinations and had been outstanding up to 329 days.
 - For 14 of the projects with closeouts completed during the 2009-10 fiscal year, FDEM records showed unpaid balances for final eligible costs totaling \$2,008,488.67, as of June 30, 2010. These unpaid amounts were determined based on final inspection eligible cost determinations and had been outstanding up to 286 days.
- Additionally, we noted as part of our review that FDEM utilized a Web-based system, FloridaPA, which allows FDEM to upload grant documentation associated with projects. FloridaPA also has data entry capability, which enables staff members to input the steps that have been completed in the closeout process, such as the final inspection start date. This data entry capability also has an automatic time and date function, to allow FDEM to accurately track when tasks have been completed. Rather than utilizing the automatic time and date function, FDEM management relied on the dates manually input into FloridaPA when reviewing the closeout progress for selected projects. Our review of 37 final inspections disclosed that FDEM data contained numerous inconsistencies, related to the final inspection closeout request, start, and end dates. Specifically:
- For 17 projects, the dates of the request for final inspection entered into FloridaPA differed from the dates shown by the grant documents, ranging from 1 to 1,569 days.
 - For 36 projects, the final inspection start dates entered into FloridaPA differed from the dates shown by the grant documents, ranging from 2 to 571 days.
 - For 34 projects, the final inspection completion dates entered into FloridaPA differed from the dates shown by the grant documentation, ranging in number from 4 to 253 days. In addition, we noted 3 projects for which FloridaPA had not been updated to reflect the final inspection completion date.

Cause

FDEM management attributed the backlog of open projects to the FEMA Recovery Office directing and requiring a minimum sample size of 10 percent of backup documentation and requiring sample sizes to be increased when any discrepancies were noted. Additionally, FDEM stated that the large volume of projects that were associated with each grant has contributed to the length of time it is taking to close out these disasters.

As noted in audit report No. 2010-165, finding No. FA 09-084, the accuracy of the final accounting and timeliness of the final inspections were impacted

by the following:

- FDEM did not follow the terms of the standard subgrant agreement, requiring a final inspection before the final closeout payment was made.
- FDEM's policy was to wait on the subgrantee to submit a request for final inspection, rather than to schedule the final inspection once the subgrantee reported the project was complete.
- FloridaPA contained inaccurate data relating to closeout dates, limiting FDEM management's ability to effectively manage disaster projects.

FDEM provided for our information, Final Inspection Standard Operating Procedures (SOP), dated July 13, 2010, detailing the final inspection process. The procedures state that within 48 hours of receiving the request for final inspection, the assigned State Public Assistance Coordinator will schedule the final inspection with the subgrantee (and with FEMA if necessary) and, ideally, the final inspection will be scheduled to be held within 2 calendar weeks of the subgrantee's filing of the request, although the subgrantee's availability may affect this timeline.

Effect

Final inspections for large projects are necessary for FDEM to certify that reported costs were incurred in the performance of eligible work, that the approved work was completed, that the project was in compliance with provisions of the FEMA-State Agreement, and that payments had been made in accordance with Federal requirements. The effectiveness of these inspections is significantly diminished absent their timely performance.

Without maintaining complete, accurate, and relevant dates in FDEM's system, the system does not facilitate the effective management of the Public Assistance (PA) Program projects. Absent accurate and complete information, the system is not useful to management for identifying where problems may be occurring, or tracking and reporting progress made in closing out various types of projects

Additionally, pre-2004 projects have an eight-year deadline for Federal funding of administrative costs. Upon a lapse in Federal funding, the State becomes responsible for funding 100 percent of the costs incurred to conduct final inspections, process payments, and close out the remaining projects. However, FDEM management indicated that they had requested additional funding to cover the administrative costs needed to close the open projects related to the 1306 and 1345 disasters.

Recommendation

We again recommend that FDEM continue its efforts to ensure the completion of all required final inspections as soon as practicable and that FDEM ensure an adequate accounting of eligible costs for completed large projects.

Additionally, we recommend FDEM implement a reconciliation process to ensure information entered into FloridaPA accurately reflects supporting final inspection documentation.

Further, we recommend that FDEM request reimbursement from subgrantees that have received overpayments, as determined by the final inspection, and that FDEM resolve unpaid balances due to subgrantees.

State Agency Response and Corrective Action Plan

FDEM has developed and implemented a Standard Operating Procedure (SOP) for Final Inspections. Documentation procedural changes resulting from a prior audit finding will ensure closeout data is more readily available.

Procedures are included in the SOP to ensure data entered into FloridaPA accurately reflects the final inspection documentation.

FDEM has developed and implemented a Standard Operating Procedure for Refund Process and Tracking and is aggressively seeking reimbursement for overpayments.

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-080
CFDA Number	97.039
Program Title	Hazard Mitigation Grant Program
Compliance Requirement	Allowable Costs/Cost Principles
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	FEMA-1345-DR-FL, FEMA-1595-DR-FL
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$35,790.38 (FEMA-1345-DR-FL \$11,142.88; FEMA-1595-DR-FL \$24,647.50)
Finding	FDEM overpaid one subgrantee and incorrectly allocated costs associated with the design and development of FloridaMitigation.org, the computer system used in the administration of the Hazard Mitigation Program.
Criteria	OMB Circular A-87 – Attachment A, Section C. 1.j. <i>Costs must be adequately documented</i>
Condition	<p>During the 2009-10 fiscal year, FDEM made payments to 170 subgrantees and 33 vendors totaling, respectively, approximately \$56.6 and \$8.9 million. During our current audit, we reviewed 33 subgrant payments totaling \$13,002,537.76 and 7 vendor payments totaling \$1,973,642.63 and noted 2 payments totaling \$1,861,342.16 in which documentation was not sufficient to support the amount paid. Specifically:</p> <ul style="list-style-type: none"> ➤ FDEM made a payment to a subgrantee totaling \$1,836,694.66, which included costs totaling \$11,142.88 for which FDEM could not provide documentation to demonstrate that the costs were allowable. In response to audit inquiry, FDEM staff stated that they were unable to determine why the invoice was paid in an incorrect amount. ➤ One payment totaling \$24,647.50, for services in connection with the design and development of FloridaMitigation.org, was incorrectly allocated to the Hurricane Dennis disaster grant (FEMA-1595-DR-FL). In response to audit inquiry, FDEM staff stated that the costs should have been allocated among multiple (State, disaster, and nondisaster) projects using a staffing allocation plan. A review of the staffing plan disclosed that none of the costs should have been allocated to the Hurricane Dennis disaster. FDEM staff also stated they were aware of the problem and were working to correct the allocation.
Cause	FDEM did not adequately review supporting documentation to determine if amounts to be reimbursed were correct and did not use the approved staffing allocation plan for allocating costs associated with the design and development of FloridaMitigation.org.
Effect	Payments that are not adequately supported or properly allocated may be subject to disallowance.
Recommendation	We recommend that FDEM enhance its procedures to ensure that payment documentation demonstrates that all costs are allowable. We also recommend FDEM ensure that the staffing allocation plan is used when allocating FloridaMitigation.org program costs.
State Agency Response and Corrective Action Plan	FDEM acknowledges and agrees with the finding that invoice supporting documentation did not support \$11,142.88. After further review with the sub-grantee, an administrative error occurred and the invoice was overstated by \$11,142.88 on the invoice summary. FDEM will request that these funds be returned to the appropriate federal grant. In addition, FDEM agrees that some system development invoices were not allocated in accordance with the FEMA

approved staffing plan for allocating costs to disaster grants. FDEM had discovered the errors and was in the process of correcting the allocation of costs at the time of the OAG audit. Both of these findings occurred prior to the implementation of FDEM's payment system and FDEM has enhanced its procedures for review and processing of invoices through the new payment system.

Gary Crawford
(850) 921-0683

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-081
CFDA Number	97.042
Program Title	Emergency Management Performance Grants
Compliance Requirement	Allowable Costs/Costs Principles
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	2008-EM-E8-0054
Finding Type	Noncompliance Questioned Costs – \$48,700
Finding	FDEM incurred expenditures which were not approved by FEMA and did not appear to be necessary under the terms of the grant.
Criteria	<p>OMB Circular A-87, Attachment A, Section C.1.a. – <i>Basic Guidelines</i> - costs must be necessary and reasonable for proper and efficient performance and administration of Federal awards.</p> <p>OMB Circular A-87, Attachment A, Section C. 2. – <i>Basic Guidelines</i> - a cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the costs.</p> <p>FDEM's budget plan submitted to FEMA as part of the grant application package indicated that funds would be used for State Emergency Operations Center (EOC) upgrades including overhead display units, technology upgrades for work stations, and a security system for the State EOC. The budget plan also included funds for computers, printers, copiers, and fax machines.</p>
Condition	<p>During the 2009-10 fiscal year, FDEM expenditures related to the 2009 Federal Fiscal Year Emergency Management Performance Grant totaled \$4,247,928.79. Our review of two expenditures totaling \$48,700 disclosed FDEM incurred expenditures that were not approved by FEMA. On March 15, 2010, FDEM placed an Invitation to Bid (ITB) for the purchase of kitchen equipment as part of the EOC kitchen renovation project, to convert the kitchen into a caterer's kitchen. A caterer's kitchen allows caterers to deliver prepared food and keep the food at the desired temperature, through the use of, for example, warming ovens, freezers, and hot and cold serving stations. Our review disclosed that FDEM purchased the kitchen equipment on May 7, 2010, and the purchases included equipment, such as a portable hot food station costing \$2,756, a portable cold food station costing \$2,453, an under-counter dishwasher costing \$5,403, a disposer package costing \$1,394, a cold beverage dispenser costing \$1,019, and a mobile convection warming oven costing \$8,655.</p>
Cause	FDEM did not follow the budget plan submitted to FEMA.
Effect	FDEM cannot ensure that purchases made outside the budget narrative are considered allowable by FEMA and those purchases may be subject to disapproval.
Recommendation	We recommend that FDEM obtain FEMA determination on all costs associated with the EOC kitchen renovation. Additionally, we recommend that FDEM refrain from making purchases that are not included in the State's budget plan.
State Agency Response and Corrective Action Plan	FDEM concurs with the finding. Going forward, FDEM will ensure that all purchases are made in accordance with the budget narrative submitted to FEMA.
Estimated Corrective Action Date	2/25/11

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-082
CFDA Number	97.004, 97.067
Program Title	Homeland Security Cluster
Compliance Requirement	Allowable Costs/Costs Principles
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	2005-GE-T5-0035; 2006-GE-T6-0023
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$52,312.35
Finding	Our review disclosed instances in which FDEM did not maintain adequate documentation to support the appropriateness of payments.
Criteria	OMB Circular A-87, Attachment A, Section C. 1.j. – <i>Basic Guidelines</i> – costs must be adequately documented FDEM Contract 08DS-01-14-00-22-391: Vendor shall provide FDEM a monthly invoice sufficient for preaudit and postaudit based upon the Compensation Table, along with the required Deliverable which must be accepted and approved by FDEM.
Condition	During the 2009-10 fiscal year, FDEM had subgrantee payments and administrative expenditures totaling \$29,945,568.51, related to Homeland Security grants. During our current audit, we reviewed 20 subgrant and administrative expenditures totaling \$15,966,831.19. Our review specifically disclosed payments totaling \$52,312.35, in which FDEM did not maintain adequate documentation to support the appropriateness of the payments. Specifically: <ul style="list-style-type: none"> ➤ On May 8, 2008, FDEM entered into a contract totaling \$399,095 for software development associated with the State Resource Management Network. The State Resource Management Network allows all State agencies and local governments to log equipment, personnel deployed, etc., into a tracking system during a disaster. Our review of the final and only payment made during the 2009-10 fiscal year, totaling \$51,882.35, disclosed FDEM failed to document that the required deliverables were received and approved. FDEM's process for approving invoices, related to system implementation, was to have the staff member in charge of the project, who has technical knowledge and will be testing the system, to certify that all work identified on the invoice was completed and done to FDEM's standards. A review of the contract file disclosed that a staff member had not certified that the work had been completed and the Florida Department of Financial Services had rejected the original request for payment on September 9, 2009, stating the invoice did not identify the deliverables completed to support the invoice amount. In order for the final payment to be made, the FDEM Director had to attest in writing that all services were satisfactorily completed by the provider and accepted by FDEM and that the outstanding invoice amount should be paid. ➤ FDEM in one instance failed to properly review a subgrantee's reimbursement request totaling \$126,320.37 and incorrectly reimbursed the subgrantee for a user access fee (indirect costs) in the amount of \$430. A review of the contract file disclosed that in four other instances the subgrantee reimbursement request did not include the user access fees and, therefore, FDEM reimbursed the subgrantee the correct amount. The costs reimbursed by FDEM were for services to plan, conduct, and evaluate a hurricane series functional exercise program on response and recovery phases over a four month period.

Cause	FDEM did not follow its process for approving system implementation invoices, which required the staff member in charge of the project to certify that project tasks were adequately completed and approved. In addition, FDEM did not appropriately review subgrantee supporting documentation to ensure the accuracy and reasonableness of the request for reimbursement.
Effect	FDEM cannot ensure that all services have been received and that payments and reimbursements are made in accordance with all contractual terms and in accordance with OMB Circular A-87.
Recommendation	We recommend that FDEM ensure that all payment requests are adequately reviewed and documentation is maintained to evidence that all deliverables are received and approved prior to payment. We also recommend that FDEM ensure subgrantee requests for reimbursement are appropriately reviewed, adequately supported, and in accordance with OMB Circular A-87.
State Agency Response and Corrective Action Plan	FDEM concurs with the finding and will be more diligent in future programmatic reviews.
Estimated Corrective Action Date	3/31/11

U.S. DEPARTMENT OF HOMELAND SECURITY

Finding Number	FA 10-083
CFDA Number	97.004, 97.067
Program Title	Homeland Security Cluster
Compliance Requirement	Matching, Level of Effort, Earmarking, Special Test and Provisions - Subgrant Awards
State Agency	Florida Division of Emergency Management (FDEM)
Federal Grant/Contract Number and Grant Year	2009-SS-T9-0081
Finding Type	Noncompliance and Significant Deficiency
Finding	FDEM did not maintain a mechanism to adequately track Federal funds awarded to ensure 80 percent of the funds were obligated to local governments and that the funds were obligated within 45 days of the grant award date.
Criteria	6 USC 605(c)(1), <i>Distribution to local and tribal governments</i> OMB Circular A-133 Compliance Supplement Part 4 – CFDA No. 97.004 and 97.067 Part G and N - Each State shall obligate not less than 80 percent of grant funds under the State Homeland Security Program (SHSP) and Urban Areas Security Initiative (UASI) programs to local units of government within 45 days of receipt of funds for awards in the 2009 Federal fiscal year.
Condition	FDEM obtained grant funding, which included SHSP and UASI programs, for the 2009 Federal fiscal year totaling \$69,466,050. Our audit disclosed that FDEM could not provide documentation to evidence that 80 percent of the grant funds were awarded to local units of government or that the awards were made within 45 days of receiving the grant award. FDEM staff stated that there is a document to track the grant award total by project numbers and which shows a split between local and State amounts; however, for the 2009 Federal fiscal year FDEM was unable to provide this tracking document. FDEM further stated that a mechanism was not in place to list the dates when award letters were sent to all subgrantees. Based on available information, we determined FDEM had provided 96 local units of government 2009 Federal fiscal year awards, for the SHSP and UASI programs. Our review of 10 related award letters did not disclose any instances of noncompliance with the 45-day requirement; however, absent a tracking mechanism FDEM was unable to demonstrate compliance with the 80 percent and 45-day requirements.
Cause	FDEM did not follow established procedures to ensure compliance with the requirement that 80 percent of the Federal awards were obligated to local units of government within 45 days of receipt of the Federal awards.
Effect	FDEM could not readily demonstrate that 80 percent of the Federal awards were obligated to local units of government within 45 days of receipt of the Federal awards.
Recommendation	We recommend that FDEM follow its established process to document the amounts awarded to local units of government and enhance its process to document the date Federal awards are obligated to units of local government. The process should also be able to demonstrate in aggregate that 80 percent of the Federal awards were obligated to units of local government.
State Agency Response and Corrective Action Plan	FDEM concurs with the finding. A tracking mechanism will be created to document the award information.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-084
CFDA Number	Various
Program Title	Student Financial Assistance Cluster (SFA)
Compliance Requirement	Allowable Costs/Cost Principles and Eligibility
State Educational Entity	Various
Finding Type	Significant Deficiency
Finding	Certain access controls protecting sixteen institution’s information technology (IT) resources needed improvement. We are not disclosing specific details of the deficiencies to avoid the possibility of compromising institution information. However, we have notified appropriate institution personnel of the deficiencies.
Criteria	Information Technology (IT) Industry Standards: General Controls <p style="margin-left: 40px;">IT Governance Institute <i>Control Objectives for Information and related Technology (COBIT) 4.1:</i></p> <p style="margin-left: 40px;">DS5.3 Identity Management – User access rights to systems and data should be in line with defined and documented business needs and job requirements.</p> <p style="margin-left: 40px;">PO8.2 IT Standards and Quality Practices – Standards, procedures, and practices for key IT processes should be identified and maintained.</p> <p>Effective access controls over IT resources provide safeguards to assist in the prevention or detection of errors or misappropriations. Effective access controls provide employees access to IT resources based on an employee’s demonstrated need to view, change, or delete data and restrict employees from performing incompatible functions or functions outside of their area of responsibility.</p>
Condition	Discussed and provided to management during exit conference with appropriate institution personnel.
Cause	Discussed and provided to management during exit conference with appropriate institution personnel.
Effect	Weak access controls increase the risk that unauthorized or inappropriate changes to data may occur and not be detected in a timely manner.
Recommendation	The institution should enhance access control procedures as noted.
	<u>Florida International University (FIU)</u>
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-087
FIU Response and Corrective Action Plan	The University agrees with the suggested best practice to segregate approval of access and the set up in the system for central functional units. Adjustments to access have been modified and adjustments to request access have been modified.
Estimated Corrective Action Date	December 16, 2010

Florida Keys Community College (FKCC)

Prior Year Finding

Report No. 2010-165, Finding No. FA 09-087

FKCC Response and Corrective Action Plan

In response to the finding pertaining to COBIT 4.1 section DS 5.3 relating to users being uniquely identifiable we have effected the following:

- Established unique user ID
- Established unique password that must be changed every 60 days and cannot be duplicated. The password must contain case sensitive letters, number(s), and be a minimum length.
- Required a form to be completed by the HR department and signed off by the Department Head to verify the required access.
- Store all network accounts in a central depository (Active Directory ©Microsoft).

In regards to COBIT Section PO 8.2 which relates to standards, procedures and practices for key IT processes we will ensure that FKCC will review all current procedures to ensure that compliance and adherence is maintained. Procedure(S) will be instituted to ensure that review of access logs are performed at acceptable intervals throughout the year.

Estimated Corrective Action Date

COBIT 4,1 section D.S. 5.3 commenced immediately. Cobit 4.1 section PO 8.2 commenced immediately and ongoing.

Seminole State College (SSC)

Prior Year Finding

Report No. 2010-165, Finding No. FA 09-087

**SSC Response and
Corrective Action Plan**

The college implemented the following system changes:

1. Passwords in the Student Administration (SA) and Human Resources (HR) systems are set to change every 120 days (at least once per term). Based on our experience, a shorter time frame will require additional personnel to support the added volume of phone calls generated by further restrictions.
2. The Financial System is already set to 90 days for employees to change passwords.
3. All password enforcement rules are in place including password length, alpha-numeric, lock-out attempts, etc. For security reasons, the details of these requirements are not included in this response but are available for audit review upon request.

**Estimated Corrective
Action Date**

The college decided to minimize inconvenience to students by moving changes into the production environment after the registration cycle was completed. Therefore, new measures were tested and introduced in November 2009 and fully implemented in March 2010.

**SSC Contact and
Telephone Number**

Dick T. Hamann, V.P. Information Technology & Resources/CIO

Bill White, Chief Information Officer (CIO)
(407) 582-1185

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-085
CFDA Number	84.032
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL)
Compliance Requirement	Cash Management and Special Test and Provisions – Disbursements – Return of Undistributed Loan Funds
State Educational Entity	Florida Agricultural and Mechanical University (FAMU)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – Unknown
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-092
Finding	The institution did not timely return undistributed FFEL student loan funds to the applicable lenders.
Criteria	34 CFR 688.166(a)(1), <i>Excess Cash</i> and .167(b), <i>Returning funds to a lender</i> The institution has three business days to disburse FFEL student loan funds when a lender provides the funds by electronic fund transfer. Loans not disbursed to the student or parent within three days are required to be returned to the lender within ten business days after the date the funds were required to be disbursed.
Condition	Our review disclosed that the institution had returned a substantial portion of the undistributed FFEL student loan funds on hand at June 30, 2009, totaling \$5,237,542.99; however, at June 30, 2010, there remained 1,186 outstanding FFEL student loan balances from June 30, 2009, that had not been returned or adjusted. These balances included 623 students with negative balances (possible over-returned funds), totaling -\$757,468.30, and 563 students with positive balances (possibly undistributed funds), totaling \$593,920.84.
Cause	The institution’s procedures were not adequate to identify undistributed FFEL student loan funds, or other necessary adjustments, to ensure timely return of applicable amounts to the lenders and corrections to students’ accounts to comply with Federal cash management requirements.
Effect	When FFEL student loan funds are not timely returned to the lenders the institution is subject to interest and penalties, as well as any potential liabilities for interest subsidies that may have been paid by USED to lenders on behalf of students who did not receive those loan amounts. In addition, if the institution’s funds had been returned in excess of the borrowers’ FFEL student loans the institution does not have access to those funds to be used for other allowable purposes.
Recommendation	The institution should enhance its procedures to monitor individual FFEL student loan funds to ensure the timely return of undistributed FFEL student loan funds to the lenders, correct errors, and prevent return of funds in excess of FFEL student loans. The institution should also determine if any interest is owed to USED for the funds that were not returned within 10 business days after the date the funds were required to be disbursed.
FAMU Response and Corrective Action Plan	The University concurs with the finding. The Office of Financial Aid has reviewed, returned and/or adjusted the balances for 563 students with positive balances. The negative amounts are under review and the examination of these 623 students will be completed by March 15, 2011. Currently, the Office of Financial Aid is working in conjunction with the National Disbursement Network (ELM NDN) and the National Student Loan Data System (NSLDS) to ensure the accuracy of all student loan balances. In the future, loan adjustments and returns will be made in a timely manner as prescribed by 34 C.F.R. 668.21 from the U.S. Department of Education. Procedures are being established/strengthened to satisfy the

requirement (34 C.F.R 668.24 [b]) to perform monthly reconciliation of all Title IV funds.

**Estimated Corrective
Action Date**

March 15, 2011

**FAMU Contact and
Telephone Number**

Marcia M. Conliffe, Director of Financial Aid
(850) 412-5278

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-086
CFDA Number	84.007, 84.032, 84.033, 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Supplemental Educational Opportunity Grants (FSEOG) Federal Family Education Loans (FFEL) Federal Work Study (FWS) Federal Pell Grant Program (PELL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Daytona State College (DSC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$14,140 (\$188 FSEOG; \$4,600 FFEL subsidized; \$4,000 FFEL unsubsidized; \$5,352 PELL)
Finding	The institution disbursed Title IV HEOA funds to students that did not meet SAP requirements.
Criteria	34 CFR 668.32(f), <i>Student Eligibility - General</i>
Condition	The institution’s policy is to review SAP at the end of the Spring term and if a student fails to meet SAP, the student is placed on probation, for the next term for financial aid. If the student does not complete all of the courses enrolled and earn a grade point average of at least 2.0 for the term while on probation, the institution suspends the student’s financial aid until the student demonstrates an ability to benefit. This means that students whose financial aid was suspended were not to receive financial aid until the student completed nine additional hours, paid for by the student, and received a grade of at least 2.0 for each course. We tested 25 students who received Title IV HEOA funds and noted that 4 students received Title IV HEOA funds for which they were not eligible. The students’ academic records did not demonstrate an ability to benefit, or that they were maintaining satisfactory academic progress in accordance with the institution’s policies or Federal regulation. The 4 students, at the end of the Spring 2009 term, had course completion ratios ranging from 24.4 to 50.3 percent, which is below the institution’s SAP completion rate of 67 percent. Additionally, three of these students had grade point averages that ranged from 1.172 to 1.739, on a 4.0 scale, which is below the required 2.0. The 4 students, who were placed on financial aid probation for the Fall 2009 term, received Title IV HEOA funds totaling \$14,140 (\$188 FSEOG; \$4,600 FFEL subsidized; \$4,000 FFEL unsubsidized; \$5,352 PELL) for which they were not eligible.
Cause	To enable a new electronic SAP table the institution implemented a new procedure to track students’ financial aid status in the financial aid system, including the terms and reason(s) for financial aid probation and suspensions (SAP deficiency due to grades, completion percentage, and excessive hours). To implement this new procedure, the institution granted all students not meeting SAP at the end of Spring 2009, regardless of prior financial aid status, continued Title IV HEOA funds’ eligibility whether or not the students’ academic history supported SAP eligibility.
Effect	The implementation of the new SAP policy resulted in granting additional Title IV HEOA funds to those students who did not meet the institution’s SAP policy.
Recommendation	The institution should revise its procedures for monitoring SAP to ensure that only students meeting the institution’s SAP policies receive Title IV HEOA funds. The institution should also review SAP for all Title IV HEOA fund recipients during the 2009-10 award year to identify any additional ineligible students that received Title IV HEOA funds, and return funds, including the Title IV HEOA

	funds noted above, as applicable, to the appropriate Federal programs or lenders.
DSC Response and Corrective Action Plan	The College respectfully disagrees with the conclusions of the auditor. The College feels it applied the new, more stringent, SAP policy appropriate and fairly to all students. The College's revised SAP procedures were applied for the 2009-10 fiscal year, which was the implementation year of the revised policy. The College will inquire of the United States Education Department (USED) to determine whether the student financial aid awarded and disbursed was in accordance with the satisfactory academic progress (SAP) requirements under the Federal regulations.
Estimated Corrective Action Date	None
DSC Contact and Telephone Number	Frank Lombardo, President (386) 506-3200

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-087
CFDA Number	84.007, 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Supplemental Educational Opportunity Grants (FSEOG) Federal Pell Grant Program (PELL)
Compliance Requirement	Eligibility – Satisfactory Academic Progress (SAP)
State Educational Entity	Hillsborough Community College (HCC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$4,175 (\$600 FSEOG; \$3,575 PELL)
Finding	The institution disbursed Title IV Higher Education Opportunity Act (HEOA) funds to students that did not meet SAP requirements.
Criteria	34 CFR 668.16(e), <i>Standards of Administrative Capability</i> ; .34(e), <i>Satisfactory Progress</i>
Condition	<p>The institution’s policy is to review SAP at the end of each Fall and Spring term. Students who fail to meet the SAP standards will be placed on probation for one term. If after one probationary term students are not making satisfactory progress, they lose their eligibility for financial assistance.</p> <p>We tested 25 students who received Title IV HEOA funds and noted that 2 students received Title IV HEOA funds for which they were not eligible. The students did not meet SAP at the end of Fall term, but the institution’s financial aid system incorrectly identified the students as meeting SAP and the students received Title IV HEOA funds totaling \$4,175 (\$600 FSEOG; \$3,575 PELL) in the Spring term.</p>
Cause	Campus staff, in completing SAP calculations, input incorrect term information. As a result, when the computer program was run to calculate the students’ status at the end of the term, it did not produce a new result because the system recognized that a calculation on the term had already been run. Accordingly, the students remained on probation for a second term and received additional Title IV HEOA funds for which they were not eligible.
Effect	Students received Title IV HEOA funds for which they were not eligible.
Recommendation	The institution should revise its procedures for monitoring SAP to ensure that only students meeting the institution’s SAP policies receive Title IV HEOA funds. The institution should also review SAP for all Title IV HEOA fund recipients during the 2009-10 award year to identify any additional ineligible students that received Title IV HEOA funds, and return funds, including the Title IV HEOA funds noted above, as applicable, to the appropriate Federal programs or lenders.
HCC Response and Corrective Action Plan	The Hillsborough Community College Financial Aid Office has instituted additional safeguards into the Satisfactory Academic Progress review process that include the complete automation of the review process within Datatel, the College’s ERP system. The practice of manual staff reviews of students’ academic progress has been terminated. By automating the entire review process, individual staff errors will be eliminated.

State Educational Entity	Northwest Florida State College (NWFSC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$47,308.80 (\$200 FSEOG; \$1,780.80 FWS; \$6,250 FFEL subsidized; \$1,166 FFEL unsubsidized; \$37,912 PELL)
Finding	The institution did not consistently apply its published Satisfactory Academic Progress (SAP) policies to all students, which resulted in students receiving Title IV Higher Education Opportunity Act (HEOA) funds for which they were not eligible. Also, the institution did not always maintain adequate documentation of approved student SAP appeals for Title IV HEOA funds.
Criteria	34 CFR 668.32(f), <i>Student Eligibility – General</i>
Condition	We tested 30 students who received Title IV HEOA funds and noted that 7 students received Title IV HEOA funds for which they were not eligible, as follows: <ul style="list-style-type: none"> ➤ The institution’s policy is to review SAP at the end of each term and if a student fails to meet SAP, the institution’s policy is to suspend the student’s financial aid until the student’s academic history meets SAP. This means that students whose financial aid was suspended pending satisfactorily meeting SAP should not receive financial aid for the following term. <p>However, contrary to institution policy, we noted that if a student failed to meet SAP at the end of the Fall term, the institution automatically granted the student a probation term to attain a passing SAP status and the student continued to receive Title IV HEOA funds. We noted 3 students that received \$4,915 (\$200 FSEOG; \$1,166 FFEL unsubsidized; \$3,549 PELL) during such probation terms.</p> ➤ Institution policy permits students whose Title IV HEOA funds have been suspended to file an appeal. If the institution determines that mitigating circumstances exist, the institution may restore the student to satisfactory academic standing for one term. <p>Our test disclosed that the institution’s practice of automatically granting a student a probation term after the Fall term to attain a passing SAP status, as noted above, was also applied to students whose SAP appeals were approved during the Fall term. This practice allowed students not meeting SAP to continue to receive Title IV HEOA funds for at least two terms after the institution approved a SAP appeal, instead of one term per the institution’s policy. We noted 3 such students that received \$7,437 (\$3,375 FFEL subsidized; \$4,062 PELL) of Title IV HEOA funds during those automatically granted probation terms.</p> ➤ Our test also included 1 student that did not meet SAP at the end of the Fall term, but the institution’s financial aid system did not correctly identify the student as not meeting SAP and the student subsequently received Title IV HEOA funds (\$2,675 PELL) in the Spring term. <p>In addition, we reviewed 15 students’ SAP appeals that had been approved in the financial aid system. The institution provided us copies of appeal approval</p>

letters for all 15 students; however, the institution did not provide us documentation evidencing that the Student Financial Aid Committee (Committee) had recommended approval for 10 of the 15 approved students' SAP appeals. These 10 students subsequently received \$32,281.80 (\$1,780.80 FWS; \$2,875 FFEL subsidized; \$27,626 PELL) of Title IV HEOA funds during the 2009-10 fiscal year. Additionally, our IT review of the institution noted weaknesses in the access controls for updating SAP status in the institution's student financial aid system. (See Finding No. FA 10-03)

Effective October 2009, the institution had implemented procedures to maintain documentation of the Committee's decisions regarding students' SAP appeals for Title IV HEOA funds eligibility, and 5 of the 15 students tested had the required documentation, as the appeals occurred after the newly implemented procedures.

Cause

Institution personnel did not consistently apply the institution's SAP policy and the institution did not have adequately designed procedures for reporting, monitoring, and maintaining appropriate documentation for SAP status changes and appeals.

Effect

By not consistently applying institution SAP policies and maintaining support for SAP appeals, the institution awarded Title IV HEOA funds to ineligible students. Failure to maintain documentation of the Committee's recommendations increases the risk that unauthorized changes to students' SAP status could occur and not be detected and the institution could potentially disburse Title IV HEOA funds to ineligible students.

Recommendation

The institution should revise its procedures for monitoring SAP to ensure that only students meeting the institution's SAP policies receive Title IV HEOA funds. The institution should also review SAP for all Title IV HEOA fund recipients during the 2009-10 award year to identify any additional ineligible students that received Title IV HEOA funds, and return the funds, including the Title IV HEOA funds noted above, as applicable, to the appropriate Federal programs or lenders.

**NWFSC Response and
Corrective Action Plan**

Northwest Florida State College (NWFSC) requests the recommendation to return funds be reconsidered. Financial Aid recipients identified were not ineligible according to the practice used by staff to assess Standards of Academic Progress (SAP). Federal Guidelines were followed although the Financial Aid written procedure provided to the Auditor had not been updated.

NWFSC's Financial Aid Personnel's practice for assessing (SAP) complies with Federal guidelines rather than adhering to the ten year old outdated procedure written by the previous Financial Aid Director. NWFSC's SAP assessment practice has been consistent for the past six years. Standards of Academic Progress are applied to all students at the end of each semester (fall, spring, summer). If a student fails SAP at the end of the spring and/or summer semester, they are notified of their termination with the option of filing a financial aid appeal. When a student fails SAP at the end of the fall semester, they are notified that they are below standards and placed on a probationary status for the spring semester. This has been the standard practice of the college for the past six years. Minutes of the Financial Aid Committee were not kept due to concerns over privacy issues desire to protect the confidentiality of the students. In mid-October, the Committee adopted a cover sheet for each appeal reviewed. At least two committee members sign each form. Also, beginning with the 2010-2011 appeals, a log of actions is kept and is compared to a system generated report that shows which appeals were approved in FINANCIER, the financial aid software.

The Financial Aid Director and staff are in the process of updating the Financial Aid Procedures Manual to reflect the current practice and Federal requirements. The Financial aid practice accurately reflects the Federal requirements for Standards of Academic Progress (SAP). Students were notified of their status

Estimated Corrective Action Date	and the College is in compliance with the federal regulations. The College's procedure is stricter than the Federal policy.
NWFSC Contact and Telephone Number	The updated Financial Aid Procedure Manual and College Catalog will be completed by January 2011.
	Donna Utley, Associate Vice President - Business Services (850) 729-5368

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-089
CFDA Number	84.063, 84.268, 84.375
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL) Federal Direct Student Loan (FDSL) Federal Academic Competitiveness Grants (ACG)
Compliance Requirement	Eligibility
State Educational Entity	Santa Fe College (SFeC)
Finding Type	Other – Fraud Disclosure
Finding	The institution has reported two instances of fraud perpetrated by students to the United States Department of Education (USED) Office of the Inspector General (OIG).
Criteria	34 CFR 668.16(g), <i>Standards of Administrative Capability</i>
Condition	A student has admitted guilt to the College police that she took a friend's satisfactory academic progress appeal documentation and submitted it as her own, claiming that the person named therein, the friend's grandmother, was actually her aunt. As a result, the student received a \$2,675 PELL grant for the Spring 2010 term. The friend later reported to the institution that she believed someone had stolen her (missing) paperwork, when her friend informed her that "her" appeal had been approved. Another student manufactured a fraudulent doctor's note and submitted it with her satisfactory academic progress appeal. She received \$4,525 (\$1,400 PELL, \$375 ACG, \$1,750 FDSL subsidized, and \$1,000 FDSL unsubsidized) in Title IV Higher Education Opportunity Act (HEOA) funds as a result. In addition to the fraudulent document purporting to be from the doctor's office, she also manufactured and used a fraudulent birth certificate for her Spring 2010 appeal, and also manufactured and submitted a fraudulent death certificate for her Summer 2010 appeal. The Summer 2010 appeal was denied, which would have been an additional \$4,525 attempt to defraud. She has admitted to the College police that all documents were fraudulent.
Recommendation	The institution should continue to report any known or suspected instances of fraud involving Title IV HEOA funds to the USED OIG and to local law enforcement agencies, as applicable.
SFeC Response and Corrective Action Plan	The College will continue to be vigilant in suspected instances of fraud and continue to report all known or suspected instances as required.
Estimated Corrective Action Date	N/A
SFeC Contact and Telephone Number	Maureen McFarlane, Financial Aid Director (352) 395-1932

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-090
CFDA Number	84.033
Program Title	Student Financial Assistance Cluster (SFA) Federal Work-Study Program (FWS)
Compliance Requirement	Eligibility
State Educational Entity	St. Petersburg College (SPC)
Finding Type	Other – Fraud Disclosure
Finding	On October 21, 2010, the institution reported instances of fraud to the Area Case Director, Atlanta School Participation Team of the United States Department of Education (USED), who reported the fraud to the USED Office of Inspector General (OIG).
Criteria	<i>34 CFR 668.16(g), Standards of Administrative Capability.</i>
Condition	The institution became aware of the former baseball coach falsifying timesheets for some FWS payments to two student athletes for the Fall 2009 and Spring 2010 terms. The students were informed by the former coach that they were receiving a scholarship, however FWS funds totaling \$11,248.05 were paid to these two students based on the falsified timesheets. The institution returned the funds to the FWS program on October 21, 2010, and the coach resigned.
Recommendation	The institution should continue to report any known or suspected instances of fraud involving Title IV HEOA funds to the USED and to local enforcement agencies, as applicable.
SPC Response and Corrective Action Plan	St. Petersburg College will continue to report any known or suspected instances of fraud involving Title IV HEOA funds to the USDE and to local enforcement agencies, as applicable.
Estimated Corrective Action Date	N/A
SPC Contact and Telephone Number	Michael Bennett, Associate Vice President, Financial Assistance Services (727) 341-3012

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-091
CFDA Number	84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL)
Compliance Requirement	Eligibility – Overaward
State Educational Entity	Hillsborough Community College (HCC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs - \$2,206 PELL
Finding	The institution did not always document attendance accurately or timely to determine eligibility prior to disbursing Title IV Higher Education Opportunity Act (HEOA) funds.
Criteria	34 CFR 690.80(b)(2), <i>Recalculation of a Federal Pell Grant award</i>
Condition	<p>Our review of the institution’s procedures for identifying students that did not attend class for determining eligibility for Title IV HEOA funds received disclosed that for 6 of the 25 students tested who unofficially or officially withdrew from the institution during the Fall 2009 and Spring 2010 terms and received Title IV HEOA funds, the student’s projected enrollment status changed during the payment period after the student began attendance in all of his or her classes for that payment period and the institution did not recalculate the PELL awards, which resulted in four overawards.</p> <ul style="list-style-type: none"> ➤ Three of the 4 students who received overawards were withdrawn from a class for never attending; however, the instructors did not withdraw the students until after the terms ended. Two of the students were withdrawn from a class on February 12, 2010, for the Fall 2009 term, and one of the students was withdrawn from a class on May 21, 2010, for the Spring 2010 term. Subsequent to audit inquiry, overawards totaling \$1,538 PELL for these students were returned to the program from 244 to 384 days after the point in time the instructors should have input the students’ enrollment status into the system. ➤ For another of the 4 students who received overawards, an F grade was incorrectly assigned for one class during the Spring 2010 term; however, the student never attended that class and their PELL award should have been recalculated prior to disbursement. As a result, the student received an overaward of \$668 PELL. Subsequent to our inquiry, the institution returned the funds to the program 258 days after the point in time the instructor should have input the student’s enrollment status into the system. In addition, the institution had previously performed a return of Title IV HEOA funds for this student, and had returned the funds late, as noted in finding No. FA 10-101. The institution had to recalculate the return of Title IV HEOA funds for this student and adjust the amount that had been previously returned.
Cause	The institution has established procedures to recalculate the student’s award when a student’s projected enrollment status changes during a payment period after the student has begun attendance in all of his or her classes for that payment period. However, instructors did not follow the institution’s procedures to accurately reflect the enrollment status of students within 10 days after the first day of class, which resulted in overawards. For students who were withdrawn for nonattendance by the instructor after the term was completed, overawards were not flagged by the computer, and institution personnel were not alerted that an overaward had occurred. The institution relies on the instructors’ timely input of enrollment status into the system to ensure that awards are adjusted accordingly; however, instructors may not be aware of the importance of the information they are required to provide and information provided was not timely.

Effect	The institution disbursed Title IV HEOA funds to ineligible students.
Recommendation	The institution should enhance procedures to ensure that timely and accurate enrollment status records are maintained to document eligibility for awards disbursed. The institution should also perform a complete review of students' enrollment status to determine if additional overawards occurred and return any Title IV HEOA funds to the applicable lenders or programs.
HCC Response and Corrective Action Plan	Hillsborough Community College will continue to educate the faculty about the importance of timely inputting of WN grades. HCC is also researching the feasibility of a programming change that will restrict the use of the WN grade in the College's student system after the first ten days of the academic term.
Estimated Corrective Action Date	June 30, 2011
HCC Contact and Telephone Number	Barbara A. Larson, Vice President for Administration/CFO (813) 253-7015

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-092
CFDA Number	84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Disbursements – Common Origination and Disbursements (COD) System
State Educational Entity	Pasco-Hernando Community College (PHCC)
Finding Type	Noncompliance
Finding	The PELL disbursement date in the institution’s records did not always agree with the U.S. Department of Education’s (USED) COD system’s disbursement date, contrary to USED regulations and technical references.
Criteria	34 CFR 690.83, <i>Submission of Reports</i> ; COD Technical Reference
Condition	The USED COD is a streamlined method for processing, storing, and reconciling Federal PELL Grant financial aid information. COD defines the disbursement date as the date cash was credited to the student’s account or paid to the student directly. For 23 PELL recipients tested with 38 PELL disbursements during the 2009-10 award year, 16 disbursement dates in the COD reporting system were incorrectly reported by the institution. The disbursement dates reported in the COD were from 64 days before to 13 days after the actual disbursement dates.
Cause	The institution initially recorded the dates that the Financial Aid Office authorized disbursements on the COD system instead of the actual disbursement date, and when applicable, the institution did not subsequently revise the COD file to reflect the actual disbursement dates, prior to our review.
Effect	The level of PELL authorization for an institution is affected by the accuracy with which the PELL information is reported to COD.
Recommendation	The institution should revise its procedures to ensure that information provided to USED through COD is accurate.
PHCC Response and Corrective Action Plan	The college’s internal review processes identified this error months prior to the audit. A clerical data entry error resulted in an incorrect date of disbursement being entered in the COD. The college took immediate action to contact the U.S. Department of Education’s Common Origination and Disbursement (COD) office to correct the error. The COD representative indicated that the college could not correct the disbursement date but assured us that this would not be considered an audit error since no funds were actually drawn down or disbursed in advance of the semester and it was only a clerical error. More recently, the college again contacted COD to inquire about the ability to correct this simple clerical error. The COD representative on this occasion indicated that in fact the error could be corrected and assisted college staff in making the corrections. Staff have been trained on the correct procedures for entering the disbursement date.
Estimated Corrective Action Date	The error was corrected prior to the audit exit conference and the issuance of these preliminary and tentative findings.
PHCC Contact and Telephone Number	Ken Burdzinski, Vice President of Administration and Finance (727) 816-3412

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-093
CFDA Number	84.032 and 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Disbursements – Prohibition on Escheating of Title IV Higher Education Opportunity Act (HEOA) Funds
State Educational Entity	Tallahassee Community College (TCC)
Finding Type	Noncompliance
Prior Year Finding	Questioned Costs – \$3,838.58 (\$821.53 PELL and \$3,017.05 FFEL subsidized) Report No. 2010-165, Finding No. FA 09-093
Finding	The institution's procedures were not adequate to ensure the timely identification and return of unclaimed Title IV HEOA funds to applicable Federal programs and lenders.
Criteria	34 CFR 668 Subpart K, <i>Cash Management</i> and FSA Handbook Volume 4 Chapter 2 (2009-10), <i>Requesting and Managing FSA Funds, Prohibition on Escheating of FSA Funds</i> .
Condition	In our report No. 2010-165, FA 09-093, we noted that the institution's procedures were not adequate to ensure the timely identification and return of unclaimed Title IV HEOA funds to applicable Federal programs and lenders, and we identified \$20,194.67 that the institution needed to return to applicable Federal programs and lenders. During our current audit, we determined that the institution returned or disbursed the unclaimed Title IV HEOA funds from the prior year finding. In addition, we were advised by institution personnel that the institution had revised its procedures, but the new procedures were not completely implemented by June 30, 2010, and the institution was continuing to work toward compliance. At June 30, 2010, \$3,838.58 (\$821.53 PELL and \$3,017.05 FFEL subsidized) related to the 2009-10 fiscal year needed to be returned to the applicable Title IV HEOA program or lenders.
Cause	Due to understaffing and staff turnover of key personnel, the institution did not timely identify and return unclaimed Title IV HEOA funds.
Effect	The institution may be allowing Title IV HEOA funds to be used for purposes other than that for which they are intended.
Recommendation	The institution should continue its efforts to implement revised procedures to ensure that unclaimed Title IV HEOA funds are timely identified and returned to applicable Federal programs and lenders.
TCC Response and Corrective Action Plan	TCC has implemented revised procedures to ensure that unclaimed Title IV HEOA funds are timely identified and returned to applicable Federal programs and lenders.
Estimated Corrective Action Date	9/25/10
TCC Contact and Telephone Number	Patricia Miller Manning, Compliance Officer (850) 201-6093

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-094
CFDA Number	84.032 and 84.268
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Direct Student Loans (FDSL)
Compliance Requirement	Special Tests and Provisions – Disbursements – Loan Notifications
State Educational Entity	Brevard Community College (BrvCC) and Santa Fe College (SFeC)
Finding Type	Noncompliance and Significant Deficiency
Finding	Two institutions did not always document the required notification to FFEL or FDSL student or parent loan borrowers within 30 days before or after crediting a student’s account with FFEL or FDSL funds.
Criteria	34 CFR 668.165, <i>Notices and Authorizations</i>
Effect	Because incurring a loan obligation is a serious responsibility, an FFEL or FDSL loan borrower must be given the opportunity to cancel the loan at, or close to, the time the funds are actually disbursed and the debt incurred. Without notification of the rights to cancel a loan, there is an increased risk that a borrower may incur unnecessary debt.
Condition	<u>Brevard Community College (BrvCC)</u> For 25 students tested, 13 had received FFEL funds during the audit period, and the institution could not provide documentation that these students had received the required notification in writing of (1) the date and amount of the disbursement; (2) the recipient’s right to cancel all or a portion of the loan or the disbursement; and (3) the procedure and time by which the recipient must notify the institution that he or she wishes to cancel the loan or disbursement.
Cause	The institution uses an outside organization to perform disbursement of funds to students; however, the institution failed to ensure that the required notifications were being made.
Recommendation	The institution should implement procedures to ensure that FFEL student or parent loan borrowers receive the required notification electronically, or in writing, no earlier than 30 days before and no later than 30 days after crediting a student or parents’ account with FFEL funds.
BrvCC Response and Corrective Action Plan	The institution has implemented new procedures for all Direct loan recipients. A notice is sent to all loan recipients via their official student e-mail account informing them of the date and amount of their disbursement, their right to cancel all or a portion of the loan disbursement and the procedure and time by which the student must cancel the loan if so desired. This is noted in Banner every time loan funds are disbursed which meets the 30 day timeframe requirement.
Estimated Corrective Action Date	January 1, 2011
BrvCC Contact and Telephone Number	John F. Dietrich, Ed.D., V. P., Enrollment Management and Student Success (321) 433-7090
Condition	<u>Santa Fe College (SFeC)</u> For 25 students tested, 18 received FDSL loans. Nine of the 18 students received FDSL funds on August 31, 2009, and for 3 of those students the institution could not provide documentation that these students had received the required notification in writing of: (1) the date and amount of the disbursement; (2) the recipient’s right to cancel all or a portion of that loan or the disbursement; and (3) the procedure and time by which the recipient must notify the institution that he or she wishes to cancel the loan or disbursement. Upon inquiry of the

	College's Information Technology Services (ITS) department, we were informed that there were 331 such students for which the institution had not provided the required notifications.
Cause	Due to a software programming error that affected some of the August 31, 2009, disbursements, not all FDSL student loan borrowers received the required written notifications regarding FDSL loan disbursements.
Recommendation	The institution should implement procedures to ensure that FDSL student loan borrowers receive the required notification electronically, or in writing, no earlier than 30 days before and no later than 30 days after crediting a student's account with FDSL funds.
SFeC Response and Corrective Action Plan	The College has identified procedures and reports or other means of notification to confirm that notifications to FDSL borrowers are sent in accordance with regulations. The College's ITS department has monitored the electronic notification process since programming error was identified and until such time as alternative procedures are fully implemented.
Estimated Corrective Action Date	June 30, 2011
SFeC Contact and Telephone Number	Maureen McFarlane, Financial Aid Director (352) 395-1932

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-095
CFDA Number	84.032
Program Title	Student Financial Assistance Cluster Federal Family Education Loans (FFEL)
Compliance Requirement	Special Tests & Provisions - Student Status Changes - Exit Counseling
State Educational Entity	Florida International University (FIU), Edison State College (ESC), and Seminole State College (SSC)
Finding Type	Noncompliance
Prior Year Finding	Report Number 2010-165, Finding No. FA 09-094
Finding	Three institutions did not always timely (within 30 days) provide exit counseling materials for FFEL student loan borrowers who graduated, withdrew, or ceased to be enrolled at least half-time.
Criteria	34 CFR 682.604(g), <i>Exit Counseling</i>
Effect	When exit counseling information is not provided timely, FFEL student loan borrowers may not be aware of their loan repayment obligations, and lenders and guarantors may not be timely provided with important personal and contact information, which could lead to an increased default rate for the institution.
	<u>Florida International University (FIU)</u>
Condition	For 8 of 25 students tested, the institution did not provide exit counseling materials within 30 days of when the FFEL student loan borrowers withdrew or otherwise ceased to be enrolled at least half-time during the Spring 2010 term. As of August 1, 2010, days late ranged from 126 to 259.
Cause	The institution's computerized reporting system, which identifies students requiring exit counseling, relies on a query to fully automate the process; however, due to an incorrect query and a programming glitch, the institution did not identify all FFEL student loan borrowers requiring exit counseling and, as a result, did not provide exit counseling materials to all students ceasing at least half-time enrollment.
Recommendation	The institution should modify its procedures to ensure that all FFEL student loan borrowers requiring exit counseling are identified and that exit counseling materials are provided within 30 days of an FFEL student loan borrower ceasing at least half-time enrollment.
FIU Response and Corrective Action Plan	<p>We found that while we did automate the process and were selecting the correct population the run controls required manual intervention at the end of census every term to be updated to point at the correct term. For example we set it on the schedule to run for Fall 2009 = 1098 after census for that term. Then when the spring census came around we should have updated the Edit Prompts to point at the Spring 2010 = 1101 term. Unfortunately that did not occur in a timely fashion and so we did not send EXIT Interviews for all Spring students</p> <p>To correct this multiple run controls were created with each of the terms built in and setting them on the FATIDAL schedule with a Run From/To date. This way they automatically begin to run based on those dates, which are set to 5 days after census for each term and will not require manual intervention.</p>
Estimated Corrective Action Date	September 2010
FIU Contact and Telephone Number	Francisco Valines, Director, Office of Financial Aid (305) 348-2333

Edison State College (ESC)

Condition	For 13 of 50 FFEL student loan borrowers who ceased at least half-time enrollment during the 2009-10 fiscal year, exit counseling materials were provided 10 to 163 days late.
Cause	The institution's computerized reporting system did not identify all FFEL recipients requiring exit loan counseling within 30 days of ceasing to be enrolled at least half-time.
Recommendation	The institution should review and enhance its procedures to ensure that exit counseling materials are provided within 30 days of an FFEL student loan borrower ceasing at least half-time enrollment.
ESC Response and Corrective Action Plan	In order to ensure that exit counseling materials are provided within 30 days of an FFEL student loan borrower ceasing at least half-time enrollment Edison State College has reviewed and enhanced its procedures in several ways. The first enhancement which requires students to register for graduation began in the Spring Semester of 2009. This creates a tracking mechanism that would identify students whose enrollment would cease. The second enhancement which commenced in the Spring Semester of 2010 includes the addition of more accurate information, via a user-defined field in the system, to the students' records regarding the date the school became aware of the students' separation from the school.
Estimated Corrective Action Date	The above mentioned enhancements have been implemented as of the date of the preliminary and tentative finding, August 17, 2010, but will continue to be reviewed and modified in order to fully correct the deficient condition.
ESC Contact and Telephone Number	Barry Paine, Director of Student Financial Aid Services (239) 432-6712

Seminole State College (SSC)

Condition	For 18 of 25 FFEL student loan borrowers who graduated during the Spring term, the institution had not provided exit counseling materials. As of August 12, 2010, the days late were 71 for 13 of the students and 210 for 5 of the students. The institution relied on a statement on the Diploma and Certificates Applications form (form) to alert all FFEL student loan borrowers who applied for graduation that exit counseling must be completed; however, no evidence was maintained to document that students had been provided exit counseling materials.
Cause	The institution relied upon the exit counseling statement on the form to satisfy its exit counseling requirements. This statement informed the student to visit the institution's Web site and follow the links, which would eventually open a Web page for the student to perform exit counseling. However, there was no evidence that the students used the link and went to the Web site to obtain exit counseling materials, nor was there evidence that exit counseling materials were provided to those who did not visit the Web page.
Recommendation	The institution should strengthen its procedures to ensure all FFEL student loan borrowers requiring exit counseling are identified and to require maintenance of documentation evidencing that exit counseling materials are provided to such students within 30 days of them ceasing at least half-time enrollment.
SSC Response and Corrective Action Plan	The institution agrees with this recommendation. Institutional procedures were reviewed and revised to ensure that student borrowers are notified of exit counseling requirements and documentation of such notification is maintained. Official withdrawals are performed in person and not online. New procedures require exit counseling to be completed at the time of official withdrawal. At that time, students receive a copy of their completed exit counseling materials. Effective October 2010, the Financial Aid Office receives a weekly list from the Registrar's Office identifying students who have applied for graduation. College

staff ensures that all students applying for graduation complete a revised Diploma and Certificates application that includes a statement of required exit counseling. This statement provides students with instructions for completing online exit counseling and information for obtaining printed exit counseling materials. Students failing to complete online counseling within 30 days of notification are mailed printed exit counseling materials.

Similarly, students who are considered as unofficial withdrawals are identified in weekly enrollment reports. Students who unofficially withdraw or whose enrollment is dropped below half-time status are notified of the requirement to complete exit counseling either online or with printed materials. Students failing to complete online counseling within 30 days of notification are mailed printed exit counseling materials.

Student record retention systems retain documentation of the notification of required exit counseling.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-096
CFDA Number	84.032 and 84.268
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Direct Student Loans (FDSL)
Compliance Requirement	Special Tests and Provisions – Student Status Changes – National Student Loan Data System (NSLDS) Roster Files
State Educational Entity	St. Johns River Community College (SJRCC), Santa Fe College (SFeC), and State College of Florida Manatee-Sarasota (SCF)
Finding Type	Noncompliance
Finding	Three institutions did not always accurately and timely report enrollment status changes to NSLDS for FFEL or FDSL student loan borrowers. Unless the institution expects to submit its next roster file (enrollment data) to NSLDS within 60 days, it must notify NSLDS directly within 30 days of discovering that a student who received an FFEL or FDSL loan ceased to be enrolled on at least a half-time basis.
Criteria	34 CFR 682.610(c), <i>Student Status Confirmation Reports</i> 34 CFR 685.309(b)(2), <i>Administrative and Fiscal Control and Fund Accounting for Schools Participating in the Direct Loan Program</i>
Effect	When NSLDS is not timely notified with accurate information, NSLDS may not be aware of when an FFEL or FDSL student loan borrower ceases at least half-time enrollment, thereby not timely starting the grace period for repayment of FFEL or FDSL student loans, which may result in an increased default rate.
Condition	<u>St. Johns River Community College (SJRCC)</u> For 8 of 29 student loan borrowers who withdrew or otherwise ceased to be enrolled at least half-time during the 2009-10 award year, the institution reported the enrollment status changes to NSLDS, 9 to 28 days late. In addition, for 10 of the 29 students, the institution's reported effective status change dates were not accurate (the required status change dates were from 1 to 21 days after the actual status changes occurred).
Cause	The institution reports student loan borrowers' enrollment status changes to the National Student Clearinghouse (NSC) monthly, beginning after the add and drop period of a term. The NSC reports the enrollment status changes to NSLDS; however, the institution did not have monitoring procedures in place to ensure that required corrections to its enrollment data submitted to NSC were timely resolved in order to include such changes on the next NSC submission to NSLDS. Also, the institution's reporting schedule to NSLDS did not include a submission during April 2010, which resulted in some instances of late reporting. According to institution personnel, due to the timing of computerized system processing that updated changes in registration status, the institution reported the dates that the process was run in the Fall 2009 and Spring 2010 terms as the dates that these students ceased at least half-time enrollment. As a result, the status change dates reported to NSLDS were later than the actual dates that the students ceased to be enrolled at least half-time.
Recommendation	The institution should enhance its procedures to ensure that all enrollment status changes for FFEL student loan borrowers are reported accurately and timely to NSLDS.
SJRCC Response and Corrective Action Plan	A recent system upgrade now allows the computer system to record the exact date/time of enrollment status changes, thereby correcting the problem causing errors in reporting status changes. The set-up in the validation table in our system was tested and modified in mid-September, 2010. Prior to this date, the

process required some manual intervention in the scheduling and running of a process to update enrollment status changes, resulting in some differences in the date/time the changes occurred. The update has resolved this issue.

Additionally, the SSCR schedule has been thoroughly reviewed and updated to ensure timely reporting of the changes through the Clearinghouse to NSLDS, which will correct the occasional late reporting of enrollment status changes to NSLDS

Estimated Corrective Action Date

September 10, 2010

SJRCC Contact and Telephone Number

Wayne Bodiford, Director of Financial Aid
(386) 312-4040

Santa Fe College (SFeC)

Condition

The enrollment status changes reported to NSLDS (through the National Student Clearing House) beginning October 1, 2009, for all FDSL student loan recipients who officially withdrew or dropped below half-time through the date of our audit inquiry in August 2010, were incorrectly reported at the students' most current enrollment status prior to partial or complete withdrawal.

Cause

The institution's NSLDS reporting procedures were not adequate to ensure that FDSL student loan borrowers' enrollment status changes were reported accurately and timely to NSLDS. The institution implemented software changes on October 1, 2009, which did not provide accurate information to ensure compliance with NSLDS reporting requirements.

Recommendation

The institution should enhance its procedures to ensure that enrollment status changes for FDSL student loan borrowers are reported accurately to NSLDS.

SFeC Response and Corrective Action Plan

The College has taken measures to assure accurate enrollment reporting for FDSL student loan borrowers occurs by developing a quality control check in the Records Office after each reported upload. Records office staff is verifying and checking proper enrollment status from reports and retaining proof of the quality control check.

Estimated Corrective Action Date

Completed

SFeC Contact and Telephone Number

Lynn Sullivan, Registrar
(352) 395-5450

State College of Florida Sarasota-Manatee (SCF)

Prior Year Finding

Report No. 2010-165, Finding No. FA 09-100

Condition

For 5 of 10 FFEL student loan borrowers tested who withdrew during the 2009-10 award year, the institution reported the enrollment status changes to NSLDS 35 to 61 days late.

Cause

The institution submitted its roster files to the National Student Clearinghouse (NSC) monthly and relied on NSC to transmit student status changes to NSLDS for FFEL student loan borrowers. However, the institution did not have monitoring procedures in place to ensure that NSC submitted student status changes to NSLDS timely.

Recommendation

The institution should work with NSC and NSLDS to correct the submission problems or develop alternative procedures to provide timely and accurate FFEL student loan borrowers' enrollment status information to NSLDS.

SCF Response and Corrective Action Plan

In addition to the monthly National Student Clearinghouse electronic file reporting process, direct reporting of any enrollment status changes are being submitted directly to NSLDS web site for the reporting of student withdrawals. This new process was implemented with the Fall 2010 term.

Additionally, personnel in Educational Records were identified and granted direct access to the NSLDS web site to enter information on a timely bases. This process started September 17, 2010.

Telephone Number**

Dr. Donald R. Bowman, Vice President, Educational and Student Services
(941) 752-5301

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-097
CFDA Number	84.038
Program Title	Student Financial Assistance Cluster (SFA) Federal Perkins Loan Program (FPL)
Compliance Requirement	Special Test and Provisions – Student Status Changes – Exit Counseling
State Educational Entity	University of West Florida (UWF)
Finding Type	Noncompliance
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-095
Finding	The institution did not always timely (within 30 days) provide exit counseling materials for FPL student loan borrowers who graduated, withdrew, or ceased to be enrolled at least half-time during the 2009-10 fiscal year.
Criteria	34 CFR 674.42(b), <i>Contact with the Borrower – Exit Interview</i>
Condition	Institution records provided for our review indicated that for 8 of 54 students who received FPL funds and also graduated, withdrew, or ceased to be enrolled at least half-time during the 2009-10 fiscal year, exit counseling materials were not provided within 30 days of when they graduated, withdrew, or ceased to be enrolled at least half-time. The institution provided exit counseling materials 3 days late for 2 of the students and from 41 to 138 days late for the other 6 students.
Cause	The institution did not have adequate procedures to ensure that FPL student loan borrowers who graduated, withdrew, or ceased to be enrolled at least half-time were timely provided exit counseling materials.
Effect	When exit counseling information is not provided timely, FPL student loan borrowers may not be fully aware of their loan repayment obligations, which could lead to an increased default rate at the institution.
Recommendation	The institution should ensure that exit counseling materials are provided within 30 days of an FPL student loan borrower graduating, withdrawing, or ceasing to be enrolled at least half-time.
UWF Response and Corrective Action Plan	In response to the prior year finding, procedures regarding exit counseling were drafted and responsible personnel were trained on these procedures. It has subsequently been necessary to implement requirements for timely managerial follow-up to ensure compliance with prescribed exit counseling procedures. These requirements have been incorporated into the desk manuals and checklists of appropriate personnel.
Estimated Corrective Action Date	September 1, 2010
UWF Contact and Telephone Number	Colleen M. Asmus, Assistant Vice President for Financial Affairs (850) 474-2642

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-098
CFDA Number	84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Unofficial Withdrawals and Nonattendance
State Educational Entity	Broward College (BrwC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$5,334.40 PELL
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-103
Finding	The institution had not implemented adequate procedures to determine, within 30 days after the end of the payment period, whether Title IV HEOA funds were earned for students who ceased attendance without providing official notification to the institution for their withdrawal. As a result, the institution did not timely identify, calculate, and return (within 45 days) unearned Title IV HEOA funds to the applicable Federal program for students who unofficially withdrew prior to the 60 percent point of the payment period. In addition, the institution did not always document attendance in at least one class for all students who received Title IV HEOA funds and return applicable Title IV HEOA funds disbursed to the Federal program.
Criteria	34 CFR 668.21 and 668.22, <i>Treatment of Federal Perkins Loan, FSEOG, Federal Pell Grant, ACG, and National SMART Program Funds if Recipient Withdraws, Drops Out, or is Expelled Before His or Her First Day of Class and Treatment of Title IV Funds When a Student Withdraws</i>
Condition	As similarly noted in our prior audit, for 7 of 25 students tested who unofficially withdrew and received Title IV HEOA funds during the Fall 2009 term, the institution did not maintain documentation to support that the students attended past the 60 percent point of the payment period. The institution did not timely identify these students and timely return the unearned funds to the applicable Federal program. Subsequent to audit inquiry, the institution returned \$4,665.40 (PELL), in September 2010, 258 days after the end of the payment period. In addition, for 1 of the 25 students tested that received Title IV HEOA funds during the Fall 2009 term, the institution did not document attendance in at least one class. Absent documentation evidencing that the student attended at least one class, the student was not eligible for PELL funds totaling \$669. Subsequent to audit inquiry, the institution returned \$669 (PELL), in September 2010, 265 days after the end of the payment period.
Cause	The institution relies on the faculties' timely and accurate input to a newly developed online attendance system used to identify students who unofficially withdraw or do not attend at least one class. Faculty are to accurately record when students cease to attend by assigning a W grade and indicating the last date of attendance when inputting the final grades into the online attendance system. Documentation should be maintained to support the last date of attendance and retained for audit. These records are intended to assist in the timely return of unearned funds to the applicable Federal programs or lenders; however, faculty may not be aware of the importance of the information they are required to provide and information may not be timely, or adequately, supported.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal program.
Recommendation	The institution should monitor its online attendance system and procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal programs or lenders. The

**BrwC Response and
Corrective Action Plan**

institution should also perform a complete review of students' attendance to determine if additional returns of Title IV HEOA funds are required and, if so, immediately remit the funds to the applicable Title IV HEOA programs or lenders.

The College has added a component to its online grading system to require faculty to enter the last date of attendance with all failing grades. The College has provided faculty with an attendance/enrollment verification tutorial for all faculty to use to make them familiar with this process. The Vice President of Student Affairs and Vice President of Academic Affairs has presented to faculty this plan at every faculty senate meeting and senior management team meeting since the audit criticism to bring attention to this matter. The College will continue to educate faculty, staff, and management on this process. With this new system in place, faculty will not be allowed to enter a failing grade for a student without the Last Day of Attendance and specific documentation as evidence of attendance past the 60 percent point. The College will check the effectiveness of this new system after grades are recorded by faculty for the Fall term in January 2011. The College Associate Vice President of Student Financial Aid and the Financial Aid Compliance Director will review and monitor compliance of this new system after each term and will also check to make sure documentation is kept in a central location in each program/discipline department to ensure that this documentation is retained for a specified period of time and easily accessible for review.

Additionally, the College has instituted controls to determine that all faculty verify attendance at 100 percent in each class before aid is disbursed. The results of those controls has shown progress. The College has had 100 percent enrollment verification for Winter 2009-10 all sessions, Summer 2010-11 all sessions; and Fall 2010-11 Sessions 1, 2, and 3 at the writing of this document. Session 4 enrollment verification period begins October 28, 2010.

The College has also designated a team to review records of all students for the academic year 2009-10 who received W and F grades. After this information has been reviewed and analyzed and the College notices a pattern of non-attendance, a return of Title IV calculation will occur and all aid returned. If the College can clearly identify a pattern of non-attendance after reviewing the record, the College will ask faculty to validate and document attendance past the 60 percent point. If the validation cannot be obtained from the faculty of record for any reason, the College will perform a return of Title IV calculation and return the unearned aid.

**Estimated Corrective
Action Date**

The corrective action plan is already in place and will be ongoing. The evidence of the online grading system should show results of compliance as soon as January 2011. However, the College will continue to monitor its results as noted above.

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-099
CFDA Number	84.032 and 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds (Nonattendance and Official and Unofficial Withdrawals)
State Educational Entity	Daytona State College (DSC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs - Unknown
Finding	The institution did not always document attendance in at least one class for students who received Title IV HEOA funds and received all failing, incomplete, and withdraw grades, and improvements are needed over the institution's procedures for determining and returning Title IV HEOA funds to the applicable Federal lenders and programs for students who withdrew.
Criteria	34 CFR 668.21, <i>Treatment of Title IV Grant and Loan Funds if the Recipient does not Begin Attendance at the Institution</i> ; 682.201, <i>Eligible Borrowers</i> ; 682.604(b)(2)(i), (d)(3), and (4)(i/ii), <i>Processing the Borrower's Loan Proceeds</i> ; 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	<p>Our review of the institution's procedures for identifying students that did not attend at least one class and for determining and returning Title IV HEOA funds to applicable Federal lenders and programs when an official or unofficial withdrawal occurred, disclosed the following:</p> <p><u>Nonattendance:</u></p> <p>Our test of 22 students enrolled during Fall 2009 who received grades, or combinations, of "F", "F" with a "Y" (indicating attendance prior to the 60 percent completion point of the payment period, or "F" for non-attendance"), or "W" disclosed documentation was not available to support the last date of attendance at an academically-related activity for 9 of the 22 students tested. In addition, when a student received any combination of these grades, the last dates of attendance were not verified if the student received an "F" for a class, as the institution considered these students as attending beyond the 60 percent point of the term, and assumed no return of Title IV HEOA funds would be required, contrary to regulation.</p> <p>In addition, our test disclosed that the grade of "F" with a "Y" was given to a student who the instructors stated received a failing grade on the course final (taken on-line), although the grade given was for lack of attending academically-related activities throughout the semester. Institution policy provides that the grade of "F" should have been granted for this student as these academically-related activities occurred beyond the 60 percent completion point of the academic term. As a result, the institution returned \$495.36, FFEL unsubsidized, of Title IV HEOA funds for this student although it was not required.</p> <p><u>Official Withdrawal:</u></p> <p>Our test of 25 students who officially withdrew during the Fall 2009 term disclosed the following:</p> <ul style="list-style-type: none"> ➤ One student's return was incorrectly calculated resulting in a \$143.33 (PELL) overpayment. The institution used an incorrect date of withdrawal. ➤ One student received a Pell award in the amount of \$1,275, and had a return of Title IV HEOA funds calculated in the amount of \$778.61, which subsequent to audit inquiry, was increased by an additional \$496.39, as the

student did not attend classes for the period of enrollment for which the award was disbursed. The institution had incorrectly identified the student as an official withdrawal instead of a nonattender.

- Three students were granted administrative withdrawals for extenuating circumstances. The institution returned \$2,321.38 (\$683.33 FFEL subsidized and \$1,638.05 FFEL unsubsidized) to the lenders. However, the last dates of attendance were not verified by the institution, so it is unknown if the returns were correct.

Unofficial Withdrawal:

Our test of 5 students who unofficially withdrew during the Fall 2009 term disclosed the following:

- One student had a withdraw date, as evidenced by the Registration History Report, at the 60 percent completion point; however, the institution incorrectly used the 50 percent completion point to calculate the return of Title IV HEOA funds. This resulted in an overpayment of \$106.38 (FFEL unsubsidized).
- One student's return was 16 days late.

Cause

The institution's policies and procedures do not require instructors to maintain attendance records, or to maintain documentation supporting the last date of attendance at an academically-related activity. Also, the institution changed the grading policy for the Spring 2010 semester, whereby when a student receives a grade of "FN", the date the student last attended an academically-related activity is required to be input into the student records system for those students who cease attending prior to the 60 percent point of the payment period. However, when students receive grade combinations of "F", "FN", and "W", the institution does not verify the last date of attendance at an academically-related activity, and as a result may miss students requiring a return of Title IV HEOA funds. Also, the institution does not require instructors to maintain documentation of student attendance after the drop and add period, and procedures are not in place for instructor verification of students' last dates of attendance.

Effect

By not verifying the last date of attendance at an academically-related activity, the institution cannot substantiate the grading policy is being adhered to by instructional staff, which may result in incorrect grades being recorded and cause errors when completing returns of Title IV HEOA funds. Also, as a result of errors, the institution returned excess funds to either the Federal lender or program, and required students to return, or owe, funds to the institution or a Federal program, which may prevent a student from receiving aid in the future for which they would be eligible to receive. In addition, the institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal lenders and programs.

Recommendation

The institution should enhance its procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal lenders and programs. Attendance records should be accurate, reliable, and maintained to support dates used for returns of Title IV HEOA funds. The institution should also perform a complete review of students' attendance to determine if additional returns of Title IV HEOA funds are required and, if so immediately remit the funds to the applicable Title IV HEOA lenders or programs.

DSC Response and Corrective Action Plan

The College respectfully disagrees with the conclusions of the auditor. The College feels that its procedures are appropriate for an institution that does not require regular documentation of attendance. The College will inquire of USED to verify that their current practice is acceptable for determining the last date of attendance. Clarification will be obtained to describe adequate documentation for events such as when the student subsequently submits a late withdrawal

request for an extenuating circumstance beyond the student's control. To provide more clarification to the College's determination of last date of attendance it has updated its grading procedure to require faculty to indicate the last date of attendance for all F grades (FN for students who stop attending prior to 60% and F for students who attended after 60%).

**Estimated Corrective
Action Date**

December 2010 for new grade entry format.

Frank Lombardo, President
(386) 506-3200

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-100
CFDA Number	84.032, 84.063, 84.375
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL) Federal Academic Competitiveness Grant Program (ACG)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds - Official Withdrawals
State Educational Entity	Florida State College at Jacksonville (FSCJ)
Finding Type	Noncompliance Questioned Costs – \$501.59 (PELL) and \$355.04 post withdrawal disbursements owed for institutional obligations of students (\$287.67 PELL; \$67.37 ACG)
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-101
Finding	Improvements are needed over the institution’s procedures for determining and returning Title IV HEOA funds to the applicable Federal lenders and programs for students who withdraw.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	Our review of the institution’s procedures for determining and returning Title IV HEOA funds to applicable Federal lenders and programs disclosed the following: <ul style="list-style-type: none"> ➤ Six of ten returns tested were not timely returned to the applicable Federal programs, as follows: <ul style="list-style-type: none"> • For three returns, the run dates of the report that identified official withdrawals were incorrectly used as the start date related to the 45 days an institution has to return funds instead of using the students’ actual withdrawal dates, which resulted in funds totaling \$1,522.94 being returned 11 to 23 days late (PELL \$957.20; FFEL \$565.74). • Two returns were not timely returned to the applicable Federal program because the responsible employee was absent. Funds totaling \$790 were returned to the PELL program 27 and 31 days late. • One return totaling \$501.59 (PELL) was not processed because an employee misread the student’s withdrawal date to determine whether the student attended after the 60 percent point of the term. Subsequent to audit inquiry, the funds were returned 68 days late. ➤ Two of ten returns tested were not identified and/or processed, as follows: <ul style="list-style-type: none"> • One return totaling \$287.67 (PELL) was not identified and processed because of an employee’s lack of understanding related to post withdrawal disbursement eligibility; however, the post withdrawal funds should have been applied to the student’s institution obligations. • Another return was not processed correctly because the institution did not include ACG funds that could have been disbursed in the post withdrawal disbursement calculation. As a result, the institution did not apply the proper amount of the post withdrawal disbursement in the amount of \$67.37, towards the student’s institution obligations.
Cause	Inadequate institutional oversight for processing returns, including lack of adequate training and human error, contributed to the issues noted.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal lenders and programs. Also, students’ outstanding financial obligations were higher than actual obligations because

applicable post withdrawal disbursements were not received.

Recommendation

The institution should enhance its oversight procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal lenders and programs. Also, the institution should adjust the applicable students' receivable balances by \$355.04.

**FSCJ Response and
Corrective Action Plan**

To ensure timely calculations, reports used to identify potential R2T4 students will no longer be run manually but will be included in the batch jobs submission to operations and will be run on a weekly basis. A new position has been added to the financial aid department with primary responsibility of reviewing the R2T4 reports each week as well as completing all calculations and submitting the appropriate correspondence. The college concurs with the findings and have recalculated the R2T4 post withdrawal disbursements for the two students identified during the audit. Their accounts have been credited with \$67.37 from ACG and \$287.46 from Pell, for a total of \$354.83.

**Estimated Corrective
Action Date**

January 2011

**FSCJ Contact and
Telephone Number**

Steven P. Bowers, Vice President Administrative Services
(904) 632-3217

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-101
CFDA Number	84.032 and 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Official and Unofficial Withdrawals
State Educational Entity	Hillsborough Community College (HCC)
Finding Type	Noncompliance Questioned Costs – \$516.85 (\$289.85 FFEL subsidized; \$227 FFEL unsubsidized)
Finding	Improvements were needed over the institution’s procedures for determining and timely returning Title IV HEOA funds to the applicable Federal lenders and programs for students who received Title IV HEOA funds and received all failing, incomplete, and withdraw grades.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	We tested 25 students’ withdrawn (13 official and 12 unofficial withdrawals) during the Fall 2009 or Spring 2010 terms who received Title IV HEOA funds. Our review of the institution’s procedures for determining and timely returning Title IV HEOA funds to applicable Federal lenders and programs disclosed that for 4 of 12 students tested who unofficially withdrew, the institution did not timely return funds totaling \$3,306.53 (\$289.85 FFEL subsidized; \$227 FFEL unsubsidized; \$2,789.68 PELL). Funds were returned 30 to 67 days late and for 1 of the students the return totaling \$516.85 (\$289.85 FFEL subsidized; \$227 FFEL unsubsidized) was completed subsequent to our inquiry.
Cause	A staff member did not accurately review system reports and as a result incorrect dates were entered on the return of Title IV HEOA funds calculation sheets. This caused incorrect results and led to the delay in the return of funds.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal lenders and programs.
Recommendation	The institution should enhance its procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal lenders and programs. The institution should also perform a complete review of the return of Title IV HEOA funds calculations to determine if additional returns are required and, if so, immediately remit the funds to the applicable Title IV HEOA lenders and programs.
HCC Response and Corrective Action Plan	The Hillsborough Community College Financial Aid Office has instituted enhanced policies and procedures regarding the processing of Return of Title IV Funds calculations. The new procedure allows for three financial aid staff members to weekly review the unofficial and official withdrawal notifications. The District financial aid manager then meets with the staff to review progress and calculations on a weekly basis to ensure that the funds are returned in a timely manner.
Estimated Corrective Action Date	September 30, 2010
HCC Contact and Telephone Number	Barbara A. Larson, Vice President for Administration/CFO (813) 253-7015

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-102
CFDA Number	84.063 and 84.375
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL) Federal Academic Competitiveness Grant Program (ACG)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Official Withdrawals
State Educational Entity	Northwest Florida State College (NWFSC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs - \$3,038.69 (\$2,860.77 PELL; \$177.92 ACG)
Finding	The institution did not always use the correct withdrawal date of students that officially withdrew. As a result, not all students requiring returns of Title IV HEOA funds were identified and some calculations were incorrect.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	For 13 of 27 students tested who officially withdrew during the Fall 2009 and Spring 2010 terms and received Title IV Higher Education Opportunity Act (HEOA) funds, the institution used inaccurate withdrawal dates when calculating returns, which resulted in the following: <ul style="list-style-type: none"> ➤ For 7 of the 13 students, the institution did not return funds totaling \$2,967.26 (\$2,789.34 PELL; \$177.92 ACG) because using inaccurate withdrawal dates resulted in the students not being identified as requiring a return of Title IV HEOA funds. ➤ For 1 of the 13 students, using an incorrect withdrawal date resulted in an underpayment of \$71.43 (PELL). ➤ For 5 of the 13 students, the withdrawal dates, although incorrect, did not result in questioned costs.
Cause	Institution personnel made unsupported adjustments to the withdrawal dates for the 7 students that were not identified as requiring a return of Title IV HEOA funds. In each instance, the actual withdrawal date was changed to a subsequent date that incorrectly indicated the student had earned all Title IV HEOA funds for the term. In the other 6 instances, institution personnel had entered inaccurate dates of withdrawal into the Student Information System.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal programs.
Recommendation	The institution should enhance procedures to ensure that institution personnel input accurate withdrawal dates so that it can perform return of Title IV HEOA funds calculations correctly and document and maintain support for all adjustments to information used in calculating returns. The institution should return \$3,038.69 (\$2,860.77 PELL; \$177.92 ACG) and review the withdrawal dates used for all students who withdrew during the 2009-10 award year to ensure that, if required, returns of Title IV HEOA funds are corrected and any funds required to be returned are returned to the applicable Federal programs or lenders.
NWFSC Response and Corrective Action Plan	The College will return \$3,038.69 (\$2,860 in Pell and \$177.92 in ACG). Student Services and Instructional Administration are reviewing withdrawal procedures to try to establish a consistency in the application of the exact withdrawal date. Determining the “exact” date that a student withdraws or stops attending a course is problematic due to varying circumstances (instructor’s dates, routing of administrative drop request, etc.).

Program Title	Student Financial Aid Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Nonattendance
State Educational Entity	Palm Beach State College (PBSC)
Finding Type	Noncompliance and Significant Deficiency Questioned Costs – \$11,005 (\$2,784 FFEL subsidized; \$4,939 FFEL unsubsidized; \$3,282 PELL)
Finding	The institution did not always document attendance in at least one class for all students who received Title IV HEOA funds and return applicable Title IV HEOA funds disbursed to the Federal lenders and program.
Criteria	34 CFR 668.21 and 682.604(d), <i>Treatment of Federal Perkins Loan, FSEOG, Federal Pell Grant, ACG, and National SMART Program Funds if Recipient Withdraws, Drops Out, or is Expelled Before His or Her First Day of Class and Processing the Borrower's Loan Proceeds.</i>
Condition	For 2 of 25 students tested that received Title IV HEOA funds during the Fall 2009 term, the institution did not document attendance in at least one class. Absent documentation evidencing that the student attended at least one class, the students were not eligible for Title IV HEOA funds totaling \$11,005 (\$2,784 FFEL subsidized; \$4,939 FFEL unsubsidized; \$3,282 PELL).
Cause	The institution relies on faculty to report students' enrollment status within the first two weeks of class and Title IV HEOA funds are not disbursed until after the two-week period. Disbursements are not made to those students reported as not attending by the faculty; however, if the faculty fails to report the student's nonattendance, then funds are disbursed without evidence that the student attended. Although these students were subsequently determined to be unofficial withdrawals at the end of the term and a portion of the Title IV HEOA aid disbursed was returned to the lenders, the institution should not have disbursed any Title IV HEOA funds during the term due to nonattendance. The amounts of Title IV HEOA aid questioned are net of the already returned Title IV HEOA funds.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the Federal lenders and program.
Recommendation	The institution should enhance its procedures to ensure the accurate and timely calculation and return of unearned Title IV HEOA funds to the applicable Federal lenders and programs when unable to document attendance in at least one class. Also, the institution should immediately remit the Title IV HEOA funds totaling \$11,005 (\$2,784 FFEL subsidized; \$4,939 FFEL unsubsidized; \$3,282 PELL) to the applicable Federal lenders and program. The institution should also perform a complete review of students' attendance to determine if additional returns of Title IV HEOA funds are required and, if so, remit the funds to the applicable Title IV HEOA lenders or programs.
PBSC Response and Corrective Action Plan	Palm Beach State College agrees and will make these refunds and restorations.
Estimated Corrective Action Date	December 5, 2010

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-104
CFDA Number	84.032 and 84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Family Education Loans (FFEL) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds - Nonattendance and Official and Unofficial Withdrawals
State Educational Entity	Pasco-Hernando Community College (PHCC)
Finding Type	Noncompliance Questioned Costs - \$5,674.96 (School portion - \$1,750 FFEL subsidized; \$1,243.57 FFEL unsubsidized; \$2,573.13 PELL; Student portion - \$108.26 PELL)
Finding	The institution did not always document attendance in at least one class for students who received Title IV HEOA funds and received all failing, incomplete, and withdraw grades, and improvements were needed over the institution's procedures for determining and returning Title IV HEOA funds to the applicable Federal lenders and programs for students who withdrew.
Criteria	34 CFR 668.21, <i>Treatment of Federal Perkins, FSEOG, and Federal Pell Grant Program Funds if the Recipient Withdraws, Drops Out, or is Expelled Before His or Her First Day of Class</i> ; 682.201, <i>Eligible Borrowers</i> ; 682.604(b)(2)(i), (d)(3), and (4)(i/ii), <i>Processing the Borrower's Loan Proceeds</i> ; and 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	We tested 25 students withdrawn during the Fall 2009 or Spring 2010 terms who received Title IV HEOA funds, 13 official and 12 unofficial withdrawals. Our review of the institution's procedures for identifying students that did not attend at least one class and for determining and returning Title IV HEOA funds to applicable Federal lenders and programs disclosed the following: <ul style="list-style-type: none"> ➤ For 1 of the 13 students tested who officially withdrew from the institution during the Fall 2009 term, the institution properly calculated and returned their portion of Title IV HEOA funds; however, the calculation indicated that the student also owed a return of Title IV HEOA funds totaling \$108.26 (PELL). The institution failed to notify the student within 30 days of withdrawal for the repayment owed and, as a result, the student had not repaid or made adequate repayment provisions with USED within 45 days of the date of such notification. As of August 18, 2010, the institution had not taken any action regarding the required notification. ➤ For 2 of the 12 students tested who unofficially withdrew from the institution, the institution did not return funds totaling \$5,566.70 (\$1,750.00 FFEL subsidized; \$1,243.57 FFEL unsubsidized; \$2,573.13 PELL) because the institution used inaccurate dates of last attendance. One of the students was not identified as requiring a return of funds and the other student was not identified as a nonattender and their return was incorrectly calculated.
Cause	The institution relies on the instructors' timely and accurate input of the last date of attendance into the system; however, instructors did not always provide timely and accurate attendance information and may not be aware of the importance of the information they are required to provide.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to applicable Federal lenders and programs.
Recommendation	The institution should enhance its procedures to ensure the accurate and timely identification, calculation, and return of unearned Title IV HEOA funds to the applicable Federal lenders and programs and return the \$5,674.96 to the applicable Federal lenders and program. The institution should also perform a complete review of students' attendance to determine if additional returns of Title

PHCC Response and Corrective Action Plan	<p>IV HEOA funds are required and, if so, immediately remit the funds to the applicable Title IV HEOA lenders or programs.</p> <p>As stated in the audit report, the college relies on faculty to provide accurate last date of attendance information when submitting grade reports. The college provides training regarding the recording of the last date of attendance at each semester's faculty meeting. The three faculty members who erroneously recorded the last date of attendance for the students in question were adjunct faculty, two of whom were new to the College. We will continue to work with the academic deans to remind all faculty at the end of each term before grades are recorded of the importance of using the correct date of last attendance.</p>
Estimated Corrective Action Date	<p>All funds in question have been returned to the applicable Federal lenders and program. A complete review of students' attendance as related to official and unofficial withdrawals has also been completed.</p>
PHCC Contact and Telephone Number	<p>Corrective action has been completed.</p> <p>Ken Burdzinski, Vice President of Administration and Finance (727) 816-3412</p>

U.S. DEPARTMENT OF EDUCATION

Finding Number	FA 10-105
CFDA Number	84.063
Program Title	Student Financial Assistance Cluster (SFA) Federal Pell Grant Program (PELL)
Compliance Requirement	Special Tests and Provisions – Return of Title IV Higher Education Opportunity Act (HEOA) Funds – Official and Unofficial Withdrawals
State Educational Entity	Polk State College (PSC)
Finding Type	Noncompliance
Finding	Improvements were needed over the institution’s procedures for determining and returning Title IV HEOA funds to applicable Federal programs for students who officially and unofficially withdrew.
Criteria	34 CFR 668.22, <i>Treatment of Title IV Funds When a Student Withdraws</i>
Condition	Our review of the institution’s procedures for determining and returning Title IV HEOA funds to applicable Federal programs disclosed the following: <ul style="list-style-type: none"> ➤ For 3 of 5 students tested who officially withdrew from the institution during the Fall 2009 and Spring 2010 terms and received Title IV HEOA funds, the institution returned PELL funds totaling \$3,426.54, 15 to 91 days late. ➤ For 5 of 20 students tested who unofficially withdrew from the institution during the Fall 2009 and Spring 2010 terms and received Title IV HEOA funds, the institution returned PELL funds totaling \$2,654.64, 15 to 54 days late.
Cause	Institution staff indicated that the late returns were primarily the result of the increase in financial aid applications being processed by staff due to the significant growth in enrollment which resulted in the increased volume of students being served in the Financial Aid Office.
Effect	The institution retained unearned Title IV HEOA funds that should have been returned to the applicable Federal program.
Recommendation	The institution should enhance its procedures to ensure the timely return of unearned Title IV HEOA funds to the applicable Federal programs for students that officially or unofficially withdraw.
PSC Response and Corrective Action Plan	The College has reviewed and updated its procedures regarding the return of unearned Title IV HEOA funds to the applicable Federal programs for students that officially or unofficially withdraw to ensure that such returns are processed within Federal timelines.
Estimated Corrective Action Date	October 31, 2010

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-106
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Accounting Standards (CAS) Exemptions
State Educational Entity	University of Central Florida (UCF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Finding	While the institution has developed policies and procedures to apply CAS exemptions to research and development (R&D) grants received it is unclear that the application of these policies demonstrates compliance with the intent and guidance provided by Office of Management and Budget (OMB) Circular A-21.
Criteria	<p>OMB Circular A-21, Section F.6.b., <i>Departmental Administration Expenses</i>, and Exhibit C, <i>Examples of “Major Project” Where Direct Charging of Administrative or Clerical Staff Salaries May Be Appropriate</i>.</p> <p>OMB Circular A-21 states that salaries of administrative and clerical staff and items such as office supplies, postage, local telephone costs, and memberships should normally be treated as facilities and administrative (F&A) indirect costs. CAS exemptions are used to charge F&A costs as direct costs. The Circular also provides guidance for “major projects” where direct charging of F&A costs may be appropriate.</p>
Condition	<p>For 4 of 5 grants reviewed, the institution charged CAS exemptions totaling \$209,310.33 (\$91,727.48 Administrative and Professional Salaries; \$110,098.84 University Support Personnel System Salaries; \$6,064.01 office supplies; \$1,420 membership dues) during the 2009-10 fiscal year. While the institution has developed policies and procedures to apply CAS exemptions to R&D grants received, it was not clear from the documentation provided that the CAS exemptions approved by the institution met the criteria for “major project” or “unlike circumstances” as contemplated by the United States Department of Health and Human Services (USDHHS), the cognizant agency.</p> <p>For grants for which CAS exemptions were used to charge F&A costs as direct costs, the institution used a CAS exemption request form, filed by the Principal Investigator (PI), to document how the “major project” or “unlike circumstances” criteria was met. Institutional procedures provided for a project-by-project evaluation of applications typically by contract managers in the Office of Research and Development before approval was granted. The CAS exemption form required the PI to select the appropriate categories that they believed made the project eligible for major project status and provide an explanation as to why the project required an extensive amount of administrative and clerical support greater than the routine level provided by an academic department. Absent documentation of the routine level of support by the academic department, the institution had not demonstrated that the specific CAS exemption met the criteria as a “major project” or “unlike circumstances” as contemplated by OMB Circular A-21.</p>
Cause	The institution believes that its policies and procedures adequately demonstrate that these grants met the CAS exemption requirements. The institution determines that such circumstances exist when a Federal grant, due to its size and nature, requires administrative or clerical services, or supplies, postage, local telephone, and membership costs that are well beyond the core of departmental support routinely provide for departmental activities; however, the core departmental support was not clearly documented.

Effect	When CAS exemptions used to charge costs to Federal grants do not clearly document that the CAS exemptions meet the criteria for a “major project” or “unlike circumstances” there is an increased risk that CAS exemptions claimed will not be in compliance with the intent and guidance provided by OMB Circular A-21.
Recommendation	The institution should seek guidance from the cognizant agency (USDHHS) as to whether the institution is using CAS exemptions that meet the criteria for a “major project” or “unlike circumstances” as contemplated by the cognizant agency. Until such guidance is obtained, the institution should limit the amount of CAS exemptions approved to reduce the risk that such costs will be disallowed and required to be returned. Additionally, the institution should enhance its procedures to maintain documentation that clearly demonstrates that the specific CAS exemption category is above the routine level of support for the related department and meets the criteria as a “major project” or “unlike circumstances.”
UCF Response and Corrective Action Plan	<p>We believe the university’s CAS/Major Project Exemption guidelines (Footnote 1) correctly address the treatment of direct and F&A costs expended under major projects as outlined in OMB Circular A-21 and its Exhibit C. We also believe the university’s Cost Accounting Standards Board Disclosure Statement (CASB DS 2) (Footnote 2) accurately describes the criteria for determining how costs are charged to federally sponsored agreements and the circumstances under which costs normally charged as F&A may be charged directly. The university’s CAS/Major Project Exemption policy and procedure have been affirmed by the DHHS’s Division of Cost Allocation opinion letter dated February 28, 2008. (Footnote 3).</p> <p>Based on the Recommendation the university will seek guidance from its cognizant audit agency (USDHHS) as to whether the university is using CAS exemptions that meet the criteria for a major project.</p> <p>Footnotes:</p> <ol style="list-style-type: none"> 1. CAS/Major Project Exemption Form, CAS/Major Project Exemption Guidance & Directive, and CAS/Major Project Exemption Job Code List. 2. See Item No. 2.1.0 (pages II-5 & II-6) of the University of Central Florida’s Cost Accounting Standards Board Disclosure Statement (CASB DS-2) dated July 1, 2005. 3. Daryl W. Mayes, National Director, Division of Cost Allocation, opinion letter dated February 28, 2008.
Estimated Corrective Action Date	The CAS/Major Project Exemption guidance request will be sent to our cognizant audit agency (DHHS) on or before January 31, 2011.
UCF Contact and Telephone Number	Douglas Backman, Director, Office of Compliance Office of Research & Commercialization (407) 882-1168

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-107
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Accounting Standards (CAS) Exemptions
State Educational Entity	Florida Atlantic University (FAU)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-107
Finding	As previously reported, during the 2008-09 fiscal year, CAS exemptions totaling \$25,356 were charged to various grants, of which \$8,346 were questioned costs. During the 2009-10 fiscal year, CAS exemptions totaling approximately \$37,000 were charged to various grants. CAS exemptions are used to charge indirect costs as direct costs and are applied for “unlike circumstances” (i.e., the actual activities charged direct are not the same as the actual activities normally included in the institution’s facilities and administrative cost pools, or if the same, the indirect activity costs are immaterial in amount). It is not clear whether the CAS exemptions used by the institution met the criteria for “unlike circumstances” as contemplated by the U.S. Department of Health and Human Services (USDHHS), the cognizant agency. In August 2009, the institution requested that USDHHS review its policy and provide feedback on this compliance matter and is awaiting a response.
Criteria	OMB Circular A-21, Section F 6.b. <i>Department Administration Expenses and Exhibit C, Examples of “Major Project” Where Direct Charging of Administrative or Clerical Staff Salaries May Be Appropriate.</i>
Condition	In response to our prior audit finding, agency personnel stated that the institution’s policies and procedures require that all CAS exemptions be evaluated on a project-by-project basis. Each evaluation includes a review of the request with justification, and the project budget, and the Research Accounting Office assesses whether the requested items are unlike and unusual. As recommended in our prior audit finding the institution, in August 2009, requested that USDHHS review its policy and provide feedback on whether it is in compliance with OMB Circular A-21.
Cause	Although the institution continues to follow the policies and procedures disclosed in its CAS Board Disclosure Statement (DS-2), clarification from the cognizant agency has not been obtained to define “unlike circumstances.”
Effect	Federal funds may have been overcharged for goods and services that were charged 100 percent as direct costs instead of being charged at the lesser indirect cost rate. If it is determined by USDHHS that any CAS exemptions are disallowed, the institution may be required to return disallowed costs.
Recommendation	We recommend that the institution continue to seek guidance from the cognizant agency (USDHHS) and the USDHHS Division of Cost Allocation as to whether the institution is using CAS exemptions that meet the criteria for “unlike circumstances” as contemplated by the cognizant agency. Until such guidance is obtained, the institution should limit the amount of CAS exemptions approved to reduce the risk that such costs will be disallowed and required to be returned.
FAU Response and Corrective Action Plan	Florida Atlantic University has put into effect policies and procedures to evaluate all CAS-502 requests. FAU requested in August 2009 that USDHHS provided feedback and review of the procedures put into place to determine if the expenditures are in compliance with OMB Circular A-21. No feedback has been received to date. Each request is reviewed on a case-by-case basis. If an assessment of the justification, budget narrative, and project scope suggest that

the requested items are considered unlike and unusual, the CAS 502 request is approved. FAU's policies and procedures are strictly enforced. The Division of Sponsored Research feels that the questioned expenditures are appropriate and therefore were approved

Edwin Bommel, Director of Research Accounting
(561) 297-2606

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-108
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Accounting Standards (CAS) Exemptions
State Educational Entity	Florida State University (FSU)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-108

Finding While the institution has developed policies and procedures to apply CAS exemptions to R&D grants received, it is unclear that the application of these policies demonstrated compliance with the intent and guidance provided by the Office of Management and Budget (OMB) Circular A-21. Also, for grants tested, we noted instances in which facilities and administrative (F&A) costs charged directly to grants were not supported by approved CAS exemption forms.

Criteria OMB Circular A-21, Section F.6.b., *Departmental Administration Expenditures*, and Exhibit C, *Examples of “Major Project” Where Direct Charging of Administrative or Clerical Staff Salaries May Be Appropriate*.

OMB Circular A-21 states that salaries of administrative and clerical staff and items such as office supplies, postage, local telephone costs, and memberships should normally be treated as F&A indirect costs. CAS exemptions are used to charge F&A costs as direct costs. The Circular also provides guidance for “major projects” where direct charging of F&A costs may be appropriate.

Condition During the 2009-10 fiscal year, the institution applied CAS exemptions to various grants. For grants for which CAS exemptions were used to charge F&A costs as direct costs, the institution used a CAS exemption form, filed by the Principal Investigator (PI), to document that the “major project” or “unlike circumstances” criteria as contemplated by OMB Circular A-21 were met. The CAS exemption form required the PI to provide an explanation as to why the project required an extensive amount of administrative and/or clerical support and goods and services significantly greater than the routine level provided by an academic department. Although recommended in report No. 2010-165, finding No. FA 09-108, the institution had not revised its policies and procedures to provide sufficient documentation of the methodology used to determine and evidence that directly charged F&A costs are above the routine level of support provided by a related academic department and meet the criteria as a “major project” or “unlike circumstances.”

We selected 21 grants with expenditures totaling \$42,566,661, which appeared to contain F&A costs charged as direct for items such as postage, copying, and office supplies, to determine if CAS exemptions had been requested and granted. Nine of the 21 grants with expenditures totaling \$30,242,852 had approved CAS exemption requests, while 12 of the 21 grants with expenditures totaling \$12,323,808 did not have CAS exemption requests on file. We selected three of the grants with no approved CAS exemptions and four with approved CAS exemptions to further review.

For the three grants with no approved CAS exemptions, we noted the following instances in which F&A costs were charged for which there was no approved CAS exemption form or other documentation evidencing that these costs complied with the OMB Circular A-21 guidance and the institution’s procedures:

- One grant charged costs for office supplies and other supplies totaling \$197.58 and \$275.49, respectively. According to the institution’s policies, F&A costs less than \$1,000 are not reviewed while a project is open. Upon

project close-out, costs for office supplies and postage are to be reviewed. Although this project closed in September 2009, these costs were not identified by the institution as unallowed costs as of the time of our audit inquiry.

- Another grant charged costs totaling \$39,426.95 for printing and publications, of which \$6,000 was budgeted for copying.

For three of the four grants with approved CAS exemptions, the approved CAS exemptions did not cover all F&A costs charged as direct to the grants, as follows:

- One grant included \$513.33 in office supplies that should have been supported by an approved CAS exemption form to be allowed as a direct cost, but was not.
- The other two grants included printing costs of \$6,185.69 and \$522.50, respectively, that appeared to be other than publication costs and, therefore, should have been supported by an approved CAS exemption form to be allowed as a direct cost, but were not.

Institution personnel indicated that these grants are still open and would be subject to review of disallowed costs at project close-out. However, it is not apparent why costs would be charged to a grant and then removed after close-out when the determination could be made at the time of the original charges.

Cause

The institution’s policies and procedures are not adequate to identify all grants with directly charged F&A costs that require approved CAS exemption forms and do not provide sufficient documentation of the methodology used to determine and evidence that directly charged F&A costs are above the routine level of support provided by a related academic department and meet the criteria as a “major project” or “unlike circumstances”.

Effect

When F&A costs charged directly to Federal grants have not been approved as CAS exemptions in accordance with the institution’s policies and procedures, unallowed costs may be charged to grants. In addition, when approved CAS exemptions used to charge F&A costs directly to Federal grants do not clearly document that the CAS exemptions meet the criteria for a “major project” or “unlike circumstances” there is an increased risk that CAS exemptions claimed will not be in compliance with the intent and guidance provided by OMB Circular A-21.

Recommendation

The institution should enhance its procedures to identify all directly charged F&A costs that require CAS exemptions and ensure that all such costs are supported by approved CAS exemption forms. In addition, the institution should continue its efforts to enhance its procedures to maintain documentation that clearly demonstrates that the specific CAS exemption category is above the routine level of support provided by a related academic department and meets the criteria as a “major project” or “unlike circumstances.”

**FSU Response and
Corrective Action Plan**

RESPONSE

The report notes two instances in which F&A costs were direct charged for which there were no approved CAS exemption forms or other documentation evidencing that these costs complied with the OMB Circular A-21 guidance or FSU’s procedures.

- In the first instance, the grant in question is an award for \$300,000 with an end date of 9/30/09 and indirect cost rate of 10%. We agree with the finding that the \$197.58 charged for ‘office supplies’ is an unallowable cost. It is our normal practice during preparation of final financial reports to review charges for office supplies and postage to ensure they are appropriate and allowable. As a result of an oversight in this instance these charges were not identified

as unallowable. We have removed these costs from the award and are working with the agency to refund these costs.

We disagree that the \$275.49 charged for “tote bags” under FSU’s accounting code titled ‘other supplies’ is subject to the CAS exemption rule. These are costs normally treated as direct costs pursuant to OMB Circular A-21, Section J.31. Material and supplies costs. The “tote bags” were used in distributing educational materials as required by the project. The PI’s response to our inquiry regarding this finding was: “... the tote bags in question are the bags we purchased to put Kindergarten, first, and second grade Florida Assessments for Instruction in Reading (FAIR) test materials in for teachers to use during the Implementation Study in 25 Florida schools. We could have boxed the test materials by grade and by teacher but tote bags were cheaper and durable.” These items are not routine office supplies or costs defined in OMB Circular A-21, Section F.6.b., as costs that should normally be treated as F&A costs. Therefore no CAS exemption is required for this expense.

- In the second instance, the grant in question is a multiyear award for \$1,387,041 with an end date of 6/30/11, and an indirect cost rate of 26%. The report notes the “. . . grant was charged costs totaling \$39,426.95 for printing and publications (our review of the records show this amount to be \$38,884.05 in FY 2010), of which \$6,000 was budgeted for copying.” Actually, the proposed budget for this grant included \$22,000 for publication costs described in the budget justification as photocopies and printing. We disagree that these charges are subject to the CAS exemption rules. These are costs normally treated as direct costs pursuant to OMB Circular A-21, Section J.39. Publication and printing costs. Photocopying and printing are not costs identified in OMB Circular A-21, Section F.6.b., as costs that should normally be treated as F&A costs. Therefore no CAS exemption is required for these expenditures. While the expenditures for publication costs exceeded those in the proposed budget, FSU has the authority to re-budget as needed to achieve the grant objectives under the agency’s expanded authorities regulations.

The report notes three instances in which grants had approved CAS exemptions but the exemptions did not cover all F&A costs charged as direct costs to the grants.

- In the first instance, the grant in question is a multiyear award for \$1,937,470 with an end date of 6/30/11 and an indirect cost rate of 46%. Costs for fiscal year 2010 of \$513.33 charged for ‘office supplies’ are questioned. FSU agrees with the report that these costs are unallowable and the charges are being removed from the grant. As is FSU’s procedure, purchases for items under \$1,000 do not get reviewed for allowability by the central office (Sponsored Research Accounting Services (SRAS)) at the time of the procurement. However, it is SRAS’s practice to review for unallowable expenses prior to preparation of a final invoice or final financial report. This practice was implemented to mitigate the extensive time and effort that would be required to do a real time review of such a voluminous quantity of low value expenditures.
- In the second and third instances, the audit report questions printing costs of \$6,185.69 and \$522.50 respectively because as noted the charges “. . . appeared to be other than publication costs and therefore should have been supported by an approved CAS exemption form to be allowed as direct costs, but were not.”
 - The grant in question with the printing charges of \$6,185.69 is an award for \$1,798,810 with an end date of 11/4/10 and indirect cost rate of 5%. As noted previously, costs for printing services are costs that can be direct charged pursuant to OMB Circular A-21, Section J 39. Publication

and printing costs and therefore do not require a CAS exemption form. In this particular instance, the costs were needed to accomplish the grant's scope of work. The cognizant FSU department provided the following detail explanation of the costs and their direct relevance to the grant object: "These items are testing materials (test forms for the students), manuals and training materials (coaches and teachers) as part of the Linking study (MetaMetrics) for new mazes and new reading comprehension items for FAIR in Hillsborough the last week in January and first week in February 2010. We were in 18 elementary, middle, and high schools as requested [by the sponsor.] These expenses are not for the project personnel or office expenses. They were essential materials to conduct the assessment project and finish it successfully in accordance [with the grant requirements]".

- The grant in question with printing charges of \$522.50 is a multiyear award for \$2,381,530.07 with an end date of 12/31/09 and an indirect cost of 5%. Again, as noted previously, costs for printing services are costs that can be direct charged pursuant to OMB Circular A-21, Section J 39. Publication and printing costs, and therefore do not require a CAS exemption form. The publication was needed to accomplish the grant's scope of work. The following is a detail explanation of the costs in question from the cognizant FSU department: "The item ...is the Florida Education Directories. We need the update contact information listed in there, like schools, principal name, phone number, and address to maintain communication with the schools regarding the PMRN (Progress Monitoring and Reporting Network)."

CORRECTIVE ACTION PLAN:

As stated above, FSU agrees with two findings of unallowable costs in the amounts of \$197.58 and \$513.33 totaling \$710.91 which is a relatively minor amount of the total costs subjected to audit. Accordingly, with such findings FSU does not think modifications or changes to its current policy and procedures for the processing of CAS exemptions under the guidelines of OMB Circular A-21 are warranted at this time. As stated in our response to the prior year finding No. FA 09-108, FSU believes its current policy is consistent with the federal rules governing such costs and that our procedures ensure that adequate documentation for the approvals are in project files for which an exception is approved for the direct charging of costs normally treated as F&A costs.

FSU is currently undergoing an audit by the Department of Health & Human Services (DHHS). This audit is to determine if any F&A costs may have been direct charged inappropriately per OMB Circular A-21. Should any systemic deficiency in FSU's procedures be identified as a result of this audit, we will take immediate action to enhance our processes.

As a final note, FSU will continue its efforts to ensure that ample training opportunities are available for faculty and staff to learn and understand the rules and regulations governing expenditures under federal grants.

(850) 644-8664

Auditor's Remarks

The institution, in its response, disagrees that the \$275.49 charged to its accounting system under the category of "other supplies" is subject to the CAS exemption rule, asserting that this cost is considered a direct cost pursuant to OMB Circular A-21, Section J.31, and is not routine office supplies or other costs defined in OMB Circular A-21, Section F.6.b., as costs that should normally be treated as F&A costs. The institution, in its response, also indicates that certain other costs we questioned are publication and printing costs allowed by OMB

Circular A-21 and, therefore do not require a CAS exemption form. We agree that there are circumstances under which these costs would be allowable as direct charges to the grants; however, the point of our finding is that the institution, in these instances, did not adequately document through the use of CAS exemption forms or other documentation that such costs met those circumstances. While we recognize there may be reasonable disagreements about the application of the CAS exemption rule under OMB Circular A-21, we continue to believe that the institution could improve its procedures to identify all directly charged F&A costs that require CAS exemptions and ensure that all such costs are supported by approved CAS exemptions forms.

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-109
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Accounting Standards (CAS) Exemptions
State Educational Entity	University of Florida (UF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2010-165, Finding No. FA 09-109
Finding	While the institution has developed policies and procedures to apply CAS exemptions to R&D grants received, the application of those policies may not, in all instances, demonstrate compliance with the intent and guidance provided by the Office of Management and Budget (OMB) <i>Circular A-21</i> .
Criteria	<p>OMB <i>Circular A-21</i>, Section F.6.b, <i>Departmental Administration Expenses</i>, and Exhibit C, <i>Examples of “Major Project” Where Direct Charging of Administrative and Clerical Staff Salaries May Be Appropriate</i></p> <p>OMB <i>Circular A-21</i> states that salaries of administrative and clerical staff and items such as office supplies, postage, local telephone costs, and memberships should normally be treated as facilities and administrative (F&A) indirect costs. CAS exemptions are used to charge F&A costs as direct costs and are to be applied when “major project” or “unlike circumstances” criteria have been met.</p>
Condition	<p>During the 2009-10 fiscal year, the institution approved CAS exemptions totaling \$6,345,455, consisting of \$5,432,480 in payroll charges to 143 Federal grant accounts and \$912,975 in non-payroll charges to 245 Federal grant accounts.</p> <p>In our report No. 2010-165, finding No. FA 09-109, we noted that it was unclear whether the institution’s application of its policies to apply CAS exemptions demonstrated compliance with the intent and guidance provided by OMB <i>Circular A-21</i>. In June 2009, the U.S. Department of Health and Human Services (USDHHS), Office of Inspector General (OIG), Office of Audit Services was engaged to perform an audit to determine whether the institution’s claims for reimbursement of F&A costs charged as direct costs to grants, contracts, and other agreements with USDHHS components were made in accordance with applicable Federal regulations. In response to our inquiry on November 15, 2010, institution management informed us that completion of the audit is currently pending. Accordingly, the institution had not implemented new processes or procedures as of June 30, 2010.</p>
Cause	The institution believes it met the CAS exemption requirements based on its policies and procedures. The institution determines that such circumstances exist when a Federal grant, due to its size and nature, requires administrative or clerical services, or supplies, postage or telecommunication costs that are well beyond the core of departmental support routinely provided for departmental activities. However, the above-mentioned criteria do not imply that the direct charging of F&A costs would always be appropriate even in those instances in which “major project” or “unlike circumstances” criteria were documented by the institution.
Effect	When approved CAS exemptions used to charge F&A costs directly to Federal grants do not clearly document that the CAS exemptions meet the criteria for a “major project” or “unlike circumstances”, there is an increased risk that CAS exemptions claimed will not be in compliance with the intent and guidance provided by OMB <i>Circular A-21</i> . If USDHHS determines that the institution has inappropriately claimed reimbursement for F&A costs charged as direct costs,

the institution may be required to return the disallowed costs.

Recommendation

Pending resolution of the USDHHS audit, the institution may want to consider limiting its use of CAS exemptions until clear guidance is obtained.

**UF Response and
Corrective Action Plan**

The University believes it has appropriate policies and procedures in place to ensure that CAS exemptions meet the criteria for "unlike circumstances" as contemplated by the cognizant agency. External auditors did not identify any specific questioned CAS exemption. The University notes that the total CAS exemptions represent less than one percent of the total annual awards, indicating prudent use of the CAS exemption process.

**Estimated Corrective
Action Date**

The University acknowledges that resolution of the USDHHS audit is pending, but believes that no corrective action necessary.

**UF Contact and
Telephone Number**

Thomas E. Walsh, PhD, Director of Sponsored Research and Compliance
(352) 392-1005

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-110
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Costs Principles – Cost Accounting Standards (CAS) Exemptions
State Educational Entity	University of South Florida (USF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Finding	While the institution has developed policies and procedures to apply CAS exemptions to research and development (R&D) grants received it is unclear that the application of these policies demonstrates compliance with the intent and guidance provided by Office of Management and Budget (OMB) Circular A-21.
Criteria	<p>OMB Circular A-21, Section F.6.b., <i>Departmental Administration Expenses</i>, and Exhibit C, <i>Examples of “Major Project” Where Direct Charging of Administrative or Clerical Staff Salaries May Be Appropriate</i>.</p> <p>OMB Circular A-21 states that salaries of administrative and clerical staff and items such as office supplies, postage, local telephone costs, and memberships should normally be treated as facilities and administrative (F&A) indirect costs. CAS exemptions are used to charge F&A costs as direct costs. The Circular also provides guidance for “major projects” where direct charging of F&A costs may be appropriate.</p>
Condition	<p>During the 2009-10 fiscal year, the institution applied CAS exemptions totaling \$7,847,909.69, which consisted of \$1,921,541.73 charged to 61 grant accounts for salaries and benefits and \$5,926,367.96 charged to 482 grant accounts for other expenditures.</p> <p>For grants for which CAS exemptions were used to charge F&A costs as direct costs, the institution used a Cost Accounting Standards Exception Form (form), filed by the Principal Investigator (PI), to document that “major project” or “unlike circumstances” criteria was met. The form required the PI to provide an explanation as to why the project required an extensive amount of administrative or clerical support and goods and services significantly greater than the routine level provided by a department.</p> <p>Our review included five grants that had approved CAS exception forms. CAS exemptions charged during the 2009-10 fiscal year for these grants totaled \$48,833.27. For these grants, it was not clear from the documentation provided that the actual activities directly charged were unlike activities normally included in the institution’s F&A cost pools, or if similar, the indirect activity costs were immaterial in amount. Absent documentation of the routine level of support by the related departments, the institution had not demonstrated that the specific CAS exemptions for these grants met the criteria as a “major project” or “unlike circumstances” as contemplated by the United States Department of Health and Human Services (USDHHS), the cognizant agency, and the guidance provided by OMB Circular A-21.</p>
Cause	The institution believes it met the CAS exemption requirements based on its policies and procedures. The institution determines that such circumstances exist when a Federal grant, due to its size and nature, requires administrative or clerical services, or supplies, postage or telecommunications costs that are well beyond the core of departmental support routinely provided for departmental activities. The existence of “unlike circumstances” is evaluated on a project-by-project basis; however, without a methodology for determining what constitutes a “major project” or “unlike circumstances” there is no consistently

	applied process to make those determinations.
Effect	When CAS exemptions used to charge costs to Federal grants do not clearly document that the CAS exemptions meet the criteria for a “major project” or “unlike circumstances” there is an increased risk that CAS exemptions claimed will not be in compliance with the intent and guidance provided by Office of Management and Budget (OMB) Circular A-21.
Recommendation	The institution should seek guidance from the cognizant agency (USDHHS) as to whether the institution is using CAS exemptions that meet the criteria for a “major project” or “unlike circumstances” as contemplated by the cognizant agency. Until such guidance is obtained, the institution should limit the amount of CAS exemptions approved to reduce the risk that such costs will be disallowed and required to be returned. Additionally, the institution should enhance its procedures to maintain documentation that clearly demonstrates that the specific CAS exemption category is above the routine level of support for the related department and meets the criteria as a “major project” or “unlike circumstances.”
USF Response and Corrective Action Plan	USF has Cost Accounting Standards Procedures (CAS) in place, which include a CAS Exemption Form that is completed by the Principal Investigator (PI) to request an exception to the policies. Clarification of the policies have been made to establish a baseline and/or threshold for what constitutes a "major project" and/or "unlike circumstance" in respect to the circumstances that exist within the PI's department and supporting documentation to that effect will be required for modifications and new awards.
Estimated Corrective Action Date	December 1, 2010
USF Contact and Telephone Number	Pearl Bigfeather, Vice President of Research (813) 974-5555

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-111
CFDA Number	Various
Program Title	Research and Development Cluster (R&D)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Transfers and Time-and-Effort
State Educational Entity	University of Florida (UF)
Federal Grant/Contract Number and Grant Year	Various
Finding Type	Noncompliance and Significant Deficiency
Prior Year Finding	Report No. 2010-165, Findings Nos. FA 09-110 and FA 09-115
Finding	The institution utilized cost transfers in the form of retroactive salary adjustments (retros) to move salary expenditures among grants, from non-Federal to Federal and between Federal grants. These retros were not always timely completed (within 90 days) or supported by adequate documentation. Additionally, retros made subsequent to employees' after-the-fact time-and-effort certifications resulted in certifications, and related effort reports, that did not always reflect actual time charged to grants.
Criteria	Office of Management and Budget <i>Circular A-21</i> , Sections C.4.b, <i>Basic Considerations, Allocable Costs</i> , and J.10c(2), <i>Compensation for Personal Services</i> ; U.S. Department of Health and Human Services <i>Grants Policy Statement</i> , Part II-43, <i>Cost Transfers, Overruns, and Accelerated and Delayed Expenditures</i> ; and the institution's directives and procedures.
Condition	<p>As noted in our report No. 2010-165, findings Nos. FA 09-110 and FA 09-115, the institution did not always timely complete cost transfers and did not have a methodology to correct time-and-effort reports for cost transfers made after time-and-effort reporting was closed. During our current audit, we were advised by institution personnel that the final resolution of the U.S. Department of Health and Human Services (USDHHS), Office of Inspector General (OIG), Office of Audit Services audit was pending. On March 30, 2010, the institution's CFO announced the creation of a task force devoted to improving the accuracy and efficiency of time-and-effort reporting and grant accounting from award notification to closeout. The CFO announced, on June 10, 2010, that opportunities to improve and simplify certain sponsored research business processes, including time-and-effort reporting and cost transfers, have been identified. According to institution personnel, the institution, in July 2010, began requiring the completion of cost transfer forms for retros involving salary transfers to certain grant funds. Accordingly, the institution had not implemented new processes or procedures as of June 30, 2010.</p> <p>The audit by USDHHS OIG to determine the reliability of the institution's time-and-effort reporting system for grants and contracts, and to determine the amount of unsupported salaries and wages charged to USDHHS grants, is pending completion. The audit was temporarily suspended on August 12, 2010, and per our November 15, 2010, inquiry, institution management does not know when the audit will resume.</p>
Cause	Controls were not adequate to ensure that all retros were timely completed (within 90 days) and adequately supported.
Effect	When time-and-effort reports do not agree with costs charged to Federal grants, costs may be disallowed and the institution may be required to repay those costs.
Recommendation	The institution should continue its efforts to improve controls over cost transfers and time-and-effort reporting.

**UF Response and
Corrective Action Plan**

Effective July 1, 2010, the University implemented a cost transfer process that requires completion of cost transfer forms to ensure that all salary transfers are adequately documented including related time-and-effort reports.

**Estimated Corrective
Action Date**

July 1, 2010

**UF Contact and

Brad Staats, Assistant Vice President for Contracts and Grants
(352) 273-3136

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

Finding Number	FA 10-112
CFDA Number	47.050 and 93.866
Program Title	Research and Development Cluster (R&D) Geosciences (47.050) Aging Research (93.866)
Compliance Requirement	Allowable Costs/Cost Principles – Cost Transfers
State Educational Entity	University of South Florida (USF)
Federal Grant/Contract Number and Grant Year	CFDA No. 47.050 OCE-741705, August 15, 2007 – July 31, 2011 CFDA No. 93.866 45P50AG025711-04, April 1, 2008 – March 31, 2009
Finding Type	Noncompliance and Significant Deficiency
Finding	The institution utilized cost transfers (retroactive salary adjustments (RET)) to transfer payroll (salary and benefits) and other expenditures from non-Federal sources to Federal grants. These transfers were not completed timely (within 90 days).
Criteria	Office of Management and Budget (OMB) Circular A-21, Section C.4.b., <i>Basic Considerations, Allocable Costs</i> and United States Department of Health and Human Services (USDHHS) Grants Policy Statement, Part II-43, <i>Cost Transfers, Overruns, and Accelerated and Delayed Expenditures</i>
Condition	For two of four grants tested, we noted the following: <ul style="list-style-type: none"> ➤ On January 26, 2010, a cost transfer for equipment charges totaling \$20,085 was originally made from non-Federal sources to Federal grant No. OCE-741705, on August 11, 2009. The institution discovered the incorrect charge on October 16, 2009, and the transfer was made 102 days after the date of discovery, which was 168 days after the original charge was made. ➤ On August 26, 2009, payroll charges totaling \$28,593.37 (\$22,939.58 salary and \$5,653.79 benefits) related to one employee for payroll periods from December 11, 2008, through April 2, 2009, were transferred from non-Federal sources to Federal grant No. 45P50AG025711-04. The institution discovered the incorrect charges on May 15, 2009, and the transfer was made 103 days after the date of discovery, which was 146 to 258 days after the original charges were made.
Cause	Controls over the processing of cost transfers were not adequate to ensure that these transfers were completed timely (within 90 days).
Effect	Untimely transfers raise questions about the propriety of the transfers themselves and the overall reliability of the institution's internal controls.
Recommendation	The institution should strengthen its procedures for approving transfers of expenditures into grants to ensure that costs are charged to the appropriate grant and that transfers are completed timely. As recommended in the USDHHS Grants Policy Statement, the reasons for transfers are generally to correct bookkeeping or clerical errors and, as a sound business practice, such transfers should generally be completed no later than 90 days following the occurrence of the error.
USF Response and Corrective Action Plan	USF has procedures to ensure that Federal grant cost expenditure transfers are monitored for proper approval and compliance with the cost principals prescribed in OMB Circular A-21. USF continually promotes compliance with federal, state and sponsor regulations through the regular issuance of Clarification or Change in Procedure (CCHIP) guidance. During fiscal year 2005-06, we issued a CCHIP

that provided guidance on the Timeline for Processing Cost Transfers on Sponsored Projects, which has since been revised and reissued.

The accompanying notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

(1) These items include non-cash assistance.

***NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT
ACCOUNTING POLICIES***

***NOTE 1 - BASIS OF PRESENTATION AND SIGNIFICANT
ACCOUNTING POLICIES***

The Schedule of Expenditures of Federal Awards has been prepared in accordance with the United States Office of Management and Budget (OMB) Circular A-133 and presents Federal awards expended by the State of Florida. The Single Audit Act Amendments of 1996 (Public Law 104-156) and the OMB Circular A-133 define Federal awards as Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. Federal financial assistance is defined as assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property, cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, or other assistance.

The following summary of the State of Florida's significant accounting policies and related information is presented to assist the reader in interpreting the Schedule of Expenditures of Federal Awards and should be viewed as an integral part of the accompanying schedule.

- **Reporting Entity**

The reporting entity for the purposes of the accompanying schedule is the State of Florida primary government (i.e., legislative agencies, the Governor and Cabinet, departments and agencies, including Volunteer Florida, commissions, boards of the Executive Branch, and various offices relating to the Judicial Branch), the State Universities (SU), and the State Community Colleges (SCC), and Florida Colleges exclusive of any component units of the State Universities and Community Colleges.

- **Catalog of Federal Domestic Assistance**

The Catalog of Federal Domestic Assistance is a government-wide compendium of individual Federal programs. A five-digit program identification number (CFDA No.) is assigned to each program included in the catalog. Those programs that have not been assigned a CFDA number by the Federal Government and those programs for which CFDA numbers could not be identified are listed as CFDA No. XX.UNK entitled "Other Federal Awards" and are on the accompanying schedule. Note 5 further identifies these awards by a required agency-specific identifier.

- **Expenditures**

The column on the accompanying schedule captioned "2009-2010 Expenditures" includes amounts using different bases of accounting. The reporting entities also include transfers from other State agencies, universities, and community colleges in this column.

Amounts reported on the accompanying schedule consist of amounts expended from Federal programs by those entities determined in accordance with the accrual, modified accrual, and cash basis of accounting.

The State agencies reported expenditures in accordance with the modified accrual, accrual, and cash basis of accounting except for amounts reported for the Unemployment Insurance (UI) Program (CFDA No. 17.225) and the Federal Family Education Loans (FFEL) Program (CFDA No. 84.032). Expenditures for the UI Program and payments to lenders under the FFEL Program are reported using the accrual basis of accounting.

Expenditures reported for the majority of State Universities consist of amounts expended from Federal programs by the applicable institutions determined in accordance with the modified accrual and cash basis of accounting. The New College of Florida reported expenditures on the accrual basis of accounting.

Expenditures reported for the majority of State Community Colleges and Florida Colleges consist of amounts expended in accordance with the modified accrual basis of accounting. Indian River Community College, Polk State College, Seminole State College of Florida, and Daytona Beach Community College reported expenditures on the accrual basis of accounting.

Appropriate adjustments have been made to the expenditures reported on the accompanying schedule to preclude reporting both the transfers of Federal awards pursuant to subrecipient relationships between the various State agencies, universities, and community colleges, and the subsequent expenditures.

- **Transfers to Subrecipients Column**

The column on the accompanying schedule captioned "2009-2010 Transfers to Subrecipients" represents the amounts transferred by the State agencies, universities, and community colleges to subrecipients that are not included in the State's Schedule of Expenditures of Federal Awards. The amounts in this column are also included in the column captioned "2009-2010

Expenditures”. Transfers between the State agencies, universities, and community colleges pursuant to subrecipient relationships are not included in this column.

- **Administering Agency**

The agencies and institutions reported as the administering agencies on the accompanying schedule represent the entities that expended and/or administered the respective Federal awards programs.

- **American Recovery and Reinvestment Act of 2009 (ARRA)**

On February 13, 2009 Congress passed the American Recovery and Reinvestment Act of 2009 (Public Law 111-5)(Recovery Act). The Recovery Act’s three main goals are to create and save jobs, jump-start economic activity and invest in long-term economic growth, and promote accountability and transparency in government spending.

To maximize the transparency and accountability of funds authorized under the Recovery Act, recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133 must separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards.

ARRA funds reported during Fiscal Year 2009-2010 are included within the accompanying schedule. Expenditures reported on the accompanying schedule for ARRA awards totaled \$8,243,875,387.

- **Noncash Assistance**

The State participates in several Federal awards programs in which noncash benefits are provided through the State to eligible program participants. The programs that report noncash benefits [i.e., Supplemental Nutrition Assistance Program (CFDA No. 10.551), School Breakfast Program (CFDA No. 10.553), School Lunch Program (CFDA No. 10.555), Nutrition Program for Women, Infants, and Children (CFDA No. 10.557), Food Commodities (CFDA No. 10.569), Public Health Emergency Preparedness (CFDA No. 93.069), Immunization Grants (CFDA No. 93.268), and Surplus Property (CFDA No. 39.003)] are identified on the accompanying schedule by a (1) next to the applicable grantor/program. All programs identified with a (1) report 100% of their expenditures as noncash benefits with the exception of Immunization Grants (CFDA No. 93.268), Public Health Emergency Preparedness (CFDA No. 93.069), School Breakfast Program (CFDA No. 10.553), School Lunch Program (CFDA No. 10.555) and Nutrition Program for Women, Infants, and Children (CFDA No. 10.557). The State distributed vaccine, through the Immunization Grants, valued at \$193 million during the fiscal year. The State also distributed the Pan Flu vaccine, through Public Health Emergency Preparedness, valued at \$44 million during the fiscal year. The State distributed noncash benefits in the amount of \$6,407 through the School Breakfast Program, \$60,789,545 through the School Lunch Program and \$249,148,842 through the Nutrition Program for Women, Infants, and Children. The State uses the Electronic Benefit Transfer system to issue Supplemental Nutrition Assistance Program benefits (CFDA No. 10.551) to eligible recipients.

NOTE 2 - LOANS AND LOAN GUARANTEES

NOTE 2 - LOANS AND LOAN GUARANTEES

The State of Florida participates in several Federal loan programs in which funds are provided through the State to eligible program participants.

- **Higher Education Loans**

The current year loan disbursements administered by the State Universities, State Community Colleges, and Florida Colleges for the loan programs Federal Family Education Loans (CFDA No. 84.032) and Federal Direct Student Loans (CFDA No. 84.268) are \$901,034,847 and \$891,022,843 respectively. Additionally, the SU and SCC reported having a value of loans outstanding for programs Federal Perkins Loan Program – Federal Capital Contributions (CFDA No. 84.038), Nurse Faculty Loan Program (CFDA No. 93.264), Health Professions Student Loans - Including Primary Care Loans/Loans for Disadvantaged Students (CFDA No. 93.342), and Nursing Student Loans (CFDA No. 93.364) in the amounts of \$88,916,516, \$427,056, \$4,892,399, and \$72,201, respectively.

- **State Infrastructure Bank (CFDA No. 20.205)**

The Federal State Infrastructure Bank (SIB) for the Highway Planning and Construction Program (CFDA No. 20.205) is an investment fund from which loans and other forms of credit assistance are provided for highway construction, transit capital, or other surface transportation projects. The Federal share (80 percent) of SIB disbursements made during the Fiscal Year 2009-10 totaled \$5,058,257. This amount is included on the accompanying schedule with other expenditures from the Highway Planning and Construction Program. The balance of SIB loans outstanding at June 30, 2010, totaled \$119,310,146.

- **Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan (CFDA No. 20.223)**

The Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan Program is a form of credit assistance for the Department up to the amount of \$270,000,000. The TIFIA Loan Agreement allows the Department to make draws on the Loans (“2005 RCF Loan” not to exceed \$170,000,000 and “2007 RCF Loan” not to exceed \$100,000,000) to partially reimburse the State Transportation Trust Fund for amounts expended on “Eligible Project Costs” of the Miami Intermodal Center Rental Car Facility. The loan obligations are secured by and will be repaid by Miami-Dade County using Customer Facility Charges and, if necessary, Contingent Rent from the Rental Car Facility. Two draws have been made to date and were made on the 2005 RCF Loan totaling \$170,000,000. The first draw was made during Fiscal Year 2008-2009 in the amount of \$109,304,356. The second draw was made during Fiscal Year 2009-2010 in the amount of \$60,695,644.

- **Capitalization Grants for Clean Water State Revolving Funds (CFDA No. 66.458)**

A revolving loan trust fund is used by the State to provide loans to eligible recipients for the construction of wastewater treatment facilities and implementation of other water quality management activities. The current year loan disbursements made during Fiscal Year 2009-2010 totaled \$242,177,609 (\$81,349,331 disbursed from the State bank and \$160,828,278 disbursed from the Florida Water Pollution Control Financing Corporation bank). The value of loans made in previous years but are still in the construction phase at June 30, 2010, totaled \$466,681,504, of which \$314,645,859 are pledged to the Florida Water Pollution Control Financing Corporation (Corporation). The Corporation was created pursuant to State law for the purpose of financing or refinancing water pollution control projects and other activities in the State. The Corporation issued debt obligations that were secured by loan repayments and related interest from loans pledged to it from the revolving loan trust fund accounts. Currently, all loan disbursements are federally funded.

- **Capitalization Grants for Drinking Water State Revolving Funds (CFDA No. 66.468)**

A revolving loan trust fund is used by the State to provide loans to eligible recipients for infrastructure improvements to drinking water systems and for other eligible activities. The current year loan disbursements made during Fiscal Year 2009-2010 totaled \$39,637,441. The value of loans made in previous years but are still in the construction phase at June 30, 2010, totaled \$123,490,420. Currently, all loan disbursements are federally funded.

- **Federal Family Education Loans – Guaranty Agency (CFDA No. 84.032)**

Under the Federal Family Education Loans (FFEL) Program, the U.S. Department of Education guarantees the repayment of loans made to students by participating financial institutions. The Florida Department of Education administers the FFEL Program (CFDA No. 84.032) for the State. During the Fiscal Year 2009-10, payments made to lenders to cover student loans in default totaled \$203,530,919 and the value of new net loan guarantees totaled \$504,218,734 and is shown on one line of the accompanying schedule. The value of net loan guarantees represents actual loans guaranteed during the Fiscal Year 2009-10. The value of outstanding loans guaranteed at June 30, 2010, totaled \$3,860,015,486.

NOTE 3 - UNEMPLOYMENT INSURANCE

NOTE 3 - UNEMPLOYMENT INSURANCE

The Unemployment Insurance (UI) Program (CFDA No. 17.225) is a unique Federal-State partnership, founded upon Federal law but implemented primarily through State law. Pursuant to this Program, unemployment benefits are paid to eligible unemployed workers for periods of involuntary unemployment. Benefits are paid from Federal funds and from State unemployment taxes that are deposited into the State's account in the Federal Unemployment Trust Fund (FUTF). State benefits were funded from State Taxes, Reed Act Distributions and advances from Federal Unemployment Trust Fund. The State's administrative expenditures incurred under this Program are funded by Federal grants. Expenditures reported on the accompanying schedule for the UI Program are identified in the following table.

Federal Administration	125,702,800
ARRA Federal Administration	34,853,011
ARRA Federal Benefits Additional	690,145,259
ARRA Federal Benefits Emergency	2,016,182,232
ARRA Federal Benefits Extended	550,548,288
Federal Benefits Ex Military/Federal Employees	37,640,392
Federal Benefits Emergency	1,607,153,459
Federal Benefits Additional	56,480,765
State Benefits funded by State Taxes	658,886,663
State Benefits funded by Reed Act Distributions	407,868,715
State Benefits funded by Advances	1,612,500,000
Total	<u>7,797,961,584</u>

***NOTE 4 - SUPPLEMENTAL NUTRITION ASSISTANCE
PROGRAM (SNAP)***

NOTE 4 - SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

The reported expenditures for benefits under the Supplemental Nutrition Assistance Program (SNAP) (CFDA No. 10.551) are supported by both regularly appropriated funds and incremental funding made available under section 101 of the American Recovery and Reinvestment Act of 2009. The portion of total expenditures for SNAP benefits that is supported by Recovery Act funds varies according to fluctuations in the cost of the Thrifty Food Plan, and to changes in participating households' income, deductions, and assets. This condition prevents USDA from obtaining the regular and Recovery Act components of SNAP benefits expenditures through normal program reporting processes. As an alternative, USDA has computed a weighted average percentage to be applied to the national aggregate SNAP benefits provided to households in order to allocate an appropriate portion thereof to Recovery Act funds. This methodology generates valid results at the national aggregate level but not at the individual State level. Therefore, we cannot validly disaggregate the regular and Recovery Act components of our reported expenditures for SNAP benefits. At the national aggregate level, however, Recovery Act funds account for approximately 16.38 percent of USDA's total expenditures for SNAP benefits in the Federal fiscal year ended September 30, 2010.

NOTE 5 - PASS-THROUGH AWARDS

In accordance with OMB Circular A-133, Section .310(b)(2), the following identifies in detail the expenditures relating to Federal awards provided by pass-through entities to State agencies, universities, state colleges, and community colleges. These amounts are included in the Schedule of Expenditures of Federal Awards under the amounts reported for indirect programs (clustered or not clustered) under the respective CFDA numbers.
