

Fulbright Scholar Program Open for Faculty

March 15, 2021 – The Fulbright U.S. Scholar Program 2022-2023 competition is now open! These awards offer a great opportunity for faculty to explore and experience international activities and build long term connections in another nation. The awards offer diverse opportunities for U.S. academics, administrators, and professionals to teach, research, or to have a teaching/research combination award. There are short term and long-term awards in multiple fields. In addition to being a great experience, it is a prestigious award that could be beneficial regarding your evaluation and/or tenure and promotion.

UCF Global is providing a series of information sessions and training opportunities for faculty members who are interested in pursuing a Fulbright Award. They will include a discussion of the type of awards available, eligibility requirements, an overview of the application process, and the timeline for the 2022-2023 Awards. There will also be ample time for Q&A.

Information Sessions

1. Tuesday, March 16, Noon – 1 p.m.
