

## **IKM releases New Tool to Help with Data Reports**

Content provided by IKM

March 30, 2021 – IKM has just released a new tool that allows you to search for reports across all IKM reporting and analytics applications. The **Reporting Library** contains a list of reports that is filterable by category, report location, and keyword search.

- **Categories** include Academic Programs, Admissions, Course & SCH, Degrees, Enrollment, Faculty & Staff, Grades, Performance Monitoring, and Retention.
- **Report locations** include open access Interactive Facts, and restricted access Insights Dashboards, Pegasus Mine Portal, and RDS.

The new tool also gives you direct access to the reports you need by simply clicking on the report name. The Reporting Library can be access on the IKM website: <https://ikm.ucf.edu/resources/reporting-library/>
